INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of the
Townley Engineering and Manufacturing Company, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Townley Engineering and Manufacturing Company, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of Townley Engineering and Manufacturing Company, Inc. 401(k) Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Townley Engineering and Manufacturing Company, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Townley Engineering and Manufacturing Company, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Townley Engineering and Manufacturing Company, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Townley Engineering and Manufacturing Company, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedules Required by ERISA

The supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

To the Administrative Committee of the
Townley Engineering and Manufacturing Company, Inc. 401(k) Plan

Page 4 of 4

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Townley Engineering and Manufacturing Company, Inc. 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 6, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

TOWNLEY ENGINEERING AND MANUFACTURING COMPANY, INC.
401(k) PLAN
Notes to Financial Statements
December 31, 2021 and 2020

Note 1 - Description of Plan

The Townley Engineering and Manufacturing Company, Inc. 401(k) Plan (the Plan) is a defined contribution plan covering all employees of Townley Engineering and Manufacturing Company, Inc. and Townley Foundry and Machine Company, Inc. (the Company) who have completed six months of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and is administered by the trustees appointed by the Board of Directors of the Company. The Plan was established effective January 1, 1998, and was amended and restated since it was established, with the most recent restatement effective March 15, 2016 and the most recent amendment effective January 1, 2018. The following is provided only for general information. Participants should refer to the Plan agreement for a more detailed description of the Plan's provisions.

Eligibility

Employees are eligible to enter the Plan on the entry date coincident with or next following the completion of six months of service.

Contributions

Each year participants may contribute a percentage of their compensation, up to a maximum of \$19,500 for participants under age 50 and \$26,000 for participants age 50 and older for 2021. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company may also make contributions at its discretion. In 2021 and 2020, the Company contributed an amount equal to 25% of the employees' elective deferrals.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings and may be charged with an allocation of administration expenses. Allocations are based on participant compensation. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

The participants are able to direct the investment of their entire interest in the Plan. The Plan administrator provides the participants with information regarding the investment choices and options available to them. An investment advisor is available to assist all of the participants with their investment decisions on an individual basis, as requested by the participants. Participants may direct their contributions into various investment funds.

Vesting

Participants are immediately vested in their contributions as well as the Company's contributions plus actual earnings thereon.

Forfeitures

Since the participants are 100% vested in the Plan upon entry, there are no forfeitures. At December 31, 2021 and 2020, there were no forfeited nonvested accounts.

401(k) PLAN

Notes to Financial Statements

December 31, 2021 and 2020

Note 1 - Description of Plan, (Continued)

Payment of Benefits

On termination due to death, disability, or regular retirement, a participant is entitled to receive a lump-sum amount equal to the value of the participant's account. Upon termination for any reason other than death, disability, or retirement a participant shall receive the value of the vested interest in his or her account.

Participant Loans

Participant loans are not allowed under the Plan.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value at December 31, 2021 and 2020, except for fully benefit responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's valuation policies are determined utilizing information provided by the investment advisors, custodians, and insurance company.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net investment appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

Certain expenses of the administration of the Plan are paid by the Company and excluded from these financial statements. Investment related expenses are included in net investment appreciation.

Subsequent Events

The Plan has evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through the date the financial statements were available to be issued, or September 23, 2022. No subsequent events have been recognized or disclosed.

401(k) PLAN
Notes to Financial Statements
December 31, 2021 and 2020

Note 3 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 4 - Information Prepared and Certified by Custodian

The following information included in the accompanying financial statements and supplementary schedule was obtained from data that has been prepared and certified by the custodian of the Plan as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes total investments of \$13,769,344 and \$12,833,629 at December 31, 2021 and 2020, respectively, and related gains of \$1,293,286, which consists of appreciation in the fair value of investments for the year ending December 31, 2021.

Note 5 - Fair Value Measurements

Financial Accounting Standards Board (FASB), Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the assets or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

TOWNLEY ENGINEERING AND MANUFACTURING COMPANY, INC.

401(k) PLAN

Notes to Financial Statements

December 31, 2021 and 2020

Note 5 - Fair Value Measurements, (Continued)

Pooled separate accounts: Valued at the fair market value of the units held by the plan at year end based on the fair value of underlying mutual funds and other securities, adjusted for re-invested dividends and administrative charges and sales and service fees.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

	<u>Assets at Fair Value as of December 31, 2021</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Pooled separate accounts	\$ 0	\$ 13,769,344	\$ 0	\$ 13,769,344
Total assets at fair value	\$ 0	\$ 13,769,344	\$ 0	\$ 13,769,344

	<u>Assets at Fair Value as of December 31, 2020</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Pooled separate accounts	\$ 0	\$ 12,833,629	\$ 0	\$ 12,833,629
Total assets at fair value	\$ 0	\$ 12,833,629	\$ 0	\$ 12,833,629

The Plan's policy is to recognize transfers into and out of levels as of the date of the event or change in circumstances that caused the transfer. For the years ended December 31, 2021 and 2020, there were no significant transfers into or out of levels 1, 2, or 3.

Note 6 - Tax Status

The Plan obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan is in compliance with the applicable requirements of the Internal Revenue code. Although the Plan has been amended since receiving the determination letter, the Plan's administrator and the Plan's tax counsel believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

401(k) PLAN
Notes to Financial Statements
December 31, 2021 and 2020

Note 7 - Related Party and Parties-In-Interest Transactions

Parties-in-interest include fiduciaries of the Plan, any person who provides services to the Plan, the employer, and certain other parties. Transactions during the year with parties-in-interest included the following:

The Company provided certain accounting, administrative, and investment management services to the Plan for which no fees are charged. The custodian held the Plan's investments and provided investment advisory and recordkeeping services to the Plan. The record-keeper and custodian charged administrative fees in the amount of \$12,643 and \$5,113 for 2021 and 2020, respectively.

Note 8 - Risks and Uncertainties

The Plan invests in a variety of investment securities. Investments in general are exposed to various risks, such as interest rate, credit, and overall volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note 9 - COVID-19 Pandemic

In March 2020, the World Health Organization characterized the spread of the novel coronavirus (COVID-19) as a global pandemic. Multiple jurisdictions in the U.S. have declared a state of emergency, which caused business disruptions in numerous industries. The impacts of the virus are expected to continue for some time, and its impact on the Plan and its operations are unknown.

Note 10 - Reconciliation of Financial Statements to Federal Form 5500

The following is a reconciliation of Net Assets Available for Benefits per the financial statements to the Federal Form 5500, Annual Return/Report of Employee Benefit Plan, as of December 31, 2021 and 2020:

	<u>2021</u>	<u>2020</u>
Net Assets Available for Benefits per the financial statements	\$ 14,008,985	\$ 13,074,803

Net Assets Available for Benefits per Form 5500	<u>\$ 13,769,344</u>	<u>\$ 12,833,629</u>

The following is a reconciliation of Statement of Changes in Net Assets Available for Benefits per the financial statements to the Form 5500 for 2021:

Net increase on Statement of Changes in Net Assets Available for	
Benefits per the financial statements	\$ 934,182
Add: prior year contributions receivable	241,174
Less: current year contributions receivable	<u>(239,641)</u>
Net increase on Statement of Changes in Net Assets Available
