Part I	Service Provider Information (see instructions)
---------------	--

You must complete this Part, in accordance with the instructions, to report the information required for **each person** who received, directly or indirectly, \$5,000 or more in total compensation (i.e., money or anything else of monetary value) in connection with services rendered to the plan or the person's position with the plan during the plan year. If a person received **only** eligible indirect compensation for which the plan received the required disclosures, you are required to answer line 1 but are not required to include that person when completing the remainder of this Part.

1 Information on Persons Receiving Only Eligible Indirect Compensation

- a** Check "Yes" or "No" to indicate whether you are excluding a person from the remainder of this Part because they received only eligible indirect compensation for which the plan received the required disclosures (see instructions for definitions and conditions)..... ☒ Yes ☐ No
- b** If you answered line 1a "Yes," enter the name and EIN or address of each person providing the required disclosures for the service providers who received only eligible indirect compensation. Complete as many entries as needed (see instructions).

(b) Enter name and EIN or address of person who provided you disclosures on eligible indirect compensation
FIDELITY INVESTMENTS INSTITUTIONAL

Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: CITRIN COOPERMAN & COMPANY, LLP

(2) EIN: 22-2428965

d The opinion of an independent qualified public accountant is **not attached** because:

(1) ☐ This form is filed for a CCT, PSA, or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l.

During the plan year:

a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.).....

	Yes	No	Amount
4a		X	

	Yes	No	Amount
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)			
4b		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)			
4c		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)			
4d		X	
e Was this plan covered by a fidelity bond?	X		6000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
4f		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?			
4g		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?			
4h		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	X		
4i	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)			
4j		X	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?			
4k		X	
l Has the plan failed to provide any benefit when due under the plan?			
4l		X	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)			
4m		X	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			
4n		X	

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)

5b(1) Name of plan(s)	5b(2) EIN(s)	5b(3) PN(s)

5c Was the plan a defined benefit plan covered under the PBGC insurance program at any time during this plan year? (See ERISA section 4021 and instructions.) ☐ Yes ☐ No ☐ Not determined
If "Yes" is checked, enter the My PAA confirmation number from the PBGC premium filing for this plan year _____.

INDEPENDENT AUDITOR'S REPORT

To the Retirement Plan Committee Members and Principal Members of Management of the
GoldenTree Asset Management Retirement Plan

Scope and Nature of ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of GoldenTree Asset Management Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 31, 2021, and for the year then ended stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

2020 Financial Statements

The financial statements of GoldenTree Asset Management Retirement Plan as of December 31, 2020, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the predecessor auditor not to perform, and they did not perform, any auditing procedures with respect to the information certified by Fidelity Management Trust Company, the trustee of the Plan. Their report, dated October 12, 2021, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements, and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Information Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion-

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The accompanying notes are an integral part of the financial statements.

GoldenTree Asset Management Retirement Plan

Notes to Financial Statements

December 31, 2021 and 2020

1. Description of the Plan

The following description of the GoldenTree Asset Management Retirement Plan (the “Plan”) for eligible employees of GoldenTree Asset Management, L.P. (the “Employer” or “Plan Sponsor”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering substantially all employees who have completed 90 days of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan Sponsor is responsible for the oversight of the Plan and determines the appropriateness of investment offerings and monitors the investment performance.

Fidelity Management Trust Company (the “Trustee”) serves as the trustee of the Plan.

Contributions

Salary deferral – Each year, participants may make pre-tax elective deferrals up to 100% of their annual compensation, as defined in the Plan agreement, up to the maximum allowed by the Internal Revenue Code (“IRC”). As of June 1, 2011, all new eligible employees were automatically enrolled in the Plan at a default percentage of 3%, subsequently increased to 6% as of July 1, 2015, and subsequently increased by 1% annually up to a maximum of 10%, unless they opt out or elect to change the default election deferral. Participants may also elect to designate all or any portion of their elective deferral contributions as Roth elective deferral contributions. For the 2021 and 2020 Plan years, the 401(k) deferral limit was \$19,500. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The maximum catch-up contribution permitted for 2021 and 2020 was \$6,500. Participants may also contribute amounts representing distributions from other eligible retirement plans as defined in the Plan agreement (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

Employer matching contributions – The Employer may make discretionary matching contributions at a percentage as determined by management. Such contributions will be calculated based on a participant’s elective deferral contributions and compensation, as defined in the Plan agreement, for the Plan year, excluding any portion of the Plan year in which a participant is not an active participant. This contribution, if any, will be made on an annual basis on the last day of the Plan year to all active Plan participants. There were no Employer matching contributions for the years ended December 31, 2021 and 2020.

