Independent Auditors' Report

The Plan Administrator of Farmer Bros. Co. Amended and Restated Employee Stock Ownership Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of the Farmer Bros. Co. Amended and Restated Employee Stock Ownership Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institutions).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of: (1) Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021 and (2) (1) Schedule H, Part IV, Line 4j – Schedule of Reportable Transactions for the year ended December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, have been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditors' Report

The Plan Administrator of Farmer Bros. Co. Amended and Restated Employee Stock Ownership Plan

We were engaged to audit the accompanying statement of net assets available for benefits of Farmer Bros. Co. Amended and Restated Employee Stock Ownership Plan as of December 31, 2020, and the related notes to the financial statement.

Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of this financial statement in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of a financial statement that is free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on the 2020 financial statement based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by GreatBanc Trust Company and Principal Trust Company, the trustee and custodian, except for comparing such information with the related information included in the financial statement. We have been informed by the plan administrator that the trustee and custodian hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained a certification from the trustee and custodian as of December 31, 2020, that the information provided to the plan administrator by the trustee and custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2020 financial statement. Accordingly, we do not express an opinion on the 2020 financial statement.

**Report on Form and Content in Compliance With DOL Rules and Regulations for 2020
Financial Statement**

The form and content of the information included in the 2020 financial statement, other than that derived from the information certified by the trustee and custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Employee Stock Ownership Plan**

Notes to Financial Statements
December 31, 2021

1. Plan Description

The following description of the Farmer Bros. Co. Amended and Restated Employee Stock Ownership Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established on January 1, 2000 and is an employee stock ownership plan covering substantially all employees of Farmer Bros. Co. (the "Company" or "Employer") who had attained an age of eighteen. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan purchased shares of Company common stock using the proceeds of the loans from the Company and held the stock in a trust established under the Plan. The borrowings were repaid by Company contributions to the Plan, and as the Plan made principal payments on the loans. Accordingly, an appropriate percentage of stock was allocated to eligible employees' accounts in accordance with applicable regulations under the Internal Revenue Code. As of December 31, 2018, the loans were paid in full.

The loans were collateralized by the unallocated shares of common stock held by the Plan. The Company had no rights against shares once shares were allocated under the Plan. Accordingly, the financial statements of the Plan as of December 31, 2021 and 2020 and for the year ended December 31, 2021, separately present the assets and liabilities and changes therein pertaining to:

- The accounts of employees with rights in allocated common stock (allocated) and
- Common stock not yet allocated to employees (unallocated).

Effective December 31, 2018, the Company froze the Plan such that (i) no employees of the Company may commence participation in the Plan on or after December 31, 2018; (ii) no Company contributions will be made to the Plan with respect to services performed or compensation received after December 31, 2018; and (iii) the Plan accounts of all individuals who are actively employed by the Company and participating in the Plan on December 31, 2018 will be fully vested as of such date.

Effective January 1, 2022, all Plan assets were merged into the Farmer Bros. Co. 401(k) Plan.

Eligibility and Participant Accounts

Prior to December 31, 2018 all qualifying employees of the Company, who had attained age 18 where eligible to participate in the Plan upon hire. Employees covered by a collective bargaining agreement, which did not provide for their membership in the Plan, were not eligible to participate in the Plan.

1. Plan Description (*continued*)

Eligibility and Participant Accounts (continued)

Each participant's account is credited as of the last day of each Plan year with an allocation of shares of the Company's common stock released by the trustee from the unallocated account and forfeitures of terminated participants' non-vested accounts. Only those participants who are eligible employees of the Company as of the last day of the Plan year and have completed 1,000 hours of service will receive an allocation. Allocations are based on a participant's eligible compensation, relative to total compensation. Plan earnings are allocated to each participant's account based on the ratio of the participant's account balance.

Through December 31, 2018, a participant was entitled to share in the allocation of contributions and forfeitures for each year in which they completed 1,000 or more hours of service and was still employed by the Company at the end of the Plan year. A participant automatically participated in contributions and forfeitures in the year of normal retirement, disability or death. Allocations of contributions and forfeitures were based upon the ratio of participants' covered compensation to total covered compensation of all eligible participants.

