INDEPENDENT AUDITOR'S REPORT

To the Participants and Investment Committee
Belden Inc. Retirement Savings Plan
St. Louis, MO

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Belden Inc. Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Belden Inc. Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Belden Inc. Retirement Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Belden Inc. Retirement Savings Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Belden Inc. Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Belden Inc. Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of the year) as of December 31, 2021 and delinquent participant contributions for the year then ended (collectively, "supplemental schedules") are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Belden Inc. Retirement Savings Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 14, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements
(See Independent Auditor's Report)

1. Description of the Plan

The following description of the Belden Inc. Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan's Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan with a 401(k) feature sponsored by Belden Inc. (the Company or the Employer). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan document was amended and restated effective January 1, 2011 to include regulatory and other changes evidenced by previous amendments. The Plan was restated again effective January 1, 2019 to include both the Quantel and Snell, Inc. Retirement Savings Plans into the Belden Inc. Retirement Savings Plan.

The Plan was amended to discontinue contributions from all Grass Valley employees allowing them to contribute to the Grass Valley 401(k) Plan beginning on January 1, 2020. On July 2, 2020, all Grass Valley participants were 100% vested and terminated from the Plan.

Effective January 1, 2021, the Plan was amended to merge the Prosoft Technology, Inc. Savings Plan into the Belden Inc. Retirement Savings Plan.

The Plan was further restated effective November 1, 2021, to merge the OTN Systems USA LLC 401(k) Profit Sharing Plan and Trust into the Belden Inc. Retirement Savings Plan.

Eligibility for Participation

An eligible employee as defined by the Plan document becomes a participant of the Plan on the date of employment.

Contributions

Participant contributions are remitted each pay period to the Plan by the employer from employee payroll deductions. Company 401(k) matching contributions are made to the Plan each pay period based on Plan provisions. The Plan also accepts qualified employee rollover contributions.

Belden Inc.
Retirement Savings Plan

Notes to Financial Statements

Under the 401(k) feature, participants may contribute from 1% to 75% of their eligible compensation on a pretax basis. The Company matches 100% of the first 3% contributed and 50% of the second 3% contributed. All contributions are subject to applicable limitations. Participant contributions and Company matching contributions are fully vested when they are made. Effective on and after July 1, 2020, the Company may make in-kind contributions of its common stock (“Belden stock” or “Company common stock”) to satisfy all or part of any Matching Contribution under the Plan. Such contributions are maintained in a Belden Stock Fund. A Participant is permitted, at any time, to direct the investment of his or her account in the Belden Stock Fund to any other investment alternative then permitted under the Plan, subject to applicable Insider Trading and Blackout Period rules. No Elective Deferrals, Rollover Contributions nor any other Participant contribution may be made to the Belden Stock Fund and a Participant may not transfer any Plan assets from other investment alternatives into the Belden Stock Fund.

A Participant invested in the Belden Stock Fund may vote shares of Belden Stock allocated to his or her account. All dividends paid on Belden Stock within the Belden Stock Fund shall be reinvested in the Belden Stock Fund.

A separate account is maintained for each participant, and participants may invest their savings in any combination of the available fund options in whole percent increments. Participants can transfer their fund balance to another fund on a daily basis.

Cash and non-cash contributions were \$17, and \$4,971,990, respectively, for the plan year-ended December 31, 2021. For the plan year-ended December 31, 2020, cash and non-cash contributions were \$1,763,294, and \$2,547,055, respectively.

Investments

Prudential Bank and Trust, F.S.B. (“Prudential”) and Prudential Retirement Insurance and Annuity Company (“PRIAC”), the Trustees hold all of the Plan’s assets and are responsible for benefit payments from the trust fund according to information submitted by the Plan sponsor and participants.

Participant Accounts

The Company has established and maintains accounts for each participant. These accounts are credited with investment income based upon the participant’s account balances in relation to the total fund balances to which they have elected to contribute.

Belden Inc.
Retirement Savings Plan

Notes to Financial Statements

Prior to 1999, certain employees participated in an Individual Account Retirement (“IAR”) benefit feature. Under this feature, the Company made contributions and maintained separate accounts for each participant. When the IAR feature was discontinued, certain participants transferred their account balances out of the Plan. The fund balances of those IAR participants that elected to leave their account balances in the Plan are invested in the guaranteed income account and are also credited with investment income.

Notes Receivable from Participants

Participants who are active employees of the Company are permitted to borrow from their accounts up to amounts specified in the Plan’s provisions. Participants borrow at interest rates determined by the Plan and may not have more than one loan outstanding at any time. Principal and interest are paid ratably through payroll deductions. The loans are secured by the balance in the participant’s account.