Employer profit sharing contribution – The Employer may authorize a profit sharing contribution, which is a discretionary contribution as determined by management. This contribution, if any, will be made on an annual basis before the end of the Plan year and will be allocated to active participants who are either employed on the last day of the Plan year or who have met their early retirement age (as defined in the Plan agreement) and are no longer employed by the Employer during the Plan year. Contributions are made out of current or accumulated net profits of the Employer. There were no Employer profit sharing contributions for the years ended December 31, 2021 and 2020.

GoldenTree Asset Management Retirement Plan

Notes to Financial Statements

December 31, 2021 and 2020

1. Description of the Plan (continued)

Participants' Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution and an allocation of the Employer's contributions, an allocation of investment earnings or losses, administrative expenses, participant forfeitures, and charges for withdrawals. Allocations are based on participant earnings, account balances, or as defined in the Plan agreement. Refer to Note 2 for information on investment transactions and income recognition on individual participants' account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments

The Plan's investments are held by the Trustee. The following investment options are available to the participants at December 31, 2021: mutual funds and a common/collective trust. Employer contributions are automatically invested into the participants' respective investment options.

Vesting and Forfeitures

Participants are immediately vested in their voluntary contributions, qualified non-elective contributions, as well as any discretionary Employer matching and/or discretionary Employer profit sharing contributions, plus actual earnings thereon. Forfeitures, if any, will be used first to pay administrative expenses and second, to reduce Employer contributions. At December 31, 2021 and 2020, there were no forfeitures to be allocated to cover the Plan's administrative expenses.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant, or their beneficiaries may elect to receive a lump-sum amount equal to the value of the participant's account balance with full vested rights. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP"), and are stated in United States Dollars. The following is a summary of the significant accounting policies used in preparing the financial statements:

Use of Estimates

The preparation of financial statements in accordance with US GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and changes in net assets available for benefits during the year. Accordingly, actual results could differ from those estimates. Any adjustments applied to estimated amounts are recognized in the year such adjustments are determined.

GoldenTree Asset Management Retirement Plan

Notes to Financial Statements

December 31, 2021 and 2020

2. Summary of Significant Accounting Policies (continued)

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation or depreciation in fair value of investments.

Payment of Benefits

Benefit payments to participants are recorded when paid. There were no amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not yet been paid as of December 31, 2021 and 2020.

Notes Receivable from Participants and Withdrawals

Notes receivable from participants are valued at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses had been recorded as of December 31, 2021 or 2020. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. Included in the benefit payments to participants are discharged loans amounting to approximately \$21,565 and \$0 for the years ended December 31, 2021 and 2020.

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant loan fund. Loan terms range from 1 to 5 years, unless the loan is for the purchase of a primary residence, which may extend the loan term to a maximum of 10 years. Loans bear interest at a rate of prime plus 1% as determined at the time the loan is approved. Principal and interest are payable ratably through semi-monthly payroll deductions.

Participants may also obtain a cash withdrawal of all or a portion of the value of their vested contributions including rollover contributions and any Employer contribution (but excluding any qualified non-elective contributions, qualified matching contributions, safe harbor contributions and earnings on those contributions) on the basis of hardship as permitted under the Plan.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustees determine the valuation policies. See Note 4 for discussion of the value measurements.

GoldenTree Asset Management Retirement Plan

Notes to Financial Statements

December 31, 2021 and 2020

2. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition (continued)

Net appreciation (depreciation) in the fair value of the Plan's investments, as reported on the statement of changes in net assets available for benefits, includes the realized gains or losses and the change in unrealized appreciation or depreciation on investments bought and sold as well as held during the year.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of net appreciation or depreciation in fair value of investments.

3. Information Certified by the Plan's Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020, the Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2021, and the related investment activity and interest income from notes receivable from participants reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2021.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplementary schedule.

