## **Independent Auditor's Report**

Plan Administrator  
Royal Realty Corporation Employees 401(k) Plan

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements**

We have performed an audit of the financial statements of Royal Realty Corporation Employees 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, the related statement of changes in net assets available for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### **Opinion on the 2021 Financial Statements**

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**Basis for Opinion on the 2021 Financial Statements**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

**Responsibilities of Management for the 2021 Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

**Auditor's Responsibilities for the Audit of the 2021 Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

## **Other Matters**

### ***2021 Supplemental Schedule Required by ERISA***

The supplemental schedule of assets (held at end of year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

***Auditor's Report on the 2020 Financial Statements***

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 4, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

#### Note 1. Plan Description

Royal Realty Corporation Employees 401(k) Plan (the Plan) is a defined contribution plan, which was established January 1, 1985. Participants should refer to the basic Plan document for a complete description of the Plan's provisions.

**Eligibility and contributions:** The Plan covers all eligible nonunion employees of Royal Realty Corporation and Royal 1 WTC Management, LLC (collectively, the Company, Plan Sponsor or the Employer) and is funded by employee contributions as well as discretionary Employer matching contributions. Eligible employees can elect to make contributions up to 80% of their annual compensation subject to the maximum allowable under the Internal Revenue Code (IRC). The Employer matching contribution is a discretionary percentage or fixed amount, which is determined by the Plan Sponsor on an annual basis. For the year ended December 31, 2021, the Plan Sponsor elected to match the lesser of one half of the participant's contribution or 4% of W-2 Compensation. The Plan also allows for profit sharing contributions in an amount, if any, to be determined by the Employer. No profit-sharing contributions were authorized for the year ended December 31, 2021. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan is subject to the requirements of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2017, the Plan was amended so that matching contributions (other than safe harbor matching contributions) made by the Employer that the Plan Administrator designates as qualified matching contributions and are allocated to a participant's account, not distributable to a participant until distributable from the Plan, nonforfeitable when allocated to a participant's account and distributable only in accordance with the distribution provisions that are applicable to pretax contributions (other than the hardship withdrawal provisions). Qualified matching contributions may not be withdrawn on account of a hardship.

Effective January 1, 2017, the Plan was amended so that contributions (other than matching contributions, safe harbor contributions or qualified matching contributions) made by the Employer, which the Plan Administrator designates as qualified nonelective contributions and are allocated to a participant's account, not distributable to a participant until distributable from the Plan, nonforfeitable when allocated to a participant's account and distributable only in accordance with the distribution provisions that are applicable to pretax contributions (other than the hardship withdrawal provisions). Qualified nonelective contributions may not be withdrawn on account of a hardship. If selected in the Adoption Agreement, a prevailing wage contribution made on behalf of a non-highly compensated employee shall constitute a qualified nonelective contribution to the extent such contribution does not exceed the limit set forth in Treasury Regulation Section 1.401(m)-2(a), as amended, or other applicable Internal Revenue Service (IRS) guidance.

The Plan allows for Roth contributions and rollover contributions from qualified Roth plans as described in IRC Section 401(a).

To be eligible to participate in the Plan employees must have attained the age of 21 and completed three months of service starting with their hire date. Enrollment in the Plan occurs on the first of the month following the date in which the employee has satisfied the eligibility requirements.

**Participant accounts:** Each participant account is credited with the participant's contribution, allocations of the Company's matching and profit-sharing contributions and Plan earnings and is charged with an allocation of certain administrative expenses. Upon enrollment in the Plan, participants may direct contributions to their accounts among several fund investments. The investing objectives of each fund have been made available to the participants.

#### Note 1. Plan Description (Continued)

**Vesting:** Participants are immediately 100% vested in their elective deferral contributions and profit-sharing contributions, plus actual earnings thereon. Vesting in Employer matching contributions, plus investment income earned thereon, is based on years of continuous service. Participants vest 20% per year of service beginning with the second year and are 100% vested after completing six years. Participants are 100% vested in profit sharing contributions after completing six years of service.

**Payment of benefits:** Under the Plan, a participant who reaches normal retirement age or postpones retirement, dies or becomes permanently disabled, as defined in the Plan, receives the amount in his or her account either in a lump-sum or installments.

Upon termination of employment prior to normal retirement age, except by virtue of disability or death, the participant is entitled to his or her vested interest in the account either in a lump-sum or installments.

**Forfeitures:** Forfeitures arising from nonvesting employer match are first used to offset Plan administrative expenses and then to reduce Company contributions under the Plan. There were no forfeitures arising from nonvesting employer match during 2021. Forfeited nonvested accounts arising from employer matching contributions are allocated to the Plan participants based on the formula specified in the Plan documents. There was \$9,945 and \$22,164 in the forfeited nonvested account at December 31, 2021 and 2020, respectively. In 2021, there were \$69,544 receipts allocated to Plan participants from forfeited nonvested accounts.