Benefits

The Summary Plan Description, which is provided to participants, contains a description of the Plan and how participants may receive benefit payments. The Plan provides for the payment of benefits to participants upon retirement in a lump-sum payment, depending on the participant’s election. A participant who is also a participant in the Belden Pension Plan may elect to transfer his account to the Belden Pension Plan for purposes of converting it to an annuity.

Withdrawal Rights

Participants may withdraw amounts from their accounts before retirement subject to Plan provisions and Internal Revenue Code (“IRC”) regulations. Participants are allowed to make hardship and age 59 1/2 withdrawals.

In addition, due to the enactment of the Coronavirus Aid, Relief, and Economic Security Act (the “CARES Act”) on March 27, 2020, certain Plan participants qualified for a new COVID-related distribution option. Individuals who were diagnosed with (or those whose spouse or dependent was diagnosed with) COVID-19, or who experienced adverse financial consequences as a result of being quarantined, furloughed or laid off, having work hours reduced or being unable to work due to lack of childcare due to COVID-19 (“Qualified Individuals”), could choose to take COVID-related distributions of up to \$25,000 in 2020 without being subject to either the usual early distribution penalty applicable to those who have not yet reached age 59-1/2 or the mandatory withholding requirement. The distribution may be returned to the Plan during a three-year period following the distribution. As a result of the Plan’s implementation of a portion of the CARES Act, Plan participants who were Qualified Individuals were able to suspend, for up

to one year, loan repayments which would otherwise have been due between the date this provision was implemented and December 31, 2020, with interest continuing to accrue while repayment was suspended.

Plan Termination

Although the Company has not expressed any intent to terminate the Plan, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants are fully vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation/Income Recognition

Investments are reported at fair value, or net asset value ("NAV") for collective trust funds, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and custodians. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Belden Inc.
Retirement Savings Plan

Notes to Financial Statements

Expenses

In accordance with the provisions of the Plan, certain administrative expenses were paid by the Plan and are included in the accompanying financial statements. Investment related expenses are included in net appreciation of fair value of investments. Any administrative expenses not meeting the Plan provisions were paid by the Company and are not included in the accompanying financial statements. Fees related to administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded. No allowance for credit losses has been recorded as of December 31, 2021 or 2020.

3. Certification of Investments

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the ERISA. Accordingly, as permitted under such election, the Plan Administrator has obtained certifications from Prudential and PRIAC that all of the investment information provided by Prudential and PRIAC included in the accompanying financial statements and Schedule of Assets (Held at End of Year) are complete and accurate. Information as to the investments in the accounts of Prudential and PRIAC, investment income, notes receivable from participants, and all information appearing in the accompanying statements and supplemental schedules are presented in reliance solely upon these certifications.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Belden Inc.
Retirement Savings Plan

Notes to Financial Statements

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement. The Plan has concluded that there were no Level 3 investments.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Collective Trusts - The collective trusts are valued at the NAV of the units held by the Plan. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily.

Company common stock - The Company Stock Fund is valued at quoted market prices of shares held by the Plan on the last business day of the Plan year plus any uninvested cash holdings.

The following tables set forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

	Balance at December 31, 2021	Fair Value Measurement at Reporting Date Using:		
		Level 1	Level 2	Level 3
Company common stock	\$ 8,689,401	\$ 8,689,401	\$ -	\$ -
Collective trusts (a)	292,925,318	-	-	-
Total	<u>\$ 301,614,719</u>	<u>\$ 8,689,401</u>	<u>\$ -</u>	<u>\$ -</u>

	Balance at December 31, 2020	Fair Value Measurement at Reporting Date Using:		
		Level 1	Level 2	Level 3
Company common stock	\$ 2,060,693	\$ 2,060,693	\$ -	\$ -
Collective trusts (a)	256,116,724	-	-	-
Total	<u>\$ 258,177,417</u>	<u>\$ 2,060,693</u>	<u>\$ -</u>	<u>\$ -</u>

- (a) Certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table for December 31, 2021 and 2020, sets forth a summary of the Plan's investments with a reported NAV as a practical expedient.