4. Fair Value Measurements

In accordance with the authoritative guidance on fair value measurements and disclosures under US GAAP, the Plan follows a standard that establishes a three-level valuation hierarchy for disclosure of fair value measurements. The valuation hierarchy is based upon the transparency of inputs to the valuation of an asset or liability as of the measurement date. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

GoldenTree Asset Management Retirement Plan

Notes to Financial Statements

December 31, 2021 and 2020

4. Fair Value Measurements (continued)

The three levels are defined as follows:

Level 1 – Inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these securities does not entail a significant degree of judgment.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or the liability, either directly or indirectly, for substantially the full term of the financial instrument and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020:

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trusts are valued using the NAV provided by the trustee, which are based on the fair value of the underlying investments held by the fund less its liabilities. The trust's NAV is used as a practical expedient to estimate fair value since it is not probable that the fund will sell the investment for an amount different than the reported NAV.

The preceding methods produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in different fair value measurements at the reporting date.

GoldenTree Asset Management Retirement Plan

Notes to Financial Statements

December 31, 2021 and 2020

4. Fair Value Measurements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2021 and 2020:

Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 59,191,719	\$ -	\$ -	\$ 59,191,719
Total assets in the fair value hierarchy	<u>\$ 59,191,719</u>	<u>\$ -</u>	<u>\$ -</u>	<u>59,191,719</u>
Investments measured at net asset value*				<u>2,531,932</u>
Total investments at fair value				<u>\$ 61,723,651</u>

Assets at Fair Value as of December 31, 2020				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 51,377,659	\$ -	\$ -	\$ 51,377,659
Total assets in the fair value hierarchy	<u>\$ 51,377,659</u>	<u>\$ -</u>	<u>\$ -</u>	<u>51,377,659</u>
Investments measured at net asset value*				<u>3,107,129</u>
Total investments at fair value				<u>\$ 54,484,788</u>

*Certain investments measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

There were no transfers into or out of Level 1, Level 2, or Level 3 during the years ended December 31, 2021 and December 31, 2020.

GoldenTree Asset Management Retirement Plan

Notes to Financial Statements

December 31, 2021 and 2020

4. Fair Value Measurements (continued)

Fair Value of Investments in Entities that Use NAV

The following tables summarize investments measured at fair value based on NAV per share as of December 31, 2021 and 2020, respectively.

December 31, 2021	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common/collective trust ^(a)	\$ 2,531,932	N/A	Daily	*
	<u>\$ 2,531,932</u>			

December 31, 2020	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common/collective trust ^(a)	\$ 3,107,129	N/A	Daily	*
	<u>\$ 3,107,129</u>			

* Generally none; however, in unusual market conditions the fund trustee may at its sole discretion impose restrictions.

^(a) Fidelity Managed Income Portfolio Class 2 seeks to preserve its principal investment while earning a level of interest income that is consistent with principal preservation. The fund seeks to maintain a stable NAV of \$1 per share. The fund invests in benefit-responsive investment contracts issued by insurance companies and other financial institutions, fixed income securities, and money market funds.

5. Related-Party Transactions and Party-In-Interest Transactions

Certain Plan investments are managed by the Trustee, or an affiliate of the Trustee, and therefore, these transactions qualify as party-in-interest transactions. Pursuant to the Plan documents, the Trustee (or an affiliate of the Trustee) receives revenue from mutual fund service providers for services it provides to the funds. This revenue is used to offset certain amounts owed to the Trustee (or an affiliate of the Trustee) for its administrative services to the Plan.

If the revenue received by the Trustee (or an affiliate of the Trustee) from such mutual fund service providers exceeds the amount owed by the Plan, the Trustee (or an affiliate of the Trustee) remits the excess to the Plan's trust. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. For the year ended December 31, 2021, there were no excess amounts. The Plan or Plan Sponsor may make a payment to the Trustee for administrative expenses not covered by revenue sharing.

For the year ended December 31, 2021, the Plan made direct payments for administration services totaling \$113,346, which were not covered by any revenue sharing. A portion of these direct expenses was made to a third-party consultant, not related to the Trustee, for investment advisory services to the Plan. As described in Note 2, the Plan Sponsor pays directly any other fees related to the Plan's operations.

