INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of the Avet Pharma 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of the Avet Pharma 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 Financial Statements").

Plan management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Plan management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section:

- the amounts and disclosures in the 2021 Financial Statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 Financial Statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that Plan management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report. We are required to be independent of the Avet Pharma 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Plan Management for the Financial Statements

Plan management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Plan management's election of the ERISA Section 103(a)(3)(C) audit does not affect Plan management's responsibility for the financial statements.

In preparing the financial statements, Plan management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Avet Pharma 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Plan management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Avet Pharma 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by Plan management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Avet Pharma 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—2021 Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of Plan management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that Plan management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter—Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Avet Pharma 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 13, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Avet Pharma 401(k) Plan
Notes to Financial Statements
As of and for the Years Ended December 31, 2021 and 2020

1. Description of Plan

The following description of the Avet Pharma 401(k) Plan (formerly known as Avet Pharma Labs, Inc. 401(k) Plan) (the "Plan") provides only general information. The Plan, which was originally effective February 15, 2016, was most recently amended and restated effective July 29, 2021 (see Note 9). Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan generally covering all employees of Heritage Pharma Holdings, Inc. d/b/a Avet Pharmaceuticals Holdings Inc. (the "Company") (see Note 9) and related participating employers. There is no minimum age or service requirement to participate in the Plan for employee and safe harbor employer matching contributions. There is a six-month service requirement for discretionary nonelective contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may contribute up to 100 percent of their compensation, not to exceed the annual maximum deferral amount as defined by law. Catch-up contributions are permitted for eligible participants age 50 or older by the end of the calendar year. The Plan also provides for Roth contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Plan provides for a safe harbor employer matching contribution equal to 100% of the first 3% of the eligible participant's compensation contributed to the Plan and 50% of the next 2% of the eligible participant's compensation contributed to the Plan. The Company may also make a discretionary nonelective contribution based on an integrated formula as defined in the Plan document. Participants must be employed on the last day of the Plan year to be eligible for any discretionary nonelective contributions. There were no discretionary nonelective contributions made for 2021 or 2020.

Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and the participant's share of (a) employer contributions, (b) an allocation of investment earnings or losses based on the participant's directed investment accounts and (c) charged with an allocation of administrative expenses. Allocations are based on participant's earnings, account balances, or specific participant transactions, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investments for their account.

Vesting

A participant is 100 percent vested at all times in the participant's salary deferral amounts, safe harbor matching employer contributions, rollover contributions, and any earnings thereon regardless of the number of years of service. If a participant ceases participation except by retirement, death or permanent disability, the vested interest in the Company's discretionary nonelective contributions and earnings thereon is dependent upon the years of credited service.

Each participant is vested in the Company's discretionary nonelective contributions according to the following schedule based upon years of service:

<u>Years of Service</u>	<u>Percent Vested</u>
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

As of and for the Years Ended December 31, 2021 and 2020

Forfeited Accounts

Forfeitures shall be used for payment of plan expenses or used towards employer matching contributions. Total unallocated forfeitures were \$4,486 and \$4,471 at December 31, 2021 and 2020, respectively. Previously forfeited accounts used to pay expenses of the Plan were \$0 and \$0 for the years ended December 31, 2021 and 2020, respectively. Previously forfeited accounts used to offset employer contributions were \$0 and \$0 for the years ended December 31, 2021 and 2020, respectively.

Payment of Benefits

Upon termination of employment, if a participant's vested interest in their account exceeds \$5,000, no distribution shall be made to the participant before they reach the age of normal retirement or receipt of consent to pay out by the participant.

If the participant's account is less than \$5,000, the vested account balance is paid out in the form of a lump sum distribution. In the event of a mandatory distribution greater than \$1,000, the Plan administrator will pay the distribution in a direct rollover to an individual retirement arrangement designated by the Plan administrator, if the participant does not elect a direct rollover or lump sum distribution. The Plan also allows for hardship withdrawals and other in-service distributions.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of \$50,000 under the Plan's provision. The loans may not exceed one half of the participant's vested account balance and are limited to 5 years. Interest rates are determined by the Plan administrator in accordance with the Plan's loan provisions. Participants are permitted to only have one loan outstanding at a time. Loan repayments are made through payroll deductions. Interest rates on notes receivable from participants ranged from 4.25% to 7.50% as of December 31, 2021.

Coronavirus Aid, Relief and Economic Security Act (the "CARES Act")

During 2020, the Plan adopted provisions under the CARES Act, including:

- Permitting qualified participants to receive coronavirus-related distributions. Eligible coronavirus-related distributions could be taken up to December 30, 2020 and may be repaid within three years;
- Allowing for qualified participants to suspend loan repayments due through December 31, 2020. Suspended loan repayments resumed during 2021, and the loans were reamortized to extend the payoff period by one year and include accrued interest for the suspension period; and
- Waiving, to the extent permitted by the CARES Act, required minimum distributions in the calendar year 2020.

