AMI, LLC 401(k) PLAN

**Financial Statements
Together with Independent Auditors' Report**

For the Years Ended December 31, 2021 and 2020

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
AMI, LLC 401(k) Plan and its Participants:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of AMI, LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report —

- the amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the AMI, LLC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the 2021 financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the 2021 financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the 2021 financial statements.

In preparing the 2021 financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the AMI, LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of AMI, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the AMI, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2021 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 financial statements or to the 2021 financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the AMI, LLC 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 13, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

AMI, LLC 401(k) PLAN

Notes to Financial Statements For the Years Ended December 31, 2021 and 2020

1. DESCRIPTION OF THE PLAN

The following description of the AMI, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Active Minerals International, LLC (the Company) and was established on May 1, 1969. Effective November 16, 2018, the Company was acquired by Jurassic Topco LP (the Plan Sponsor). Leased and seasonal employees are not eligible to participate in the Plan. Employees are eligible to participate in the Plan upon reaching 18 years of age and completing 90 days of service. Participants may enter the Plan on the day in which they satisfy the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), and the Plan was amended effective January 1, 2014 to adopt an annual calculation for Company matching contributions for tax law changes. The Plan was amended effective June 1, 2018 to amend the Plan's service agreement.

Participant Contributions

Participants may elect to contribute, on a tax-deferred or Roth basis, a percentage of their compensation, as defined by the Plan document. Participant contributions may not exceed the maximum allowable contributions under the Internal Revenue Code (the Code), which totaled \$19,500 for the years ended December 31, 2021 and 2020. A participant's Roth elective contributions are allocated to a separate account maintained for such contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make additional catch-up contributions, subject to limitations imposed by the Code, which totaled \$6,500 for the years ended December 31, 2021 and 2020.

The Plan has an automatic enrollment provision whereby an eligible employee will be automatically enrolled to contribute to the Plan unless they elect not to contribute or elect a different deferral percentage. Automatic enrollment contributions are contributed to an appropriate target date fund, unless the participant elects a different fund within the Plan. This percentage increases annually on January 1st for all participants in 1% increments starting at 3%, up to a maximum of 6%.

Participants are permitted to make rollover contributions into the Plan.

Company Contributions

The Company may make matching contributions equal to a percentage of the participant's elective deferrals. Matching contributions are made for all participants currently deferring compensation into the Plan. Matching contributions are calculated on an annual basis. During the years ended December 31, 2021 and 2020, the Company made matching contributions equal to 100% of participant contributions up to 6% of compensation as part of a Qualified Automatic Contribution Arrangement (QACA) Safe Harbor Match. Matching contributions totaled \$829,951 and \$494,358 for the years ended December 31, 2021 and 2020, respectively.

AMI, LLC 401(k) PLAN

Notes to Financial Statements For the Years Ended December 31, 2021 and 2020

1. DESCRIPTION OF THE PLAN – cont'd.

Company Contributions – cont'd.

The Plan was amended to suspend the QACA Safe Harbor Matching contributions for any compensation paid to participants on or after the effective date of August 31, 2020. Effective January 1, 2021, the Plan was amended to restore the QACA Safe Harbor Matching contribution.

The Company may also make discretionary profit sharing contributions to the Plan as determined by management on an annual basis. Participants must have completed a year of service, as defined by the Plan, and be employed on the last day of the Plan year to receive such a contribution. Discretionary profit sharing contributions are allocated based on the ratio of each eligible participant's compensation to the total compensation paid for all eligible participants. During the years ended December 31, 2021 and 2020, the Company did not make any discretionary profit sharing contributions.

Participant Accounts

Each participant's account is participant-directed and credited with participant contributions, Company contributions, distributions and allocations of Plan earnings, losses and administrative expenses. Allocations are based on participant account balances, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant's account.

Notes Receivable from Participants

Participants may borrow from their accounts up to the lesser of \$50,000 or 50% of their vested account balance, without regard to the intended use of the funds. Notes must be at least \$1,000 and a participant can hold no more than one note at any given time. Notes are collateralized by the participant's vested account balance. Notes bear interest at rates commensurate with those offered by financial institutions at the time of the note's issuance. Interest and principal repayments are made ratably through bi-weekly payroll deductions. The maximum term for a note is 5 years unless for the purchase of a principal residence, in which case the loan repayment period may not extend beyond 10 years from the date of the loan. Notes become due immediately upon termination of a participant's employment.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes are treated as distributions based upon the terms of the Plan document.

Payment of Benefits

Upon termination of service, retirement, early retirement, death, disability, or attainment of age 59 ½, a participant or their beneficiary, in the event of death, may elect to receive a lump-sum amount or annuity option, as defined by the Plan, equal to the value of the participant's vested interest in his or her account. Upon proof, to the satisfaction of the Plan administrator, of an immediate and heavy financial need, amounts contributed may be withdrawn for a hardship purpose. Distributions are subject to the applicable provisions of the Plan agreement. Certain income tax penalties may apply to withdrawals or distributions prior to age 59 ½. As of December 31, 2021 and 2020, there were no net assets of the Plan allocated to participants who had elected to withdraw from the Plan but had not been paid as of year-end.

