INDEPENDENT AUDITORS' REPORT

To the Board of Trustees
The Yahnis Company 401(k) Plan
Conway, South Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of The Yahnis Company 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of The Yahnis Company 401(k) Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of The Yahnis Company 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Yahnis Company 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Yahnis Company 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Yahnis Company 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets Held for Investment Purposes at Year End, as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 8, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements and supplemental schedule, and (b) the form and content of the information included in the 2020 financial statements and supplemental schedule other than that derived from the information certified by the qualified institution were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

**THE YAHNIS COMPANY 401(K) PLAN
CONWAY, S. C.
NOTES TO FINANCIAL STATEMENTS**

NOTE 1 DESCRIPTION OF THE PLAN

The following description of the Yahnis Company ("Company") 401(k) Plan ("Plan") provides only general information regarding the Plan. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of the Company who have completed 1,000 hours of service during each twelve-month eligibility computation period and are age nineteen or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Board of Trustees oversees governance of the Plan.

Contributions

Each year, participants may contribute a percentage of their pretax or after-tax annual compensation, excluding bonuses, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans; however, these rollover contributions are not eligible for the company matching contribution. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants. The Company will make a safe harbor matching contribution equal to 100% of salary deferrals that do not exceed 3% of your compensation plus 50% of salary deferrals between 3% and 5% of base compensation. This safe harbor matching contribution is 100% vested. For purposes of calculating this safe harbor matching contribution, your compensation and deferrals will be computed for each calendar month. Total participant contributions, in any calendar year, are limited to the applicable limit under Internal Revenue Code Section 402(g). The Plan also provides that certain limitations may be imposed on participants' contributions in order to comply with statutory requirements.

Participant Accounts

Each participant's account is credited with the participant's contributions, employer's matching contributions, and allocations of (a) Plan earnings (losses) and (b) administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 33% vested after 1 year of vesting service, increasing to 66% for 2 years of vesting service, and 100% vested after 3 years of credited service or reaching age 65. For all employer regular matching contributions prior to January 1, 2016, a 6-year graded vesting schedule is used. Each year the participant must perform at least 1,000 hours of service to earn the vesting.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their nonforfeitable account balance. Participants may have up to two loans currently outstanding with the Plan. The loans are secured by the balance in the participant's account and bear interest at prime rate, which is quoted at the time of the loan in a financial publication such as the Wall Street Journal, plus 1% or other rate determined by a modification adopted by the Plan Administrator. These interest rates range from 4.25% to 6.50%. Principal and interest are paid ratably through monthly payroll deductions.

In response to COVID-19, and as permitted by the Coronavirus Aid, Relief, and Economic Security (CARES) Act, doubles the current retirement plan loan limits to the lesser of \$100,000 (increased from \$50,000) or 100% (increased from 50%) of the participant's vested account balance in the plan. For qualified participants, this new limit only applies from March 27, 2020 to September 27, 2020. Also, qualified participants with an outstanding loan from the plan with a payment due during the period of March 27, 2020 through December 31, 2020, can delay their loan repayment(s) for up to one year. After the one-year period, subsequent loan payments must be adjusted to reflect the additional interest accrued during the delay. The period of delay does not count against the maximum loan period of 5 years when the loan is extended (longer for mortgage loans).

NOTE 1 DESCRIPTION OF THE PLAN (Continued)

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or in installments over a fixed period not exceeding the life expectancy of the participant or beneficiary. For terminations of employment due to other reasons, a participant may receive the value of the vested interest as a lump-sum distribution or roll-over into another qualified plan.

Effective May 11, 2015, the trustees of the Plan authorized force-out distributions to allow automatic force-out distributions for participants that are terminated and have a vested balance that falls under the Plan threshold of \$5,000. If terminated participants do not respond within 45 days of the distribution request, the Plan will automatically rollover the participants' vested balance into an individual retirement account in the participant's name.