GoldenTree Asset Management Retirement Plan

Notes to Financial Statements

December 31, 2021 and 2020

6. Federal Income Tax Status

The Plan uses a prototype plan document sponsored by FMR LLC. FMR LLC received an opinion letter from the Internal Revenue Service ("IRS"), dated June 30, 2020, which stated that the prototype document satisfied the applicable provisions of the IRC. Although the Plan has been amended since the effective date of the opinion letter, the Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore, believes the Plan is qualified and the related trust is tax-exempt. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Risks and Uncertainties

The Plan invests in various investment instruments, including mutual funds and investment contracts. These investments, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. Plan Termination

Although it has not expressed any intention to do so, the Employer has the right under the Plan agreement to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

9. Subsequent Events

The Plan's management has evaluated the period from January 1, 2022 to October 12, 2022, the date the financial statements were available to be issued, and has determined that there are no subsequent events that require disclosure under Financial Accounting Standards Board Accounting Standards Codification 855, *Subsequent Events*. No material subsequent events were identified during this period.

INDEPENDENT AUDITOR'S REPORT

To the Retirement Plan Committee Members and Principal Members of Management of the
GoldenTree Asset Management Retirement Plan

Scope and Nature of ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of GoldenTree Asset Management Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 31, 2021, and for the year then ended stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

2020 Financial Statements

The financial statements of GoldenTree Asset Management Retirement Plan as of December 31, 2020, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the predecessor auditor not to perform, and they did not perform, any auditing procedures with respect to the information certified by Fidelity Management Trust Company, the trustee of the Plan. Their report, dated October 12, 2021, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements, and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Information Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion-

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

GoldenTree Asset Management Retirement Plan

Notes to Financial Statements

December 31, 2021 and 2020

1. Description of the Plan

The following description of the GoldenTree Asset Management Retirement Plan (the “Plan”) for eligible employees of GoldenTree Asset Management, L.P. (the “Employer” or “Plan Sponsor”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering substantially all employees who have completed 90 days of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan Sponsor is responsible for the oversight of the Plan and determines the appropriateness of investment offerings and monitors the investment performance.

Fidelity Management Trust Company (the “Trustee”) serves as the trustee of the Plan.

Contributions

Salary deferral – Each year, participants may make pre-tax elective deferrals up to 100% of their annual compensation, as defined in the Plan agreement, up to the maximum allowed by the Internal Revenue Code (“IRC”). As of June 1, 2011, all new eligible employees were automatically enrolled in the Plan at a default percentage of 3%, subsequently increased to 6% as of July 1, 2015, and subsequently increased by 1% annually up to a maximum of 10%, unless they opt out or elect to change the default election deferral. Participants may also elect to designate all or any portion of their elective deferral contributions as Roth elective deferral contributions. For the 2021 and 2020 Plan years, the 401(k) deferral limit was \$19,500. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The maximum catch-up contribution permitted for 2021 and 2020 was \$6,500. Participants may also contribute amounts representing distributions from other eligible retirement plans as defined in the Plan agreement (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

Employer matching contributions – The Employer may make discretionary matching contributions at a percentage as determined by management. Such contributions will be calculated based on a participant’s elective deferral contributions and compensation, as defined in the Plan agreement, for the Plan year, excluding any portion of the Plan year in which a participant is not an active participant. This contribution, if any, will be made on an annual basis on the last day of the Plan year to all active Plan participants. There were no Employer matching contributions for the years ended December 31, 2021 and 2020.

Employer profit sharing contribution – The Employer may authorize a profit sharing contribution, which is a discretionary contribution as determined by management. This contribution, if any, will be made on an annual basis before the end of the Plan year and will be allocated to active participants who are either employed on the last day of the Plan year or who have met their early retirement age (as defined in the Plan agreement) and are no longer employed by the Employer during the Plan year. Contributions are made out of current or accumulated net profits of the Employer. There were no Employer profit sharing contributions for the years ended December 31, 2021 and 2020.

