INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of
Archrock 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Archrock 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The Archrock 401(k) Plan (the "Plan") was adopted effective November 8, 2015. The sponsor of the Plan is Archrock Services, L.P. (the "Plan Sponsor"), an indirect wholly-owned subsidiary of Archrock, Inc. ("Archrock" or the "Company").

The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. The Plan was amended and restated effective January 1, 2021. Changes to plan provisions are described below.

General

The Plan is a defined contribution plan established under section 401(k) of the Internal Revenue Code (IRC), which allows voluntary contributions by participants. The Plan is available to employees of the Plan Sponsor and of its participating affiliates who meet certain age and service requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of l974 ("ERISA").

On March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), which included several temporary relief provisions available to tax qualified retirement plans and their participants. The provisions of the CARES Act could be effective and operationalized immediately, prior to amending the Plan document. The Plan adopted certain measures included in the CARES Act related to payment of benefits and notes receivable from participants, and will amend the Plan retroactively in accordance with Internal Revenue Service (IRS) regulations.

Administration

The Plan is administered by the Employee Benefit Committee ("Plan Administrator") of Archrock. Certain officers and employees of the Company serve as members of the Plan Administrator. The Plan Administrator has the power and duty to take all actions and make all decisions necessary to properly carry out the provisions of the Plan subject to the terms of the Plan document. These powers and duties include, among other things, the interpretation of Plan provisions and the engagement of a trustee, recordkeeper, investment manager, legal counsel, independent public accounting firm and other such specialists as are deemed necessary for operation of the Plan.

Prudential Bank & Trust, FSB is the trustee of the Plan. Prudential Retirement Insurance and Annuity Company is an insurance company holding the Plan's assets. Prudential Retirement Services is the Plan's recordkeeper.

Participation

An employee of the Plan Sponsor or one of its participating affiliates is eligible to become a participant in the Plan on the date of hire or, if later, immediately upon attainment of eighteen years of age. The following persons are not eligible to participate in the Plan; (1) an employee covered by a collective bargaining agreement that does not provide for participation in the Plan; (2) an employee who is a non-resident alien who receives no United States-source earned income; (3) a leased employee; or (4) an individual who is designated, compensated or otherwise classified or treated as an independent contractor or leased employee by the Plan Sponsor or any other subsidiary or affiliate of the Plan Sponsor.

The Plan provides automatic enrollment for eligible participants who have not declined participation in the Plan. Eligible participants are initially enrolled with a contribution rate of 6% of eligible compensation on a pre-tax basis. Participants can change their contribution rate at any time or may elect not to participate in the Plan at any time.

Active participants with a contribution rate of at least 1% will have their contribution rate automatically increased by 1% each plan year on December 31, until a maximum contribution rate of 10% of eligible compensation is achieved. However, a participant's contribution rate will not be automatically increased in the same year as their automatic enrollment; the increase will be applied on December 31 of the following plan year. Participants may elect to opt out of the automatic contribution increases.

Contributions

Participants may elect to make pre-tax or Roth contributions between 1% and 90% of their eligible compensation per payroll period, as defined in the Plan document. Participants may also elect to make rollover contributions to the Plan from other eligible retirement plans. Participant pre-tax or Roth contributions may not exceed the maximum statutory limit, which was $19,500 for the Plan year ended December 31, 2021, except that participants age 50 or older during the Plan year may elect to make an additional (catch-up) contribution, which may not exceed $6,500 during the year ended December 31, 2021. Effective January 1, 2021, eligible participants must make a separate salary deferral election if the participant wants to defer catch-up contributions to the Plan.

The Plan Sponsor makes a matching contribution equal to 100% of each participant's contribution per payroll period up to 5% of eligible compensation. The Plan Sponsor may also make a discretionary plan year true-up matching contribution. Effective January 1, 2021, participants are required to be employed on the last day of the Plan year to be eligible to receive the Plan Sponsor's discretionary Plan year true-up matching contribution. Catch-up contributions made by participants are taken into account in determining any employer matching contribution made to the Plan. A true-up matching contribution totaling $391,084 was made to the Plan in 2022 for the 2021 Plan year. The plan used forfeitures of $251,980 to fund a portion of these contributions. The Plan Sponsor may also make a discretionary non-elective contribution to all participants that are employed on the last day of the Plan year. There was no discretionary non-elective contribution made to the Plan in 2021.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Plan Sponsor's matching contributions, the Plan Sponsor's discretionary Plan year true-up matching and non-elective contributions, if any, and an allocation of Plan earnings, losses, and expenses. All Plan assets are allocated to individual participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants vest in Plan Sponsor matching and discretionary non-elective contributions, including reallocated forfeitures, and actual earnings at the rate of 100% after two years of credited service. Participants become 100% vested in Plan Sponsor matching and discretionary non-elective contributions upon death, disability, or attainment of normal retirement age.

Forfeitures

At December 31, 2021 and 2020, forfeited non-vested accounts totaled $249,930 and $400,553, respectively. This account is used to reduce future Plan Sponsor contributions or to pay Plan expenses. In 2021, the Plan Sponsor used $396,564 of forfeited non-vested accounts to reduce its matching contributions. There were no forfeitures used during 2021 to pay administrative expenses.

Investment Options

Participants are able to invest their contributions in various investment options offered by the Plan including mutual funds, collective investment trusts, and insurance company general accounts. These investment options are determined by the Plan Administrator under consultation with the Plan's investment advisors. New investments into Archrock, Inc. or Exterran Corporation common stock are not allowed. Participants may change their investment elections at any time.

Payment of Benefits

A participant may elect to withdraw any part of their vested account upon retirement, termination of employment, death or disability, or attainment of age 59½. The normal retirement age under the Plan is age 65. Withdrawals of vested balances due to immediate and heavy financial need are also permitted subject to the terms of the Plan document.