Contributions

Before December 31, 2018, the Company made contributions to the Plan, in cash or by cancellation of indebtedness which, when aggregated with the Plan's interest and dividends, was in amounts sufficient to permit the Plan to make timely payments of principal and interest due under the terms of its loans. During 2021, the Company made no contributions, as indebtedness was fully repaid as of December 31, 2018.

Payment of Benefits

Upon termination of service due to death, disability, retirement or other reason, a participant is entitled to receive a lump-sum amount equal to the value of the participant's vested interest in their account. The distribution shall be made no later than ninety days following the latter of a break in service or the employees' sixty-fifth birthday. The amount to be distributed is based upon the immediately preceding valuation date. Distributions are made in shares of Company stock, cash, or in the form of Company stock plus cash for any fractional share of common stock.

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investments in Company common stock into investments that are more diversified. Participants who are at least age fifty-five, with at least ten years of participation in the Plan, may elect to diversify a portion of their account either in the form of a distribution or to the Farmer Bros. Co. 401(k) Plan (the "Affiliated Plan"). Diversification is offered to each eligible participant over a six year period. Participants who elect to diversify receive a cash distribution. The election to diversify is made subsequent to year-end based upon the shares of Company stock in the participant's account at year-end.

1. Plan Description (*continued*)

Forfeitures

Forfeitures of non-vested shares are allocated to current participants based upon the ratio of participants' covered compensation for all eligible participants. As of December 31, 2021 and 2020, there were no forfeitures. No forfeitures were allocated to participants in 2021.

Vesting

As of December 31, 2018, all participants are 100% vested.

Voting Rights

Each participant is entitled to exercise voting rights attributable to important matters that affect the Company. Participants receive proxy voting cards with the annual financial reports.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("US GAAP"), which requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Fair Value Measurements

The Plan follows US GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist. All of the Plan's investments that were valued at fair value, were valued using Level 1 inputs.

Investment Valuation and Income Recognition

All of the Plan's investments are stated at fair value. The common stock is valued at the closing price reported on the active market on which the security is traded. The money market fund held by the Plan is reported at fair value based on the daily closing price as reported. The money market fund is open-ended and is registered with the Securities and Exchange Commission. The money market fund is required to publish its daily NAV and to transact at that price.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

2. Summary of Significant Accounting Policies (*continued*)

Payment of Benefits

Benefits are recorded when paid.

Expenses

Administrative expenses of maintaining the Plan may be paid by the Company or the Plan, at the Employer's discretion. Certain administrative fees are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Allocations

The financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to the accounts of employees with rights in allocated common stock ("allocated"), and common stock not yet allocated to employees ("unallocated"), including shares that are committed to be released. Shares were released from collateral and became allocated generally in the period in which debt service is actually paid. All shares are allocated as loans have been paid off in full during the year ended December 31, 2018. Amounts in the unallocated account are used to pay Plan expenses.

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is October 10, 2022.

3. Information Certified (Unaudited)

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedules of: (1) Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021 and (2) Schedule H, Part IV, Line 4j – Schedule of Reportable Transactions for the year ended December 31, 2021, including investments held at December 31, 2021 and 2020, and net appreciation in value of investments and interest for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by GreatBanc Trust Company and Principal Trust Company, qualified institutions.

4. Investments

The Plan's investments, as of December 31, 2021 and 2020, are presented in the following table:

	2021		2020	
	Allocated	Unallocated	Allocated	Unallocated
Farmer Bros. Co. common stock

5. Party-In-Interest Transactions

The Plan invests in Company common stock and held interest-bearing cash at GreatBanc. These are related party and party-in-interest transactions. GreatBanc is the trustee and Principal is the custodian of the Plan; such providers are parties-in-interest under ERISA.

6. Tax Status

The Internal Revenue Service ("IRS") has determined and informed the prototype document preparer by a letter dated September 15, 2017, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine examinations by taxing jurisdictions for periods since 2018; however, there are currently no examinations for any tax periods in progress.

7. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The global economic uncertainty associated with the COVID-19 pandemic has resulted in significant volatility in global financial markets. This volatility has affected, and may continue to affect, the value of the Plan's net assets available for benefits. The effects of economic and market conditions subsequent to December 31, 2021 are not reflected in these financial statements and future effects on the Plan's net assets available for benefits cannot be predicted due to uncertainty regarding the duration and scope of the pandemic and other changing market conditions.
