INDEPENDENT AUDITOR'S REPORT

To the Trustees of the
Tri-State Truck Center, Inc. 401(k) Retirement Plan
Memphis, Tennessee

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Tri-State Truck Center, Inc. 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of Tri-State Truck Center, Inc. 401(k) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Tri-State Truck Center, Inc. 401(k) Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Tri-State Truck Center, Inc. 401(k) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Tri-State Truck Center, Inc. 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Tri-State Truck Center, Inc. 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Tri-State Truck Center, Inc. 401(k) Retirement Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated August 25, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

TRI-STATE TRUCK CENTER, INC. 401(K) RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2021 and 2020

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Tri-State Truck Center, Inc. 401(k) Retirement Plan (the Plan), formerly known as the Tri-State Mack 401(k) Retirement Plan, provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Tri-State Truck Center, Inc. 401(k) Retirement Plan is a defined contribution plan covering all employees of Tri-State Truck Center, Inc. (the Company) except non-resident aliens. The Plan was adopted as of January 1, 1991. Employees become eligible to participate in the Plan after completing one year of service and attaining the age of eighteen. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan assets are held by Reliance Trust Company as the asset custodian.

Contributions

Employee contributions are voluntary and are allowed up to an amount not to exceed the maximum deferral allowed by the Internal Revenue Code. The Company makes a discretionary matching contribution. For the year ended December 31, 2021, the company made a matching contribution of 25% up to 6% of employees' compensation, as defined by the Plan. The Company may also make an additional qualified non-elective contribution at the option of the Company's board of directors. For the year ended December 31, 2021, the Company made \$553,078 qualified non-elective contribution to the Plan.

Participant's Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) Plan earnings. Allocations are based on participant account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the vested benefit that can be provided from the value of the participant's account. Participant accounts are participant-directed.

Forfeitures

Forfeited accounts of non-vested terminated participants are first used to reduce expenses related to the administration of the Plan and then applied toward any employer contributions. As of December 31, 2021 and 2020, forfeitures remaining available to offset future expenses or employer contributions totaled \$117,795 and \$113,001, respectively. For the year ended December 31, 2021, forfeitures used to pay administrative expenses and reduce employer contributions totaled \$10 and \$18,729, respectively.

Notes Receivable from Participants

The Plan includes a loan feature, which allows a participant to borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their elective deferral or voluntary contribution account balance. The loans are secured by the balance in the participant's account and bear interest rates ranging from 5.25% to 7.50%, which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

Vesting

Participants are immediately vested in their voluntary contributions and the Company qualified non-elective contributions plus actual earnings thereon. Vesting in the Company employer and matching contributions portion of their accounts thereon is based on years of service as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Payment of Benefits

Upon termination of service by death, disability, or retirement, the participant or the participant's beneficiary may elect to receive their vested account balance in one lump sum, in periodic installments over a number of years, or in the form of an immediate or deferred annuity. If the participant's account is less than \$5,000, the participant will receive a lump-sum distribution without the option of periodic installments or annuity. Withdrawals by a participant while employed are limited to those requested due to events of financial hardship as defined by the plan document, or upon the attainment of 59 ½.

Administrative Expenses

Certain expenses of the Plan are paid directly by the plan sponsor and are excluded from these financial statements. Recordkeeping and other administrative expenses may be charged directly to the participants' account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments. Additional fees are charged to participants based on their use of certain plan features.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Plan are prepared using the accrual basis of accounting.

The Plan's investments are stated at fair market value (except for fully benefit-responsive investment contracts, which are reported at contract value), as defined by generally accepted accounting principles. See Note 3 for disclosure of fair value measurement.

Notes receivable from participants are measures at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as deemed loan distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

The Plan presents in the statement of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of its investments, which consists of investment income, realized gains or losses and unrealized appreciation (depreciation) on investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the accounting period. Actual results could differ from those estimates.

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. There are no excess contributions for 2021 plan year.

Benefits are recorded when paid.

