Board of Trustees
Killbuck Savings Bank Company 401(k)

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Killbuck Savings Bank Company 401(k) (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to, or derived from, the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").
- The information in the accompanying 2021 financial statements related to assets held by, and certified to by, qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due, or which may become due, to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance, and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of and for the year ended December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to, or derived from, the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to, or is derived from, the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to, or derived from, the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to, or is derived from, the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by, and certified to by, qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by qualified institutions. In our report dated August 23, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion, and, accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2021 AND 2020**

NOTE 1 – DESCRIPTION OF THE PLAN

The following brief description of Killbuck Savings Bank Company 401(k) (the “Plan”) is provided for general information purposes only. The participants should refer to the Plan Document for a more comprehensive description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering the employees of Killbuck Savings Bank Company (the “Company/Employer/Plan Sponsor/Plan Administrator”) who have completed one year of service and have attained age 21. The Plan includes a 401(k) pre-tax savings feature, which permits the participants to defer compensation under Section 401(k) of the Internal Revenue Code. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

Contributions

Participants may elect to contribute, through the 401(k) feature, a percentage or dollar amount of their compensation, which could then be contributed to the Plan on a pre-tax basis. Participants may elect to have their contributions invested in a variety of mutual funds and investment vehicles that are held in the trust. In addition, the Employer may make a discretionary matching contribution equal to a uniform percentage or dollar amount of the participants’ elective deferrals each Plan year. Each year, the Employer will determine the formula for the discretionary matching contribution.

Vesting

Participants are always 100 percent vested in their accounts that are attributable to the following contributions: elective deferrals, including catch-up contributions and rollover contributions. A participant’s “vested percentage” for certain Employer contributions is based on vesting years of service. This means that, at the time that an employee stops working, the employee’s account balance that is attributable to the contributions, subject to a vesting schedule, is multiplied by the vested percentage. Participants become vested as follows: 0 percent for less than 2 years, 20 percent after 2 years, 40 percent after 3 years, 60 percent after 4 years, 80 percent after 5 years, and 100 percent after 6 years.

Administrative Expenses

The administrative expenses of the Plan relating to investment management, recordkeeping, accounting fees, and miscellaneous expenses are paid by the Plan Sponsor and/or the Plan.

Payments of Benefits

Upon termination of service, a participant may elect to receive a lump-sum amount equal to the vested value of the participant’s account or a rollover distribution. Benefit payments to participants are recorded upon distribution.

Forfeitures

If a participant terminates employment before becoming fully vested, then the non-vested portion of the terminated participant’s account balance remains in the Plan and is classified as a forfeiture. Forfeitures will be allocated as follows: forfeitures that are attributable to non-elective contributions will be allocated as an additional discretionary non-elective contribution, and forfeitures that are attributable to matching contributions will be allocated as an additional discretionary contribution. As of December 31, 2021 and 2020, forfeited accounts totaled \$117,148 and \$37,056, respectively.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)
FOR THE YEARS ENDED DECEMBER 31, 2021 AND 2020

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting principles that are followed by the Plan, and the methods of applying these principles, conform to U.S. generally accepted accounting principles (“U.S. GAAP”).

A summary of the significant accounting and reporting policies which are applied in the presentation of the accompanying financial statements follows:

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Accounting Estimates

The financial statements have been prepared in conformity with U.S. GAAP. In preparing the financial statements, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, and the changes therein, and the disclosures of contingent assets and liabilities. The actual results could differ significantly from those estimates.

Valuation of Investments and Income Recognition

Quoted market prices are used to value investments. Investments for which there are no quoted market prices are reported at their estimated fair value.

The net appreciation (depreciation) in the fair value of investments includes investments that are purchased, sold, and held during the year.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Investments in insurance company contracts are reported at contract value, as determined by the insurance company, if the contract is fully benefit responsive or, otherwise, at fair value. The insurance product, Key Guaranteed Portfolio Fund, is not considered to be fully benefit responsive since the investment contract contains a provision that prevents the immediate and full payout of the contract value for Plan-initiated transactions.