5. Non-Participant Directed Investments

Significant components of the non-participant-directed fund in the statement of changes in net assets available for benefits for the year ended December 31, 2021, are as follows:

Non-Participant Directed Investments (Belden Inc. Stock)	December 31, 2021
Changes in net assets	
Contributions	\$ 4,971,990
Rollovers	2,000
Dividends	17,426
Net appreciation in fair value	2,539,498
Other investment income	85,174
Benefits paid to participants	(307,159)
Transfers to other Plan investments	(680,221)
Net increase	6,628,708
Balance at beginning of year	2,060,693
Balance at end of year	<u>\$ 8,689,401</u>

6. Fully Benefit-Responsive Investment Contracts

The Plan entered into a group annuity contract with PRIAC. The group annuity contract meets the fully benefit responsive investment reporting criteria and therefore is reported at contract value. The contract value of this contract at December 31, 2021 and 2020 was \$51,414,582 and \$55,250,917, respectively. As part of the contract, PRIAC maintains a portion of the contributions in a “guaranteed income account.” The account is credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses charged by PRIAC. The guaranteed income account is included in the financial statements at contract value. Under the group annuity insurance contract that supports this product, participants may ordinarily direct permitted withdrawal or transfers of all or a portion of their account balance at contract value within reasonable timeframes. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees. The contract is effected directly between the plan sponsor (or the Trustee) and the issuer. The repayment of principal and interest credited to participants is a financial obligation of the issuer. The minimum credit rate under this contract is 1.5%. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

7. Tax Status

In the Plan's latest opinion letter dated April 29, 2014, the Internal Revenue Service stated that the Plan and related trust, as then designed, is in accordance with the applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500:

	<u>December 31, 2021</u>	<u>December 31, 2020</u>
Net assets available for benefits per the financial statements	\$ 356,531,149	\$ 317,277,976

Net assets available for benefits per Schedule H to Form 5500	<u>\$ 356,276,776</u>	<u>\$ 317,037,202</u>

The following is a reconciliation of the change in net assets available for benefits per the financial statements for the year ended December 31, 2021 to Schedule H of Form 5500:

	<u>2021</u>
Change in net assets available for benefits per financial statements	\$ 39,253,173
Plus: Prior year contributions included in current year Schedule H of Form 5500	240,774

9. Related Party and Party-In-Interest Transactions

Certain Plan investments are shares of a guaranteed income account managed by PRIAC. PRIAC is a trustee and custodian as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Certain fees paid to PRIAC for investment management services are incorporated into the investment return of the guaranteed income account.

Notes receivable are secured by the vested balance of participant accounts, and, as such, these transactions qualify as party-in-interest transactions.

The Plan invests in Belden, Inc. the common stock of the plan sponsor, which also qualifies as a related party transaction. As of December 31, 2021 and 2020, the plan held 132,198 and 49,181 shares, respectively, of Belden, Inc. common stock at a value of \$8,689,401 and \$2,060,693, respectively. Refer to Note 5 for further details of the activity in the Belden, Inc. common stock. Transactions in such investments qualify as related party transactions, which are exempt from the prohibited transaction rules.

10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

11. Plan Transfer

The Prosoft Technology, Inc. and the OTN USA LLC 401(K) plans merged with the Belden Inc. Retirement Savings Plan on January 1, 2021, and November 1, 2021, respectively. The assets transferred into the Plan were approximately \$11.2 million and \$0.3 million, respectively.

12. Late Contribution Remittances

Due to processing delay, the Company did not meet the remittance requirements as described by the Department of Labor regulations for a pay period during the 2020 Plan Year. The employee contributions and loan payments in question totaled \$269,053 for the year ended December 31, 2020. The Company has determined that the lost income attributable to the affected participants' accounts during 2020 was \$271. The Company made the appropriate corrective contribution before December 31, 2021.

INDEPENDENT AUDITOR'S REPORT

To the Participants and Investment Committee
Belden Inc. Retirement Savings Plan
St. Louis, MO

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Belden Inc. Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Belden Inc. Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Belden Inc. Retirement Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Belden Inc. Retirement Savings Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Belden Inc. Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Belden Inc. Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of the year) as of December 31, 2021 and delinquent participant contributions for the year then ended (collectively, "supplemental schedules") are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Belden Inc. Retirement Savings Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 14, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements
(See Independent Auditor's Report)

1. Description of the Plan

The following description of the Belden Inc. Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan's Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan with a 401(k) feature sponsored by Belden Inc. (the Company or the Employer). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan document was amended and restated effective January 1, 2011 to include regulatory and other changes evidenced by previous amendments. The Plan was restated again effective January 1, 2019 to include both the Quantel and Snell, Inc. Retirement Savings Plans into the Belden Inc. Retirement Savings Plan.

