Report of Independent Auditors

Retirement Plan Committee
Midlands Orthopaedic and Neurosurgery, PA Retirement Plan

Scope and Nature of the Employee Retirement Income Security Act of 1974 (“ERISA”) Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of the Midlands Orthopaedic and Neurosurgery, PA Retirement Plan (the “Plan”), an employee benefit plan subject to ERISA, as permitted by ERISA Section 103(a)(3)(C) (“ERISA Section 103(a)(3)(C) audit”). The financial statements comprise the statement of net assets available for Plan benefits as of December 31, 2021, and the related statement of changes in net assets available for Plan benefits for the year then ended, and the related notes to the financial statements (“2021 Financial Statements”).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan’s 2021 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (“investment information”) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA (“qualified institution”).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors’ Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States.

Retirement Plan Committee
Midlands Orthopaedic and Neurosurgery, PA Retirement Plan

Opinion on the 2021 Financial Statements (continued)

- the information in the accompanying 2021 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the 2021 Financial Statements in accordance with accounting principles generally accepted in the United States, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Retirement Plan Committee
Midlands Orthopaedic and Neurosurgery, PA Retirement Plan

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Retirement Plan Committee
Midlands Orthopaedic and Neurosurgery, PA Retirement Plan

Auditors' Responsibilities for the Audit of the 2021 Financial Statements (continued)

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule as of December 31, 2021, as listed in the accompanying table of contents, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Retirement Plan Committee
Midlands Orthopaedic and Neurosurgery, PA Retirement Plan

Other Matter - Supplemental Schedule Required by ERISA (continued)

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditors' Report on the 2020 Financial Statements

We were engaged to audit the accompanying 2020 financial statements of the Plan, which comprise the statement of net assets available for Plan benefits as of December 31, 2020, and the related statement of changes in net assets available for Plan benefits for the year then ended, and the related notes to the financial statements. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 20, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements
December 31, 2021 and 2020

1. Description of Plan

The following description of the Midlands Orthopaedic and Neurosurgery, PA Retirement Plan (the "Plan") provides only general information. Participants may refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, which provides retirement benefits to eligible employees of the Plan sponsor, Midlands Orthopaedics and Neurosurgery, PA (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). All employees with a minimum of two months of service who are at least 18 years old are eligible to participate in the Plan. Employees may enter the Plan on the first day of the month after meeting eligibility requirements.

All employees with a minimum of one year of service and 1,000 hours who are at least 21 years old are eligible to receive discretionary nonelective employer contributions and discretionary employer matching contributions. Employees may begin receiving employer contributions on the earlier of the first day of the Plan year or the first day of the fourth, seventh or tenth month of such Plan year, coinciding with the date such employee meets the eligibility requirements.

Plan Amendments

For the plan year ended December 31, 2020, the Plan adopted the following provisions of the Coronavirus, Aid, Relief, and Economic Security ("CARES") Act that was signed into law on March 27, 2020.

- **Coronavirus-Related Distributions ("CRDs"):** The CARES Act allowed for participants affected by COVID-19 to withdraw an aggregate limit of \$100,000 from the Plan beginning on or after January 1, 2020 and before December 30, 2020. CRDs are not subject to the 10% early withdrawal penalty. Participants can (1) report the full distribution as income in 2020, (2) recognize the income ratably over a three-year period, or (3) repay all or part of the distribution back to the Plan tax-free within three years of the date of the CRD withdrawal.
- **Plan Loan Relief:** The CARES Act provided for a temporary loan repayment deferral. The deferral provision adopted by the Plan allowed qualified Plan participants who have Plan loan repayments to defer such repayments until 2021.
- **Temporary Waiver of Required Minimum Distributions ("RMDs"):** The Plan implemented the temporary waiver of RMDs allowed for under the CARES Act.

Management expects to retroactively adopt the required plan amendment for the above provisions by December 31, 2022, which is within the Internal Revenue Service ("IRS") required timeframe.

