Report of Independent Auditor

To the Plan Administrator
First Advantage Corporation 401(k) Plan
Atlanta, Georgia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of First Advantage Corporation 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by "ERISA Section 103(a)(3)(C)". The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

2021 Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of First Advantage Corporation 401(k) Plan. As permitted by 29 CFR 2520.103-8 of DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated August 24, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and, accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

FIRST ADVANTAGE CORPORATION 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

Note 1—Description of the Plan

The First Advantage Corporation 401(k) Plan (the “Plan”) was adopted on July 1, 2011, and recently amended effective January 1, 2020. The following description is provided for general information purposes only. Reference should be made to the Plan Agreement for a more complete description of the Plan’s provisions.

General – The Plan is a defined contribution plan that covers substantially all U.S.-based employees of First Advantage Corporation and its subsidiaries (the “Company” or the “Employer”). An employee is eligible to participate in the Plan after the employee reaches 18 years of age and has completed one month of service. The Plan excludes nonresident aliens, collective bargaining employees, and part-time employees from eligibility, with the understanding that, legally, if a participant completes 1,000 or more hours of service in a Plan year, he/she will become eligible for Plan participation. Participants are automatically enrolled at 3% deferral rate, with auto escalation equal to 1% each year, to a maximum auto escalation of 6% deferral rate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Administration – The Plan is administered by the Company’s 401(k) Steering Committee (the “Committee”), which is a committee of senior managers of the Company. The Committee has overall responsibility for the operation and administration of the Plan. The Committee determines the appropriateness of the Plan’s investment offerings and monitors investment performance. These duties include, but are not limited to, establishing procedures, maintaining records, interpreting provisions of the Plan, and making determinations regarding questions which may affect eligibility for benefits. The Plan assets were held by Great-West Life & Annuity Insurance Company (“Custodian”) as of December 31, 2021 and 2020.

Contributions – Each year, participants may elect to contribute up to 60% of their pre-tax annual compensation, as defined by the Plan, not to exceed \$19,500 of pre-tax annual compensation subject to certain Internal Revenue Code (“IRC”) limitations. Participants may also contribute amounts representing distributions from other qualified plans. The Plan amended effective January 1, 2020, to permit in-plan Roth rollover contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company can make discretionary matching contributions to the Plan. During 2021, the Company elected to make matching contributions to the Plan of up to 0.30% on the first 5.00% contributed for each bi-weekly pay period. For the year ended December 31, 2021, the Company recognized Employer matching contributions in the total amount of \$1,081,566. The matching contributions are invested in the same manner as the employee contributions.

Catch-Up Contributions – For the year ended December 31, 2021, if a participant is eligible to make deferrals and turns 50 before the end of the calendar year, the participant may defer an additional \$6,500 into the Plan as a pre-tax contribution subject to certain IRC limitations and limits as defined by the Plan.

Participant Accounts – Each participant’s account is credited with the participant’s contributions, the Company’s matching contribution, if any, an allocation of the Company’s additional discretionary contribution, if any, and Plan earnings. Each participant’s account is charged with an allocation of Plan losses and any applicable administrative expenses, as defined. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

FIRST ADVANTAGE CORPORATION 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

Note 1—Description of the Plan (continued)

Vesting Requirements – Participants are immediately 100% vested in their salary deferrals, voluntary rollovers, Company's matching and discretionary contributions, and the actual allocated earnings thereon.

Investment Options – The Plan permits participants to direct the investment of their elective deferrals and Company matching contributions into various investments offered by the Plan.

Notes Receivable from Participants – Participants may borrow from their fund accounts a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at the rate ranging from 4.25% to 6.50% as of December 31, 2021. Principal and interest are paid through payroll deductions.

Benefits Paid to Participants – Upon termination, retirement, attainment of age 59½, death, disability, or financial hardship, the participant or beneficiary may elect to receive an amount equal to the value of the participant's vested interest in his or her account under several options. A participant may elect to rollover the vested portion of their account to another qualified plan. A participant may also elect to receive a single lump sum payment, subject to withholding for income taxes, or receive installment payments.