Mandatory distributions are made from the Plan following a participant's termination of employment if vested benefits are $5,000 or less. All vested benefits in the Plan that are $1,000 or less are distributed in a single lump-sum payment without any consent from the terminated participants, unless the participant elects to timely roll it over to an Individual Retirement Account ("IRA") or other employer's eligible plan. If the vested benefits are greater than $1,000 but do not exceed $5,000, the Plan will pay the distribution in a direct rollover to an IRA designated by the Plan Administrator, unless the participant elects to receive a lump-sum distribution or roll over such amount directly to an IRA or other eligible retirement plan. If the vested amount in an account is greater than $5,000, the participant may receive the distribution in one lump-sum payment after termination of employment or delay payment of the benefit until the later of (1) April 1st following the calendar year in which the participant attains the age of 70½ and, if the participant is not a 5% or greater owner of the Plan Sponsor, (2) April 1st following the calendar year of the participant's retirement.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of the value of the participant's vested account balance in the Plan, minus the highest outstanding loan balance in the preceding 12 months. Loans are secured by the vested balance in the participant's account and bear interest at a rate determined by the Plan Administrator in accordance with the terms of the Plan document. As of December 31, 2021 and 2020, the interest rate on outstanding loans ranged from 3.25% to 5.50%. Loan repayments are made through payroll deductions. Participant loans are generally repaid over a period not to exceed five years, unless the loan qualifies as a home loan. No allowance for credit losses was recorded as of December 31, 2021 or 2020. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Expenses of the Plan

Expenses associated with sponsoring and maintaining the Plan are generally paid for by the Plan Sponsor or the Company. Plan administrative and recordkeeping expenses, reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2021, represent the sum of charges to individual participant accounts for participant-specific transactions and certain administrative expenses of the Plan, which are allocated to participant accounts on a per-capita basis in accordance with the Plan document. Plan administrative and recordkeeping expenses may also be offset by amounts credited by Prudential Retirement Insurance and Annuity Company and its affiliates in respect of certain Plan assets.

2. Summary of Significant Accounting Policies

The financial statements of the Plan are prepared on an accrual basis in accordance with accounting principles generally accepted in the United States of America ("GAAP"). A summary of the Plan's significant accounting policies follows.

Use of Estimates

The preparation of the Plan's financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and changes in net assets available for benefits during the reporting period and, when applicable, disclosures of contingent assets and liabilities at the date of the preparation of the financial statements. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Valuation of Investments

The Plan's investments in mutual funds and common stocks are stated at fair value based on daily quoted market prices. Investments in collective investment trusts are reported at fair value using the net asset value ("NAV") reported to the Plan by the insurance company and financial advisor. The collective investment trusts held by the Plan provide for daily redemptions by the Plan with no advance notice requirement. The Plan has no unfunded commitments and no contractual obligations to further invest in the collective investment trusts. The guaranteed income fund is stated at contract value. See Note 6 ("Investment Contracts — Guaranteed Income Fund") for further discussion of the guaranteed income fund.

The preceding valuation methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The inputs and methodology used for valuing securities are not an indication of the risk associated with investing in those securities. There have been no changes in methodologies used at December 31, 2021 or 2020.

As described in Accounting Standards Codification ("ASC") 946, "*Financial Services – Investment Companies*," investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Investment Income (Loss) Recognition

Dividend income is recorded on the ex-dividend date and interest income is recorded as earned.

The net appreciation (depreciation) in fair value of investments includes the realized gain or loss on investments bought and sold during the year and the unrealized change in fair value of such investments during the year. Purchases and sales of securities are reflected on a trade-date basis.

Certain Plan investments pay investment advisory fees and/or 12b-l fees and administrative expenses. These fees are reflected in the valuation of these investments.

3. Concentrations of Credit and Market Risk

Certain investments potentially subject the Plan to concentrations of credit and market risk. The Plan does not obtain or require collateral for these investments. Changes in the domestic and international economic environment and other factors outside the Plan's control have a direct impact on the market value and/or credit risk of the Plan's investments. It is reasonably possible that changes in the economic environment will occur in the near term and that such changes will have a material effect on the market value of, or credit risk relating to, the Plan's investments and, therefore, could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

4. Information Certified

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Prudential Bank & Trust, FSB and Prudential Retirement Insurance and Annuity Company, the trustee and an insurance company, respectively, of the Plan have certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020, and the schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2021, and the related investment activity and interest income on notes receivable from participants reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2021.

5. Fair Value Measurements

ASC 820, "*Fair Value Measurement*," establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into the following three broad categories:

- Level 1 — Quoted unadjusted prices for identical instruments in active markets to which we have access at the date of measurement.

- Level 2 — Quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active and model-derived valuations in which all significant inputs and significant value drivers are observable in active markets. Level 2 inputs are those in markets for which there are few transactions, the prices are not current, little public information exists or prices vary substantially over time or among brokered market makers.

- Level 3 — Model-derived valuations in which one or more significant inputs or significant value drivers are unobservable. Unobservable inputs are those inputs that reflect our own assumptions regarding how market participants would price the asset or liability based on the best available information.

