Independent Auditor's Report

The Board of Trustees
Fordham University Retirement Plan
Bronx, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of (the Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in *Note 3* to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 Financial Statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

The 2020 financial statements of Fordham University Retirement Plan were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditor not to perform, and they did not perform any auditing procedures with respect to the information certified by qualified institutions. Their report dated October 13, 2021 indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations under ERISA.

Notes to Financial Statements

December 31, 2021 and 2020

Note 1: Plan Description

General

The following description of the Fordham University Retirement Plan (the Plan) is provided for general information purposes only. More complete information regarding the Plan's provisions may be found in the plan document.

The Plan is a defined contribution plan established by Fordham University (Plan Sponsor or the University) under the provisions of Section 403(b) of the Internal Revenue Code (the IRC), which includes a qualified cash or deferred arrangement, for the benefit of eligible employees of the Plan Sponsor. The effective date of the Plan was March 1, 1965. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). The plan administrator is the Retirement Plan Committee of Fordham University.

Teacher's Insurance and Annuity Association of America and College Retirement Equities Fund (TIAA-CREF) became the master servicer for the Plan in July 2021. In this role, TIAA-CREF is responsible for the distribution of all contributions between the Fidelity Management Trust Company (Fidelity) and Prudential Insurance Company of America and Prudential Trust Company (collectively, Prudential), coordinating reporting, and performing various compliance tests. Prior to July 1, 2021, the University was responsible for remitting all contributions between TIAA-CREF, Fidelity and Prudential, coordinating reporting, and performing various compliance tests.

Effective January 1, 2020, the Plan was amended to comply with Hardship Withdrawal Provisions under the Bipartisan Act of 2018.

Effective December 22, 2021 the Plan was amended with regards to eligibility requirements and mandatory contributions for employees. Reference the plan document for additional guidance.

Eligibility

Employees are eligible to participate in the Plan on the entry date which is the first of the month following the hire date or hire date if the first of the month. Employees may begin to contribute to the Plan on the first payroll date following submission of completed enrollment forms.

Employees are credited with a year of service for each 12-month period during which they complete 1,000 or more hours of service. For non-union faculty and administrators, years of service with any institutions of higher education or any qualified research institutions immediately preceding an employee's date of employment with the Plan Sponsor are counted toward service-related benefit accruals.

Non-union employees are eligible to receive employer contributions if they are a full-time faculty member or an administrator who is scheduled to work at least 20 hours per week. Employees of the Plan Sponsor who are members of Local 153, Office and Professional Employees International Union, AFL-CIO (Local 153), or of Local 810, International Brotherhood of Teamsters (Local 810), are eligible to receive employer contributions on the first day of the month after which the employee has completed 2 years of services without a break in service.

Employees of the Plan Sponsor who are full time faculty members of Local200, Service Employees International Union (Local200), are eligible for benefits on the same terms and conditions as tenured and tenure track faculty.

Fordham University Retirement Plan

Notes to Financial Statements

December 31, 2021 and 2020

Certain classes of employees are not eligible to participate, including students, temporary employees or any person who is a non-resident alien and does not receive any income from the University which constitutes U.S. source income.

Contributions

Participants may make tax deferred elective contributions to the Plan as soon as administratively feasible after their entry date, subject to the limitations of the IRC, which is \$19,500 in 2021 and 2020. Employees who were at least age 50 by the end of the plan year could contribute additional amounts up to \$6,500 in 2021 and 2020. Participants may also contribute amounts representing rollovers from other qualified plans.

Non-union participants are required to contribute a minimum of 5% of base salary, as a condition of continued employment and to receive employer contributions, once they are at least age 30 and have accumulated one year of service. The Plan Sponsor makes contributions to the Plan only if the employee makes the required contribution as defined by the Plan.

Once a non-union participant has met the age, years of service, and contribution requirements, the Plan Sponsor will contribute 5% of an employee's eligible compensation up to the Social Security Wage Base in effect during the calendar year in which contributions are made and 10% of an employee's eligible compensation above the Social Security Wage Base. After five years of service, the Plan Sponsor contributions will increase to 11% of an employee's eligible compensation. Eligible compensation upon which contributions are calculated under the Plan cannot exceed the limitations of the IRC.

Union employees covered under collective bargaining agreements with Local 810 or Local 153 are also eligible to receive University contributions subject to the terms of the collective bargaining agreement with the University. Union members of any other bargaining units are subject to the terms of the collective bargaining agreement with the University.

