Independent Auditor's Report

The Plan Administrator
Capital Markets Company 401(k) Plan
Jacksonville, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Capital Markets Company 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C), which comprise the statements of net assets available for benefits as of December 29, 2021 (liquidation basis) and December 31, 2020 (in liquidation), and the related statement of changes in net assets available for benefits for the period January 1, 2021 through December 29, 2021 (liquidation basis), and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 29, 2021 and December 31, 2020 and for the period January 1, 2021 through December 29, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (U.S. GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Plan Termination and Liquidation Basis of Accounting

As discussed in Note 1 to the financial statements, the governing body of Capital Markets Company 401(k) Plan approved a plan of liquidation on October 1, 2017, and management determined liquidation was imminent and distributed all plan assets as of December 29, 2021. As a result, in accordance U.S. GAAP, the Plan is presenting its financial statements under the liquidation basis of accounting. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or

the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Notes to the Financial Statements

1. Description of Plan

The following description of the Capital Markets Company 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was a defined contribution plan covering all United States (U.S.) employees of the Capital Markets Company (the Company). Under the Plan, all U.S. employees were eligible to participate in the Plan on the first day of each month. The Plan provided retirement benefits to eligible employees of the Company and excluded the employees of Fidelity National Information Services, Inc. (FIS), the parent of the Company, and any other subsidiaries of FIS. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Plan Freeze and Termination

On September 21, 2016, FIS signed an amendment to freeze the Plan effective December 31, 2016 in preparation for divestiture of the Company. The effect of this amendment resulted in no further contributions (except loan repayments) being allowed into the Plan beginning January 1, 2017.

On May 23, 2017, the Company's parent organization, FIS, sold a majority ownership stake in the Company to Clayton, Dubilier & Rice. The transaction closed on July 31, 2017. As a result of the divestiture of the Company, FIS assumed the role of Plan Sponsor.

On October 1, 2017, the Plan Sponsor signed an amendment to terminate the Plan effective October 1, 2017 (the effective date). This resulted in the following:

- a. No participants were allowed to enter the Plan after the effective date and there were no benefit accruals after such date.
- b. The account balance of each participant in the Plan as of the effective date of termination became 100% vested and nonforfeitable.
- c. No additional loans were allowed to be made from the account of a participant in the Plan as of the effective date of the termination.
- d. The Plan administrator directed that distributions be made to participants and beneficiaries as soon as administratively feasible after the effective date, or if application is made to the Internal Revenue Service (IRS), no later than 120 days following receipt of a favorable determination on termination.

As of December 29, 2021, all of the remaining assets of the Plan were distributed.

Plan Administration

Fidelity Management Trust Company (Fidelity) was the Plan's trustee and record-keeper. The Company's Group Plans Committee was responsible for the oversight of the Plan and determined the appropriateness of the Plan's investment offerings and monitored investment performance.

Notes to the Financial Statements

Participant Accounts

Each participant's account was credited with the participant's contribution, the Company's matching contribution, and an allocation of Plan earnings and charged with an allocation of administrative expenses. Allocations were based on participant earnings, account balances, or specific participant transactions, as defined in the Plan document. All contributions to the Plan were participant-directed. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

Notes Receivable from Participants

As of October 1, 2017, the Plan was terminated and ceased issuance of new loans. All existing loans as of December 31, 2017 were distributed to participants as deemed distributions during the year ended December 31, 2018.

Payment of Benefits

On termination of service for any reason, including death or disability, a participant (or beneficiary) could elect to receive his or her account balance as a lump-sum cash payment. Participants could not withdraw their contributions until they attained age 59½ years or proved a financial hardship under specific circumstances. If a participant's account balance was less than \$1,000 upon retirement or termination, a distribution of the participant's account balance could be made automatically, and balances between \$1,000 and \$5,000 could be rolled into an individual retirement account at the discretion of the Company.

