INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
DS Graphics, Inc. Employee Savings 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of DS Graphics, Inc. Employee Savings 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of DS Graphics, Inc. Employee Savings 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution, (Reliance Trust Company) as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of DS Graphics, Inc. Employee Savings 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or

error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about DS Graphics, Inc. Employee Savings 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of DS Graphics, Inc. Employee Savings 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about DS Graphics, Inc. Employee Savings 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets held at December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The following brief description of the DS Graphics, Inc. Employee Savings 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a participant directed defined contribution plan established January 1, 1994, which covers all full-time employees of DS Graphics, Inc. (the Company) who elect to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Amendments

Effective May 1, 2019, the Plan was amended to allow participant loans from acquired United Wilde to be rolled into DS Graphics, Inc. Employee Savings 401(k) Plan.

Subsequently, effective January 1, 2020, the Plan was amended to allow Roth contributions.

Effective January 1, 2010, the Plan was amended to comply with certain provisions of the Economic Growth and Tax Relief Reconciliation Act of 2001 (EGTRRA).

Eligibility

Employees in the United States become eligible to participate in the Plan upon reaching the age of 21 and having completed three (3) months of service. Entrance into the Plan is effective the first day of the month following completion of service eligibility.

Contributions

Participants may elect to contribute up to 100% of their pretax annual compensation subject to annual limitations as provided by the Internal Revenue Code. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may direct their contributions among various investment vehicles which include mutual funds and a variety of equity securities. Participants may rollover amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Company makes a discretionary matching contribution to each participant's account. Employees are eligible to participate in employer matching contributions as of the first day of the calendar quarter following the completion of a year of service for eligibility purposes and attainment of age 21. The Company did not make a discretionary matching contribution for 2021. During 2020, the Company's annual match was 17% of the participants' contribution to a maximum of 6%.

The Company may contribute at its discretion, and as voted on by the Company's Board of Directors, a discretionary plan profit sharing contribution. Participants must be employed as of the last day of the Plan year to be eligible for any profit-sharing contribution. The Company did not make any profit-sharing contribution for 2021 or 2020.

Note 1 - Description of the Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of any Company contribution and Plan earnings, and is charged with an allocation of administrative expenses, as applicable. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective contributions and actual earnings thereon. The participant is 100% vested after six years of service in the employer matching contributions as shown below:

<u>Years of Service</u>	<u>Vested Percentage</u>
up to one year	0%
after two years	20%
after three years	40%
after four years	60%
after five years	80%
after six years	100%

Forfeitures of Accounts

Termination of a participant before being fully vested results in forfeiture of the non-vested portion of the participant's account balance. Forfeitures may be used to reduce the Company contribution. The forfeited non-vested account was \$0 and \$870 at December 31, 2021 and 2020, respectively.

Notes Receivable from Participant

Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000, or fifty percent of their vested account balance. Loan terms range from 1 to 5 years or up to 10 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Trustee. Principal and interest are paid ratably through payroll deductions. Participants may only have two loans outstanding at any time.

Payment of Benefits

Employees are permitted to withdraw funds from their accounts upon attaining the age of 59-1/2, retirement, termination, financial hardship, disability, or death. The participant or beneficiary may elect to receive lump-sum cash payments or installment payments.

Hardship distributions may be requested if any of the following financial needs are met: (1) medical expenses for the participant, participant's spouse, children, or dependents; (2) the purchase of the participant's principal residence; (3) to prevent the participant's eviction from or foreclosure on a principal residence; (4) to pay post-secondary education expenses for the participant, participant's spouse, children, or dependents; (5) funeral or burial expenses of

spouse, parent child or other dependent; and (6) damage repair expenses to a principal residence that would qualify for the casualty deduction under IRC Sec. 165.

Plan Termination

Although management has not expressed any intent to do so, the Company has the right under the Plan to discontinue and terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, any unvested participants will become 100% vested in their accounts.

Administrative Expenses

Certain administrative expenses of the Plan are borne by the Company.

Note 2 - Summary of Accounting Policies

Basis of Accounting

The Plan financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value based on quoted market price. Fully benefit-responsive investment contracts are reported at contract value. The mutual funds are valued based upon the net asset value of the underlying assets of the account.

Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date and interest income is recorded on the accrual basis. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year (unrecognized gain or loss).

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid outstanding balances plus accrued and unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and expensed as incurred. No allowance for credit losses have been recorded as of December 31, 2021 or 2020.

Contributions

Employee contributions are recorded bi-weekly into participants selected investments as the Plan sponsor remits payroll withholdings to the Fiduciary. The employer discretionary match is made and recorded on an annual basis.

Benefits

Benefits are recorded when paid to participants or beneficiaries.

Note 2 - Summary of Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires that Plan management make estimates and assumptions that affect the reported amounts in the financial statements and accompanying notes. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides to participants various investment options consisting primarily of mutual funds. Mutual funds invest in securities, such as, stocks, bonds, and fixed rate income securities. Investment securities are exposed to risks including changing interest rates, market fluctuations and credit risks. Due to the level of risk associated with investment securities, it is reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Concentration of Credit Risk

The Plan's investments are held by Ascensus Trust Company, as Trustee. The Plan's exposure to credit risk is associated with the entity's non-performance of its fiduciary responsibility relating to those amounts. Benefits provided by the Plan are not insured or guaranteed by the Pension Benefit Guaranty Corporation.

Income Taxes

The Plan is subject to routine audits by federal taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Tax returns for the years ended December 31, 2018, and prior are no longer available for review.

Subsequent Events

The Plan Administrator has evaluated subsequent events through September 22, 2022, the date at which the statements were approved and available to be issued.

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 and its applicability to the Plan are described:

Level 1 – Pricing inputs are quoted prices available in active markets for identical investments as of the reporting date. As required by the FASB "Fair Value Measurements and Disclosures" topic, the Plan does not adjust the quoted price for these investments, even in situations where the Plan holds a large position, and a sale could reasonably impact the quoted price.

DS Graphics, Inc. Employee Savings 401(k) Plan
Notes to Financial Statements
December 31, 2021

Note 3 – Fair Value Measurements (continued)

Level 2 – Pricing inputs are quoted prices for similar investments, or inputs that are observable, either directly or indirectly, for substantially the full term through corroboration with observable market data. Level 2 includes investments valued at quoted prices adjusted for legal or contractual restrictions specific to these investments.

Level 3 – Pricing inputs are unobservable for the investment, that is, inputs that reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing the asset or liability. Level 3 includes investments that are supported by little or no market activity.

The asset fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table presents the financial instruments related to the Plan's assets carried at fair value as of December 31, 2021, by the FASB Fair Value hierarchy (as defined above).

	Level 1	Level 2	Level 3	Total

Note 4 - Income Tax Status

The Company has received a determination letter dated March 31, 2008, indicating that the Plan and related trust are in accordance with the applicable sections of the Internal Revenue Code.

The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified, and the related trust is tax exempt.

Note 5 - Related Party Transactions

Ascensus Trust Company is the Trustee as defined by the Plan. Certain participant investments are in mutual funds managed by the Trustee and these transactions are considered to be a party-in-interest.

All Trustee fees for 2021 were paid by the Company.

Participant loans granted in accordance with the Plan are considered as party-in-interest transactions.