The following tables set forth, by level within the ASC 820 fair value hierarchy, the Plan's investments at fair value:

At December 31, 2021	Total	Level 1	Level 2	Level 3
Archrock, Inc. (Company stock)	$ 206,534	$ 206,534	$ -	$ -
Exterran Corporation common stock	24,972	24,972	-	-
Mutual funds	41,843,593	41,843,593	-	-
Investments measured at NAV*	125,737,050	-	-	-
Total investments at fair value	$ 167,812,149	$ 42,075,099	$ -	$ -

At December 31, 2020	Total	Level 1	Level 2	Level 3
Archrock, Inc. (Company stock)	$ 257,274	$ 257,274	$ -	$ -
Exterran Corporation common stock	43,196	43,196	-	-
Mutual funds	38,073,734	38,073,734	-	-
Investments measured at NAV*	116,061,950	-	-	-
Total investments at fair value	$ 154,436,154	$ 38,374,204	$ -	$ -

*Investments measured at NAV per share (or its equivalent) practical expedient are not categorized in the fair value hierarchy; the investment amounts measured at NAV presented in these tables permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

6. Investment Contracts — Guaranteed Income Fund

The Plan entered into a fully benefit-responsive investment contract with Prudential Insurance Company ("Prudential IN"). Prudential IN maintains the contributions in a general account. This account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

As described in Note 2 ("Summary of Significant Accounting Policies"), because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Prudential IN, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative fees. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their account balance at contract value.

The concept of a value other than contract value does not apply to the contract even upon a discontinuance of the contract.

Interest is credited on contract balances using a single "portfolio rate" approach. Under this methodology, a single interest crediting rate is applied to all contributions made to the contract regardless of the timing of those contributions. Interest crediting rates are reviewed for resetting on a semi-annual basis.

When establishing interest crediting rates for this contract, Prudential IN considers many factors, including current economic and market conditions, the general interest rate environment, and both the expected and actual experience of a reference portfolio within the issuer's general account. These rates are established without the use of a specific formula. The minimum crediting rate under the contract is 1.50%.

Generally, there are not any events that could limit the ability of the Plan to transact at contract value paid within 90 days or in rare circumstances, contract value paid over time. There are also not any events that allow the issuer to terminate the contract and which require the Plan Sponsor to settle at an amount different than contract value paid within either 90 days or over time.

7. Plan Termination

The Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Although the Plan Sponsor has not expressed any intent to do so, if the Plan were to be terminated in the future, all participants would immediately become fully vested in their entire account balance at the time of the Plan's termination.

8. Tax Status

The Plan adopted a prototype plan sponsored by Prudential IN. Prudential IN obtained its latest opinion letter April 29, 2014, in which the IRS stated that its prototype plan document adopted by the Plan Sponsor, as then designed, was in compliance with the applicable requirements of the IRC. As a result, it is believed that the Plan is exempt from taxation under the applicable sections of the IRC.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there were no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Party-in-Interest Transactions

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan, or an employer whose employees are covered by the Plan. Certain Plan investments are shares of guaranteed interest accounts managed by an affiliate of the trustee. Transactions in such investments qualify as party-in-interest transactions and are covered by an exemption from prohibited transaction provisions of ERISA.

As the Plan Sponsor is an indirect wholly-owned subsidiary of Archrock, transactions involving Archrock, Inc. common stock qualify as party-in-interest transactions under ERISA. Transactions involving Exterran Corporation common stock do not qualify as party-in-interest transactions under ERISA.

Additionally, participant loans also qualify as party-in-interest transactions under ERISA. These transactions are covered by an exemption from the prohibited transaction provisions of ERISA.

10. Subsequent Events

Effective January 1, 2022, the Plan was amended and restated to incorporate legislative and regulatory changes and adopt an updated pre-approved prototype plan document. There were no changes to the Plan's provisions.

Effective July 1, 2022, the trustee and custodian of the Plan changed from Prudential Bank & Trust, FSB and Prudential Retirement Insurance and Annuity Company to T. Rowe Price Trust Company. The Plan's recordkeeper changed from Prudential Retirement Services to T. Rowe Price Retirement Plan Services, Inc. The Plan was amended and restated effective July 1, 2022 to adopt a pre-approved defined contribution plan sponsored by T. Rowe Price Retirement Plan Services, Inc. There were no changes to the Plan's provisions.

Management has evaluated subsequent events through October 13, 2022, the date the financial statements were available to be issued.

INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of
Archrock 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Archrock 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The Archrock 401(k) Plan (the "Plan") was adopted effective November 8, 2015. The sponsor of the Plan is Archrock Services, L.P. (the "Plan Sponsor"), an indirect wholly-owned subsidiary of Archrock, Inc. ("Archrock" or the "Company").

The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. The Plan was amended and restated effective January 1, 2021. Changes to plan provisions are described below.

General

The Plan is a defined contribution plan established under section 401(k) of the Internal Revenue Code (IRC), which allows voluntary contributions by participants. The Plan is available to employees of the Plan Sponsor and of its participating affiliates who meet certain age and service requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of l974 ("ERISA").

On March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), which included several temporary relief provisions available to tax qualified retirement plans and their participants. The provisions of the CARES Act could be effective and operationalized immediately, prior to amending the Plan document. The Plan adopted certain measures included in the CARES Act related to payment of benefits and notes receivable from participants, and will amend the Plan retroactively in accordance with Internal Revenue Service (IRS) regulations.

Administration

The Plan is administered by the Employee Benefit Committee ("Plan Administrator") of Archrock. Certain officers and employees of the Company serve as members of the Plan Administrator. The Plan Administrator has the power and duty to take all actions and make all decisions necessary to properly carry out the provisions of the Plan subject to the terms of the Plan document. These powers and duties include, among other things, the interpretation of Plan provisions and the engagement of a trustee, recordkeeper, investment manager, legal counsel, independent public accounting firm and other such specialists as are deemed necessary for operation of the Plan.

Prudential Bank & Trust, FSB is the trustee of the Plan. Prudential Retirement Insurance and Annuity Company is an insurance company holding the Plan's assets. Prudential Retirement Services is the Plan's recordkeeper.

