INDEPENDENT AUDITOR'S REPORT

October 11, 2022

To the Trustees, Participants and Plan Administrator of the
GP 50 New York LTD 401k Profit Sharing Plan & Trust:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of GP 50 New York LTD 401k Profit Sharing Plan & Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of GP 50 New York LTD 401k Profit Sharing Plan & Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT

(Continued)

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of GP 50 New York LTD 401k Profit Sharing Plan & Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about GP 50 New York LTD 401k Profit Sharing Plan & Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit Section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

(Continued)

INDEPENDENT AUDITOR'S REPORT

(Continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of GP 50 New York LTD 401k Profit Sharing Plan & Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about GP 50 New York LTD 401k Profit Sharing Plan & Trust's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

(Continued)

INDEPENDENT AUDITOR'S REPORT
(Continued)

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of GP 50 New York LTD 401k Profit Sharing Plan & Trust. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 7, 2021 we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

GP 50 NEW YORK LTD 401(K) PROFIT SHARING PLAN & TRUST

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2021 AND 2020

1. DESCRIPTION OF PLAN

The following is a brief description of the GP 50 New York LTD 401k Profit Sharing Plan & Trust (the Plan) provided for general information purposes only. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution retirement plan as permitted under Section 401(k) of the Internal Revenue Code with a Roth feature, covering eligible employees of GP 50 New York LTD (the Company and Plan Sponsor), as defined. The Plan is funded by employee and employer contributions. The assets of the Plan were maintained in investment funds held by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company ("Principal"), the Trustee. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Employees must have attained age 21 to be eligible to participate in the Plan and receive employer matching contributions.

Contributions

Participants may authorize an elective deferral contribution in an amount equal to a percentage of the contributing employee's compensation as defined by the Plan, not to exceed the maximum annual limitations as provided by the Internal Revenue Code. Participants who are age 50 or older before the end of the plan year are allowed to make an additional "catch-up" contribution. This contribution was limited to \$6,500 in both 2021 and 2020. The "catch-up" contribution is also subject to the employer matching contribution. The Company's match of employee contributions is 50% of the participant's salary deferrals. In applying the matching contribution, the participant's salary deferrals for each payroll period that exceed 6% of their compensation for such period will not be considered (i.e., will not be matched). The Company can also make non-elective discretionary contributions each year. There were no non-elective discretionary contributions made for the years ended December 31, 2021 and 2020. Participants may also contribute amounts representing distributions from other qualified pension plans.

Effective for participants with a hire date of July 1, 2018 and after, unless a participant makes an affirmative election, the employer will withhold 6% of compensation for each payroll period. The provision does not apply to existing participants. Scheduled increases of automatic deferral rates by 1% up to a max of 10% of compensation apply on the first day of each plan year.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocation of (a) the Company's matching contribution, (b) the Company's non-elective discretionary contributions, and (c) Plan earnings and losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. DESCRIPTION OF PLAN (Continued)

Investments

Participants direct the investment of employee and employer contributions into various investment options offered by the Plan. Participants may change their investment allocation on a daily basis.

Vesting

Participants are 100% vested in their elective and employer contributions plus actual earnings/(losses) thereon if employed on June 30, 2018.

For participants who enter the plan after such date, the vesting provisions below apply to employer nonelective profit sharing and matching contributions:

Vesting Schedule	
Years of Service	Percentage
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years, but may exceed five years for the purchase of a primary residence. The loans are collateralized by the vested balance in the participant's account and bear interest at a rate at the prime rate plus two percentage points. Principal and interest is paid ratably through payroll deductions. Following the enactment of the CARES Act, qualifying participants were allowed to borrow up to \$100,000 or 100% of the participant's vested account balance for those loans established from March 27, 2020 through September 22, 2020. The loans are collateralized by the balance in the participant's account and bear interest at the prime interest rate plus 1%. Principal and interest are paid ratably through payroll deductions.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Withdrawals and Distributions

Unless a participant elects otherwise, distributions will be made as soon as practical after a participant's termination of service due to retirement, death or disability. The normal retirement date is the date upon which a participant reaches age 65. Participants may also receive hardship distributions under certain circumstances, as defined. Participants may receive their accumulated vested benefits held by the Plan's trustee upon termination of employment or elect to keep his or her vested balance in excess of \$5,000 in the Plan. If the participant elects to keep his or her vested interest in the Plan, the participant's account will continue to receive its share of earnings and losses. Involuntary cash-outs of vested account balances equal to \$5,000 or less will be automatically distributed without participant consent.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan prepares its financial statements on the accrual basis of accounting and presents the fair value of net assets available for benefits and changes in those net assets in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan's assets include various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to the value of such investments, changes in the values of investments will occur and such changes could materially affect the amounts reported in the accompanying financial statements.

Payment of Benefits

Benefits are recorded when paid.

