McCormack Baron 401(k) Plan
St. Louis, Missouri

Scope And Nature Of The ERISA Section 103(a)(3)(C) Audit For The 2021 Financial Statements

We have performed an audit of the financial statements of McCormack Baron 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion On The 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities For The Audit Of The 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis For Opinion On The 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities For The Audit Of The 2021 Financial Statements section of our report. We are required to be independent of McCormack Baron 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities Of Management For The 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about McCormack Baron 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities For The Audit Of The 2021 Financial Statements

Except as described in the Scope And Nature Of The ERISA Section 103(a)(3)(C) Audit For The 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of McCormack Baron 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about McCormack Baron 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required By ERISA

The supplemental schedules of assets held at end of year as of December 31, 2021 and delinquent participant contributions for the year ended December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedules that agrees to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report On The 2020 Financial Statements

We were engaged to audit the statement of net assets available for benefits of McCormack Baron 401(k) Plan as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year then ended. As permitted by 29 CFR 2520.103-8 of the Department Of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report, dated September 30, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department Of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

MCCORMACK BARON 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 And 2020

1. Description Of The Plan

The following description of the McCormack Baron 401(k) Plan (formerly referred to as the McCormack Baron Salazar, Inc. 401(k) Plan) (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan, which has been adopted by McCormack Baron Salazar, Inc. as Plan Sponsor (the Company), is a defined contribution plan that includes a 401(k) provision. The Plan covers all employees of the Company except for union, leased, nonresident alien, seasonal, and those employees whose regularly scheduled hours are less than 1,000 hours of service annually. Effective October 1, 2021, the age requirement was lowered from age 21 or older to age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Effective October 1, 2021, Fidelity Management Trust Company (Fidelity) replaced John Hancock Life Insurance Company U.S.A. (John Hancock) as the Plan's trustee and Fidelity Workplace Services LLC replaced John Hancock as the recordkeeper. The Plan was amended and restated as of this date.

Contributions

Each year, participants may defer salary up to 100% of compensation, as defined in the Plan. Participants age 50 and older are eligible to make additional catch-up contributions. The Plan allows participants to make Roth after-tax contributions. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their pre-tax deferral rate set at 3% of eligible compensation and their contributions invested in a default investment fund until changed by the participant. Participants may also contribute amounts representing distributions from other qualified plans (rollover).

The Plan provides for Company safe harbor qualified nonelective contributions equal to 3% of eligible compensation for each eligible participant who completes one year of service.

The Plan also provides for the Company to make discretionary employer matching contributions, which are based upon determination by the Board of Directors. The Company elected not to make a discretionary matching contribution in 2021 or 2020.

MCCORMACK BARON 401(k) PLAN

Notes To Financial Statements (*Continued*)

In addition, the Plan provides that the Company may make discretionary profit sharing contributions for each eligible participant who completes 1,000 hours of service and is employed on the last day of the Plan year. The discretionary contribution is allocated at varying rates to defined classifications of participants as permitted under Internal Revenue Code (IRC) regulations.

Contributions are subject to certain Internal Revenue Service (the IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's deferral contributions, the Company's contributions, and an allocation of Plan's earnings and charged with withdrawals and an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan Document. The benefit to which a participant was entitled is the benefit that can be provided from the participant's vested account balance.

Investment Options

Upon enrollment in the Plan, a participant is permitted to direct contributions in a variety of investment options.

Notes Receivable From Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, or 50% of their vested account balance. The term of the loans cannot exceed five years, except for a loan that is used to acquire a principal residence. The loans must be adequately secured by the participant's vested account balance and bear interest at prevailing market rates. Participants may only have one loan outstanding at any time. Principal and interest are paid ratably through payroll deductions.

Pursuant to the Coronavirus Aid, Relief, and Economic Security (CARES) Act enacted in March 2020, Plan participants could request a delay of note repayments for repayments that occurred between March 27, 2020 and December 31, 2020. If a delay was granted, the participant note was reamortized and included any interest accrued during the period of delay. The ability to request a delay in note repayments under the CARES Act ceased as of December 31, 2020. In addition, the limit on notes receivable was increased to the lesser of \$100,000 or 100% of the participant's vested account balance. The increased loan limit was available for 180 days after the enactment of the CARES Act.

Notes To Financial Statements *(Continued)*

Vesting

Participants are immediately vested in their salary deferral, rollover and nonelective safe harbor contributions. Vesting in the matching and profit sharing contributions is based on years of service. A participant is 20% vested after two years of credited service and earns additional vesting in increments of 20% until 100% vesting is attained after six years of credited service. A participant becomes fully vested upon attainment of the normal retirement age of 65, death, or disability.

Forfeitures

Forfeitures are used to pay administrative expenses of the Plan or offset future Company contributions. During the year ended December 31, 2021, no forfeitures were utilized. For the year ended December 31, 2020, \$1,148 in forfeitures were used to fund Company contributions. As of December 31, 2021 and 2020, forfeited nonvested balances amounted to \$11,933 and \$5,830, respectively.

Payment Of Benefits

Benefit payments are made upon termination of employment, retirement, death, or disability. The normal form of retirement benefit is a lump-sum payment. Qualified optional forms of benefit payments include installment payments and partial withdrawals.

In the event that the vested portion of the participant's account does not exceed \$1,000, the balance shall be distributed in a lump sum as soon as administratively feasible. Vested amounts exceeding \$1,000 but less than \$5,000 are rolled in to an IRA if no cash distribution election is made by the participant.