Participation

An employee of the Plan Sponsor or one of its participating affiliates is eligible to become a participant in the Plan on the date of hire or, if later, immediately upon attainment of eighteen years of age. The following persons are not eligible to participate in the Plan; (1) an employee covered by a collective bargaining agreement that does not provide for participation in the Plan; (2) an employee who is a non-resident alien who receives no United States-source earned income; (3) a leased employee; or (4) an individual who is designated, compensated or otherwise classified or treated as an independent contractor or leased employee by the Plan Sponsor or any other subsidiary or affiliate of the Plan Sponsor.

The Plan provides automatic enrollment for eligible participants who have not declined participation in the Plan. Eligible participants are initially enrolled with a contribution rate of 6% of eligible compensation on a pre-tax basis. Participants can change their contribution rate at any time or may elect not to participate in the Plan at any time.

Active participants with a contribution rate of at least 1% will have their contribution rate automatically increased by 1% each plan year on December 31, until a maximum contribution rate of 10% of eligible compensation is achieved. However, a participant's contribution rate will not be automatically increased in the same year as their automatic enrollment; the increase will be applied on December 31 of the following plan year. Participants may elect to opt out of the automatic contribution increases.

Contributions

Participants may elect to make pre-tax or Roth contributions between 1% and 90% of their eligible compensation per payroll period, as defined in the Plan document. Participants may also elect to make rollover contributions to the Plan from other eligible retirement plans. Participant pre-tax or Roth contributions may not exceed the maximum statutory limit, which was $19,500 for the Plan year ended December 31, 2021, except that participants age 50 or older during the Plan year may elect to make an additional (catch-up) contribution, which may not exceed $6,500 during the year ended December 31, 2021. Effective January 1, 2021, eligible participants must make a separate salary deferral election if the participant wants to defer catch-up contributions to the Plan.

The Plan Sponsor makes a matching contribution equal to 100% of each participant's contribution per payroll period up to 5% of eligible compensation. The Plan Sponsor may also make a discretionary plan year true-up matching contribution. Effective January 1, 2021, participants are required to be employed on the last day of the Plan year to be eligible to receive the Plan Sponsor's discretionary Plan year true-up matching contribution. Catch-up contributions made by participants are taken into account in determining any employer matching contribution made to the Plan. A true-up matching contribution totaling $391,084 was made to the Plan in 2022 for the 2021 Plan year. The plan used forfeitures of $251,980 to fund a portion of these contributions. The Plan Sponsor may also make a discretionary non-elective contribution to all participants that are employed on the last day of the Plan year. There was no discretionary non-elective contribution made to the Plan in 2021.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Plan Sponsor's matching contributions, the Plan Sponsor's discretionary Plan year true-up matching and non-elective contributions, if any, and an allocation of Plan earnings, losses, and expenses. All Plan assets are allocated to individual participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants vest in Plan Sponsor matching and discretionary non-elective contributions, including reallocated forfeitures, and actual earnings at the rate of 100% after two years of credited service. Participants become 100% vested in Plan Sponsor matching and discretionary non-elective contributions upon death, disability, or attainment of normal retirement age.

Forfeitures

At December 31, 2021 and 2020, forfeited non-vested accounts totaled $249,930 and $400,553, respectively. This account is used to reduce future Plan Sponsor contributions or to pay Plan expenses. In 2021, the Plan Sponsor used $396,564 of forfeited non-vested accounts to reduce its matching contributions. There were no forfeitures used during 2021 to pay administrative expenses.

Investment Options

Participants are able to invest their contributions in various investment options offered by the Plan including mutual funds, collective investment trusts, and insurance company general accounts. These investment options are determined by the Plan Administrator under consultation with the Plan's investment advisors. New investments into Archrock, Inc. or Exterran Corporation common stock are not allowed. Participants may change their investment elections at any time.

Payment of Benefits

A participant may elect to withdraw any part of their vested account upon retirement, termination of employment, death or disability, or attainment of age 59½. The normal retirement age under the Plan is age 65. Withdrawals of vested balances due to immediate and heavy financial need are also permitted subject to the terms of the Plan document.

Mandatory distributions are made from the Plan following a participant's termination of employment if vested benefits are $5,000 or less. All vested benefits in the Plan that are $1,000 or less are distributed in a single lump-sum payment without any consent from the terminated participants, unless the participant elects to timely roll it over to an Individual Retirement Account ("IRA") or other employer's eligible plan. If the vested benefits are greater than $1,000 but do not exceed $5,000, the Plan will pay the distribution in a direct rollover to an IRA designated by the Plan Administrator, unless the participant elects to receive a lump-sum distribution or roll over such amount directly to an IRA or other eligible retirement plan. If the vested amount in an account is greater than $5,000, the participant may receive the distribution in one lump-sum payment after termination of employment or delay payment of the benefit until the later of (1) April 1st following the calendar year in which the participant attains the age of 70½ and, if the participant is not a 5% or greater owner of the Plan Sponsor, (2) April 1st following the calendar year of the participant's retirement.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of the value of the participant's vested account balance in the Plan, minus the highest outstanding loan balance in the preceding 12 months. Loans are secured by the vested balance in the participant's account and bear interest at a rate determined by the Plan Administrator in accordance with the terms of the Plan document. As of December 31, 2021 and 2020, the interest rate on outstanding loans ranged from 3.25% to 5.50%. Loan repayments are made through payroll deductions. Participant loans are generally repaid over a period not to exceed five years, unless the loan qualifies as a home loan. No allowance for credit losses was recorded as of December 31, 2021 or 2020. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Expenses of the Plan

Expenses associated with sponsoring and maintaining the Plan are generally paid for by the Plan Sponsor or the Company. Plan administrative and recordkeeping expenses, reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2021, represent the sum of charges to individual participant accounts for participant-specific transactions and certain administrative expenses of the Plan, which are allocated to participant accounts on a per-capita basis in accordance with the Plan document. Plan administrative and recordkeeping expenses may also be offset by amounts credited by Prudential Retirement Insurance and Annuity Company and its affiliates in respect of certain Plan assets.