In response to COVID-19, and as permitted by the Coronavirus Aid, Relief, and Economic Security (CARES) Act, withdrawals from the plan of up to \$100,000 per person are allowable and the 10% early withdrawal penalty tax is waived. The distribution remains subject to income tax and withdrawals made only in 2020 are eligible. A qualified participant is: (1) a participant diagnosed with the virus SARS-CoV-2 or with coronavirus disease 2019 by a Centers for Disease Control and Prevention ("CDC") approved test; (2) whose spouse or dependent is diagnosed with the virus SARS-CoV-2 or with coronavirus disease 2019 by a CDC approved test; (3) who experiences adverse financial consequences as a result of being quarantined, furloughed, laid off, having work hours reduced, being unable to work due to lack of child care, closing or reduction of hours of their personally owned or operated business due to the virus SARS-CoV-2 or with coronavirus disease 2019; or other factors as determined by the Treasury Secretary. The plan administrator may rely on the employee's self-certification that he/she satisfies one of these conditions. The legislation also permits those individuals to pay income-tax on the distribution ratably over a three-year period and allows individuals to repay that amount tax-free back into the plan or another plan within three years after the distribution is received.

Also, the CARES Act waives required minimum distribution (RMD) rules for calendar year 2020 (including 2019 RMD payments that were due April 1, 2020) for defined contribution plans allowing individuals to keep funds in their retirement plans.

Forfeited Accounts

At December 31, 2021 and 2020, forfeited nonvested accounts totaled \$702 and \$818, respectively. Forfeitures may be used to pay plan expenses, allocated as an additional discretionary nonelective contribution or used to reduce any nonelective contribution. During 2021 and 2020, employer contributions were reduced by \$702 and \$923 from forfeited nonvested accounts.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Recently Adopted Accounting Standards

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update 2018-13, "Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement." The new standard modifies the disclosure requirements on fair value measurements in Topic 820, Fair Value Measurement, including adjustments to Level 3 fair value measurement disclosures as well as the removal of disclosures around Level 1 and Level 2 transfers. This update is effective for the fiscal year beginning January 1, 2020. The amendments to the guidance were applied on a prospective or retrospective basis, in accordance with the requirements of the new standard. Plan management adopted this standard on January 1, 2020 and there was no material impact upon adoption.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Quoted market prices are used to determine the fair value of the Plan's investments, when available. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2021 and 2020, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan Administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Net Appreciation/(Depreciation) in Fair Value of Investments

Net realized and unrealized appreciation (depreciation) is recorded in the accompanying statement of changes in net assets available for benefits as investment income.

Payment of Benefits

Benefits are recorded when paid.

Plan Administration Expenses

The Plan Sponsor absorbs the cost of auditing services, as well as certain administrative costs related to the administration of the Plan by Company personnel. Certain administrative functions of the Plan are performed by officers and employees of the Company. No such officers or employees receive compensation from the Plan. The Plan participants pay the costs associated with additional administration fees, as defined by the Plan.

NOTE 3 FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 3 FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds

Valued at the daily closing price as reported by the fund. The mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021 and 2020.

	Assets at Fair Value as of December 31,			
	2021		2020	
	Level 1	Total	Level 1	Total
Mutual Funds	\$ 10,923,210	\$ 10,923,210	\$ 9,042,228	\$ 9,042,228
Money Market Funds	613	613	647	647
Total Assets at Fair Value	\$ 10,923,823	\$ 10,923,823	\$ 9,042,875	\$ 9,042,875

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the years ended December 31, 2021 and 2020, are reported in net appreciation (depreciation) in fair value of investments.

NOTE 4 INFORMATION CERTIFIED BY THE PLAN TRUSTEE OR CUSTODIAN

Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, as permitted under such election, the Plan management instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Charles Schwab Trust Bank, the trustee (or custodian) of the Plan, as complete and accurate, except for comparing such information certified by the trustee (or custodian) with information included in the Plan's financial statements and supplemental schedules:

Investments held and the related investment income (loss) certified by Charles Schwab Bank:

	For the Year Ended December 31,	
	2021	2020
Investments	\$ 10,923,823	\$ 9,042,875
Net Appreciation (Depreciation) in Fair Value of Investments	1,364,233	1,072,392
Interest Income	3	2
Dividend Income	345,324	164,048

NOTE 5 PLAN AMENDMENTS AND TERMINATION

On December 20, 2019, the Setting Every Community Up for Retirement Enhancement (SECURE) Act of 2019 was passed by Congress. The SECURE Act expands retirement access to both employers and employees by changing the rules with respect to required minimum distributions among others. The SECURE Act includes both required and optional provisions, some of which became effective immediately, and others with various effective dates beginning after December 2019. The required provisions of the SECURE Act that were effective immediately or beginning no later than January 1, 2020 or for plan years beginning after December 31, 2019 were operationalized accordingly. Any optional features within the SECURE Act are currently being accessed by Plan management.

