Independent Auditors' Report

To the Participants and Plan Administrator of
Beveridge & Diamond, P.C.
401(k) Profit Sharing Plan and Trust "Plan A"

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Beveridge & Diamond, P.C. 401(k) Profit Sharing Plan and Trust "Plan A" (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year), as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 12, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

401(k) Profit Sharing Plan and Trust "Plan A"

Notes to Financial Statements
December 31, 2021 and 2020

1. Description of the Plan

The following description of the Beveridge & Diamond, P.C. 401(k) Profit Sharing Plan and Trust "Plan A" (the Plan) is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering shareholders and staff employees of Beveridge & Diamond, P.C. (the Firm). Employees are eligible to make salary deferrals on the start date of their employment. Employees are eligible for employer contributions after completing 1,000 hours during one year of service. The Plan was established January 1, 1984 to provide certain retirement and other benefits for employees eligible to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The plan trustees are State Street Bank and Trust Company and Massachusetts Fidelity Trust Company (collectively, the Trustees). The Plan's recordkeeping is performed by Transamerica Retirement Solutions Corporation.

Contributions

There are four types of contributions to the Plan for participants as follows:

Salary Reduction Contributions (Pre-Tax)

In lieu of compensation, a contribution is made to the Plan on a tax-deferred basis each pay period. Each active participant may elect to defer up to 75% of his or her compensation. However, salary deferrals cannot exceed the maximum annual dollar amount determined by the Internal Revenue Service (IRS). Additionally, participants who are at least 50 years of age by the end of the respective calendar year are permitted to make "catch-up" contributions to the Plan based on current IRS limits. Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Salary Reduction Contributions (After-Tax)

These after-tax contributions are subject to current IRS limits and "catch-up" contributions are allowed for participants over 50 years of age. Elective Roth contributions are separately accounted for under the Plan.

Matching Contributions

The Firm may, at its discretion, match salary reduction contributions of each participant at a rate determined annually by the Firm. The Firm did not match salary reduction contributions for 2021 and 2020.

Discretionary Contributions

Each year, the Firm's board of directors determines the amount and allocation of discretionary contributions based on the Firm's net profits. For the 2021 plan year, individual shareholders received contributions between \$16,000 and \$38,500, and eligible staff received 4.43% of their 2021 compensation. Additionally, staff that were not eligible to receive discretionary contributions received 3.00% of their 2021 compensation as a top-heavy contribution. The total 2021 discretionary contribution was \$2,574,967.

Notes to Financial Statements
December 31, 2021 and 2020

Participant Accounts

Participants' accounts are credited with the participants' salary reduction contributions and an allocation of (a) matching contributions, (b) discretionary contributions and (c) plan earnings, where applicable. Participants are also charged with an allocation of administrative expenses.

Transfers From Affiliated Plan

The Firm allows its employees to enter either of two separate plans, "A" or "B," depending on eligibility. In general, when employees who are in the affiliated plan "B" gain eligibility to enter plan "A", their accounts are transferred as of the effective date of their eligibility change. When employees who are in plan "A" gain eligibility to enter plan "B" their accounts are transferred as of the effective date of their eligibility change. These amounts are recorded on the accompanying Statement of Changes in Net Assets Available for Benefits as transfers to or from an affiliated plan.

Vesting

Participants are fully vested in their participant account balance at all times.

Notes Receivable From Participants

Under the terms of the Plan, the Trustees are authorized to grant notes of a minimum of \$1,000 to participants. Each participant may borrow an amount up to the lesser of \$50,000 reduced by previously outstanding notes receivable, if any, during the prior 12 months or 50% of the participant's account balance. The Trustees annually determine what reasonable rate of interest will apply to all notes made during the year. At December 31, 2021 and 2020, the Plan's outstanding notes receivable from participants were \$432,299 and \$314,797, respectively. All outstanding notes at December 31, 2021 and 2020 were issued at interest rates between 3.25% and 5.50%.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions to various investment options offered by the Plan. Currently, the Plan offers 30 mutual funds and 1 stable value collective trust. In addition, certain participants may invest any portion of their account into assets of their choice as permitted by the Plan. These individual accounts are classified as individually directed accounts in Note 3 and the supplemental schedule.

Benefits Paid to Participants

Benefit distributions are payable upon a participant's retirement, death or permanent disability. In addition, a distribution is payable when participants otherwise terminate employment and a request for payment is approved by the Trustees of the Plan. Benefits payable to participants are based on the participant's account balance as of the valuation date, as defined in the plan agreement. Distributions from the Plan can be made in a single sum payment, installments, annuity payments or other form as defined in the plan agreement.

Expenses

All reasonable expenses of administration, including, without limitation, custody fees, or any investment managers, shall be paid from the assets of the Plan, except to the extent paid by the Firm. Additionally, certain recordkeeping and investment management fees are included as an offset to net appreciation in fair value of investments on the accompanying Statement of Changes in Net Assets Available for Benefits.