2. Summary of Significant Accounting Policies

The financial statements of the Plan are prepared on an accrual basis in accordance with accounting principles generally accepted in the United States of America ("GAAP"). A summary of the Plan's significant accounting policies follows.

Use of Estimates

The preparation of the Plan's financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and changes in net assets available for benefits during the reporting period and, when applicable, disclosures of contingent assets and liabilities at the date of the preparation of the financial statements. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Valuation of Investments

The Plan's investments in mutual funds and common stocks are stated at fair value based on daily quoted market prices. Investments in collective investment trusts are reported at fair value using the net asset value ("NAV") reported to the Plan by the insurance company and financial advisor. The collective investment trusts held by the Plan provide for daily redemptions by the Plan with no advance notice requirement. The Plan has no unfunded commitments and no contractual obligations to further invest in the collective investment trusts. The guaranteed income fund is stated at contract value. See Note 6 ("Investment Contracts — Guaranteed Income Fund") for further discussion of the guaranteed income fund.

The preceding valuation methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The inputs and methodology used for valuing securities are not an indication of the risk associated with investing in those securities. There have been no changes in methodologies used at December 31, 2021 or 2020.

As described in Accounting Standards Codification ("ASC") 946, "*Financial Services – Investment Companies*," investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Investment Income (Loss) Recognition

Dividend income is recorded on the ex-dividend date and interest income is recorded as earned.

The net appreciation (depreciation) in fair value of investments includes the realized gain or loss on investments bought and sold during the year and the unrealized change in fair value of such investments during the year. Purchases and sales of securities are reflected on a trade-date basis.

Certain Plan investments pay investment advisory fees and/or 12b-l fees and administrative expenses. These fees are reflected in the valuation of these investments.

3. Concentrations of Credit and Market Risk

Certain investments potentially subject the Plan to concentrations of credit and market risk. The Plan does not obtain or require collateral for these investments. Changes in the domestic and international economic environment and other factors outside the Plan's control have a direct impact on the market value and/or credit risk of the Plan's investments. It is reasonably possible that changes in the economic environment will occur in the near term and that such changes will have a material effect on the market value of, or credit risk relating to, the Plan's investments and, therefore, could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

4. Information Certified

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Prudential Bank & Trust, FSB and Prudential Retirement Insurance and Annuity Company, the trustee and an insurance company, respectively, of the Plan have certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020, and the schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2021, and the related investment activity and interest income on notes receivable from participants reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2021.

5. Fair Value Measurements

ASC 820, "*Fair Value Measurement*," establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into the following three broad categories:

- Level 1 — Quoted unadjusted prices for identical instruments in active markets to which we have access at the date of measurement.

- Level 2 — Quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active and model-derived valuations in which all significant inputs and significant value drivers are observable in active markets. Level 2 inputs are those in markets for which there are few transactions, the prices are not current, little public information exists or prices vary substantially over time or among brokered market makers.

- Level 3 — Model-derived valuations in which one or more significant inputs or significant value drivers are unobservable. Unobservable inputs are those inputs that reflect our own assumptions regarding how market participants would price the asset or liability based on the best available information.

The following tables set forth, by level within the ASC 820 fair value hierarchy, the Plan's investments at fair value:

At December 31, 2021	Total	Level 1	Level 2	Level 3
Archrock, Inc. (Company stock)	$ 206,534	$ 206,534	$ -	$ -
Exterran Corporation common stock	24,972	24,972	-	-
Mutual funds	41,843,593	41,843,593	-	-
Investments measured at NAV*	125,737,050	-	-	-
Total investments at fair value	$ 167,812,149	$ 42,075,099	$ -	$ -

At December 31, 2020	Total	Level 1	Level 2	Level 3
Archrock, Inc. (Company stock)	$ 257,274	$ 257,274	$ -	$ -
Exterran Corporation common stock	43,196	43,196	-	-
Mutual funds	38,073,734	38,073,734	-	-
Investments measured at NAV*	116,061,950	-	-	-
Total investments at fair value	$ 154,436,154	$ 38,374,204	$ -	$ -

*Investments measured at NAV per share (or its equivalent) practical expedient are not categorized in the fair value hierarchy; the investment amounts measured at NAV presented in these tables permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

6. Investment Contracts — Guaranteed Income Fund

The Plan entered into a fully benefit-responsive investment contract with Prudential Insurance Company ("Prudential IN"). Prudential IN maintains the contributions in a general account. This account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

As described in Note 2 ("Summary of Significant Accounting Policies"), because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Prudential IN, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative fees. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their account balance at contract value.

The concept of a value other than contract value does not apply to the contract even upon a discontinuance of the contract.

Interest is credited on contract balances using a single "portfolio rate" approach. Under this methodology, a single interest crediting rate is applied to all contributions made to the contract regardless of the timing of those contributions. Interest crediting rates are reviewed for resetting on a semi-annual basis.

When establishing interest crediting rates for this contract, Prudential IN considers many factors, including current economic and market conditions, the general interest rate environment, and both the expected and actual experience of a reference portfolio within the issuer's general account. These rates are established without the use of a specific formula. The minimum crediting rate under the contract is 1.50%.

Generally, there are not any events that could limit the ability of the Plan to transact at contract value paid within 90 days or in rare circumstances, contract value paid over time. There are also not any events that allow the issuer to terminate the contract and which require the Plan Sponsor to settle at an amount different than contract value paid within either 90 days or over time.

7. Plan Termination

The Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Although the Plan Sponsor has not expressed any intent to do so, if the Plan were to be terminated in the future, all participants would immediately become fully vested in their entire account balance at the time of the Plan's termination.