The Plan was amended to discontinue contributions from all Grass Valley employees allowing them to contribute to the Grass Valley 401(k) Plan beginning on January 1, 2020. On July 2, 2020, all Grass Valley participants were 100% vested and terminated from the Plan.

Effective January 1, 2021, the Plan was amended to merge the Prosoft Technology, Inc. Savings Plan into the Belden Inc. Retirement Savings Plan.

The Plan was further restated effective November 1, 2021, to merge the OTN Systems USA LLC 401(k) Profit Sharing Plan and Trust into the Belden Inc. Retirement Savings Plan.

Eligibility for Participation

An eligible employee as defined by the Plan document becomes a participant of the Plan on the date of employment.

Contributions

Participant contributions are remitted each pay period to the Plan by the employer from employee payroll deductions. Company 401(k) matching contributions are made to the Plan each pay period based on Plan provisions. The Plan also accepts qualified employee rollover contributions.

Belden Inc.
Retirement Savings Plan

Notes to Financial Statements

Under the 401(k) feature, participants may contribute from 1% to 75% of their eligible compensation on a pretax basis. The Company matches 100% of the first 3% contributed and 50% of the second 3% contributed. All contributions are subject to applicable limitations. Participant contributions and Company matching contributions are fully vested when they are made. Effective on and after July 1, 2020, the Company may make in-kind contributions of its common stock (“Belden stock” or “Company common stock”) to satisfy all or part of any Matching Contribution under the Plan. Such contributions are maintained in a Belden Stock Fund. A Participant is permitted, at any time, to direct the investment of his or her account in the Belden Stock Fund to any other investment alternative then permitted under the Plan, subject to applicable Insider Trading and Blackout Period rules. No Elective Deferrals, Rollover Contributions nor any other Participant contribution may be made to the Belden Stock Fund and a Participant may not transfer any Plan assets from other investment alternatives into the Belden Stock Fund.

A Participant invested in the Belden Stock Fund may vote shares of Belden Stock allocated to his or her account. All dividends paid on Belden Stock within the Belden Stock Fund shall be reinvested in the Belden Stock Fund.

A separate account is maintained for each participant, and participants may invest their savings in any combination of the available fund options in whole percent increments. Participants can transfer their fund balance to another fund on a daily basis.

Cash and non-cash contributions were \$17, and \$4,971,990, respectively, for the plan year-ended December 31, 2021. For the plan year-ended December 31, 2020, cash and non-cash contributions were \$1,763,294, and \$2,547,055, respectively.

Investments

Prudential Bank and Trust, F.S.B. (“Prudential”) and Prudential Retirement Insurance and Annuity Company (“PRIAC”), the Trustees hold all of the Plan’s assets and are responsible for benefit payments from the trust fund according to information submitted by the Plan sponsor and participants.

Participant Accounts

The Company has established and maintains accounts for each participant. These accounts are credited with investment income based upon the participant’s account balances in relation to the total fund balances to which they have elected to contribute.

Belden Inc.
Retirement Savings Plan

Notes to Financial Statements

Prior to 1999, certain employees participated in an Individual Account Retirement (“IAR”) benefit feature. Under this feature, the Company made contributions and maintained separate accounts for each participant. When the IAR feature was discontinued, certain participants transferred their account balances out of the Plan. The fund balances of those IAR participants that elected to leave their account balances in the Plan are invested in the guaranteed income account and are also credited with investment income.

Notes Receivable from Participants

Participants who are active employees of the Company are permitted to borrow from their accounts up to amounts specified in the Plan’s provisions. Participants borrow at interest rates determined by the Plan and may not have more than one loan outstanding at any time. Principal and interest are paid ratably through payroll deductions. The loans are secured by the balance in the participant’s account.

Benefits

The Summary Plan Description, which is provided to participants, contains a description of the Plan and how participants may receive benefit payments. The Plan provides for the payment of benefits to participants upon retirement in a lump-sum payment, depending on the participant’s election. A participant who is also a participant in the Belden Pension Plan may elect to transfer his account to the Belden Pension Plan for purposes of converting it to an annuity.

Withdrawal Rights

Participants may withdraw amounts from their accounts before retirement subject to Plan provisions and Internal Revenue Code (“IRC”) regulations. Participants are allowed to make hardship and age 59 1/2 withdrawals.