Forfeited Accounts and Vesting

As a result of the Plan Sponsor's election to terminate the Plan, all amounts in the participants' accounts became 100% vested and non-forfeitable effective October 1, 2017.

2. Summary of Accounting Policies

Basis of Accounting

Effective October 1, 2017, those charged with governance passed an amendment to terminate the Plan effective October 1, 2017, in conjunction with the divestiture of the Company. The Plan's financial statements as of December 29, 2021 and December 31, 2020, and for the period January 1, 2021 through December 29, 2021, have been prepared on a liquidation basis. The basis of accounting is considered appropriate when, among other things, liquidation of an entity is probable and the net realizable value of assets is reasonably determinable. Under the liquidation basis of accounting, assets are stated at their estimated net realizable cash value and liabilities are stated at their anticipated settlement amounts. The estimated net realizable cash value for investments at December 29, 2021 and December 31, 2020 was fair value.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes to the Financial Statements

Investment Valuation and Income Recognition

Investments were reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year, net of investment management fees.

Payment of Benefits

Benefits were recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan were paid by the Plan unless otherwise paid by the Plan Sponsor. Expenses that were paid by the Plan Sponsor are excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments.

3. Information Certified by Fidelity

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Accordingly, Fidelity, the trustee, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

	December 29, 2021 (Liquidation Basis)	December 31, 2020 (in Liquidation)
Mutual funds	\$ -	\$ 4,338,818
Common/collective trust	-	173,516
Interest-bearing cash	-	69,050

Period January 1, 2021 through December 29, 2021 (Liquidation Basis)

Net appreciation in fair value of investments	\$ 412,303
Dividend income	286,158

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the accompanying financial statements.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds - These funds are valued at the daily closing price, as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan were deemed to be actively traded.

Common/Collective Trusts - These assets are valued at NAV provided by the custodian. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying assets owned by the trust, minus its liabilities, divided by the number of units outstanding. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. There were no unfunded commitments to purchase investments at December 29, 2021 and December 31, 2020. Participant-directed redemptions had no restrictions and were recorded at the end of every business day.

The preceding methods described may produce fair value calculations that may not be indicative of net realizable values or reflective of future fair values. Furthermore, although the Plan believes its

Capital Markets Company 401(k) Plan

Notes to the Financial Statements

valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value of plan assets as of December 29, 2021 was \$0. Investments measured at fair value as of December 31, 2020 were as follows:

December 31, 2020

	Total	Level 1
Mutual funds	\$ 4,338,818	\$ 4,338,818
Total Investments , in the fair value hierarchy	4,338,818	<u>\$ 4,338,818</u>
Investments, measured at NAV as a practical expedient	<u>173,516</u>	
Total Investments , at fair value	<u>\$ 4,512,334</u>	

5. Related-Party Transactions and Party-in-Interest Transactions

Plan investments were shares of mutual funds and shares of a collective trust managed by Fidelity. These investments and transactions in these investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

Fidelity had revenue-sharing arrangements with various entities, which were used to offset certain amounts owed to Fidelity for its administrative services to the Plan. If the revenue received by Fidelity exceeded the amount owed under its agreement with the Plan, Fidelity remitted the excess to the Plan's trust on a quarterly basis. Such amounts could be applied to pay administrative expenses or allocated to the accounts of the participants. During 2021, there was no excess revenue remitted to the Plan.

6. Tax Status

The Plan adopted the Fidelity Volume Submitted Defined Contribution Plan (Fidelity Volume Submitted Plan). The IRS has informed Fidelity by opinion letter dated March 31, 2014 that the Fidelity Volume Submitted Plan adopted by the Plan, as then designed, was in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan had been amended since adopting the Fidelity Volume Submitted Plan, the Plan administrator believes that the Plan was designed and operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Subsequent Events

The Plan has evaluated subsequent events from the date of the statements of net assets available for benefits (in liquidation) through October 7, 2022, the date the financial statements were available to be issued. No material recognizable subsequent events were noted.