8. Tax Status

The Plan adopted a prototype plan sponsored by Prudential IN. Prudential IN obtained its latest opinion letter April 29, 2014, in which the IRS stated that its prototype plan document adopted by the Plan Sponsor, as then designed, was in compliance with the applicable requirements of the IRC. As a result, it is believed that the Plan is exempt from taxation under the applicable sections of the IRC.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there were no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Party-in-Interest Transactions

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan, or an employer whose employees are covered by the Plan. Certain Plan investments are shares of guaranteed interest accounts managed by an affiliate of the trustee. Transactions in such investments qualify as party-in-interest transactions and are covered by an exemption from prohibited transaction provisions of ERISA.

As the Plan Sponsor is an indirect wholly-owned subsidiary of Archrock, transactions involving Archrock, Inc. common stock qualify as party-in-interest transactions under ERISA. Transactions involving Exterran Corporation common stock do not qualify as party-in-interest transactions under ERISA.

Additionally, participant loans also qualify as party-in-interest transactions under ERISA. These transactions are covered by an exemption from the prohibited transaction provisions of ERISA.

10. Subsequent Events

Effective January 1, 2022, the Plan was amended and restated to incorporate legislative and regulatory changes and adopt an updated pre-approved prototype plan document. There were no changes to the Plan's provisions.

Effective July 1, 2022, the trustee and custodian of the Plan changed from Prudential Bank & Trust, FSB and Prudential Retirement Insurance and Annuity Company to T. Rowe Price Trust Company. The Plan's recordkeeper changed from Prudential Retirement Services to T. Rowe Price Retirement Plan Services, Inc. The Plan was amended and restated effective July 1, 2022 to adopt a pre-approved defined contribution plan sponsored by T. Rowe Price Retirement Plan Services, Inc. There were no changes to the Plan's provisions.

Management has evaluated subsequent events through October 13, 2022, the date the financial statements were available to be issued.

INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of
Archrock 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Archrock 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The Archrock 401(k) Plan (the "Plan") was adopted effective November 8, 2015. The sponsor of the Plan is Archrock Services, L.P. (the "Plan Sponsor"), an indirect wholly-owned subsidiary of Archrock, Inc. ("Archrock" or the "Company").

The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. The Plan was amended and restated effective January 1, 2021. Changes to plan provisions are described below.

General

The Plan is a defined contribution plan established under section 401(k) of the Internal Revenue Code (IRC), which allows voluntary contributions by participants. The Plan is available to employees of the Plan Sponsor and of its participating affiliates who meet certain age and service requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of l974 ("ERISA").

On March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), which included several temporary relief provisions available to tax qualified retirement plans and their participants. The provisions of the CARES Act could be effective and operationalized immediately, prior to amending the Plan document. The Plan adopted certain measures included in the CARES Act related to payment of benefits and notes receivable from participants, and will amend the Plan retroactively in accordance with Internal Revenue Service (IRS) regulations.

Administration

The Plan is administered by the Employee Benefit Committee ("Plan Administrator") of Archrock. Certain officers and employees of the Company serve as members of the Plan Administrator. The Plan Administrator has the power and duty to take all actions and make all decisions necessary to properly carry out the provisions of the Plan subject to the terms of the Plan document. These powers and duties include, among other things, the interpretation of Plan provisions and the engagement of a trustee, recordkeeper, investment manager, legal counsel, independent public accounting firm and other such specialists as are deemed necessary for operation of the Plan.

Prudential Bank & Trust, FSB is the trustee of the Plan. Prudential Retirement Insurance and Annuity Company is an insurance company holding the Plan's assets. Prudential Retirement Services is the Plan's recordkeeper.

Participation

An employee of the Plan Sponsor or one of its participating affiliates is eligible to become a participant in the Plan on the date of hire or, if later, immediately upon attainment of eighteen years of age. The following persons are not eligible to participate in the Plan; (1) an employee covered by a collective bargaining agreement that does not provide for participation in the Plan; (2) an employee who is a non-resident alien who receives no United States-source earned income; (3) a leased employee; or (4) an individual who is designated, compensated or otherwise classified or treated as an independent contractor or leased employee by the Plan Sponsor or any other subsidiary or affiliate of the Plan Sponsor.

The Plan provides automatic enrollment for eligible participants who have not declined participation in the Plan. Eligible participants are initially enrolled with a contribution rate of 6% of eligible compensation on a pre-tax basis. Participants can change their contribution rate at any time or may elect not to participate in the Plan at any time.

Active participants with a contribution rate of at least 1% will have their contribution rate automatically increased by 1% each plan year on December 31, until a maximum contribution rate of 10% of eligible compensation is achieved. However, a participant's contribution rate will not be automatically increased in the same year as their automatic enrollment; the increase will be applied on December 31 of the following plan year. Participants may elect to opt out of the automatic contribution increases.

Contributions

Participants may elect to make pre-tax or Roth contributions between 1% and 90% of their eligible compensation per payroll period, as defined in the Plan document. Participants may also elect to make rollover contributions to the Plan from other eligible retirement plans. Participant pre-tax or Roth contributions may not exceed the maximum statutory limit, which was $19,500 for the Plan year ended December 31, 2021, except that participants age 50 or older during the Plan year may elect to make an additional (catch-up) contribution, which may not exceed $6,500 during the year ended December 31, 2021. Effective January 1, 2021, eligible participants must make a separate salary deferral election if the participant wants to defer catch-up contributions to the Plan.