**Notes receivable from participants:** Loans receivable are from participants who borrow against their vested amounts in an amount up to the lesser of 50% of the value of the participant's account or \$50,000. The loan, by its terms, must require repayment (principal and interest) be amortized in level payments, not less frequently than quarterly, over a period not extending beyond five years from the date of the loan; provided, however, that the proceeds of the loan were used to acquire a dwelling unit which within a reasonable time (determined at the time the loan is made) would be used as the principal residence of the participant, the repayment schedule may be for a term in excess of five years. The loans are secured by the balance in the participant's account and bear interest between 4.25% and 6.5%.

#### Note 2. Summary of Significant Accounting Policies

**Basis of accounting:** The Plan's financial statements are prepared under the accrual basis of accounting.

**Use of estimates:** The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets available for benefits, and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates and assumptions used.

**Investment valuation and income recognition:** The Plan's investments are maintained by Bank of America, N.A. (BOA), the trustee of the Plan and are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodian. See Note 4 for discussion of fair value measurements.

#### Note 2. Summary of Significant Accounting Policies (Continued)

Purchases and sales of securities are recorded on a trade date basis. Interest and dividend income is recorded when received. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

**Notes receivable from participants:** Notes receivable from participants are measured at their unpaid principal balance. No allowance for credit losses has been recorded as of December 31, 2021 or 2020.

**Payment of benefits:** Benefits are recorded when paid.

**Expenses:** Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participants' account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

**Subsequent events:** For the year ended December 31, 2021, subsequent events were evaluated through October 13, 2022, the date the financial statements were available to be issued.

#### Note 4. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

**Level 1:** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**Level 2:** Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3:** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

All transfers between fair value hierarchy levels are recognized by the Plan at the end of each reporting period. There were no significant transfers between Levels 1, 2 and 3 during the year.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the best level of input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

**Mutual funds:** Fair value is based on unadjusted quoted prices in active markets for identical assets or liabilities.

**Self-directed investments:** Self-directed investments mainly consists of common stocks, which are valued at the closing price reported on the active market on which the individual securities are traded, mutual funds (see below for valuation) and a money market fund.

## Royal Realty Corporation Employees 401(k) Plan

### Notes to Financial Statements

#### Note 4. Fair Value Measurements (Continued)

**Money market fund:** The money market fund is valued at the net asset value (NAV) of shares held by the Plan at year-end. The Plan seeks to maintain its NAV at \$1.00 per share.

**Stable value fund:** The stable value fund is valued at the NAV of shares held by the Plan at year-end. The stable value fund invests in high quality guaranteed investment contracts (GIC) and similar contracts issued by insurance companies, banks and other financial institutions. Investment contracts are valued at contract value by the stable value fund. Contract value represents invested principal plus accrued interest earned thereon.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020.

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

#### Note 4. Fair Value Measurements (Continued)

The following table sets forth additional disclosures of the Plan's investment whose fair value is estimated using NAV as per share as of December 31, 2021 and 2020:

| Investment            | 2021<br>Fair Value | 2020<br>Fair Value | Unfunded<br>Commitment | Redemption<br>Frequency | Redemption<br>Notice Period |
|-----------------------|--------------------|--------------------|------------------------|-------------------------|-----------------------------|
| Stable value fund (b) | \$ 8,647,568       | \$ 7,662,585       | None                   | Daily                   | None                        |

(b) The fund invests in high-quality GICs and similar contracts issued by insurance companies, banks and other financial institutions. The fund also invests up to 75% of its assets in security-backed investment contracts (SBIC), including separate account products of insurance companies. The fund strives to maintain at least 5% of its assets in high quality money market instruments, cash, cash equivalents and stable value funds with investment policies and other provisions similar to those of the fund, and may invest without limit in these investments. Investment contracts are valued at contract value. Contract value represents invested principal plus accrued interest earned thereon. The investment contracts are not transferable, but provide for benefit responsive withdrawals by plan participants at contract value. In determining the investment contract value, the trustee considers such factors as the benefit responsiveness of investment contracts and, with respect to SBIC, the contingency provisions in the contract in the event of a default by the issuer of underlying securities. Investment contracts would normally be held to maturity, and meet the fully benefit-responsive requirements of ASC Topic 962, Plan Accounting—Defined Contribution Pension Plan.

#### Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants would become 100% vested in their accounts.

#### Note 6. Tax Status

The IRS has determined and informed the Plan Administrator, by a letter dated March 31, 2014, that the form of the prototype plan adopted by the Company is acceptable under the applicable sections of the IRC. The Company believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and is thus tax-exempt.

The modified cash basis of accounting requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require adjustment to, or disclosure in, the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

#### Note 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that change in the values of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
