Independent Auditor's Report

The Plan Administrator
AirBoss of America 401(k) Plan
Auburn Hills, Michigan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of AirBoss of America 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2021 and 2020, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2021 and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the

financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

AirBoss of America 401(k) Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the AirBoss of America 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all regular employees of Airboss Flexible Products, LLC, AirBoss Rubber Compounding (NC) Inc., and AirBoss Defense Group. The Plan is sponsored by Airboss Flexible Products, LLC (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The Plan was established January 1, 2017. The Company approved a merger of the Plan with the Critical Solutions International, Inc. 401(k) Plan effective January 1, 2021. As a result of the merger, the Plan was amended and restated effective January 1, 2021. The net assets of the Critical Solutions International, Inc. 401(k) Plan totaling \$5,401,089 were transferred into the Plan, which included \$105,795 of outstanding loans.

The custodian of the Plan from the restatement date is Minnesota Life Insurance Company (the Custodian) and the recordkeeper is Securian Financial. Prior to the amendment and restatement date, the custodian was John Hancock Retirement Plan Services (the Former Custodian) and the recordkeeper was Watkins, Ross & Company. The Plan has given the Custodian and Former Custodian the authority to hold the assets of the Plan and to invest, control, and disburse all assets of the Plan in accordance with the Plan agreement. The Plan administrator determines the appropriateness of the Plan's investment offerings and monitors investment performance. The trustee of the Plan is the Plan administrator (Trustee).

Eligibility

All employees of the Company, except those listed below, are eligible to participate in the Plan 90 days after the employee's date of hire, unless they decline to participate. Employees may enter the Plan on the first day of the month coinciding with or the next month once the requirement is met. The following employee groups are ineligible to participate in the Plan: certain union employees as defined in the Plan agreement, certain nonresident aliens who have no earned income from sources within the United States, and leased employees. Employees are eligible for matching contributions only when they make deferral contributions. Effective January 1, 2020, part-time, temporary, or seasonal employees whose regularly scheduled service is less than 1,000 hours of service per computation period and interns are excluded from participating in the Plan.

Contributions

Each year, participants may defer a percentage of their compensation, as defined by the Plan agreement, on a pre-tax basis and cannot exceed the lesser of \$58,000 or 100% of the participant's compensation and should not exceed certain limits established under the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover) excluding Roth contributions. Effective January 1, 2020, the Plan no longer includes an automatic salary deferral feature.

AirBoss of America 401(k) Plan

Notes to Financial Statements

Accordingly, employees eligible to participate in the Plan must make a deferral election if they wish to make salary deferrals to the Plan.

The Plan agreement has a Safe Harbor provision whereby the Company will make a matching contribution equal to 100% of the amount of the participant's elective deferrals that do not exceed 3% of the participant's compensation, plus 50% of the participant's elective deferrals that exceed 3% of the participant's compensation but do not exceed 5% of the participant's compensation. Additional profit-sharing contributions may be made at the discretion of the Company. During the years ended December 31, 2021 and 2020, the Company did not make discretionary contributions.

Participants direct the investment of their contributions into various investment options offered by the Plan. The Company's matching contributions are allocated in the same manner as the participant's elective contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions, and an allocation of net Plan earnings. Participant accounts are charged with withdrawals and an allocation of Plan losses administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company match contributions, profit sharing contributions, and any actual earnings thereon is based on years of service in accordance with the following schedule:

Years of Service	Percentage (%)
Less than 1	-
1	33
2	66
3	100

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 reduced by the highest outstanding loan balance in their account during the prior 12-month period or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate is established by the Plan administrator. Interest rates ranged from 4.25% to 6.00% as of December 31, 2021 and 2020. Rollover loans from previous plans are permitted and remain in the Plan until the loans are paid off.

Payment of Benefits

A participant's entire interest in the Plan is payable upon death, attainment of normal retirement age, becoming disabled, or termination of service. A participant may elect to receive a lump sum,

AirBoss of America 401(k) Plan

Notes to Financial Statements

substantially equal installments, and partial withdrawals amount equal to the vested portion of the participant's account.

For terminated participants with vested balances less than \$5,000, their vested balance will be rolled into an Individual Retirement Account.

In addition, the Plan includes a provision for participants to make withdrawals from their account under certain hardship circumstances or after attaining age 59½ and hardship withdrawals, as defined by the Plan agreement.

Forfeited Accounts

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures may be used to pay administrative expenses or reduce employer contributions. There were no forfeitures remaining in the Plan as of December 31, 2021 and 2020. No forfeitures were used to pay administrative expenses or offset employer contributions during 2021 and 2020.

CARES Act

On March 27, 2020, President Trump signed into law the Coronavirus Aid, Relief, and Economic Security Act (CARES Act). The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and has implemented the following provision:

- Special coronavirus distributions up to \$100,000.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company determines the Plan's valuation policies utilizing information provided by the Custodian or Former Custodian. See Note 3 for discussion of fair value measurements.

AirBoss of America 401(k) Plan

Notes to Financial Statements

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative fees. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 12, 2022, the date the financial statements were available to be issued.

Effective January 1, 2022, the Plan was amended to include BlackBox Biometrics, Inc. as an adopting employer of the Plan.

