INDEPENDENT AUDITORS' REPORT

October 12, 2022

To the Trustees
DRA 401(k) Plan
Pittsburgh, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of DRA 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements of DRA 401(k) Plan performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of DRA 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about DRA 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of DRA 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about DRA 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at Year End) is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of DRA 401(k) Plan as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 30, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

DRA 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS

Note 1 – Description of Plan

The following description of the DRA 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General – The Plan is a defined contribution 401(k) plan covering all employees of DRA Americas, Inc. (the Company) and DRA Energy Operations Co, excluding non-resident aliens with no U.S. source income, who have reached age twenty-one or older. In addition, to be eligible for matching contributions, employees must have 1,000 hours, as defined by the plan document. The Plan is subject to the provisions of the Employee Retirement Income Securities Act of 1974 (ERISA), as amended.

Employee Contributions – Participants may contribute pre-tax amounts as defined by the Plan of up to 100% of eligible compensation and in accordance with the Internal Revenue Code section 415 limits. Participants may also contribute rollovers, from other qualified plans. All contributions, including the employer contributions, may be directed at the discretion of each participant into the various investment options offered by the Plan.

Employer Matching Contributions – The Company may contribute a safe harbor contribution to those participants whom are eligible to make salary deferrals in an amount equal to 100% of salary deferrals that do not exceed 3% of compensation, plus 50% of salary deferrals between 3% and 5% of compensation. Additionally, employees must have attained the age of 18 and reached the plan's next entry date, as defined under the terms of the Plan, in order to be eligible to receive a safe harbor contribution. Company safe harbor contributions for the year ended December 31, 2021 amounted to \$306,021.

Employer Profit Sharing Contributions – The Company may contribute a discretionary amount, to be determined by the employer, not limited to current or accumulated net profits. Allocation of the profit sharing contribution will be integrated based on 100% of the taxable wage base. Participants must complete 1,000 hours of service in order to be eligible to share in the profit sharing allocation. Participants who have terminated due to death, total and permanent disability, or normal retirement will be eligible to share in the allocation regardless of service. Forfeitures may be used to reduce the employer discretionary contribution. There was no discretionary employer profit sharing contribution for the year ending December 31, 2021.

Participant Accounts – Each participant's account is credited with (a) the participant's contributions, (b) the Company's contributions, (c) forfeitures, and (d) any earnings or losses thereon. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in 100% of their elective salary deferrals, rollover contributions and earnings thereon. Effective August 28, 2008, all employer contribution accounts are 100% vested at all times.

Forfeitures and Unallocated Accounts – Forfeitures represent participant account balances that are not vested upon the termination of an employee. All forfeited amounts are used toward the employer's obligation to make matching contributions. For the years ended December 31, 2021 and 2020, there were no unallocated forfeiture accounts. The Plan's assets at December 31, 2021 and 2020 include \$32,968 and \$50,426, respectively, of reimbursed administrative fee credits, which will be used to offset plan expenses.

Payment of Benefits – On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participants' account, or various installment options. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account.

DRA 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS

Note 1 – Description of the Plan (continued)

Notes Receivable from Participants – Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Interest is charged at a reasonable rate as defined in the plan document. Interest rates ranged from 5.25% - 7.50% at December 31, 2021. Principal and interest is paid ratably through weekly payroll deductions. Repayment terms may not exceed 5 years unless the loan is granted for the purpose of acquiring the participant's principal residence. Notes receivable are stated at their unpaid principal balance plus accrued unpaid interest.

Administrative Expenses – Plan expenses paid for by the Company include fees for services performed by the auditing firm. Third party administrator recordkeeping and investment manager fees are deducted from reimbursed administrative fee credits or credited to the participant's account to which the fee applies. Expenses charged to the Plan totaled \$74,322 and \$78,881 for December 31, 2021 and 2020, respectively, of which \$18,091 and \$22,286, respectively, were deducted from the administrative fee credit account.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting – The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments held by the Plan are stated at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price), (see Note 10). Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during year.

Payment of Benefits – Benefits are recorded when paid.

Note 3 – Tax Status

The Plan obtained a favorable advisory letter, dated March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirement of the Internal Revenue Code. The Plan has not received a determination letter specific to the Plan itself; however, the plan administrator and the Plan's tax counsel believe that the Plan was designed and was being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the applicable authorities. The Plan's tax returns for 2018, 2019, and 2020 are subject to examination by the taxing authorities, generally for three years after they were filed.