2. Summary of Significant Accounting Policies

The following are the significant accounting policies followed by the Plan:

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's administrator determines the Plan's investment policies utilizing information provided by the trustees, custodians and investment advisors. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Avet Pharma 401(k) Plan
Notes to Financial Statements
As of and for the Years Ended December 31, 2021 and 2020

Notes Receivable from Participants

Notes receivable from participants (participant loans for Form 5500 reporting purposes) are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit distribution is recorded, based upon the terms of the Plan document.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Payments of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan sponsor. Expenses that are paid by the Plan sponsor are excluded from these financial statements. Fees related to the administration of notes receivable and other participant-specific fees are charged directly to the participant's account and are included in administrative expenses. Certain investment-related expenses are included in the net appreciation in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 12, 2022, the date the financial statements were available to be issued.

3. Information Certified by a Qualified Institution

The Plan administrator having determined that it is permissible in the circumstances elected to have the audits of the Plan performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information included in the accompanying financial statements and ERISA-required supplemental schedule of assets (held at end of year) was obtained or derived from information obtained by the Plan administrator and certified as complete and accurate by Fidelity Management Trust Company, a qualified institution, in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA:

- Investments, at fair value, and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2021 and 2020.
- Investment activity, including net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants, as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2021 and 2020.
- The information for all registered investment companies (mutual funds) and participant loans listed in the schedule of assets (held at end of year) as of December 31, 2021, as shown in the ERISA-required supplemental schedule.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2021 and 2020.

<i>Registered investment companies (Mutual funds):</i>	Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
--	---

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Registered investment companies:	\$ 11,338,431	\$ 11,338,431	\$ -	\$ -
Total investments at fair value	<u>\$ 11,338,431</u>	<u>\$ 11,338,431</u>	<u>\$ -</u>	<u>\$ -</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurements as of December 31, 2020:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Registered investment companies:	\$ 8,854,801	\$ 8,854,801	\$ -	\$ -
Total investments at fair value	<u>\$ 8,854,801</u>	<u>\$ 8,854,801</u>	<u>\$ -</u>	<u>\$ -</u>

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2021 and 2020, there were no transfers in or out of levels 1, 2, or 3.

5. Related-Party and Party In Interest Transactions

Certain plan investments are managed by the trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Transactions resulting in plan assets being transferred to or used by a related party are prohibited under ERISA unless a specific exemption exists. The trustee is a party-in-interest as defined by ERISA as a result of investing plan assets in its funds and accounts and providing investment management services. However, these transactions are exempt under Section 408(b)(8) and are not prohibited by ERISA.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in any employer contributions for which they were not already vested and the trustee would distribute account balances as permitted by the Plan document.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks; such as interest rate risk, market risk, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. Tax Status

Effective July 29, 2021 (see Note 9), through the adoption of a Fidelity Pre-Approved Defined Contribution Plan, the Plan was amended and restated. The IRS issued an opinion letter dated June 30, 2020, stating that the pre-approved defined contribution plan document was designed in accordance with applicable Internal Revenue Code ("IRC") requirements as of that date. Prior to the July 29, 2021 amendment and restatement of the Plan, the Plan had adopted a Fidelity Volume Submitter Defined Contribution Plan, which received an advisory letter dated March 31, 2014, stating that the volume submitter profit sharing plan document as then designed was in accordance with applicable IRC requirements.

Although the Plan has been amended since receiving the advisory letter and opinion letter, management of the Plan believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. The Plan administrator believes the Plan, as amended, is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

9. Plan Amendments

Effective March 1, 2021, the Plan was amended and restated to, among other matters:

- Change the name of the Plan from Avet Pharma Labs, Inc. 401(k) Plan to the Avet Pharma 401(k) Plan;
- Change the name of the Plan sponsor from Heritage Pharma Labs, Inc. d/b/a Avet Pharma Labs, Inc. to Heritage Pharma Holdings, Inc. d/b/a Avet Pharmaceuticals Holdings Inc.;
- Update the participating employers; and
- Make other general administrative changes to the Plan.

During July 2021, the Plan was amended and restated by adopting a Fidelity pre-approved defined contribution plan in order to make general administrative changes, including incorporating past amendments and adopting required amendments pursuant to statutory changes.

In December 2021, the Plan was amended to clarify the eligibility provisions for the safe harbor employer matching contribution.
