Independent Auditor's Report

To the Plan Administrator of
Southeastern Regional Medical Center
Tax-Deferred Savings Plan
Lumberton, North Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Southeastern Regional Medical Center Tax-Deferred Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Southeastern Regional Medical Center Tax-Deferred Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report.

We are required to be independent of Southeastern Regional Medical Center Tax-Deferred Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Southeastern Regional Medical Center Tax-Deferred Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Southeastern Regional Medical Center Tax-Deferred Savings Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Southeastern Regional Medical Center Tax-Deferred Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Southeastern Regional Medical Center Tax-Deferred Savings Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 15, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Southeastern Regional Medical Center Tax-Deferred Savings Plan
Notes to Financial Statements
December 31, 2021

NOTE A - Description of Plan

The following brief description of the Southeastern Regional Medical Center Tax-Deferred Savings Plan (Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the plan's provisions.

General. The Plan is a defined contribution plan covering all employees of Southeastern Regional Medical Center (SRMC). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions. Each year, participants may contribute any amount up to the maximum allowed by current law. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit and defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the plan. The plan currently offers various mutual funds and annuities as investment options for participants. For employees hired before January 1, 2005, SRMC matches 25 percent of the first 4 percent of a participant's annual compensation, subject to Internal Revenue Service limitations. For employees hired or rehired on or after January 1, 2005, after a one year waiting period, SRMC contributes 2 percent of the participant's annual compensation, subject to a 3 year vesting period. In addition, SRMC matches a percentage of the first 4 percent of compensation deferred based on years of service as of the immediately preceding December 31st. The percentages are 25 percent for 4 years or less, 50 percent for 5 to 9 years, and 100 percent for 10 years or more for a maximum contribution under this portion of the plan of 4 percent.

Participant Accounts. Each participant's account is credited with the participant's contribution and allocations of (a) SRMC's contribution and (b) plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting. Participants are immediately vested in their matching contributions plus actual earnings thereon. Vesting in SRMC's contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after 3 years of credited service.

Notes Receivable from Participants. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 3.00 percent to 4.00 percent. Principal and interest payments are paid monthly or quarterly.

Payment of Benefits. On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period of time not more than the participant's assumed life expectancy determined at the time of distribution. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts. Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the plan. Forfeitures are used by the plan sponsor to offset part of its future contributions to the plan. At December 31, 2021 and 2020, forfeited nonvested accounts totaled \$334,369 and \$296,377, respectively. During 2021, employer contributions were reduced by \$30,009 from forfeited nonvested accounts.

Participant Investment Rollovers. Participants are allowed to transfer or rollover funds into the plan from other qualified or 403(b) plans.

NOTE B - Summary of Significant Accounting Policies

Basis of Accounting. The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America, except for distributions to participants, which are prepared on the cash basis.

Use of Estimates. The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition. Investments are reported at fair value. (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan's deposit administration contract with the VALIC is valued at contract value. Contract value represents contributions made under the contract, plus interest at the contract rate, less funds used to purchase annuities and pay administration expenses charged by VALIC. Funds under the contract that have been allocated and applied to purchase annuities (that is, VALIC is obligated to pay the related pension benefits) are excluded from the Plan's assets.

Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document.

Payment of Benefits. Benefit payments are recorded when paid.

Administrative Expenses. Certain expenses of maintaining the Plan are paid directly by SRMC and are excluded from these financial statements. Administrative costs are charged directly to the participant's account and are included in administrative expenses.

NOTE C - Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and Schedule of Assets (Held at Year End), including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2021, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by VALIC and AIG.

NOTE D - Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include -

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2021 and 2020.

VALIC Annuity - Fixed Account: VALIC is the only market for these assets. Generally, these assets are reported at contract value and are not considered guaranteed investment contracts.

VALIC Annuity - Separate Account: The various mutual fund companies offering each respective fund supplies net asset value, which is then adjusted by VALIC for dividends and separate account fees.

Mutual funds: Valued at the net asset value (NAV) per share at the close of each business day as reported by each fund, which value their securities at fair value.

NOTE D - Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

Fair Value Measurements at December 31, 2021				
	Level 1	Level 2	Level 3	Total
VALIC Annuity - Fixed Account	\$ -	\$ 10,075,363	\$ -	\$ 10,075,363
VALIC Annuity - Separate Account	18,082,638	-	-	18,082,638
Mutual funds	114,048,186	-	-	114,048,186
Total assets at fair value	\$ 132,130,824	\$ 10,075,363	\$ -	\$ 142,206,187

Fair Value Measurements at December 31, 2020				
	Level 1	Level 2	Level 3	Total
VALIC Annuity - Fixed Account	\$ -	\$ 10,248,631	\$ -	\$ 10,248,631
VALIC Annuity - Separate Account	17,524,294	-	-	17,524,294
Mutual funds	99,182,287	-	-	99,182,287
Total assets at fair value	\$ 116,706,581	\$ 10,248,631	\$ -	\$ 126,955,212

NOTE E - Annuity Contract with Valic

The FASB Update No. 2015-12 designates that Contract Value is the only required measure for Fully Benefit Responsive Investment Contracts, as this is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the underlying plan. Those contracts are also reported at contract value for regulatory reporting.

NOTE F - Related Party Transactions and Party in Interest Transactions

Certain plan investments are managed by VALIC. VALIC is a custodian as defined by the plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the plan for investment management services were \$270,235 for the year ended December 31, 2021.

NOTE G - Tax Status

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (Code). The terms of the Plan have been prepared to conform to the sample language provided by the Internal Revenue Service (IRS) in Revenue Procedure 2007-71. The plan administrator intends to apply for a determination letter on the Plan once the IRS opens such a program. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for plan participants under Section 403(b).

Southeastern Regional Medical Center Tax-Deferred Savings Plan
Notes to Financial Statements (continued)
December 31, 2021

NOTE H - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE I - Fidelity Bond Requirement

The Plan is required to maintain a Fidelity Bond, which covers every fiduciary, and/or individual of an employee benefit plan who handles funds or other property of the Plan. Fidelity bond coverage protects the Plan from any losses resulting from mishandling or misappropriation of the trust assets. The amount of the Fidelity Bond must be at least 10 percent of the value of all trust assets up to a maximum of \$500,000 of coverage, unless the Plan holds non-qualifying assets (i.e. assets held outside a funding institution). Based on the plan assets reported, the current level of coverage does meet the requirements.

NOTE J - Plan Termination

Although it has not expressed any intent to do so, SRMC has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their employer contributions.

NOTE K - Subsequent Events

Management has evaluated subsequent events through October 11, 2022, the date of which the financial statements were available to be issued.