Upon enrollment in the Plan, a participant may direct contributions in any of the available investment options.

COVID 19 Pandemic

During 2020, in light of financial uncertainties stemming from the COVID-19 pandemic, the University suspended its contributions to the Plan under a plan amendment that was adopted by the University's Board of Trustees. Employer contributions were suspended beginning in November 2020 and subsequently reinstated in April 2021. In addition, the amount of suspended employer contributions, totaling approximately \$9,000,000 was fully credited to participant accounts, 50% in November 2021 and 50% in February 2022.

Vesting

Participants are fully and immediately vested in the benefits arising from all contributions made under this Plan and earnings or loss thereon.

Fordham University Retirement Plan

Notes to Financial Statements

December 31, 2021 and 2020

Participant Investment Account Options

The Plan allows participation in TIAA-CREF, Fidelity and Prudential. TIAA-CREF is a nonprofit, legal reserve life insurance and annuity company. Participants purchase TIAA Traditional Annuity Accounts or investments in registered investment companies or pooled separate accounts through TIAA-CREF. Participant contributions in Fidelity are used to purchase shares of any of the Fidelity mutual funds, or other investments available through Fidelity, available under the Plan. Participant contributions are not allowed to be directed to investment options made available through the Plan offered by Prudential. Participants in Prudential are only allowed to make withdrawals or change asset allocations between existing Prudential Investments.

Participant Accounts

Individual accounts are valued daily and maintained for each of the Plan's participants to reflect the participant's contributions, the related Plan Sponsor contributions, and the participant's share of the Plan's income or loss and any related administrative expenses. Participants may direct their contributions into a variety of investment options provided through TIAA-CREF or Fidelity.

Except for the TIAA Traditional Annuity Accounts, participants may generally change their investment options at any time.

Notes Receivable from Participants

The Plan allows for participant notes (also referred to as loans) based on the participant account balance held by Fidelity or Prudential and loans issued and held directly by TIAA-CREF that are collateralized by the TIAA-CREF participant account.

Participants may borrow a minimum of \$1,000 up to a maximum of \$50,000, subject to certain restrictions. Loans used to purchase a primary residence may be repaid over 10 years. Loans for all other purposes must be repaid within 5 years.

Fidelity and Prudential and TIAA-CREF beginning April 1, 2021, participant loans are considered assets of the Plan and, therefore, are reported in the statements of net assets available for benefits as notes receivable from participants. The interest rate remains fixed for the term of the loan and is based on certain interest rate benchmarks determined prior to the calendar quarter in which a loan is made. The interest rates on outstanding loans ranged from 4.25% to 6.50% at December 31, 2021 and December 31, 2020 and mature through 2031 and 2030, respectively.

Plan Loans with TIAA-CREF

Beginning April 1, 2021, participants are no longer allowed to obtain Plan loans directly from TIAA-CREF. Previously, participants were allowed to request loans not to exceed the lesser of 50% of their individual vested account or \$50,000. Plan loans outstanding at April 1, 2021 are not impacted by this change and will be repaid in accordance with the payment terms and schedule established at loan origination.

Fordham University Retirement Plan

Notes to Financial Statements

December 31, 2021 and 2020

Loans with TIAA-CREF are issued directly from funds owned by TIAA-CREF and not directly from a participant's account. Interest and principal are paid by the participant directly to TIAA-CREF. The loans are not considered assets of the Plan and, therefore, are not reported in the statements of net assets available for benefits. Adequate security is required and a portion of the participant's account is reserved, or held as collateral, to cover 110% of the outstanding loan in case of default. Interest rates are variable and determined by TIAA-CREF based on Moody's Corporate Bond Yield Average for the calendar month ending two months before a loan is made and may change annually. The interest rates on outstanding loans ranged from 4.00% to 4.49% and 4.00% to 4.54% at December 31, 2021 and 2020, respectively, and mature through 2031. Loans with TIAA-CREF amounted to approximately \$5,700,000 and \$5,900,000 at December 31, 2021 and 2020, respectively.

The Employee Benefit Security Administration (EBSA) has expressed concern that the pledging of collateral of a participant's balance could be considered a prohibited transaction; however, formal guidance has yet to be issued by the EBSA.

Payment of Benefits

On termination of service due to retirement, death, or disability, a participant or beneficiary may elect, depending on the investment option in which their Plan assets are invested, to receive either a lump-sum distribution, an annuity, or installment payments over a fixed period of time, not exceeding the life expectancy of the participant or designated beneficiary.