In addition, due to the enactment of the Coronavirus Aid, Relief, and Economic Security Act (the “CARES Act”) on March 27, 2020, certain Plan participants qualified for a new COVID-related distribution option. Individuals who were diagnosed with (or those whose spouse or dependent was diagnosed with) COVID-19, or who experienced adverse financial consequences as a result of being quarantined, furloughed or laid off, having work hours reduced or being unable to work due to lack of childcare due to COVID-19 (“Qualified Individuals”), could choose to take COVID-related distributions of up to \$25,000 in 2020 without being subject to either the usual early distribution penalty applicable to those who have not yet reached age 59-1/2 or the mandatory withholding requirement. The distribution may be returned to the Plan during a three-year period following the distribution. As a result of the Plan’s implementation of a portion of the CARES Act, Plan participants who were Qualified Individuals were able to suspend, for up

to one year, loan repayments which would otherwise have been due between the date this provision was implemented and December 31, 2020, with interest continuing to accrue while repayment was suspended.

Plan Termination

Although the Company has not expressed any intent to terminate the Plan, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants are fully vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation/Income Recognition

Investments are reported at fair value, or net asset value ("NAV") for collective trust funds, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and custodians. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes to Financial Statements

Expenses

In accordance with the provisions of the Plan, certain administrative expenses were paid by the Plan and are included in the accompanying financial statements. Investment related expenses are included in net appreciation of fair value of investments. Any administrative expenses not meeting the Plan provisions were paid by the Company and are not included in the accompanying financial statements. Fees related to administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded. No allowance for credit losses has been recorded as of December 31, 2021 or 2020.

3. Certification of Investments

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the ERISA. Accordingly, as permitted under such election, the Plan Administrator has obtained certifications from Prudential and PRIAC that all of the investment information provided by Prudential and PRIAC included in the accompanying financial statements and Schedule of Assets (Held at End of Year) are complete and accurate. Information as to the investments in the accounts of Prudential and PRIAC, investment income, notes receivable from participants, and all information appearing in the accompanying statements and supplemental schedules are presented in reliance solely upon these certifications.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Belden Inc.
Retirement Savings Plan

Notes to Financial Statements

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement. The Plan has concluded that there were no Level 3 investments.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Collective Trusts - The collective trusts are valued at the NAV of the units held by the Plan. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily.

Company common stock - The Company Stock Fund is valued at quoted market prices of shares held by the Plan on the last business day of the Plan year plus any uninvested cash holdings.

5. Non-Participant Directed Investments

Significant components of the non-participant-directed fund in the statement of changes in net assets available for benefits for the year ended December 31, 2021, are as follows:

Non-Participant Directed Investments (Belden Inc. Stock)	December 31, 2021
Changes in net assets	
Contributions	\$ 4,971,990
Rollovers	2,000
Dividends	17,426
Net appreciation in fair value	2,539,498
Other investment income	85,174
Benefits paid to participants	(307,159)
Transfers to other Plan investments	(680,221)
Net increase	6,628,708
Balance at beginning of year	2,060,693
Balance at end of year	<u>\$ 8,689,401</u>

6. Fully Benefit-Responsive Investment Contracts

The Plan entered into a group annuity contract with PRIAC. The group annuity contract meets the fully benefit responsive investment reporting criteria and therefore is reported at contract value. The contract value of this contract at December 31, 2021 and 2020 was \$51,414,582 and \$55,250,917, respectively. As part of the contract, PRIAC maintains a portion of the contributions in a “guaranteed income account.” The account is credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses charged by PRIAC. The guaranteed income account is included in the financial statements at contract value. Under the group annuity insurance contract that supports this product, participants may ordinarily direct permitted withdrawal or transfers of all or a portion of their account balance at contract value within reasonable timeframes. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees. The contract is effected directly between the plan sponsor (or the Trustee) and the issuer. The repayment of principal and interest credited to participants is a financial obligation of the issuer. The minimum credit rate under this contract is 1.5%. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Notes to Financial Statements

7. Tax Status

In the Plan's latest opinion letter dated April 29, 2014, the Internal Revenue Service stated that the Plan and related trust, as then designed, is in accordance with the applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500:

	<u>December 31, 2021</u>	<u>December 31, 2020</u>
Net assets available for benefits per the financial statements	\$ 356,531,149	\$ 317,277,976

Net assets available for benefits per Schedule H to Form 5500	<u>\$ 356,276,776</u>	<u>\$ 317,037,202</u>

The following is a reconciliation of the change in net assets available for benefits per the financial statements for the year ended December 31, 2021 to Schedule H of Form 5500:

	<u>2021</u>
Change in net assets available for benefits per financial statements	\$ 39,253,173
Plus: Prior year contributions included in current year Schedule H of Form 5500	240,774

9. Related Party and Party-In-Interest Transactions

Certain Plan investments are shares of a guaranteed income account managed by PRIAC. PRIAC is a trustee and custodian as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Certain fees paid to PRIAC for investment management services are incorporated into the investment return of the guaranteed income account.

