INDEPENDENT AUDITOR'S REPORT

To the Plan Committee and Participants of
Ulrey Foods, Inc. Profit Sharing Plan
Dublin, Ohio

Opinion

We audited the financial statements of the Ulrey Foods, Inc. Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2021 and 2020, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued (or within one year after the date that the financial statements are available to be issued when applicable).

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one

resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules as outlined on the Table of Contents are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

ULREY FOODS, INC. PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF THE PLAN

The following summary description of the Ulrey Foods, Inc. Profit Sharing Plan (the “Plan”) is provided for general information purposes. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution profit sharing plan available to employees of Ulrey Foods, Inc. (the “Plan Sponsor”) who meet the eligibility requirements, as defined. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Committee is responsible for oversight of the Plan, determines the appropriateness of the Plan’s investment offerings and monitors investment performance.

Eligibility

Upon reaching 21 years of age and completing one year of service in which a minimum of 1,000 hours are worked, employees may enter the Plan on January 1st or July 1st of a Plan year.

Contributions

The Plan Sponsor may make a discretionary profit sharing contribution to the Plan each year and in such amount, if any, that is determined by the Plan Sponsor. The contribution allocation formula is a comprehensive four step calculation per eligible participant as defined in the Plan agreement. To be eligible for a contribution, participants must meet the eligibility requirements defined above, work at least 1,000 hours during the Plan year, and be employed by the Plan Sponsor on December 31 of the Plan year. Employee deferrals are not permitted under the plan agreement.

Participant Accounts

Each participant’s account is credited with allocations of any Plan Sponsor contributions, Plan earnings, and Plan forfeitures and charged with an allocation of administrative expenses. Allocations are based on Plan earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. Processing fees may be paid by the Plan for items such as distributions at termination of employment. Processing fees are allocated to the relevant participant account. The Plan’s investments are not participant directed and investments are evaluated and determined by the Plan Committee.

Vesting

Participants become vested in the Plan Sponsor’s discretionary contributions in accordance with the following schedule:

<u>Years of Service</u>	<u>Vested Interest</u>
Less than 2 years	0%
2 years but less than 3	20%
3 years but less than 4	40%
4 years but less than 5	60%
5 years but less than 6	80%
6 years or more	100%

ULREY FOODS, INC. PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Payment of Benefits

Upon termination of service due to death, disability, early retirement (as defined in the plan agreement) or normal retirement (age 65), a participant or his or her beneficiary may elect to receive the value of the participant's vested interest in his or her account. The Plan may elect to make a mandatory distribution of account balances that are up to \$1,000.

Forfeited Amounts

Forfeitures are allocated to participants of the Plan. During the Plan years ended December 31, 2021 and 2020, \$4,687 and \$4,243 in forfeitures were allocated to participants, respectively. As of December 31, 2021 and 2020, the Plan did not have any unallocated forfeitures.

Basis of Accounting

The financial statements of the Plan are maintained on the accrual basis of accounting.

Use of Estimates

The preparation of the financial statements consistent with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan Administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Committee determines the Plan's valuation policies utilizing information provided by the investment custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses are generally paid by the Plan Sponsor and are excluded from these financial statements, except for investment fees from Merrill Lynch, Pierce, Fenner & Smith Inc. and transaction specific fees, such as distribution fees, which are paid out of the Plan.

Subsequent Events

Subsequent events have been evaluated through September 27, 2022, which is the date the financial statements were available to be issued. See Note 8 for subsequent event disclosure.

ULREY FOODS, INC. PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 3: FAIR VALUE MEASUREMENTS

Accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; or
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds and money fund: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds and money fund held by the Plan are deemed to be actively traded

Corporate stocks: Valued at closing price reported on the active market on which the individual securities are traded.

ULREY FOODS, INC. PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 3: FAIR VALUE MEASUREMENTS (CONTINUED)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

Assets at Fair Value as of December 31, 2021

	Level 1	Level 2	Level 3	Total
Money fund	\$521,435	\$ -	\$ -	\$521,435
Mutual funds	942,204	-	-	942,204
Corporate stocks	705,873	-	-	705,873
Total assets at fair value	<u>\$ 2,169,512</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 2,169,512</u>

Assets at Fair Value as of December 31, 2020

	Level 1	Level 2	Level 3	Total
Money fund	\$460,580	\$ -	\$ -	\$ 460,580
Mutual funds	748,715	-	-	748,715
Corporate stocks	693,880	-	-	693,880
Total assets at fair value	<u>\$ 1,903,175</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 1,903,175</u>

For the years ended December 31, 2021 and 2020, the Plan did not hold any Level 3 assets.

NOTE 4: PLAN TERMINATION

Although the Plan sponsor has not indicated any intent to do so, it has the right to terminate the Plan at any time. In the event the Plan sponsor terminates the Plan, participants become fully vested and are entitled to receive the value of their account, including employer contributions and earnings thereon.

NOTE 5: PARTY-IN-INTEREST TRANSACTIONS

Merrill Lynch, Pierce, Fenner & Smith Inc. was the custodian of the Plan for the years ended December 31, 2021 and 2020. Crowe LLP was the third party administrator for the Plan for the years ended December 31, 2021 and 2020. Consequently, transactions and associated administrative expenses between the Plan and these entities qualify as party-in-interest transactions.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 6: TAX STATUS

Merrill Lynch, Pierce, Fenner & Smith, sponsor of the Prototype Defined Contribution Plan and Trust document, has obtained an opinion letter dated March 31, 2014, in which the IRS stated that the restated prototype plan document was in compliance with applicable requirements of the Internal Revenue Code (IRC). The plan sponsor adopted this restated prototype plan document on January 1, 2015. The Plan was amended January 1, 2019. The prototype plan opinion letter has been relied upon by this Plan. The plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

In accordance with GAAP, Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the 2021 statement of net assets available for benefits.

As of December 31, 2021, the Plan held \$505,511 of a money fund and \$901,571 of American Funds mutual funds, which was approximately 23% and 42%, respectively, of total investments. Therefore, net assets available for benefits are particularly sensitive to changes related to these investments.

NOTE 8: SUBSEQUENT EVENT

Subsequent to year end, the Plan was restated effective August 25, 2022 with no significant changes to Plan provisions, except for allowing for participant contributions through payroll deferrals.
