INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Coastal Auto Parts 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Coastal Auto Parts 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Coastal Auto Parts 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Coastal Auto Parts 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Coastal Auto Parts 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Coastal Auto Parts 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental Schedule of Delinquent Participant Contributions, Attachment to Form 5500, Schedule H, Part IV, Line 4(a) and Schedule of Assets Held for Investment Purposes at End of Year, Attachment to Form 5500, Schedule H, Part IV, Line 4(i) as of December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Coastal Auto Parts 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 5, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

COASTAL AUTO PARTS 401(k) PLAN

Notes to the Financial Statements
December 31, 2021

1. Description of Plan

The following description of the Coastal Auto Parts 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Coastal Auto, Inc. except union employees, nonresident aliens, leased employees, independent contractors and non-adopting controlled group employees who have completed three months of service and are age eighteen or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, eligible participants may contribute compensation not to exceed Internal Revenue Code (IRC) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company may contribute a discretionary matching contribution. For the year ended December 31, 2021, the Company made safe harbor contributions for all eligible Plan participants equal to 100% of the participant's elective deferrals up to 3% of the participant's compensation, plus 50% of the participant's elective deferrals exceeding 3% of the participant's compensation up to 5% of total compensation. Additional non-matching, profit sharing contributions may also be made by the Company at its discretion. Participants are entitled to receive these nonmatching, employer profit sharing contributions if they are employed by the Company on the last day of the Plan year or earn more than 1,000 hours of service during the Plan year. During the year ended December 31, 2021, no non-matching profit sharing contributions were made.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on eligible compensation. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and employer safe harbor contributions plus actual earnings thereon. Vesting in the Company's matching and profit sharing contributions portion of their accounts plus actual earnings thereon is based on years of credited services as defined by the Plan document. Participants are 100% vested in the Company's discretionary matching and profit sharing contributions after two years of credited service, upon the attainment of age 59.5, termination of the Plan, or at the time of permanent disability or death.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates as determined by the plan administrator based on commercially reasonable interest rates. Principal and interest is paid ratably through payroll deductions. Only one outstanding loan is permitted per participant, and the loan becomes due upon termination.

During 2020, as a result of the Coronavirus Aid, Relief, and Economic Security (CARES) Act, several provisions that affected notes receivable from participants were adopted. Key provisions include the following:

- Allowing participants to borrow up to \$100,000 (an increase from \$50,000) for loans made from March 27, 2020 through September 22, 2020 and repayment could be delayed.
- Allowing suspension of loan payments due March 27, 2020 through December 31, 2020 for up to a year.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect a one-time lump-sum withdrawal equal to the participant's vested interest in his or her account or a partial withdrawal, provided the minimum withdrawal is \$199. The Plan also provides for hardship withdrawals under certain circumstances.

During 2020, as a result of the CARES Act, participants were allowed to take qualified coronavirus-related distributions (CRD) of up to \$100,000 (not to exceed the participant's account balance). Eligible CRDs could be taken until December 31, 2020. CRDs will be repaid within three years and participants self-certified their qualifications for the CRD.

Forfeited Accounts

Forfeitures are retained in the Plan and are used to offset plan expenses and employer contributions to the Plan. At December 31, 2021 and 2020, forfeiture balances totaled \$229 and \$221, respectively. During 2021, no forfeitures were used.

Administrative Expenses

The plan sponsor has elected to absorb significant administrative costs of the Plan.

2. Summary of Significant Accounting Policies***Basis of Accounting***

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

Investment Value and Income Recognition

The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion about fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The net appreciation includes realized and unrealized gains and losses on the fair value of investments held by the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses incurred maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment-related expenses are included in either net appreciation of fair value of investments or administrative fees.

3. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. Fair values of assets and liabilities measured on a recurring basis at December 31, 2021 and 2020 are as follows:

		Fair Value Measurements Using:		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
<u>December 31, 2021</u>				
Investments Measured at Net Asset Value ^(a)	\$ 4,151,630	\$ -	\$ -	\$ -
Investments, at Fair Value	\$ 4,151,630	\$ -	\$ -	\$ -
<u>December 31, 2020</u>				
Investments Measured at Net Asset Value ^(a)	\$ 3,572,152	\$ -	\$ -	\$ -
Investments, at Fair Value	\$ 3,572,152	\$ -	\$ -	\$ -

(a) In accordance with Subtopic 820-10, certain investments that were measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of assets available for benefits.

The Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC), *Fair Value Measurements*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

The fair value of pooled separate accounts is based on net asset value (NAV) of the underlying assets (mutual funds) that are traded on active markets, held in pooled separate accounts by the Plan. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair values. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fair Value of Investments in Entities That Use NAV

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2021 and 2020, respectively.

	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if currently eligible)</u>	<u>Redemption Notice Period</u>
December 31, 2021				
Pooled Separate Accounts:				
Balanced funds	\$ 2,451,565	None	Daily	None
Growth funds	1,421,808	None	Daily	None
Bond funds	109,885	None	Daily	None
Value funds	92,880	None	Daily	None
Income funds	75,492	None	Daily	None
Total Pooled Separate Accounts	<u>\$ 4,151,630</u>			
December 31, 2020				
Pooled Separate Accounts:				
Balanced funds	\$ 2,279,407	None	Daily	None
Growth funds	1,082,729	None	Daily	None
Bond funds	95,615	None	Daily	None
Value funds	63,678	None	Daily	None
Income funds	50,723	None	Daily	None
Total Pooled Separate Accounts	<u>\$ 3,572,152</u>			

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2021 are reported in net appreciation in fair value of investments.

4. Fully Benefit-Responsive Investment Contract

The Plan holds a traditional benefit-responsive guaranteed investment contract with Great-West Life & Annuity Insurance Company. This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses.

Great-West Life & Annuity Insurance Company maintains the contributions in a fixed income or general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based upon a formula agreed upon with the issuer. Such interest rates are reviewed and may be reset on a quarterly basis.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligation may be affected by future economic and regulatory developments. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) the Plan choosing to fully or partially terminate the agreement with the issuer, (2) the failure of the trust to qualify for exemption from federal income taxes, (3) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), or (4) the Plan breaches a provision of the agreement with the issuer. The plan administrator does not believe that the occurrence of any such event that would limit the Plan's ability to transact at contract value is probable.

5. Party-in-Interest Transactions

Certain Plan investments are units of pooled separate accounts managed by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC (Great-West). Great-West is also the Plan's custodian and record keeper, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

All transactions which may be considered party-in-interest transactions relate to normal plan management, investment and administrative services, and the related payment of fees. Additionally, certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the employer contributions.

7. Tax Status

The Plan is a volume submitter plan offered by HUB International New England, LLC. The volume submitter plan has received an opinion letter from the Internal Revenue Service (IRS), dated September 1, 2017, informing the volume submitter plan sponsor that the volume submitter plan is acceptable under Section 401 of the IRC for use by employers for the benefit of their employees. Although the volume submitter plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. generally accepted accounting principles require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has evaluated the tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements and has concluded that no provision for income taxes is necessary in the Plan's financial statements. The Plan is subject to routine audits by taxing jurisdictions.

8. Information Certified by the Plan Custodian (Unaudited)

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by the custodians, Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of the investment securities, such as pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

10. Concentrations

At December 31, 2021 and 2020, three investments accounted 67% and 72% of total investments, respectively.

11. Prohibited Transactions

As required by ERISA section 2510.3-102, the Plan Sponsor is required to segregate employee contributions to the Plan from its general assets as soon as practicable. Delinquent employee contributions totaled \$271,082. Contributions for those periods are considered prohibited transactions. The Company has or will make contributions to the affected participants' accounts to compensate those participants for potential lost earnings relating to these prohibited transactions.

12. Subsequent Events

Management has evaluated subsequent events through October 7, 2022, the date the financial statements were available to be issued.

Effective January 1, 2022 the Plan was amended and restated to comply with IRC, Revenue Procedure 2017-41 and to allow ROTH deferrals.