Notes receivable are secured by the vested balance of participant accounts, and, as such, these transactions qualify as party-in-interest transactions.

The Plan invests in Belden, Inc. the common stock of the plan sponsor, which also qualifies as a related party transaction. As of December 31, 2021 and 2020, the plan held 132,198 and 49,181 shares, respectively, of Belden, Inc. common stock at a value of \$8,689,401 and \$2,060,693, respectively. Refer to Note 5 for further details of the activity in the Belden, Inc. common stock. Transactions in such investments qualify as related party transactions, which are exempt from the prohibited transaction rules.

10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

11. Plan Transfer

The Prosoft Technology, Inc. and the OTN USA LLC 401(K) plans merged with the Belden Inc. Retirement Savings Plan on January 1, 2021, and November 1, 2021, respectively. The assets transferred into the Plan were approximately \$11.2 million and \$0.3 million, respectively.

12. Late Contribution Remittances

Due to processing delay, the Company did not meet the remittance requirements as described by the Department of Labor regulations for a pay period during the 2020 Plan Year. The employee contributions and loan payments in question totaled \$269,053 for the year ended December 31, 2020. The Company has determined that the lost income attributable to the affected participants' accounts during 2020 was \$271. The Company made the appropriate corrective contribution before December 31, 2021.

Belden Inc. Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Belden Inc. Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Belden Inc. Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Belden Inc. Retirement Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Belden Inc. Retirement Savings Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Belden Inc. Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Belden Inc. Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of the year) as of December 31, 2021 and delinquent participant contributions for the year then ended (collectively, "supplemental schedules") are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Belden Inc. Retirement Savings Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 14, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of the Plan

The following description of the Belden Inc. Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan's Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan with a 401(k) feature sponsored by Belden Inc. (the Company or the Employer). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan document was amended and restated effective January 1, 2011 to include regulatory and other changes evidenced by previous amendments. The Plan was restated again effective January 1, 2019 to include both the Quantel and Snell, Inc. Retirement Savings Plans into the Belden Inc. Retirement Savings Plan.

The Plan was amended to discontinue contributions from all Grass Valley employees allowing them to contribute to the Grass Valley 401(k) Plan beginning on January 1, 2020. On July 2, 2020, all Grass Valley participants were 100% vested and terminated from the Plan.

Effective January 1, 2021, the Plan was amended to merge the Prosoft Technology, Inc. Savings Plan into the Belden Inc. Retirement Savings Plan.

The Plan was further restated effective November 1, 2021, to merge the OTN Systems USA LLC 401(k) Profit Sharing Plan and Trust into the Belden Inc. Retirement Savings Plan.

Eligibility for Participation

An eligible employee as defined by the Plan document becomes a participant of the Plan on the date of employment.

Contributions

Participant contributions are remitted each pay period to the Plan by the employer from employee payroll deductions. Company 401(k) matching contributions are made to the Plan each pay period based on Plan provisions. The Plan also accepts qualified employee rollover contributions.

Belden Inc.
Retirement Savings Plan

Notes to Financial Statements

Under the 401(k) feature, participants may contribute from 1% to 75% of their eligible compensation on a pretax basis. The Company matches 100% of the first 3% contributed and 50% of the second 3% contributed. All contributions are subject to applicable limitations. Participant contributions and Company matching contributions are fully vested when they are made. Effective on and after July 1, 2020, the Company may make in-kind contributions of its common stock (“Belden stock” or “Company common stock”) to satisfy all or part of any Matching Contribution under the Plan. Such contributions are maintained in a Belden Stock Fund. A Participant is permitted, at any time, to direct the investment of his or her account in the Belden Stock Fund to any other investment alternative then permitted under the Plan, subject to applicable Insider Trading and Blackout Period rules. No Elective Deferrals, Rollover Contributions nor any other Participant contribution may be made to the Belden Stock Fund and a Participant may not transfer any Plan assets from other investment alternatives into the Belden Stock Fund.

A Participant invested in the Belden Stock Fund may vote shares of Belden Stock allocated to his or her account. All dividends paid on Belden Stock within the Belden Stock Fund shall be reinvested in the Belden Stock Fund.