NOTE 3 – INVESTMENTS

The Plan investments are administered by both Great West Life & Annuity Insurance Company and Great West Trust Company, LLC (the “Custodians”). The following table presents a summary of the investment information as of December 31, 2021 and 2020, and for the year ended December 31, 2021, included throughout the Plan’s financial statements and supplemental schedule, which was prepared by, or derived from, the information provided by the Custodians and was then furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Custodians stating that the information provided to the Plan Administrator by the Custodians, related to the following investments, is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan’s independent auditors not to perform any auditing procedures with respect to the information, which appears throughout the financial statements and supplemental schedule, related to the following investments:

Great West Life & Annuity Insurance Company and Great West Trust Company, LLC also certified the accuracy of \$1,029,964 of net appreciation in the fair value of the investments and \$805,300 of interest and dividends related to the aforementioned investments for the Plan year ended December 31, 2021.

NOTE 4 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of termination of the Plan, the participants will become 100 percent vested in their accounts.

NOTE 5 – TAX STATUS

The Internal Revenue Service ("IRS") has previously determined and informed the Custodians by letter, dated March 31, 2014, that the Plan, a prototype non-standardized profit sharing plan, and the related trust are designed in accordance with applicable sections of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Management of the Plan is required to evaluate the tax positions taken by the Plan and to recognize a tax liability (or asset) if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2021, there are no uncertain positions taken, or expected to be taken, that would require the recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes that the Plan is no longer subject to income tax examinations for years prior to 2018.

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

The Company absorbs certain costs that have been incurred in relation to the administration of the Plan. Such costs pertain to legal and accounting issues. In addition, some of the investment products are mutual funds, as well as a guaranteed investment contract, that are offered by Great West Life & Annuity Insurance Company.

KILLBUCK SAVINGS BANK COMPANY 401(K)
NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)
FOR THE YEARS ENDED DECEMBER 31, 2021 AND 2020

NOTE 7 – FAIR VALUE OF FINANCIAL INSTRUMENTS

The Plan discloses the estimated fair value of its financial instruments in accordance with the Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) Topic 825, *Financial Instruments*. Financial instruments are defined as cash, the evidence of ownership in an entity, or a contract which creates an obligation or right to receive or deliver cash, or another financial instrument, from/to a second entity on potentially favorable or unfavorable terms. Fair value is defined as the amount at which a financial instrument could be exchanged in a current transaction between willing parties, other than in a forced liquidation or sale. If the quoted market price is available for a financial instrument, the estimated fair value would be calculated based upon the market price, per trading unit of the instrument. Mutual fund investments and contribution receivables would be considered as financial instruments. As of December 31, 2021, the carrying amount of these financial instruments approximates fair value.

NOTE 8 – FAIR VALUE MEASUREMENTS

The Plan utilizes a framework for measuring fair value. This framework provides a fair value hierarchy which prioritizes the inputs to valuation techniques that are used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities and gives the lowest priority to unobservable inputs. The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from, or corroborated by, observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for, substantially, the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset’s or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The valuation techniques that are used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies that are used for the assets that are measured at fair value:

Mutual funds: Valued at the net asset value of the shares that are held by the Plan at year end.

Guaranteed investment contract: Market value of the underlying investments.

KILLBUCK SAVINGS BANK COMPANY 401(K)
NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)
FOR THE YEARS ENDED DECEMBER 31, 2021 AND 2020

NOTE 8 – FAIR VALUE MEASUREMENTS (CONTINUED)

The methods described above may produce a fair value calculation that may not be indicative of the net realizable values or reflective of the future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables, set forth by Level within the fair value hierarchy, present the Plan's assets at fair value as of December 31, 2021 and 2020:

	December 31, 2021

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of the risk that is associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the participants' account balances, as well as the amounts that are reported in the statements of net assets available for benefits.

KILLBUCK SAVINGS BANK COMPANY 401(K)
NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)
FOR THE YEARS ENDED DECEMBER 31, 2021 AND 2020

NOTE 10 – SUBSEQUENT EVENTS

Management has reviewed events occurring through October 4, 2022, the date that the financial statements were issued, and no subsequent events have occurred requiring disclosure.

During the first quarter of 2020, the nation and the Plan's primary market area were affected by the consequences of the COVID-19 pandemic. Actions taken around the world to help mitigate the spread of COVID-19 include restrictions on travel, quarantines in certain areas, and forced closures for certain types of public places and businesses. COVID-19 and actions taken to mitigate it have had, and are expected to continue to have, an adverse impact on the economies of many states, including the geographical area in which the Plan operates. While it is unknown how long these conditions will last and what the complete financial effect will be to the Plan, the Plan may experience work stoppages and possible disruptions in its labor force and supply chains. Additionally, it is reasonably possible that the estimates made in the financial statements have been, or will be, materially and adversely impacted in the near term as a result of these conditions.