Participants may withdraw his or her own elective deferrals and related earnings at age 59 ½ or older while still employed at the University.

Under certain hardship conditions, participants are permitted to withdraw up to the amount of the employee contribution portion of their account balance. A participant's right to make deferrals to the Plan is suspended for six months after the receipt of a hardship withdrawal.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan's management to make estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from those estimates and assumptions.

Fordham University Retirement Plan

Notes to Financial Statements

December 31, 2021 and 2020

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value except for the TIAA Traditional Annuity Accounts (benefit responsive) and the Guaranteed interest accounts which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See *Note 5* for discussion of fair value measurements. Contract value equals the accumulated cash contributions and interest credited to the Plan's contracts and transfers, if any, less any withdrawals and transfers, if any. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Expenses related to investment management are paid directly by the respective investment vehicle and are included as an offset to net appreciation in fair value of investments.

Note 3: Certification of Plan Trustees

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, TIAA-CREF, Fidelity, and Prudential, qualified institutions, have certified the following information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020
- Investment income and interest income on notes receivable from participants as shown in the accompanying statements of changes in net assets available for benefits for the years ended December 31, 2021 and 2020
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at end of year) as of December 31, 2021

Fordham University Retirement Plan

Notes to Financial Statements

December 31, 2021 and 2020

The Plan's independent auditors did not perform auditing procedures with respect to this certified information, except for comparing such certified information to the related information included in the financial statements and ERISA-required supplemental schedule.

Note 4: Disclosures About Fair Value of Plan Assets

Fair value is the price that would be received to sell an asset or paid in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets.
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets.
- Level 3** Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets.

Recurring Measurements

The following tables present the fair value measurements of assets and liabilities recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2021 and 2020:

The following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the years ended December 31, 2021 and 2020. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. The Plan had no Level 2 investments at December 31, 2021 and 2020.

Level 3 Activity

The table set forth below is a summary of changes in fair value of the Plan's Level 3 assets, TIAA Traditional Annuity Accounts (Non-Benefit Responsive), for the years ended December 31, 2021 and 2020:

	2021	2020
Purchases	\$ 31,584,682	\$ 28,278,631
Sales	(45,208,010)	(40,876,841)

Unobservable (Level 3) Inputs

The following tables represent the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments and the significant unobservable inputs and for those inputs as of December 31, 2021 and 2020:

December 31, 2021			
	Fair Value	Valuation Technique	Unobservable Inputs
TIAA Traditional Annuity Non-Benefit- Responsive	\$278,992,602	Discounted cash flow Theoretical transfer (exit value)	Risk adjusted discount rate applied
December 31, 2020			
	Fair Value	Valuation Technique	Unobservable Inputs
TIAA Traditional Annuity Non-Benefit- Responsive	\$282,539,413	Discounted cash flow Theoretical transfer (exit value)	Risk adjusted discount rate applied

Unobservable inputs include an estimated discount rate applied. Increases or decreases in the discount rate applied in isolation can result in significant changes in fair values.

The University performs ongoing due diligence reviews of the Plan's investments and has retained a consultant to provide quarterly due diligence reports, including a performance review, policy development and participant communications.

TIAA Traditional Annuity Accounts, TIAA Stable Value, and Guaranteed Interest Accounts

The TIAA Traditional Annuity Accounts represent insurance contracts issued by TIAA-CREF, which guarantee principal and a contractually specified interest rate to account participants. TIAA-CREF invests amounts that underlie these contracts in individual bonds, commercial mortgages, real estate, stocks, and other assets that focus on different sectors of the marketplace. The portfolio follows specific guidelines with respect to major asset classes, sectors, industries, property types, geographic regions, individual issuers/borrowers, foreign holdings, liquidity, quality, and derivatives.

The TIAA Traditional Annuity Accounts consist of various contract types. These include non-benefit responsive contracts such as Retirement Annuity (RA) as well as benefit responsive contracts such as the Group Supplemental Retirement Annuity (GSRA) and Supplemental Retirement Annuity (SRA). All withdrawals and transfers from the RA (benefit responsive) must be spread over a period of 10 annual installments.

The TIAA Traditional Annuity Accounts (non-benefit responsive) are reported at a contract value that approximates fair value. The TIAA Traditional Annuity Accounts (benefit responsive) are reported at contract value may not approximate fair value. Contract value is the aggregation of contributions, plus interest, less withdrawals, if any. The TIAA Traditional Annuity Accounts are not available for sale or transfer on any securities exchange and are restricted. Accordingly, transactions in similar investment instruments are not observable.

