INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Wenger Manufacturing, Inc. 401(k) Plan
Sabetha, KS

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Wenger Manufacturing, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section –

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report.

We are required to be independent of Wenger Manufacturing, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Wenger Manufacturing, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an

opinion on the effectiveness of Wenger Manufacturing, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Wenger Manufacturing, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedules, as identified in the table of contents, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C)

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Wenger Manufacturing, Inc. 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 24, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

WENGER MANUFACTURING, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

NOTE 1:
PLAN DESCRIPTION

The following description of the Wenger Manufacturing, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is a defined contribution plan covering all employees of Wenger Manufacturing, Inc. (the Company). Management of the Company oversees the governance of the Plan. The assets of the Plan are maintained by Empower Retirement, LLC (the recordkeeper), who also performs recordkeeping functions related to the account balances.

Eligibility – Employees become eligible to participate in the Plan at the beginning of the quarter following 30 days and 120 hours of employment. Union employees, non-resident aliens, and part-time or temporary employees expected to have scheduled service of less than 1,000 hours are excluded.

Employee Contributions – Each year, participants may contribute up to the lesser of 75% of their wages or the elective deferral limit plus the catch-up contribution for employees age 50 and older, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers thirty-six different funds as investment options for participants.

Employer Contributions - The Company contributed a discretionary matching contribution for 2021 and 2020 equal to the lesser of 100% of a participant's contribution or 5% of the participant's compensation. The matching contribution is invested in the same ratio as the participant-directed contributions. Contributions are subject to certain limitations. The Company also may make discretionary profit-sharing contributions at the option of the Company's Board of Directors. There was no profit-sharing contribution for 2021 or 2020. The profit-sharing contribution is allocated to the participants based on compensation.

Participant accounts – Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching and profit-sharing contributions, (b) Plan earnings and losses, and (c) administrative expenses. Allocations are based on participant earnings or account balances, as defined. Participant directed investments are maintained in individual member accounts managed by Empower Retirement, LLC. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on the years of continuous service. A participant is 20% vested after one year of credited service, with 20% vesting each subsequent year to be 100% vested after five years of credited service.

Participant loans – Participants may borrow up to the lesser of 50% of their vested account balance or \$50,000, subject to the terms and conditions of the Plan. The loan is secured by the borrower's account balance and bears interest based on prevailing rates at the time of the loan. Net assets represented by the loan are specifically allocated to the participant account of the borrower. Interest income is accrued on the unpaid principal balance. Principal and interest are paid through payroll deductions or ACH agreements.

Payment of benefits – On termination of service or attainment of age 59 1/2, a participant may elect to withdraw all or a portion of his or her vested account balance. The Plan also contains a provision for hardship distributions.

WENGER MANUFACTURING, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

Forfeitures – Non-vested amounts from separated participants may be used to reduce Plan's expenses or employer match contributions. As of December 31, 2021 and 2020, forfeited nonvested accounts totaled \$23,534 and \$8,776 respectively. During 2021 there were \$24,417 of forfeitures and \$9,528 of forfeitures were used to reduce employer match contributions and \$131 of forfeitures were used to reduce Plan expenses. During 2020 there were \$12,304 of forfeitures and \$38,493 of forfeitures were used to reduce employer match contributions and \$9,750 of forfeitures were used to reduce Plan expenses.

NOTE 2:
SUMMARY OF ACCOUNTING POLICIES

Basis of accounting – The financial statements of the Plan are prepared on the accrual basis and in conformity with accounting principles generally accepted in the United States of America.

Administrative Expenses – All investments, including the ones utilized by the Plan, have expenses associated with their management and operations which are automatically reflected in the share price that participants receive on any purchase or sale of a fund. Administrative expense of the Plan are paid by either the Plan or the Company.

Use of Estimates – The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties - The Plan utilizes various investment instruments. Investment securities are subject to various risks, including interest rate, credit, and overall market volatility. Due to the level of risk associated with investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term in amounts that could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Investment valuation and income recognition – The Plan's investments are stated at fair value, except for fully benefit responsive contracts, which are reported at contract value. Fair value is the price that would be received to sell an investment in an orderly transaction between market participants at the measurement date. See Note 6 for further discussion on fair value measurements.

Shares of mutual funds and corporate stock in brokerage accounts are valued at quoted market prices for similar assets in markets that are active which represent the net asset value of shares held by the Plan at year-end.