Participants over the age of 59-1/2 may withdraw any portion of their vested account balance prior to termination of employment.

The Plan also permitted participants to request up to \$100,000 in coronavirus related distributions, with repayment terms of up to three years, in accordance with the CARES Act. The ability to request coronavirus related distributions under the CARES Act ceased as of December 31, 2020.

Administrative Expenses

The Plan Sponsor pays certain administrative expenses, such as trust fees. Other expenses, such as commissions and administrative fees, are paid by the Plan.

2. Summary Of Significant Accounting Policies

Basis Of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Estimates And Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation And Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net change in fair value of investments includes the Plan's gains and losses (realized and unrealized) on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at the unpaid principal balance plus accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. Delinquent notes receivable are recorded as a distribution based upon the terms of the Plan Document.

Payment Of Benefits

Benefits are recorded when paid.

Subsequent Events

Management evaluates subsequent events through the date financial statements were available for issue, which is the date of the Independent Auditors' Report.

3. Certified Investment Information

The following is a summary of the Plan's asset information as of December 31, 2021 and 2020, and for the years then ended, included throughout the Plan's financial statements and supplemental schedules, that was prepared by or derived from information certified by John Hancock and Fidelity and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from John Hancock and Fidelity that the information provided to the Plan Administrator related to the following information is complete and accurate.

Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedules related to the following assets as of December 31:

	<u>2021</u>	<u>2020</u>
Investments - at fair value		
Collective trust funds	\$ 29,392,816	\$ —
Mutual funds	3,786,496	—
Pooled separate accounts	—	33,577,967
Notes receivable from participants	637,881	733,086

John Hancock and Fidelity also certified to the completeness and accuracy related to the following investment income and interest income on notes receivable from participants for the years ended December 31:

	<u>2021</u>	<u>2020</u>
Net change in fair value of investments	\$ 3,048,844	\$ 4,296,522
Interest and dividends	102,286	—
Interest on notes receivable from participants	26,819	31,250

4. Fair Value Measurements

The Plan utilizes an established framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

MCCORMACK BARON 401(k) PLAN

Notes To Financial Statements *(Continued)*

Following is a description of the valuation methodologies used for assets measured at fair value:

Pooled Separate Accounts

Valued at the net asset value (NAV) of units held by the Plan at year end. The NAV was used as a practical expedient to estimate fair value. The NAV was determined by dividing net assets, at fair value, of the fund by the number of units outstanding on the day of valuation. Pooled separate accounts were comprised, primarily, of shares of mutual funds, and the investment objective of each subaccount corresponded to the investment objective of the underlying mutual fund. Pooled separate accounts were able to be redeemed by participants daily at NAV, and there were no unfunded commitments related to these investments. The pooled separate accounts held by the Plan are not required to be reported in the fair value hierarchy.

Collective Trust Funds

Valued at the NAV of units of the individual funds. The NAV, as provided by the trustees of the invested funds, is used as a practical expedient to estimate fair value and is calculated daily by the trustee. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. All collective trust funds have daily redemption frequencies at NAV with no redemption notice periods, and file annual reports on Form 5500 as direct filing entities. There are no capital commitments related to any of the Plan's collective trust funds.

Mutual Funds

Valued at the daily closing price as reported by the funds. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

MCCORMACK BARON 401(k) PLAN

Notes To Financial Statements *(Continued)*

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021:

	December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 3,786,496	\$ —	\$ —	\$ 3,786,496
Total assets in the fair value hierarchy	\$ 3,786,496	\$ —	\$ —	3,786,496
Investments measured at net asset value (a)				29,392,816
Total Assets At Fair Value				\$ 33,179,312

(a) Certain investments that are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

At December 31, 2020, the Plan was only invested in pooled separate accounts, which are not required to be reported in the fair value hierarchy.

There have been no changes in the valuation methodologies used at December 31, 2021 or 2020.

5. Transactions With Parties In Interest

For the period of January 1, 2020 through October 1, 2021, Plan investments comprised pooled separate accounts managed by an affiliate of John Hancock. For the period of October 1, 2021 through December 31, 2021, certain Plan investments were managed by an affiliate of Fidelity. The Plan also paid administrative fees to John Hancock and Fidelity Workplace Services LLC for recordkeeping services. In addition, at December 31, 2021 and 2020, the Plan had notes receivables from participants. These transactions qualify as exempt parties in interest transactions under ERISA.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

MCCORMACK BARON 401(k) PLAN

Notes To Financial Statements *(Continued)*

7. Income Tax Status

The Plan was amended and restated in March 2014 by utilizing a Volume Submitter document sponsored by ftwilliam.com. An opinion letter from the IRS dated March 31, 2014 stated that the Volume Submitter format was acceptable under the IRC, and that the opinion letter may constitute reliance for an employer adoption of the approved Volume Submitter plan. The Plan had been amended since the date of the opinion letter.

Effective October 1, 2021, the Plan was restated and adopted a pre-approved plan document sponsored by FMR, LLC. FMR, LLC received an opinion letter from the IRS dated June 30, 2020, which states that the pre-approved plan document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes that the Plan was qualified and the related trust was tax exempt as of the financial statement date. As such, no income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks And Uncertainties

Investments are exposed to various risks, such as interest rate risk, credit risk and overall market volatility. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