NOTE 5 PLAN AMENDMENTS AND TERMINATION (Continued)

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was signed into law. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and has implemented the following provisions: (1) Special coronavirus distributions up to \$100,000; (2) Increase the available loan amount to the lesser of \$100,000 or 100% of the participant's vested account balance; (3) Permit COVID-19 impacted participants to take out loans while on furlough; and (4) Extend the period for loan repayments, if applicable, up to one year. Plan management expects to formally adopt the provisions above by amendment in 2022.

The Plan was amended on April 1, 2020, to allow employees to elect to make Roth Deferrals. The deferrals are subject to federal income taxes in the year of deferral. However, the employee will not be taxed on distributions of Roth 401(k) deferrals.

Effective January 1, 2021, the Plan was materially modified to a safe harbor 401(k) plan. For safe harbor matching contributions, the participant will be eligible once they have completed one (1) year of service and have attained age 19. However, participation in safe harbor matching contributions are all allowed once a participant has reached the entry date as outlined in plan provisions. The Company will make a safe harbor matching contribution equal to 100% of your salary deferrals that do not exceed 3% of your compensation plus 50% of your salary deferrals between 3% and 5% of your compensation. This safe harbor matching contribution is 100% vested. For purposes of calculating this safe harbor matching contribution, your compensation and deferrals will be computed for each calendar month. The Company will no longer make discretionary matching contributions to the Plan. Forfeitures will be allocated to pay plan expenses, allocated as an additional nonelective contribution or used to reduce any nonelective contribution.

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions. Any unallocated assets of the Plan should be allocated to participant accounts and distributed in such a manner as the Company may determine.

NOTE 6 RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of Net Assets Available for Benefits per the financial statements for the year ended December 31, to Schedule H of Form 5500:

Less: Amounts Allocated to Withdrawing Participants at December 31, 2020	<u>-</u>	<u>-</u>
Net Assets Available for Benefits Per Schedule H to the Form 5500	<u>\$ 334,662</u>	<u>\$ 376,950</u>

Amounts allocated to withdrawing participants are recorded on the Schedule H of Form 5500 for benefit claims that have been processed and approved for payment prior to December 31, 2021 and 2020, but not yet paid as of those dates.

NOTE 7 TAX STATUS

The Plan has not obtained a determination letter from the Internal Revenue Service (the "IRS") stating that the Plan was in compliance with the applicable requirement of the IRC. The Plan is relying on the IRS approval of the prototype plan that it is utilizing.

The IRS has determined and informed the trustee by a letter dated March 31, 2014, that the prototype plan document was designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified.

Accounting principles generally accepted in the United States of America require the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The returns filed for the most recent three years remain available for examination by taxing authorities. Management is not aware of any tax positions in the returns which have less than 50% chance of being affirmed under examination.

NOTE 8 RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan, or an employer whose employees are covered by the Plan. Accordingly, loans to participants and transactions with investment funds managed and held by the trustee are considered party-in-interest transactions.

The Plan absorbs expenses charged by a third-party administrator for the administration of the Plan. These fees paid by Plan participants for administrative services total \$47,286 and \$40,689 for the years ended December 31, 2021 and 2020, respectively.

NOTE 9 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 RISKS AND UNCERTAINTIES (Continued)

In March 2020, the COVID-19 outbreak was declared a pandemic by the World Health Organization and continues as of the date of this report. The COVID-19 pandemic has led to extreme volatility in financial markets and has affected, and may continue to affect, the Plan's assets. While the potential economic impact brought by, and the duration of, COVID-19 may be difficult to assess or predict, a widespread pandemic could continue to result in significant disruption of global financial markets. The extent to which COVID-19 impacts the financial markets will depend on future developments that are highly uncertain and cannot be predicted. The long-term impact of the effects of the COVID-19 pandemic to the Plan and Plan sponsor as well as any relief from regulatory authorities are currently not known. The extent of the adverse impact of the COVID-19 pandemic on the Plan's participant account balances and the net assets available for benefits cannot be reasonably estimated at this time.

NOTE 10 SUBSEQUENT EVENTS

Subsequent events were evaluated through the date of the independent auditors' report, which is the date the financial statements were available to be issued.