Units of common/collective trusts are valued at quoted market prices for similar assets in markets that are active. This represents the net asset value of units held by the Plan at year-end. Individual participant accounts invested in common/collective trust are maintained on a unit value basis. Each collective trust provides for daily redemptions by the plan with no advance notice requirements.

Fully benefit-responsive investment contracts shown on the statement of net assets available for benefits as investments in group annuity contracts are reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully-benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Company invests in an investment contract through an unallocated general account.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits – Benefits are recorded when paid.

WENGER MANUFACTURING, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

NOTE 3:
PLAN TERMINATION

Although the Company has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed as soon as practicable after the termination date.

NOTE 4:
TAX STATUS

The Plan has adopted the Qualified Plan Consultants, LLC Defined Contribution Volume Submitter Plan and Trust (the Master Plan). The Master Plan has received notification from the Internal Revenue Service dated March 31, 2014 that it is acceptable under Section 401 of the Internal Revenue Code for use by employers for the benefit of their employees. The Plan has not received a separate determination letter regarding its qualified status since adopting the prototype plan and subsequent amendments. However, the Plan's administrator and trustee believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 5:
INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The Plan's custodian, as agent for the Plan trustee, has provided certifications to the Plan administrator regarding the accuracy and completeness of certain information related to investment holdings of the Plan and the income and expenses of the Plan. The following information certified by the custodian in accordance with 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA) has been used in the preparation of the accompanying financial statements. Accordingly, the plan administrator instructed the Plan's independent auditor's not to perform any auditing procedures with respect to the following information certified by Reliance Trust Company, except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplemental information. The following table presents information related to the Plan assets that were certified by Reliance Trust Company as of December 31:

NOTE 6:
FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Accounting Standard Codification (FASB ASC) 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2021 and 2020.

Level 1 Assets: The fair value of mutual funds and corporate stocks in brokerage accounts are based on quoted net asset values of the shares held by the Plan at year-end. The mutual funds held by the plan are considered to be actively traded.

Level 2 Assets: Common/collective trusts are valued at the net asset value (NAV) of the units of the common/collective trusts held by the Plan at year-end. The NAV is generally based on the fair value of the underlying investments valued at quoted market prices for similar assets in actively traded markets.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 7:
INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan holds a fully benefit-responsive contract with Mass Mutual Life Insurance Company. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed by the plan.

As described in Note 2, because the guaranteed investment contract, listed in the statement of net assets available for benefits as investments in group annuity contract, meets the criteria to be fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value, as reported by the recordkeeper, represents contributions made under contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer or all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2021 and 2020 was \$547,691 and \$357,077, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

WENGER MANUFACTURING, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE 8:
RELATED-PARTY TRANSACTIONS

Certain Plan assets are investments in mutual funds managed by a former/transitionary recordkeeper, Mass Mutual Life Insurance Company, that was acquired on January 4, 2021, by the current recordkeeper, Empower Retirement, LLC. Mass Mutual Life Insurance Company is assisting with the new recordkeeper, thus, transactions involving Mass Mutual Life Insurance Company's investments qualify as party-in-interest transactions. As of December 31, 2021, and 2020, the Plan held \$1,571,172 and \$1,462,030 in these mutual funds.

Transactions related to participant loans as shown on the statements of net assets available for benefits are also considered party-in-interest transactions.

These party-in-interest transactions are exempt from the prohibited transactions rules of ERISA.

NOTE 9:
PLAN ADOPTIONS

During the year ended December 31, 2020, the Plan adopted provisions of the Coronavirus Aid, Relief, and Economic Security (CARES) Act including coronavirus-related distributions, repayment of coronavirus-related distributions, increased participant loan limits, loan repayment extensions, and suspension of required minimum distributions. Provisions of the Setting Every Community Up for Retirement Enhancement (SECURE) Act also went into effect on January 1, 2020. There were no significant provisions of the SECURE Act that effected the Plan in 2020. The Plan has not yet been amended for these provisions. Management plans on formally amending the plan for these provisions before December 31, 2022.

NOTE 10:
SUBSEQUENT EVENTS

Plan management evaluated subsequent events through October 13, 2022, which is the date the financial statements were available to be issued. Subsequent to December 31, 2021, inflation and other economic factors have resulted in economic uncertainty and a substantial decline in the value of investments. The duration of these uncertainties and the ultimate effects cannot be reasonably estimated at this time.