The Plan Sponsor makes a matching contribution equal to 100% of each participant's contribution per payroll period up to 5% of eligible compensation. The Plan Sponsor may also make a discretionary plan year true-up matching contribution. Effective January 1, 2021, participants are required to be employed on the last day of the Plan year to be eligible to receive the Plan Sponsor's discretionary Plan year true-up matching contribution. Catch-up contributions made by participants are taken into account in determining any employer matching contribution made to the Plan. A true-up matching contribution totaling $391,084 was made to the Plan in 2022 for the 2021 Plan year. The plan used forfeitures of $251,980 to fund a portion of these contributions. The Plan Sponsor may also make a discretionary non-elective contribution to all participants that are employed on the last day of the Plan year. There was no discretionary non-elective contribution made to the Plan in 2021.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Plan Sponsor's matching contributions, the Plan Sponsor's discretionary Plan year true-up matching and non-elective contributions, if any, and an allocation of Plan earnings, losses, and expenses. All Plan assets are allocated to individual participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants vest in Plan Sponsor matching and discretionary non-elective contributions, including reallocated forfeitures, and actual earnings at the rate of 100% after two years of credited service. Participants become 100% vested in Plan Sponsor matching and discretionary non-elective contributions upon death, disability, or attainment of normal retirement age.

Forfeitures

At December 31, 2021 and 2020, forfeited non-vested accounts totaled $249,930 and $400,553, respectively. This account is used to reduce future Plan Sponsor contributions or to pay Plan expenses. In 2021, the Plan Sponsor used $396,564 of forfeited non-vested accounts to reduce its matching contributions. There were no forfeitures used during 2021 to pay administrative expenses.

Investment Options

Participants are able to invest their contributions in various investment options offered by the Plan including mutual funds, collective investment trusts, and insurance company general accounts. These investment options are determined by the Plan Administrator under consultation with the Plan's investment advisors. New investments into Archrock, Inc. or Exterran Corporation common stock are not allowed. Participants may change their investment elections at any time.

Payment of Benefits

A participant may elect to withdraw any part of their vested account upon retirement, termination of employment, death or disability, or attainment of age 59½. The normal retirement age under the Plan is age 65. Withdrawals of vested balances due to immediate and heavy financial need are also permitted subject to the terms of the Plan document.

Mandatory distributions are made from the Plan following a participant's termination of employment if vested benefits are $5,000 or less. All vested benefits in the Plan that are $1,000 or less are distributed in a single lump-sum payment without any consent from the terminated participants, unless the participant elects to timely roll it over to an Individual Retirement Account ("IRA") or other employer's eligible plan. If the vested benefits are greater than $1,000 but do not exceed $5,000, the Plan will pay the distribution in a direct rollover to an IRA designated by the Plan Administrator, unless the participant elects to receive a lump-sum distribution or roll over such amount directly to an IRA or other eligible retirement plan. If the vested amount in an account is greater than $5,000, the participant may receive the distribution in one lump-sum payment after termination of employment or delay payment of the benefit until the later of (1) April 1st following the calendar year in which the participant attains the age of 70½ and, if the participant is not a 5% or greater owner of the Plan Sponsor, (2) April 1st following the calendar year of the participant's retirement.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of the value of the participant's vested account balance in the Plan, minus the highest outstanding loan balance in the preceding 12 months. Loans are secured by the vested balance in the participant's account and bear interest at a rate determined by the Plan Administrator in accordance with the terms of the Plan document. As of December 31, 2021 and 2020, the interest rate on outstanding loans ranged from 3.25% to 5.50%. Loan repayments are made through payroll deductions. Participant loans are generally repaid over a period not to exceed five years, unless the loan qualifies as a home loan. No allowance for credit losses was recorded as of December 31, 2021 or 2020. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Expenses of the Plan

Expenses associated with sponsoring and maintaining the Plan are generally paid for by the Plan Sponsor or the Company. Plan administrative and recordkeeping expenses, reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2021, represent the sum of charges to individual participant accounts for participant-specific transactions and certain administrative expenses of the Plan, which are allocated to participant accounts on a per-capita basis in accordance with the Plan document. Plan administrative and recordkeeping expenses may also be offset by amounts credited by Prudential Retirement Insurance and Annuity Company and its affiliates in respect of certain Plan assets.

2. Summary of Significant Accounting Policies

The financial statements of the Plan are prepared on an accrual basis in accordance with accounting principles generally accepted in the United States of America ("GAAP"). A summary of the Plan's significant accounting policies follows.

Use of Estimates

The preparation of the Plan's financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and changes in net assets available for benefits during the reporting period and, when applicable, disclosures of contingent assets and liabilities at the date of the preparation of the financial statements. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Valuation of Investments

The Plan's investments in mutual funds and common stocks are stated at fair value based on daily quoted market prices. Investments in collective investment trusts are reported at fair value using the net asset value ("NAV") reported to the Plan by the insurance company and financial advisor. The collective investment trusts held by the Plan provide for daily redemptions by the Plan with no advance notice requirement. The Plan has no unfunded commitments and no contractual obligations to further invest in the collective investment trusts. The guaranteed income fund is stated at contract value. See Note 6 ("Investment Contracts — Guaranteed Income Fund") for further discussion of the guaranteed income fund.

The preceding valuation methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The inputs and methodology used for valuing securities are not an indication of the risk associated with investing in those securities. There have been no changes in methodologies used at December 31, 2021 or 2020.

As described in Accounting Standards Codification ("ASC") 946, "*Financial Services – Investment Companies*," investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Investment Income (Loss) Recognition

Dividend income is recorded on the ex-dividend date and interest income is recorded as earned.

The net appreciation (depreciation) in fair value of investments includes the realized gain or loss on investments bought and sold during the year and the unrealized change in fair value of such investments during the year. Purchases and sales of securities are reflected on a trade-date basis.

Certain Plan investments pay investment advisory fees and/or 12b-l fees and administrative expenses. These fees are reflected in the valuation of these investments.