Additionally, the Company approved a merger of the Plan with Complete Employee Services LLC 401(k) Retirement Plan effective January 26, 2022. The net assets of Complete Employee Services LLC 401(k) Retirement Plan totaling \$2,273,794 were transferred into the Plan, which included \$20,620 of outstanding loans.

As disclosed in Note 5, the Company has adopted a volume submitter defined contribution plan provided by Minnesota Life Insurance Company. Minnesota Life Insurance Company obtained an opinion letter dated June 30, 2020 from the IRS pursuant to a requirement to restate pre-approved plan documents every six years in order to maintain the plan's tax-qualified status. As a result, on July 1, 2022, the Company restated the Plan to reflect remedial amendments associated with Minnesota Life Insurance Company's restatement of its pre-approved defined contribution plan.

Besides the above, there no other subsequent events impacting the Plan which require recognition or disclosure in the financial statements.

3. Fair Value Measurements

The framework for measuring fair values provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to

AirBoss of America 401(k) Plan

Notes to Financial Statements

unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy Accounting Standards Codification (ASC) 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Separate Accounts - These assets are valued at the unadjusted net asset value (NAV) based on the underlying investments (i.e., common stock, mutual fund, and short-term securities) in the separate account. The NAV, as provided by Minnesota Life Insurance Company and John Hancock Retirement Plan Services, is used as a practical expedient to estimate fair value, and therefore, the separate accounts have not been categorized in the fair value hierarchy. While the majority of the underlying asset values are based on quoted prices, the NAV of each separate account is not publicly quoted. The NAV is reported by Minnesota Life Insurance Company and John Hancock Retirement Plan Services as of the financial statement date based on recent transaction prices. The separate accounts held by the Plan provide for daily redemptions by the Plan at reported NAV with no advance notice requirement. The Plan is permitted to redeem investment units at NAV at the measurement date.

The preceding methods described may provide a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurement at the reporting date.

Notes to Financial Statements

4. Certified Investment Information

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Minnesota Life Insurance Company, the Custodian, and John Hancock Retirement Plan Services, the Former Custodian, both qualified institutions, have certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedules is complete and accurate.

The following investment information included in the accompanying financial statements was certified by the Custodian:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2021.
- Investment income and interest income on notes receivable from participants as shown in the statements of changes in net assets available for benefits for the year ended December 31, 2021.
- Investment information included in the Schedule of Assets (Held at End of Year) as of December 31, 2021, as shown on the ERISA-required supplemental schedule.

Additionally, the following investment information included in the accompanying financial statements was certified by the Former Custodian:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2020.
- Investment income and interest income on notes receivable from participants as shown in the statements of changes in net assets available for benefits for the year ended December 31, 2020.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedules.

5. Income Tax Status

The Plan uses a volume submitter plan from Minnesota Life Insurance Company, which received an opinion letter from the Internal Revenue Services (IRS) effective March 31, 2014, which states that the volume submitter plan, as then designed, satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. The Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC, except for the operational failures described in Note 9 that could affect the Plan's tax-qualified status. Therefore, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an

AirBoss of America 401(k) Plan

Notes to Financial Statements

uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

8. Related-Party and Party-in-Interest Transactions

Certain Plan investments are managed by Minnesota Life Insurance Company, the Custodian, for the year ended December 31, 2021 and John Hancock Retirement Plan Services, Former Custodian for the year ended December 31, 2020; therefore, these transactions qualify as party-in-interest transactions. The Plan paid certain expenses related to Plan operations and investment activity to various service providers. The Company pays certain expenses of the Plan. These transactions are considered to be exempt party-in-interest transactions. Notes receivables from participants and fees paid by the Plan and the Company also qualify as exempt party-in-interest transactions.

9. Non-Exempt Transactions

The Company determined that certain employee deferrals had not been remitted to the Plan within the required time period according to Department of Labor regulations. The amounts reported for the years ended December 31, 2021, 2020, 2019, and 2018 were \$11,974, \$44,910, \$124,392, and \$107,762, respectively. The Company calculated lost earnings for these periods and deposited funds related to 2018 - 2020 plan years into the Plan during 2021. The Voluntary Fiduciary Correction Program (VFCP) application was submitted to the Department of Labor in February 2021 and it was accepted by the DOL in August 2021. In September 2022, the Company calculated lost earnings for the 2021 Plan year and intends to remit those funds, along with \$8 of lost earnings, to the Plan in 2022 and complete a VFCP application.

The Plan included an auto-enrollment provision that had not been followed during Plan years 2017 and 2018. In addition, the Company had excluded from participation in the Plan seasonal, part-time and temporary employees that should have been included per the Plan agreement during 2017 and 2018. During 2019, additional deferrals errors were noted that required correction. These were operational failures that could affect the Plan's tax-qualified status. The Company has worked with its third-party administrator and legal counsel to correct the Plan's operational failures in accordance with the correction procedures in IRS Revenue Procedure 2019-19 in order to preserve the Plan's tax qualified status. Correction of the operational failures required the Company to

AirBoss of America 401(k) Plan

Notes to Financial Statements

contribute \$101,062 to the Plan for affected employees related to the Plan Year 2019. As of December 31, 2019, the Employer contribution - correction receivable was \$248,187. The amount that was contributed into the Plan in 2020 was comprised of participant contributions, employer match contributions and interest. The Company has remediated the operational failures in 2020 and doesn't expect any further issues going forward.
