Independent Auditor's Report

Participants and Plan Trustees
Triad Technologies LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Triad Technologies LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, line 4(i)—schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 23, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Triad Technologies LLC 401(k) Plan

Notes to Financial Statements

Note 1. Description of the Plan

The following description of the Triad Technologies LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Document and Plan Amendments for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of Triad Technologies, LLC (the Employer or Plan Sponsor). Such employees are eligible to enter the Plan the first day of the quarter following their hire date. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Change in trustees: The Plan changed its trustee from Sentry Life Insurance Company to Voya Retirement Insurance and Annuity Company effective July 1, 2021.

Contributions: Participants may contribute from 1% to 50% of their annual salary. For 2021 and 2020, the Employer provided a matching contribution equal to 50% of the first 5% of annual compensation contributed by the Plan participants. On June 1, 2020, the Employer elected to suspend the discretionary match contribution through the remainder of the calendar year. On January 1, 2021, the Employer elected to implement a fixed match contribution equal to 50% of the first 5% of annual compensation contributed by the Plan participants. The Plan also allows for additional discretionary profit-sharing contributions by the Employer. Contributions are subject to certain limitations. Aggregate contributions may not exceed the maximum amount allowable as a deduction for federal income tax purposes.

Rollovers: The Plan accepts rollovers from qualified retirement plans of a prior employer with approval from the Plan Sponsor.

Effective January 1, 2021, in connection with the acquisition of Maverick Industries, Inc. by the Plan Sponsor, the Plan was amended to allow the employees of Maverick Industries to join the Plan. During 2021, \$407,453 of participant accounts have been rolled into the Plan by Maverick Industries employees.

Participant accounts: Each participant's account is credited with the participant's contribution, Employer's matching contribution, Employer's discretionary profit-sharing contribution, and an allocation of Plan earnings. Allocations are based on participant account balances, as defined in the Plan Agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their participant contributions, plus earnings thereon. Vesting in the Employer matching contribution, Employer discretionary profit-sharing contribution, and non-elective contributions is based on years of service. The participant is 25% vested after one year of service, and an additional 25% vested per year of service thereafter. A participant is fully vested after four years of credited service.

Payment of benefits: On termination of service due to retirement, disability, or death, a participant will become fully vested. Distributions are made in a lump sum, in installments not to exceed the participant's assumed life expectancy, ad hoc, or through various annuity options available to the participants.

A participant's beneficiary will receive the participant's account balance in the event of a participant's death. Participants may withdraw their vested interest in the Plan under certain hardship conditions as defined in the Plan Agreement. Such financial hardship withdrawals are subject to approval of the Plan Sponsor. Terminated participants will be paid their vested interest in the Plan.

Notes to Financial Statements

Note 1. Description of the Plan (Continued)

Notes receivable from participants: Loans to participants are treated as a separate fund. Interest charged to participants is reviewed by the Plan Sponsor and is based upon prevailing interest rates for similar loans in the surrounding community. Loans may not be granted for less than \$1,000, and a participant can have only one loan currently outstanding from the Plan. Loans may not exceed the lesser of \$50,000 or 50% of a participant's vested account balance, and the repayment period shall not exceed five years (unless proceeds are used to acquire a principal residence). Each loan is collateralized by the remaining balance in the participant's account. Interest rates on participant loans ranged from 3.50% to 7.50% as of December 31, 2021 and 2020.

Forfeited accounts: Forfeited, non-vested accounts totaled \$4,670 and \$18,392 at December 31, 2021 and 2020, respectively. These amounts are periodically allocated to participants, used to reduce future Employer matching contributions, or pay Plan expenses. Forfeitures of \$24,260 were utilized to reduce Employer contributions during 2021.

Note 2. Summary of Significant Accounting Policies

Basis of presentation: The accompanying financial statements are prepared on the accrual basis in conformity with accounting principles generally accepted in the United States of America (GAAP) in accordance with the Financial Accounting Standards Board (FASB) Accounting Standards Codification.

Contributions: Participant contributions are recognized when earned. Employer matching contributions are recognized concurrently with participant contributions. Employer discretionary profit-sharing contributions are recognized on an annual basis. There were no Employer discretionary profit-sharing contributions in 2021.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the Plan document.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: The Plan provides that administrative expenses of the Plan are to be paid by the Plan or by the Employer, at the Employer's discretion. Administrative expenses that are paid by the Employer are excluded from these financial statements.

Use of estimates: The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts and disclosures reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value (except for the fully-benefit responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan provides for investments in pooled separate accounts and a fixed annuity investment contract as of December 31, 2021.

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Because the fixed annuity investment contract is fully-benefit responsive, contract value is the relevant measurement attribute for that portion of net assets available for benefits attributable to the fixed annuity investment contract. The fixed annuity investment contract is presented on the face of the statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by Voya Retirement Insurance and Annuity Company (Plan's Trustee), represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year. Capital gain distributions are included in interest income.

Subsequent events: The Plan has evaluated subsequent events for potential recognition and/or disclosure through October 13, 2022, the date the financial statements were available to be issued.

Note 3. Information Certified by the Plan's Trustees

The information related to investments and notes receivable from participants that is included throughout the Plan's financial statements as of December 31, 2020, and for the six-month period ended June 30, 2021, was prepared by or derived from information provided by Sentry Life Insurance Company, the Plan's former trustee, and furnished to the Plan Administrator.

The information related to investments that is included throughout the Plan's financial statements and supplemental schedule as of December 31, 2021, and for the six-month period ended December 31, 2021, was prepared by or derived from information provided by Voya Retirement Insurance and Annuity Company, the Plan's trustee, and furnished to the Plan Administrator.