Date of Management's Review

The plan sponsor has evaluated the Plan's December 31, 2021 financial statements for subsequent events through October 13, 2022, the date the financial statements were available to be issued. Other than the decline of fair value of Plan investments disclosed in Note 11, the plan sponsor is not aware of any other subsequent events which would require recognition or disclosure in the financial statements.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under generally accepted accounting principles are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Pooled separate accounts: Valued based on the net asset value (NAV) of the separate accounts times the number of units held by the Plan at year end and are valued daily using quoted market prices.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020, respectively.

Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total

NOTE 4 – INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan is invested in a fully benefit-responsive investment contract with Massachusetts Mutual Life Insurance Company that maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value. Contract value is the relevant measurement attributed for that portion of the net assets available for benefits because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal interest at a specified interest rate of 3% that is guaranteed by the Plan. The crediting rate is based on a formula established by the contract issuer. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code
2. Premature termination of the contracts
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer

NOTE 5 – PLAN TERMINATION

Although it has not expressed intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all amounts credited to participant accounts will become 100 percent vested in their accounts and Plan assets will be used solely to provide benefits for participants.

NOTE 6 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the statement of net assets available for benefits.

NOTE 7 – RELATED PARTY AND PARTIES-IN-INTEREST TRANSACTIONS

Plan investments are managed by Reliance Trust Company. Empower acquired the retirement business of Massachusetts Mutual Life Insurance Company on December 31, 2020. Reliance Trust Company is the asset custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. In addition, certain Plan expenses paid directly by the plan sponsor also qualify as party-in-interest transactions. These transactions are exempt from the prohibited transaction provision of ERISA and the Internal Revenue Code.

NOTE 8 – FEDERAL INCOME TAX STATUS

The Internal Revenue Service issued an opinion letter dated March 31, 2014 stating that the Volume Submitter Profit Sharing Plan, which the Plan adopted, qualified under Section 401(a) of the Internal Revenue Code (IRC). The Company has not applied for a determination letter from the IRC regarding the qualification of the Plan as it applied to the Company; however, although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and currently being operated in compliance with requirements of the IRC. Therefore, they believe that the Plan should qualify for tax-exempt status as of the financial statement date. The plan administrator believes that the Plan has not generated any taxable income and no federal or state income tax returns have been filed. Federal and state taxing authorities could request an examination of the financial records of the Plan to ascertain if any such taxable income exists, but no such examination has occurred or is pending.

NOTE 9 – SUMMARY OF INFORMATION CERTIFIED BY ASSET CUSTODIAN

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the asset custodian has certified that the following data included in the accompanying financial statements and supplemental information is complete and accurate:

- Investments as shown in the statements of net assets available for benefits as of December 31, 2021 and 2020.
- Investment activity, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2021.
- The schedule of assets (held at end of year) as of December 31, 2021.
- Notes receivable from participants as of December 31, 2021 and 2020.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental information.

NOTE 10 – RECONCILIATION TO FEDERAL FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2021 and 2020 to the Form 5500:

	<u>2021</u>	<u>2020</u>
Net assets available for benefits per the financial statements	\$ 37,190,723	\$ 32,915,443
Add: Excess contribution payable	-	14,180
Rounding	1	-
Less: Contribution receivable - employer	(5,594)	(6,565)
Contribution receivable - participants	<u>(30,447)</u>	<u>(28,224)</u>
Net assets available for benefits per the Form 5500	<u>\$ 37,154,683</u>	<u>\$ 32,894,834</u>

The following is a reconciliation of the net change in net assets available for benefits per the financial statements for the year ended December 31, 2021 to the Form 5500:

Net change in net assets available for benefits per the financial statements	\$ 4,275,280
Add: Prior year contribution receivable - employer	6,565
Prior year contribution receivable - participants	28,224
Rounding	1
Less: Current year contribution receivable - employer	(5,594)
Current year contribution receivable - participants	(30,447)
Prior year excess contributions payable	<u>(14,180)</u>
Net change in net assets available for benefits per the Form 5500	<u>\$ 4,259,849</u>

The above differences arise from the financial statements being prepared on an accrual basis and the Form 5500 on a cash basis.

NOTE 11 – SUBSEQUENT EVENTS

As a result of current market conditions, the fair value of Plan investments has declined by approximately \$5,554,000 as of October 13, 2022.