GoldenTree Asset Management Retirement Plan

Notes to Financial Statements

December 31, 2021 and 2020

1. Description of the Plan (continued)

Participants' Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution and an allocation of the Employer's contributions, an allocation of investment earnings or losses, administrative expenses, participant forfeitures, and charges for withdrawals. Allocations are based on participant earnings, account balances, or as defined in the Plan agreement. Refer to Note 2 for information on investment transactions and income recognition on individual participants' account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments

The Plan's investments are held by the Trustee. The following investment options are available to the participants at December 31, 2021: mutual funds and a common/collective trust. Employer contributions are automatically invested into the participants' respective investment options.

Vesting and Forfeitures

Participants are immediately vested in their voluntary contributions, qualified non-elective contributions, as well as any discretionary Employer matching and/or discretionary Employer profit sharing contributions, plus actual earnings thereon. Forfeitures, if any, will be used first to pay administrative expenses and second, to reduce Employer contributions. At December 31, 2021 and 2020, there were no forfeitures to be allocated to cover the Plan's administrative expenses.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant, or their beneficiaries may elect to receive a lump-sum amount equal to the value of the participant's account balance with full vested rights. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP"), and are stated in United States Dollars. The following is a summary of the significant accounting policies used in preparing the financial statements:

Use of Estimates

The preparation of financial statements in accordance with US GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and changes in net assets available for benefits during the year. Accordingly, actual results could differ from those estimates. Any adjustments applied to estimated amounts are recognized in the year such adjustments are determined.

GoldenTree Asset Management Retirement Plan

Notes to Financial Statements

December 31, 2021 and 2020

2. Summary of Significant Accounting Policies (continued)

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation or depreciation in fair value of investments.

Payment of Benefits

Benefit payments to participants are recorded when paid. There were no amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not yet been paid as of December 31, 2021 and 2020.

Notes Receivable from Participants and Withdrawals

Notes receivable from participants are valued at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses had been recorded as of December 31, 2021 or 2020. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. Included in the benefit payments to participants are discharged loans amounting to approximately \$21,565 and \$0 for the years ended December 31, 2021 and 2020.

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant loan fund. Loan terms range from 1 to 5 years, unless the loan is for the purchase of a primary residence, which may extend the loan term to a maximum of 10 years. Loans bear interest at a rate of prime plus 1% as determined at the time the loan is approved. Principal and interest are payable ratably through semi-monthly payroll deductions.

Participants may also obtain a cash withdrawal of all or a portion of the value of their vested contributions including rollover contributions and any Employer contribution (but excluding any qualified non-elective contributions, qualified matching contributions, safe harbor contributions and earnings on those contributions) on the basis of hardship as permitted under the Plan.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustees determine the valuation policies. See Note 4 for discussion of the value measurements.

GoldenTree Asset Management Retirement Plan

Notes to Financial Statements

December 31, 2021 and 2020

2. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition (continued)

Net appreciation (depreciation) in the fair value of the Plan's investments, as reported on the statement of changes in net assets available for benefits, includes the realized gains or losses and the change in unrealized appreciation or depreciation on investments bought and sold as well as held during the year.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of net appreciation or depreciation in fair value of investments.

3. Information Certified by the Plan's Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020, the Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2021, and the related investment activity and interest income from notes receivable from participants reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2021.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplementary schedule.

4. Fair Value Measurements

In accordance with the authoritative guidance on fair value measurements and disclosures under US GAAP, the Plan follows a standard that establishes a three-level valuation hierarchy for disclosure of fair value measurements. The valuation hierarchy is based upon the transparency of inputs to the valuation of an asset or liability as of the measurement date. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

GoldenTree Asset Management Retirement Plan

Notes to Financial Statements

December 31, 2021 and 2020

4. Fair Value Measurements (continued)

The three levels are defined as follows:

Level 1 – Inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these securities does not entail a significant degree of judgment.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or the liability, either directly or indirectly, for substantially the full term of the financial instrument and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020:

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trusts are valued using the NAV provided by the trustee, which are based on the fair value of the underlying investments held by the fund less its liabilities. The trust's NAV is used as a practical expedient to estimate fair value since it is not probable that the fund will sell the investment for an amount different than the reported NAV.

The preceding methods produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in different fair value measurements at the reporting date.