1. Description of Plan (continued)

Contributions

Employees may make annual deferral contributions up to 90 percent of their compensation as defined in the Plan document. Participants are automatically enrolled into the Plan once they meet the eligibility requirements at a deferral rate of 6% of eligible pretax compensation and must opt out of the Plan in order to not participate. Unless a participant elects otherwise, participant deferral rates will increase by 1% annually until they reach 10%. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

All employer contributions are made at the discretion of the Company, but may not exceed the maximum amount allowable as an income tax deduction to the Company. For the years ended December 31, 2021 and 2020, the Company made discretionary employer profit sharing contributions to eligible participants' accounts in the Plan totaling approximately \$675,000 and \$677,000, respectively.

Participant Accounts

Each participant's account is credited with the participant's elected deferral contributions, employer contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Participants may elect to allocate contributions among a variety of fund options or can self-direct investments. The allocations remain in effect until a new election is made.

Earnings or losses are allocated by fund based on the ratio of a participant's account invested in a particular fund to all participants' investments in that fund. For participant self-directed brokerage accounts with Fidelity BrokerageLink, which consist of common stocks, mutual funds, and cash and cash equivalents, earnings are tracked by specific investments. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Midlands Orthopaedic and Neurosurgery, PA Retirement Plan
Notes to Financial Statements
December 31, 2021 and 2020

1. Description of Plan (continued)

Vesting

Participants are immediately 100% vested in their participant contributions plus actual earnings thereon.

Vesting in employer contributions is based on years of credited service according to the following schedule:

Years of Service	Vesting Percentage
1	20%
2	40%
3	60%
4	80%
5	100%

Notes Receivable from Participants

Under the terms of the Plan, participants may borrow from their accounts, subject to certain restrictions. All loans must be made on a uniform and nondiscriminatory basis, be adequately secured, bear a reasonable interest rate, and have a definite repayment schedule over a reasonable period of time not to exceed the earlier of five years or the normal retirement date (unless for the purpose of purchasing a principal residence). Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 reduced by the participant's highest outstanding loan balance in the previous 12 months, or fifty percent of their vested account balance. Loans are secured by the balance in the participant's account. Interest rates are established on the date of the loan based on rates charged for similar types of loans by other lenders. Outstanding notes receivable from participants had interest rates ranging from 4.25% to 6.50% as of December 31, 2021. Principal and interest is paid ratably through monthly payroll deductions.

Payment of Benefits

Upon retirement, disability, death, termination of employment, or attainment of age 59½, participants or their beneficiaries may elect to receive their vested portion of Plan assets in one lump sum or as a combination of lump-sum and installments as provided by the Plan document. While employed by the Company, participants are permitted to withdraw contributions made on a pre-tax basis before age 59½ only in cases of severe financial hardship.

1. Description of Plan (continued)

Forfeited Accounts

Participant forfeitures may be used to reduce the Company's contributions or be used to pay Plan expenses. Forfeitures of approximately \$14,500 and \$0 were used to reduce employer contributions during the years ended December 31, 2021 and 2020, respectively. Forfeitures of approximately \$21,200 and \$19,200 were used to pay plan administrative fees during the years ended December 31, 2021 and 2020, respectively. As of December 31, 2021 and 2020, unallocated forfeiture accounts totaled \$0 and approximately \$19,000, respectively.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Administrative Expenses

The Plan pays trustee, recordkeeping, and investment advisory fees. Any administrative expenses not paid by the Plan are paid by the Company.

2. Basis of Presentation and Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared in accordance with accounting principles generally accepted in the United States ("US GAAP").

Estimates

The preparation of financial statements in accordance with US GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

Midlands Orthopaedic and Neurosurgery, PA Retirement Plan
Notes to Financial Statements
December 31, 2021 and 2020

2. Basis of Presentation and Summary of Significant Accounting Policies (continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a distribution based on the terms of the Plan document.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are reflected on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties

The Plan may invest in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values in investment securities will occur in the near term and that these changes could materially affect the amounts reported in the 2021 statement of net assets available for plan benefits.