3. Concentrations of Credit and Market Risk

Certain investments potentially subject the Plan to concentrations of credit and market risk. The Plan does not obtain or require collateral for these investments. Changes in the domestic and international economic environment and other factors outside the Plan's control have a direct impact on the market value and/or credit risk of the Plan's investments. It is reasonably possible that changes in the economic environment will occur in the near term and that such changes will have a material effect on the market value of, or credit risk relating to, the Plan's investments and, therefore, could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

4. Information Certified

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Prudential Bank & Trust, FSB and Prudential Retirement Insurance and Annuity Company, the trustee and an insurance company, respectively, of the Plan have certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020, and the schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2021, and the related investment activity and interest income on notes receivable from participants reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2021.

5. Fair Value Measurements

ASC 820, "*Fair Value Measurement*," establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into the following three broad categories:

- Level 1 — Quoted unadjusted prices for identical instruments in active markets to which we have access at the date of measurement.

- Level 2 — Quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active and model-derived valuations in which all significant inputs and significant value drivers are observable in active markets. Level 2 inputs are those in markets for which there are few transactions, the prices are not current, little public information exists or prices vary substantially over time or among brokered market makers.

- Level 3 — Model-derived valuations in which one or more significant inputs or significant value drivers are unobservable. Unobservable inputs are those inputs that reflect our own assumptions regarding how market participants would price the asset or liability based on the best available information.

The following tables set forth, by level within the ASC 820 fair value hierarchy, the Plan's investments at fair value:

At December 31, 2021	Total	Level 1	Level 2	Level 3
Archrock, Inc. (Company stock)	$ 206,534	$ 206,534	$ -	$ -
Exterran Corporation common stock	24,972	24,972	-	-
Mutual funds	41,843,593	41,843,593	-	-
Investments measured at NAV*	125,737,050	-	-	-
Total investments at fair value	$ 167,812,149	$ 42,075,099	$ -	$ -

At December 31, 2020	Total	Level 1	Level 2	Level 3
Archrock, Inc. (Company stock)	$ 257,274	$ 257,274	$ -	$ -
Exterran Corporation common stock	43,196	43,196	-	-
Mutual funds	38,073,734	38,073,734	-	-
Investments measured at NAV*	116,061,950	-	-	-
Total investments at fair value	$ 154,436,154	$ 38,374,204	$ -	$ -

*Investments measured at NAV per share (or its equivalent) practical expedient are not categorized in the fair value hierarchy; the investment amounts measured at NAV presented in these tables permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

6. Investment Contracts — Guaranteed Income Fund

The Plan entered into a fully benefit-responsive investment contract with Prudential Insurance Company ("Prudential IN"). Prudential IN maintains the contributions in a general account. This account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

As described in Note 2 ("Summary of Significant Accounting Policies"), because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Prudential IN, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative fees. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their account balance at contract value.

The concept of a value other than contract value does not apply to the contract even upon a discontinuance of the contract.

Interest is credited on contract balances using a single "portfolio rate" approach. Under this methodology, a single interest crediting rate is applied to all contributions made to the contract regardless of the timing of those contributions. Interest crediting rates are reviewed for resetting on a semi-annual basis.

When establishing interest crediting rates for this contract, Prudential IN considers many factors, including current economic and market conditions, the general interest rate environment, and both the expected and actual experience of a reference portfolio within the issuer's general account. These rates are established without the use of a specific formula. The minimum crediting rate under the contract is 1.50%.

Generally, there are not any events that could limit the ability of the Plan to transact at contract value paid within 90 days or in rare circumstances, contract value paid over time. There are also not any events that allow the issuer to terminate the contract and which require the Plan Sponsor to settle at an amount different than contract value paid within either 90 days or over time.

7. Plan Termination

The Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Although the Plan Sponsor has not expressed any intent to do so, if the Plan were to be terminated in the future, all participants would immediately become fully vested in their entire account balance at the time of the Plan's termination.

8. Tax Status

The Plan adopted a prototype plan sponsored by Prudential IN. Prudential IN obtained its latest opinion letter April 29, 2014, in which the IRS stated that its prototype plan document adopted by the Plan Sponsor, as then designed, was in compliance with the applicable requirements of the IRC. As a result, it is believed that the Plan is exempt from taxation under the applicable sections of the IRC.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there were no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Party-in-Interest Transactions

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan, or an employer whose employees are covered by the Plan. Certain Plan investments are shares of guaranteed interest accounts managed by an affiliate of the trustee. Transactions in such investments qualify as party-in-interest transactions and are covered by an exemption from prohibited transaction provisions of ERISA.

As the Plan Sponsor is an indirect wholly-owned subsidiary of Archrock, transactions involving Archrock, Inc. common stock qualify as party-in-interest transactions under ERISA. Transactions involving Exterran Corporation common stock do not qualify as party-in-interest transactions under ERISA.

Additionally, participant loans also qualify as party-in-interest transactions under ERISA. These transactions are covered by an exemption from the prohibited transaction provisions of ERISA.

10. Subsequent Events

Effective January 1, 2022, the Plan was amended and restated to incorporate legislative and regulatory changes and adopt an updated pre-approved prototype plan document. There were no changes to the Plan's provisions.

Effective July 1, 2022, the trustee and custodian of the Plan changed from Prudential Bank & Trust, FSB and Prudential Retirement Insurance and Annuity Company to T. Rowe Price Trust Company. The Plan's recordkeeper changed from Prudential Retirement Services to T. Rowe Price Retirement Plan Services, Inc. The Plan was amended and restated effective July 1, 2022 to adopt a pre-approved defined contribution plan sponsored by T. Rowe Price Retirement Plan Services, Inc. There were no changes to the Plan's provisions.

Management has evaluated subsequent events through October 13, 2022, the date the financial statements were available to be issued.