GoldenTree Asset Management Retirement Plan

Notes to Financial Statements

December 31, 2021 and 2020

4. Fair Value Measurements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2021 and 2020:

Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 59,191,719	\$ -	\$ -	\$ 59,191,719
Total assets in the fair value hierarchy	<u>\$ 59,191,719</u>	<u>\$ -</u>	<u>\$ -</u>	<u>59,191,719</u>
Investments measured at net asset value*				<u>2,531,932</u>
Total investments at fair value				<u>\$ 61,723,651</u>

Assets at Fair Value as of December 31, 2020				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 51,377,659	\$ -	\$ -	\$ 51,377,659
Total assets in the fair value hierarchy	<u>\$ 51,377,659</u>	<u>\$ -</u>	<u>\$ -</u>	<u>51,377,659</u>
Investments measured at net asset value*				<u>3,107,129</u>
Total investments at fair value				<u>\$ 54,484,788</u>

*Certain investments measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

There were no transfers into or out of Level 1, Level 2, or Level 3 during the years ended December 31, 2021 and December 31, 2020.

GoldenTree Asset Management Retirement Plan

Notes to Financial Statements

December 31, 2021 and 2020

4. Fair Value Measurements (continued)

Fair Value of Investments in Entities that Use NAV

The following tables summarize investments measured at fair value based on NAV per share as of December 31, 2021 and 2020, respectively.

December 31, 2021	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common/collective trust ^(a)	\$ 2,531,932	N/A	Daily	*
	<u>\$ 2,531,932</u>			

December 31, 2020	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common/collective trust ^(a)	\$ 3,107,129	N/A	Daily	*
	<u>\$ 3,107,129</u>			

* Generally none; however, in unusual market conditions the fund trustee may at its sole discretion impose restrictions.

^(a) Fidelity Managed Income Portfolio Class 2 seeks to preserve its principal investment while earning a level of interest income that is consistent with principal preservation. The fund seeks to maintain a stable NAV of \$1 per share. The fund invests in benefit-responsive investment contracts issued by insurance companies and other financial institutions, fixed income securities, and money market funds.

5. Related-Party Transactions and Party-In-Interest Transactions

Certain Plan investments are managed by the Trustee, or an affiliate of the Trustee, and therefore, these transactions qualify as party-in-interest transactions. Pursuant to the Plan documents, the Trustee (or an affiliate of the Trustee) receives revenue from mutual fund service providers for services it provides to the funds. This revenue is used to offset certain amounts owed to the Trustee (or an affiliate of the Trustee) for its administrative services to the Plan.

If the revenue received by the Trustee (or an affiliate of the Trustee) from such mutual fund service providers exceeds the amount owed by the Plan, the Trustee (or an affiliate of the Trustee) remits the excess to the Plan's trust. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. For the year ended December 31, 2021, there were no excess amounts. The Plan or Plan Sponsor may make a payment to the Trustee for administrative expenses not covered by revenue sharing.

For the year ended December 31, 2021, the Plan made direct payments for administration services totaling \$113,346, which were not covered by any revenue sharing. A portion of these direct expenses was made to a third-party consultant, not related to the Trustee, for investment advisory services to the Plan. As described in Note 2, the Plan Sponsor pays directly any other fees related to the Plan's operations.

GoldenTree Asset Management Retirement Plan

Notes to Financial Statements

December 31, 2021 and 2020

6. Federal Income Tax Status

The Plan uses a prototype plan document sponsored by FMR LLC. FMR LLC received an opinion letter from the Internal Revenue Service ("IRS"), dated June 30, 2020, which stated that the prototype document satisfied the applicable provisions of the IRC. Although the Plan has been amended since the effective date of the opinion letter, the Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore, believes the Plan is qualified and the related trust is tax-exempt. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Risks and Uncertainties

The Plan invests in various investment instruments, including mutual funds and investment contracts. These investments, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. Plan Termination

Although it has not expressed any intention to do so, the Employer has the right under the Plan agreement to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

9. Subsequent Events

The Plan's management has evaluated the period from January 1, 2022 to October 12, 2022, the date the financial statements were available to be issued, and has determined that there are no subsequent events that require disclosure under Financial Accounting Standards Board Accounting Standards Codification 855, *Subsequent Events*. No material subsequent events were identified during this period.