A separate account is maintained for each participant, and participants may invest their savings in any combination of the available fund options in whole percent increments. Participants can transfer their fund balance to another fund on a daily basis.

Cash and non-cash contributions were \$17, and \$4,971,990, respectively, for the plan year-ended December 31, 2021. For the plan year-ended December 31, 2020, cash and non-cash contributions were \$1,763,294, and \$2,547,055, respectively.

Investments

Prudential Bank and Trust, F.S.B. (“Prudential”) and Prudential Retirement Insurance and Annuity Company (“PRIAC”), the Trustees hold all of the Plan’s assets and are responsible for benefit payments from the trust fund according to information submitted by the Plan sponsor and participants.

Participant Accounts

The Company has established and maintains accounts for each participant. These accounts are credited with investment income based upon the participant’s account balances in relation to the total fund balances to which they have elected to contribute.

Belden Inc.
Retirement Savings Plan

Notes to Financial Statements

Prior to 1999, certain employees participated in an Individual Account Retirement (“IAR”) benefit feature. Under this feature, the Company made contributions and maintained separate accounts for each participant. When the IAR feature was discontinued, certain participants transferred their account balances out of the Plan. The fund balances of those IAR participants that elected to leave their account balances in the Plan are invested in the guaranteed income account and are also credited with investment income.

Notes Receivable from Participants

Participants who are active employees of the Company are permitted to borrow from their accounts up to amounts specified in the Plan’s provisions. Participants borrow at interest rates determined by the Plan and may not have more than one loan outstanding at any time. Principal and interest are paid ratably through payroll deductions. The loans are secured by the balance in the participant’s account.

Benefits

The Summary Plan Description, which is provided to participants, contains a description of the Plan and how participants may receive benefit payments. The Plan provides for the payment of benefits to participants upon retirement in a lump-sum payment, depending on the participant’s election. A participant who is also a participant in the Belden Pension Plan may elect to transfer his account to the Belden Pension Plan for purposes of converting it to an annuity.

Withdrawal Rights

Participants may withdraw amounts from their accounts before retirement subject to Plan provisions and Internal Revenue Code (“IRC”) regulations. Participants are allowed to make hardship and age 59 1/2 withdrawals.

In addition, due to the enactment of the Coronavirus Aid, Relief, and Economic Security Act (the “CARES Act”) on March 27, 2020, certain Plan participants qualified for a new COVID-related distribution option. Individuals who were diagnosed with (or those whose spouse or dependent was diagnosed with) COVID-19, or who experienced adverse financial consequences as a result of being quarantined, furloughed or laid off, having work hours reduced or being unable to work due to lack of childcare due to COVID-19 (“Qualified Individuals”), could choose to take COVID-related distributions of up to \$25,000 in 2020 without being subject to either the usual early distribution penalty applicable to those who have not yet reached age 59-1/2 or the mandatory withholding requirement. The distribution may be returned to the Plan during a three-year period following the distribution. As a result of the Plan’s implementation of a portion of the CARES Act, Plan participants who were Qualified Individuals were able to suspend, for up

to one year, loan repayments which would otherwise have been due between the date this provision was implemented and December 31, 2020, with interest continuing to accrue while repayment was suspended.

Plan Termination

Although the Company has not expressed any intent to terminate the Plan, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants are fully vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation/Income Recognition

Investments are reported at fair value, or net asset value (“NAV”) for collective trust funds, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan’s Investment Committee determines the Plan’s valuation policies utilizing information provided by the investment advisors and custodians. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes to Financial Statements

Expenses

In accordance with the provisions of the Plan, certain administrative expenses were paid by the Plan and are included in the accompanying financial statements. Investment related expenses are included in net appreciation of fair value of investments. Any administrative expenses not meeting the Plan provisions were paid by the Company and are not included in the accompanying financial statements. Fees related to administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded. No allowance for credit losses has been recorded as of December 31, 2021 or 2020.

3. Certification of Investments

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the ERISA. Accordingly, as permitted under such election, the Plan Administrator has obtained certifications from Prudential and PRIAC that all of the investment information provided by Prudential and PRIAC included in the accompanying financial statements and Schedule of Assets (Held at End of Year) are complete and accurate. Information as to the investments in the accounts of Prudential and PRIAC, investment income, notes receivable from participants, and all information appearing in the accompanying statements and supplemental schedules are presented in reliance solely upon these certifications.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Belden Inc.
Retirement Savings Plan

Notes to Financial Statements

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement. The Plan has concluded that there were no Level 3 investments.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Collective Trusts - The collective trusts are valued at the NAV of the units held by the Plan. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily.