1. DESCRIPTION OF THE PLAN – cont'd.

Vesting

Participant contributions and earnings thereon vest immediately. Participants vest in QACA matching contributions and earnings thereon according to the following vesting schedule:

Years of Service	Percentage Vested
Less than 2	0%
2 or more	100%

Participants vest in all other Company contributions and earnings thereon according to the following vesting schedule:

Years of Service	Percentage Vested
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Upon retirement, death or disability, a participant becomes 100% vested in their Company contributions.

Forfeitures

Forfeitures of Company contributions may be applied to pay administrative expenses or reduce future Company contributions. Forfeitures become available to the Plan at the earlier of the last day of the Plan year in which a former employee incurs five consecutive one-year breaks in service or a distribution of the participant's entire vested account balance occurs. Forfeitures available to the Plan totaled \$10,000 and \$12,315 as of December 31, 2021 and 2020, respectively. For the years ended December 31, 2021 and 2020, no forfeitures were applied to reduce Company contributions. For the years ended December 31, 2021 and 2020, forfeitures applied to pay administrative expenses for the Plan totaled \$25,824 and \$49,571, respectively.

Plan Expenses

Expenses incurred in the administration of the Plan are required to be paid by the Trustee with net assets of the Plan unless paid by the Company at its discretion. During the years ended December 31, 2021 and 2020, the Company elected to pay a portion of the Plan's direct expenses. Administrative expenses, net of forfeitures, totaling \$25,606 and \$51,868 were paid directly from the Plan for the years ended December 31, 2021 and 2020, respectively. Loan and distribution fees are paid by the Plan and its participants. Investment related expenses are included in net appreciation in fair value of investments.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of additions to net assets available for benefits and deductions from net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for investments in financial instruments, in general, that are exposed to risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities may occur and materially affect the amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fair Value Measurement

The Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, defines fair value and establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Notes to Financial Statements
For the Years Ended December 31, 2021 and 2020

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – cont'd.

Fair Value Measurement – cont'd.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Interests in registered investment companies: Valued at the closing price of shares held by the Plan at year-end. Funds are traded on an active market.

Interests in self-directed funds:

- *Interest bearing cash:* Valued at amortized cost plus accrued interest, which approximates fair value.
- *Interests in common stock:* Valued at the closing price of shares held by the Plan at year-end. Shares are traded in an active market.
- *Interests in registered investment companies:* Valued at the closing price of shares held by the Plan at year-end. Shares are traded on an active market.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2021 and 2020.

3. INVESTMENTS

All investment information contained in the accompanying financial statements and supplemental schedule, including investments held as of December 31, 2021 and 2020, interest and dividend income, and net appreciation in fair value of investments for the years then ended, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Trustee of the Plan, Fidelity Management Trust Company.

4. PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in shares of mutual funds managed by Fidelity Investment Institutional Operations Company, Inc. (FIIOC). FIIOC is related to the Plan's Trustee. The Plan loans funds to its participants according to the applicable provisions of the Plan agreement. The Company provides the Plan with certain accounting and administrative services for which no fees are charged. All such transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

5. SELF-DIRECTED FUNDS

The Plan offers a self-directed program to participants allowing them to invest their account balances in any investment, as permitted by the Plan, and in accordance with ERISA. Under this type of arrangement, participants may direct investments into the self-directed program in addition to, or in lieu of, the various investment alternatives offered by the Plan. The Plan's investment in self-directed accounts consists of interests bearing cash, common stock and interests in registered investment companies.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan agreement to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, affected participants will become 100% vested in their accounts.

7. INCOME TAX STATUS

The Plan has adopted a standardized prototype plan through Fidelity, which received a favorable opinion letter from the Internal Revenue Service dated June 30, 2020, stating that the Plan, as then designed, was in compliance with the applicable requirements of the Code. The Plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

ASC 740, *Income Taxes*, prescribes a recognition threshold and a measurement attribute for the financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return as well as guidance on de-recognition, classification, interest and penalties and financial statement reporting disclosures. For these benefits to be recognized, a tax position must be more-likely-than-not to be sustained upon examination by taxing authorities. Given the Plan is tax exempt and has no unrelated business income, the provisions of ASC 740 do not have an impact on the Plan's financial statements. The Plan recognizes interest and penalties accrued on any unrecognized tax exposures as a component of income tax expense. The Plan does not have any amounts accrued relating to interest and penalties as of December 31, 2021 and 2020. The Plan is subject to routine audits by the IRS and Department of Labor; however, there are currently no audits for any periods in progress.