The guaranteed annual interest rate is 3.00% for all premiums remitted since 1979 under TIAA Traditional Annuity accounts accumulating contracts plus additional amounts established by TIAA on a year-to-year basis. The average yield and crediting interest rates for RA contracts were approximately 3.50% during both 2021 and 2020. The average yield and crediting interest rates for GSRA and SRA contracts were approximately 3.50% and 3.00% during 2021 and 2020, respectively. Both the one-year total return and the yield credited to participants for 2021 and 2020 are net of annual fees. For 2021 and 2020, the annual fees were 0.45% and 0.46%, respectively. The crediting interest rate is calculated on a daily basis.

The guaranteed interest account is a group annuity product issued by The Prudential Insurance Company of America. The guaranteed interest account is considered benefit responsive and is valued at contract value. Amounts contributed to the contract are deposited in a Prudential general account. Prudential periodically resets the interest rate credited on contract balances, subject to a minimum rate specified in the group annuity contract of 3.00% and a crediting interest rate to participants of 3.00% for the years ended December 31, 2021 and 2020. Prudential is compensated in connection with this product when general account investment returns exceed the interest credited on contract balances. Other than such compensation, there are no additional charges imposed that reduce the interest rate credited.

Notes to Financial Statements

December 31, 2021 and 2020

The Plan also has an additional guaranteed interest account available through Fidelity, The New York Life Guaranteed Interest Account, a group annuity product issued by The New York Life Insurance Company. This stable value fund, which is considered benefit responsive, guarantees principal and accumulated interest and is valued at contract value. Amounts contributed are deposited in a New York Life general account. New York Life periodically resets the interest rate credited on contract balances. The crediting interest rate to participants is 2.40% for both 2021 and 2020, and annual fees are 0.40%.

The Plan also invests in the Stable Value Fund which is a group annuity product issued by TIAA. This stable value fund, which is considered benefit responsive, guarantees principal and accumulated interest and is valued at contract value and is classified in statements of net assets available for benefits with TIAA Traditional Annuity Accounts. TIAA periodically resets the interest rate credited on contract balances, subject to a minimum rate specified in the group annuity contract of 1.00% to 3.00% with a crediting interest rate to participants of 1.20% and 2.40% for 2021 and 2020, respectively.

Note 5: Related-Party and Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

Certain Plan investments are managed by TIAA-CREF, Fidelity, or Prudential, or their affiliates, the Plan's recordkeepers and, therefore, qualify as party-in-interest transactions. These party-in-interest transactions are deemed to be "exempt" from prohibited transaction rules, as defined by Department of Labor regulations.

Net appreciation includes approximately \$513,000 and \$643,000, which represents a portion of the investment management fees previously charged by TIAA-CREF through an offset in investment appreciation, which were returned to the Plan during the years ended December 31, 2021 and 2020, respectively. These amounts have been, or will be, used to pay allowable Plan expenses such as legal fees, audit fees, or allocated to participant accounts. Certain other administrative expenses of the Plan are generally paid by the Plan Sponsor.

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will remain fully vested in their account balances.

Note 7: Tax Status

The Plan has been designed to qualify for tax-exempt status under Section 403(b) of the IRC. The terms of the Plan have been prepared to conform to the requirements of Code Section 403(b) and the regulations thereunder. The Plan has received a current favorable opinion letter from the Internal Revenue Service. The Plan is required to operate in conformity with the IRC to maintain the tax-exempt status for Plan participants under Section 403(b). The University believes that the Plan is currently designed and operating in accordance with the applicable requirements of Section 403(b) of the IRC and, therefore, believes the Plan is qualified and the related (custodial) accounts (and tax-deferred annuities) are tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 8: Risks and Uncertainties

The Plan's assets are invested in a variety of investments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statements of net assets available for benefits.

The Plan invests indirectly in securities with contractual cash flows, such as asset-backed securities, collateralized mortgage obligations, and commercial mortgage-backed securities, including securities backed by subprime mortgage loans. The value, liquidity, and related income of these securities are sensitive to changes in economic conditions, including real estate values, delinquencies, or defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates.

The TIAA Traditional Annuity Accounts represent approximately 23% and 26% of the Plan's net assets available for benefits, as of December 31, 2021 and 2020, respectively, and represent an obligation from TIAA to repay as amounts come due. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value are probable.

Note 9: Subsequent Events

Subsequent events have been evaluated through October 12, 2022, which is the date the financial statements were available to be issued.