The Plan implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) that was signed into law on March 27, 2020 and provided relief options for retirement plan sponsors and participants who met certain eligibility requirements. The optional features that the Plan implemented for 2020 included, among others, allowing Coronavirus related distributions, increased loan limits, loan repayment deferrals, and suspending required minimum distributions. Most of the provisions of the CARES Act expired on December 31, 2020.

Administrative Expenses

Investment fees are paid by the Plan. Administrative expenses not paid by the Plan are paid by the Plan Sponsor.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes gains and losses on investments held during the year. Realized losses include gains and losses on investments sold during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. As of December 31, 2021 and 2020, no allowance for credit losses has been recorded. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan Document.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Income Taxes

The Plan has received a volume submitter profit sharing plan with CODA letter response from the Internal Revenue Service (the "IRS") dated June 30, 2020, stating that the IRS does not have a ruling or determination on whether the employer's plan qualifies under Code Section 401(a) but an employer who adopts the Plan qualifies under Section 401(a) of the Internal Revenue Code (the "IRC"), and therefore, the related trust is exempt from taxation. Subsequent to this determination by the Internal Revenue Service, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax-exempt.

3. FINANCIAL CERTIFICATION

The following financial information relating to the Plan's assets at December 31, 2021 and 2020, as well as investment income and investment transactions for the years then ended, has been derived from information provided by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company, the Trustees of the Plan, and has been certified by them as complete and accurate.

4. FAIR VALUE MEASUREMENTS

The Plan uses various valuation techniques in determining fair value. FASB ASC Section 820 provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

4. FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There were no changes between levels during 2021 and 2020.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: Valued based on quoted market prices in active markets.

Pooled Separate Accounts: Valued at net asset value ("NAV"). Invest in domestic stocks, international stocks, and fixed securities, such as asset or mortgage-backed securities and corporate bonds, and in mutual funds that hold such investments. The net asset values of the pooled separate accounts are not publicly quoted. The values of the underlying investments are used in determining the net asset value of each separate account. Underlying equity securities have observable quoted pricing inputs. Underlying fixed securities have observable pricing inputs, including quoted prices for similar assets in the active or non-active markets. Underlying mutual funds are valued at publicly quoted pricing inputs. The pooled separate accounts do not have any unfunded commitments relating to their investments, nor any restrictions on redemptions. Participant-directed redemptions can be made daily and do not have a redemption notice period.

Common collective trust: Valued at net asset value (NAV). Contain investments in a collective trust fund as well as a variety of separate accounts and mutual funds. The fair value of the collective trust fund and the separate accounts are not publicly quoted pricing inputs. The fair value of the mutual funds are publicly quoted pricing inputs. The fair value of all these investments are used in determining the NAV of the common/collective trust, which is not publicly quoted. The common/collective trusts can be redeemed at NAV as of the measurement date.

4. FAIR VALUE MEASUREMENTS (Continued)

The underlying investments are valued as follows; the fair value of conventional investment contracts is determined using a discounted cash flow methodology where the individual contract cash flows are discounted at the prevailing interpolated yield curve rate as of year-end. The fair value of conventional investment contracts is determined using a discounted cash flow methodology where the individual contract cash flows are discounted at the prevailing interpolated yield curve rate as of year-end. Individual assets of the synthetic investment contract are generally valued at representative quoted market prices. Short-term securities, if any, are stated at amortized cost, which approximates market value. Debt securities are valued on the basis of valuations furnished by a pricing service approved by the Trustee, which determines valuations using methods based on market transactions for comparable securities and various relationships between securities which are generally recognized by institutional traders. Accrued interest, if any, on the underlying investments is added to the fair value of the investments for presentation purposes. The common/collective trusts can be redeemed on a daily basis and there are no restrictions. There are no unfunded commitments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments that were accounted for at fair value on a recurring basis as of December 31, 2021 and 2020:

<u>Assets at Fair Value as of December 31, 2021</u>				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	<u>\$ 974,596</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 974,596
Common/collective trusts, at net asset value (a)				3,163,571
Pooled separate accounts, at net asset value (a)				<u>471,483</u>
				<u>\$ 4,609,650</u>

<u>Assets at Fair Value as of December 31, 2020</u>				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	<u>\$ 512,442</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 512,442
Common/collective trust, at net asset value (a)				3,210,267
Pooled separate accounts, at net asset value (a)				<u>201,616</u>
				<u>\$ 3,924,325</u>

(a) In accordance with the FASB authoritative guidance regarding fair value measurement, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

5. PARTY-IN-INTEREST TRANSACTIONS

In 2021 and 2020, Plan investments were managed by Principal. Principal is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest.

Notes receivable from participants of \$132,633 and \$167,108 as of December 31, 2021 and 2020, respectively, with interest rates ranging from 5.25% to 7.50%, qualify as party-in-interest.

6. SUBSEQUENT EVENTS

Subsequent events have been evaluated through October 11, 2022, which is the date the financial statements were available to be issued.