Payment of Benefits

Benefits are recorded when paid.

3. Trustee Certification

Information disclosed in the accompanying financial statements as of and for the years ended December 31, 2021 and 2020 related to investments, notes receivable from participants, cash and cash equivalents, net appreciation in fair value of investments, and interest and dividends, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Fidelity Management Trust Company ("Fidelity"), the trustee of the Plan.

Midlands Orthopaedic and Neurosurgery, PA Retirement Plan
Notes to Financial Statements
December 31, 2021 and 2020

4. Fair Value Measurements

US GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets; Level 2 inputs consist of observable inputs other than quoted prices for identical assets; and Level 3 inputs to the valuation methodology are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. All of the Plan's mutual fund investments and common stocks of self-directed brokerage accounts were valued using Level 1 inputs.

Mutual funds – Valued at the daily closing price as reported by the funds. The mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. The funds are required to publish their daily net asset value (“NAV”) and to transact at that price. Mutual funds held by the Plan are deemed to be actively traded.

Money Market Fund – The Company invests in a money market fund to provide daily liquidity. Fair value is based on the net asset value (“NAV”) that can be validated with a sufficient level of observable activity (i.e. purchases and sales at NAV).

Self-directed brokerage accounts – Consist of common stocks, mutual funds, and cash and cash equivalents. Fair values of all self-directed brokerage account investments, except for cash and cash equivalents, are valued at the closing price reported on the active market on which individual securities are traded. Cash and cash equivalents are stated at cost, which approximates fair value.

Stable value fund - The Plan is invested in the Fidelity Managed Income Portfolio Class 1 (“FMIP”), a collective trust that invests in benefit-responsive investment contracts, fixed income securities, and money market funds. FMIP is valued at the NAV of units of the account. The NAV, as provided by the issuer, is used as a practical expedient to estimate fair value. The NAV of this account is based on the fair values of the underlying investments held less the account's liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the account, the account provider reserves the right to temporarily delay withdrawal from the account in order to ensure that security liquidations will be carried out in an orderly business manner.

The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

Midlands Orthopaedic and Neurosurgery, PA Retirement Plan
Notes to Financial Statements
December 31, 2021 and 2020

4. Fair Value Measurements (continued)

Gains and losses (realized and unrealized) included in changes in net assets available for plan benefits for the years ended December 31, 2021 and 2020, are reported in net appreciation in fair value of investments.

5. Income Tax Status

Through April 20, 2022, the Plan was a volume submitter profit sharing plan, provided by Fidelity Management and Research Company, designed to be in compliance with the applicable requirements of the Internal Revenue Code (“IRC”). The Internal Revenue Service (“IRS”) determined and informed Fidelity by a letter dated March 31, 2014, that the volume submitter, as then designed, was in accordance with applicable sections of the IRC.

Effective April 21, 2022, the Plan document was restated to a non-standardized pre-approved profit sharing plan, provided by Fidelity Management and Research Company, designed to be in compliance with the applicable requirements of the IRC. The IRS determined and informed Fidelity by a letter dated June 30, 2020, that the plan, as then designed, was in accordance with applicable sections of the IRC.

The Plan administrator and the Plan’s tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore, believe that the Plan is qualified and the related trust was tax-exempt. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

US GAAP requires the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. No such liabilities were identified at December 31, 2021 and 2020. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan is subject to examinations by tax authorities for returns filed since 2018.

6. Parties-in-Interest Transactions

Plan investments are managed by Fidelity. All transactions with Fidelity qualify as party-in-interest transactions. Fees incurred for investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. Fees paid by the Plan to Fidelity for certain administrative and recordkeeping services amounted to approximately \$55,000 and \$49,000 for the years ended December 31, 2021 and 2020, respectively.

These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.