Company common stock - The Company Stock Fund is valued at quoted market prices of shares held by the Plan on the last business day of the Plan year plus any uninvested cash holdings.

- (a) Certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table for December 31, 2021 and 2020, sets forth a summary of the Plan's investments with a reported NAV as a practical expedient.

5. Non-Participant Directed Investments

Significant components of the non-participant-directed fund in the statement of changes in net assets available for benefits for the year ended December 31, 2021, are as follows:

Non-Participant Directed Investments (Belden Inc. Stock)	December 31, 2021
Changes in net assets	
Contributions	\$ 4,971,990
Rollovers	2,000
Dividends	17,426
Net appreciation in fair value	2,539,498
Other investment income	85,174
Benefits paid to participants	(307,159)
Transfers to other Plan investments	(680,221)
Net increase	6,628,708
Balance at beginning of year	2,060,693
Balance at end of year	<u>\$ 8,689,401</u>

6. Fully Benefit-Responsive Investment Contracts

The Plan entered into a group annuity contract with PRIAC. The group annuity contract meets the fully benefit responsive investment reporting criteria and therefore is reported at contract value. The contract value of this contract at December 31, 2021 and 2020 was \$51,414,582 and \$55,250,917, respectively. As part of the contract, PRIAC maintains a portion of the contributions in a “guaranteed income account.” The account is credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses charged by PRIAC. The guaranteed income account is included in the financial statements at contract value. Under the group annuity insurance contract that supports this product, participants may ordinarily direct permitted withdrawal or transfers of all or a portion of their account balance at contract value within reasonable timeframes. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees. The contract is effected directly between the plan sponsor (or the Trustee) and the issuer. The repayment of principal and interest credited to participants is a financial obligation of the issuer. The minimum credit rate under this contract is 1.5%. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

7. Tax Status

In the Plan's latest opinion letter dated April 29, 2014, the Internal Revenue Service stated that the Plan and related trust, as then designed, is in accordance with the applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500:

	<u>December 31, 2021</u>	<u>December 31, 2020</u>
Net assets available for benefits per the financial statements	\$ 356,531,149	\$ 317,277,976
Less: Contributions receivable	<u>(254,373)</u>	<u>(240,774)</u>
Net assets available for benefits per Schedule H to Form 5500	<u>\$ 356,276,776</u>	<u>\$ 317,037,202</u>

The following is a reconciliation of the change in net assets available for benefits per the financial statements for the year ended December 31, 2021 to Schedule H of Form 5500:

	<u>2021</u>
Change in net assets available for benefits per financial statements	\$ 39,253,173
Plus: Prior year contributions included in current year Schedule H of Form 5500	240,774
Less: Contribution receivable	<u>(254,373)</u>
Change in net assets available for benefits per Schedule H of Form 5500	<u>\$ 39,239,574</u>

9. Related Party and Party-In-Interest Transactions

Certain Plan investments are shares of a guaranteed income account managed by PRIAC. PRIAC is a trustee and custodian as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Certain fees paid to PRIAC for investment management services are incorporated into the investment return of the guaranteed income account.

Notes receivable are secured by the vested balance of participant accounts, and, as such, these transactions qualify as party-in-interest transactions.

The Plan invests in Belden, Inc. the common stock of the plan sponsor, which also qualifies as a related party transaction. As of December 31, 2021 and 2020, the plan held 132,198 and 49,181 shares, respectively, of Belden, Inc. common stock at a value of \$8,689,401 and \$2,060,693, respectively. Refer to Note 5 for further details of the activity in the Belden, Inc. common stock. Transactions in such investments qualify as related party transactions, which are exempt from the prohibited transaction rules.

10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

11. Plan Transfer

The Prosoft Technology, Inc. and the OTN USA LLC 401(K) plans merged with the Belden Inc. Retirement Savings Plan on January 1, 2021, and November 1, 2021, respectively. The assets transferred into the Plan were approximately \$11.2 million and \$0.3 million, respectively.

12. Late Contribution Remittances

Due to processing delay, the Company did not meet the remittance requirements as described by the Department of Labor regulations for a pay period during the 2020 Plan Year. The employee contributions and loan payments in question totaled \$269,053 for the year ended December 31, 2020. The Company has determined that the lost income attributable to the affected participants' accounts during 2020 was \$271. The Company made the appropriate corrective contribution before December 31, 2021.