The Plan Administrator has obtained certifications from the Plan's trustees that information provided to the Plan Administrator by the Plan's trustees related to these plan assets are complete and accurate.

Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information in Note 7, notes receivable from participants for the six-month period ended December 31, 2021, and the supplemental schedule related to the Plan's assets.

Sentry Life Insurance Company also certified to the completeness and accuracy of \$1,887,170 of net appreciation in fair value of investments and \$2,086 of interest income from notes receivable from participants for the six-month period ended June 30, 2021. Voya Retirement Insurance and Annuity Company also certified to the completeness and accuracy of \$772,010 of net appreciation in fair value of investments for the six-month period ended December 31, 2021.

Note 4. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants will become fully vested in their accounts.

Note 5. Income Tax Status

The Plan adopted a standardized form of a prototype plan sponsored by the Plan's Trustee as of December 31, 2020, and for the six-month period ended June 30, 2021. The prototype plan has received an opinion letter from the Internal Revenue Service dated March 31, 2014, as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan.

Effective July 1, 2021, the Plan adopted a standardized form of a prototype plan sponsored by CCH Incorporated, DBA ftwilliam.com. The prototype plan has received an opinion letter from the Internal Revenue Service dated June 30, 2020, as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan.

The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

The Plan Administrator evaluated the Plan's tax positions and concluded that there are no uncertain tax positions that require recognition or disclosure in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by taxing authorities for years before 2018.

Note 6. Investment Contracts with Insurance Companies

The Plan had a group annuity investment contract with Sentry Life Insurance Company, the Guaranteed Fund Account, as of December 31, 2020. Sentry Life Insurance Company maintained the contributions in a general account. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. There were no reserves against contract value for credit risk of the contract issuer or otherwise. The group annuity investment contract issuer was contractually obligated to repay the principal and a specified interest rate that was guaranteed to the Plan.

Certain events limited the ability of the Plan to transact at contract value with Sentry Life Insurance Company. Such events included the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator did not believe that the occurrence of any such value event, which would have limited the Plan's ability to transact at contract value with participants, was probable as of December 31, 2020. The guaranteed investment contracts did not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The Plan has a fixed annuity investment contract with Voya Retirement Insurance and Annuity Company, the Voya Fixed Account, as of December 31, 2021. Voya Retirement Insurance and Annuity Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fixed annuity investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Note 6. Investment Contracts with Insurance Companies (Continued)

Certain events limit the ability of the Plan to transact at contract value with Voya Retirement Insurance and Annuity Company. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable. The guaranteed investment contracts do not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Note 7. Fair Value Measurements

The Plan has determined the fair value of certain assets through application of accounting guidance that establishes a framework for measuring fair values. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under this standard are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Pooled separate accounts: Primarily valued at net asset value (NAV) per share based on quoted market prices of underlying investments. The NAV is used as a practical expedient to estimating fair value. Accordingly, since all investments measured at fair value use NAV, the fair value leveling table is not necessary. The underlying investments of the pooled separate accounts consist of mutual funds.

Notes to Financial Statements

Note 7. Fair Value Measurements (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The table below discloses the fair value and redemption frequency for those assets whose fair value is estimated using the NAV per unit as of December 31, 2021 and 2020.

Investment	2021 Fair Value	2020 Fair Value	2021 Unfunded Commitment	2020 Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	\$ 21,321,871	\$ 18,184,473	None	None	Immediate	None

Note 8. Related-Party Transactions

Certain Plan investments are pooled separate accounts and funds held in insurance general funds which are managed by Sentry Life Insurance Company and Voya Retirement Insurance and Annuity Company. Since Sentry Life Insurance Company was the trustee as defined by the Plan for the six-month period ended June 30, 2021, and Voya Retirement Insurance and Annuity Company is the current trustee as defined by the Plan as of December 31, 2021, these transactions qualify as parties-in-interest. Fees paid by the Plan for trustee services amounted to \$23,863 for the year ended December 31, 2021.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Approximately 10% of the Plan's investments were held in a guaranteed fixed account at December 31, 2020. As such, this is considered a concentration of credit risk.

The guaranteed fixed account has been certified at contract value, which approximates fair value, as reported to the Plan by Sentry Life Insurance Company. In subsequent periods, if market conditions change, such as the insurance company credit rating or interest rate environment, the difference between contract value and fair value could become significant, causing the financial statements to become materially misstated.

Note 10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31:

	2021	2020
Net assets available for benefits per the financial statements	\$ 21,720,185	\$ 20,225,942
Less participant and employer contributions receivable	(39,935)	(31,047)
Net assets available for benefits per Form 5500	<u>\$ 21,680,250</u>	<u>\$ 20,194,895</u>

The following is a reconciliation of changes in net assets available for benefits per the financial statements to Form 5500 for the year ended December 31, 2021:

Net increase per the financial statements	\$ 1,494,243
Change in participant and employer contributions receivable	(8,888)
Net increase per Form 5500	<u>\$ 1,485,355</u>

Note 11. Coronavirus Pandemic

On January 30, 2020, the World Health Organization declared the coronavirus outbreak a “Public Health Emergency of International Concern” and on March 11, 2020, declared it to be a pandemic. The pandemic in the United States and throughout the world has resulted in substantial volatility in financial markets. On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was enacted to amongst other provisions, provide emergency assistance for individuals, families and businesses affected by the coronavirus pandemic.

During 2020, the Plan implemented certain CARES Act provisions to allow for special Coronavirus-Related Distributions (CRDs) and waiver of 2020 required minimum distributions. CRDs were available to qualified individuals impacted by the coronavirus. The CRDs provide favorable tax treatment for distributions up to \$100,000 that may be repaid over three years. CRDs are included in benefits paid to participants in the statement of changes in net assets available for benefits.