Coronavirus Aid Relief and Economic Security Act

On March 27, 2020, the Coronavirus Aid Relief and Economic Security Act (CARES Act) was signed into law. This aid package was designed to help the economy from the effects of the coronavirus pandemic. Several of the provisions of the CARES Act affected employee benefit plans. The provisions of the CARES Act were optional. During 2020, the Plan opted into the following provisions of the CARES Act:

- Hardship distributions - Qualified plan participants were permitted to take a coronavirus-related distribution of up to \$100,000 from the Plan without a 10% early withdrawal penalty. Eligible distributions were permitted to be taken until December 30, 2020. Distributions may be repaid within three years or a participant may elect these distributions to be included in taxable income on a pro rata basis over three years.
- Participant loans - Qualified plan participants with loans outstanding were permitted to defer payment on the loans that were due during 2020 to after January 1, 2021.
- Participant loans - Qualified plan participants may have borrowed up to \$100,000 during 2020 (an increase from \$50,000 previously permitted); these repayments may be delayed to 2021.
- Required minimum distributions (RMDs) - A temporary waiver of required minimum distributions rules permitted participants to suspend their RMDs for 2020 for participants that turned 70½ in 2019 and 72 in 2020.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the gains and losses on investments bought and sold as well as held during the year.

The Plan holds assets in a stable value collective trust, the Reliance/Metlife Stable Value Fund, (the Collective Trust) as of December 31, 2021 and 2020. The fair value of the Collective Trust is determined using the net asset value (NAV) of the fund. The NAV is determined by the fund's trustee using the fair value of the underlying investment within the fund at year end.

Notes to Financial Statements
December 31, 2021 and 2020

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events for recognition or disclosure through October 13, 2022, the date the accompanying financial statements were available to be issued.

3. Fair Value Measurements

The Plan follows U.S. GAAP for measuring, reporting and disclosing fair value. These standards apply to all assets and liabilities that are measured, reported and/or disclosed on a fair value basis.

As defined in the accounting standards, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value hierarchy ranks the quality and reliability of the information used to determine fair values. Assets and liabilities measured, reported and/or disclosed at fair value will be classified and disclosed in one of the following three categories:

Level 1 - Inputs to the valuation methodology are unadjusted quoted market prices for identical assets in active markets that the Plan has the ability to access.

Level 2 - Observable market based inputs or inputs that are corroborated by market data. Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs that are unobservable and are not corroborated by market data.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Notes to Financial Statements
December 31, 2021 and 2020

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Individually directed accounts are where participants can invest in mutual funds, money market funds, common stocks, cash and cash equivalents, corporate bonds and government bonds that are not available as core offerings of the Plan. The investments in mutual funds, money market funds, common stocks and cash and cash equivalents are based on quoted market prices. Accordingly, these fair value measurements are classified as having used Level 1 inputs. The fair values of investments in corporate and government obligations for which quoted market prices are not available are valued based on yields currently available on comparable securities of issuers with similar credit ratings. Accordingly, these fair value measurements are classified as having used Level 2 inputs.

Stable value collective trust represents the Plan's stable value product. The collective trust invests solely in Group Annuity Contract 25053 issued by Metropolitan Life Insurance Company. The collective trust is valued using the NAV provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. As the NAV of the collective trust is a practical expedient, this investment is not included in the fair value hierarchy.

Mutual funds are based on quoted market prices at year end. Accordingly, this fair value measurement is classified as having used Level 1 inputs.

Life insurance cash surrender value is where the fair value is determined using the cash surrender value of similar policies. Accordingly, this fair value measurement is classified as having used Level 2 inputs.

The plan administrator is responsible for the determination of fair value. Accordingly, the plan administrator performs periodic analysis on the prices received from the pricing services used to determine whether the prices are reasonable estimates of fair value. As a result of these reviews, the plan administrator has not historically adjusted the prices obtained from the pricing services. The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total

(a) In accordance with Subtopic 820-10, the investment that is measured at NAV per share (or its equivalent) has not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the accompanying Statements of Net Assets Available for Benefits.

Investments Measured Using NAV per Share Practical Expedient

The following tables summarize investments for which fair value is measured using NAV per share practical expedient as of December 31, 2021 and 2020. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2021

4. Administration of Plan Assets

The Plan's assets are administered under a contract with the Trustees of the Plan. The Trustees invest funds received from contributions, investment sales, interest and dividend income and makes distribution payments to participants.

5. Related-Party and Party-In-Interest Transactions

The Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party-in-interest transactions.

6. Plan Termination

Although they have not expressed any intent to do so, the Firm has the right under the Plan to suspend or discontinue contributions at any time and to terminate the Plan in whole or in part subject to the provisions of ERISA. In the event of complete or partial plan termination, participants will become fully vested in their accounts and the plan assets shall be distributed in accordance with the terms of the Plan.

7. Tax Status

On June 30, 2020, the IRS stated that the volume submitter plan adopted by the Plan, as then designed, qualifies under Internal Revenue Code (IRC) Section 401(a). The Plan has not received a determination letter specific to the Plan itself; however, the plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax exempt. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Concentrations

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events, such as pandemic or international conflict, which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

As of December 31, 2021, the Plan had investments of \$14,140,086 in the Vanguard Total Stock Market Index Adm fund, that represented a concentration of greater than 10% of net assets available for benefits. As of December 31, 2020, the Plan had no investments that represented a concentration of greater than 10% of net assets available for benefits.

9. Information Certified by Trustee

The Plan's investments, except for those held in individually directed accounts, are held by State Street Bank and Trust Company. Massachusetts Fidelity Trust Company serves as the trustee for investments in the individually directed accounts, and maintains these accounts in a collective trust. The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2021 and 2020. Accordingly, State Street Bank and Trust Company and Massachusetts Fidelity Trust Company, the trustees of the Plan, have certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2021 and 2020 and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2021, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2021.