DRA 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS

Note 4 – Plan Termination

Although it has not expressed any intent to do so, the Company has reserved the right to terminate the Plan or reduce or cease contributions at the discretion of the Board or Directors, or to amend the Plan at any time and in any respect, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their account balance.

Note 5 – Information Certified by the Custodians

For the years ended December 31, 2021 and 2020, the plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Reliance Trust Company, the custodian, as complete and accurate, except for comparing such information certified by the certifying entities to information included in the Plan's financial statements and supplemental schedule.

The Plan administrator has obtained certification that the information is complete and accurate as of December 31, 2021 and 2020 and for the year ended December 31, 2021:

Statements of net assets available for benefits:

	<u>2021</u>	<u>2020</u>
Investments – at fair value	\$ 15,477,517	\$ 14,902,946
Investments – at contract value	\$ 1,630,126	\$ 1,738,908
Notes receivable from participants	\$ 143,917	\$ 204,571

Statement of changes in net assets available for benefits:

	<u>2021</u>
Investment gain from investments	\$ 640,027
Dividend income	\$ 1,750,971
Interest income	\$ 11,717

Note 6 - Fully Benefit-Responsive Investment Contract

The Plan holds a group variable annuity contract, Fixed Income Account, with the custodian. This investment meets the fully benefit-responsive investment criteria and therefore is reported at contract value. Contract value is the relevant measure for the fully benefit-responsive investment contract because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions plus credited interest less participant withdrawals and fees. The account is credited with earnings based on the daily balance. There is no stated minimum or maximum interest rate for the investment choice.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

DRA 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS

Note 6 - Fully Benefit-Responsive Investment Contract (continued)

Certain events may limit the ability of the Plan to transact at Contract Value. Such events include but may not be limited to the following: (1) the complete or partial termination of the Plan; (2) the establishment or activation of, or material change in, any Plan investment fund, or an amendment to the Plan or a change in the administration or operation of the Plan, including the removal of a group of employees from Plan coverage as a result of the sale or liquidation of a subsidiary or division or as a result of group layoffs or early retirement programs.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different than the contract value. The issuer will terminate the contract under the following circumstances: (1) the Plan provides effective communication that the contract will be terminated; (2) the market value balance is not more than \$1,000 or the contract value difference is zero; (3) the issuer determines that it will not be able to continue to operate the agreement under its current terms following the Plan's establishment, activation, or material change to, any Plan investment fund; (4) the Plan fails to make the contributions required under the contract.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with participants.

Note 7 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8 – Related-Party Transactions

Plan investments are held by Reliance Trust Company. Reliance Trust Company is the custodian as defined by the Plan and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment advisory and management services were \$56,230. Other fees paid by the plan were for third party administration, transaction fees, and audit fees. Certain administrative fees related to the administration of the Plan were paid by the Plan or by the Company. These transactions qualify as party-in-interest transactions.

Note 9 – Excess Contributions Payable

Contributions received for the year ending December 31, 2020 are net of refunds made in 2021 of \$22,119 for participant contributions. These refunds were made to certain active participants to return excess deferral contributions as required satisfying the relevant nondiscrimination provisions of the Plan. These excess contributions were adjusted for earnings of \$2,162. The net amount of \$24,281 is included in the Plan's statement of net assets available for benefits as excess contributions payable at December 31, 2020.

DRA 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS

Note 10 – Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASB 820-10 are:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for investments measured at fair value:

Collective trust funds are valued based on their net asset values reported by the investment advisor in the financial statements of the collective trust funds at year-end. The collective trust fund provides for daily participant redemptions by the Plan at reported net asset value per share, with no advance notice requirement.

Mutual funds are valued at the net asset value of shares held by the Plan at year end. The mutual funds held by the Plan are deemed to be actively traded.

The valuation methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 11 – Plan Amendments

Effective January 1, 2021, the Plan was amended to add a safe harbor matching contribution provision.

The Plan adopted the distribution provision of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act that was signed into law on March 27, 2020. A CARES Act distribution allows the Plan's participants to take a COVID-19 related distribution up to \$100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020. In addition, the Plan adopted the temporary loan repayment deferral provision of the CARES Act. The deferral provision adopted by the Plan allows qualified Plan participants who have Plan loan repayments to defer such repayments until December 31, 2020.

Note 12 – Subsequent Events

Effective January 1, 2022, the plan was restated to comply with Internal Revenue Service requirements.

The Plan has evaluated subsequent events through October 12, 2022, the date the financial statements were available to be issued.