Note 2—Summary of significant accounting policies

Basis of Accounting – The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect certain reported amounts in the statements of net assets available for benefits and changes in net assets available for benefits. Actual results could differ from those estimates.

Investment Valuation – The Plan's investments are stated at fair value. The shares of mutual funds and the money market funds are valued at quoted market prices. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date based on quoted market prices. Realized and unrealized gains and losses represent the change in market value of the investments during the year. Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2021 and 2020, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Administrative Expenses – The expenses of administering the Plan are paid either by the Company or by the Plan at the discretion of the Company. A majority of the costs were paid by the Plan during 2021.

FIRST ADVANTAGE CORPORATION 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

Note 2—Summary of significant accounting policies (continued)

Risks and Uncertainties – The Plan's investments are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with these investments, it is at least reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Note 3—Information certified by the Plan's Custodian (unaudited)

The Plan management has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian of the Plan has certified to the completeness and accuracy of the following data included in the accompanying financial statements and supplemental schedule as of December 31, 2021 and 2020 and for the year ended December 31, 2021:

- Investments, at fair value and notes receivable from participants as shown on the statements of net assets available for benefits as of December 31, 2021 and 2020.
- Net appreciation in fair value of investments, interest and dividend income from investments, and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2021.
- Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2021.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4—Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 5—Income tax status

Great-West Life & Annuity Insurance Company, a sponsor of several prototype plan documents, files for a favorable IRS opinion letter for each plan document. The prototype plan document, which the Plan adopted in July 2011, received a determination letter from IRS dated March 31, 2014 stating the Plan is qualified under Section 401(a) of the IRC and, therefore, the related trust is exempt from taxation under Section 501(a) of the IRC. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended since receiving the determination letter; however, the Plan administrator and the Plan's tax counsel believe the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan, as amended and restated, is qualified and the related trust is tax exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator and the Plan's tax counsel have analyzed the tax positions taken by the Plan, and have concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

FIRST ADVANTAGE CORPORATION 401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

Note 6—Parties-in-interest

Plan investments, as of December 31, 2021 and 2020, include investments managed by the Custodian and, therefore, these transactions qualify as party-in-interest. Fees incurred by the Plan for investment management services are included in net realized and unrealized appreciation in fair value of investments, as they are paid through revenue sharing rather than a direct payment. Administrative expenses paid to the Custodian totaled \$111,602 for the year ended December 31, 2021. These transactions qualify as party-in-interest transactions, as defined in Section 3(14) of ERISA. They are, however, expressly exempted from the prohibited transaction rule. The Company pays other fees related to the Plan's operations.

Notes receivable from participants are also considered to be party-in-interest transactions, because they are transacted with Plan participants.

Note 7—Fair value measurements

FASB ASC ("ASC") 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices available in active markets for identical investments as of the reporting date;

Level 2 – Inputs to the valuation methodology are other-than-quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds – These investments are valued at quoted market prices in an exchange and active markets, which represent the net asset value ("NAV") of shares held by the Plan at year-end and classified as Level 1 investments.

Guaranteed Investment Account – This investment is valued using NAV as a practical expedient to estimating fair value provided by the administrator of the fund. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. NAV is not a publicly-quoted price in an active market. The investment objectives seek the preservation of principal and to provide interest income reasonably obtained under prevailing market conditions and rates, consistent with seeking to maintain required liquidity. The guaranteed investment account has not been classified under the fair value hierarchy in accordance with ASC 820-10.

FIRST ADVANTAGE CORPORATION 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

Note 7—Fair value measurements (continued)

Common /Collective Trusts ("CCT") – CCTs are public investment vehicles valued using NAV provided by the administrator of the fund. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. In accordance with ASC 820-10, these investments have not been classified under the fair value hierarchy.

The Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

2021				
Assets at Fair Value				
	Level 1	Level 2	Level 3	Total
Investments:				
Mutual funds	\$ 63,734,516	\$ -	\$ -	\$ 63,734,516
Common collective trust funds measured at net asset value ^(*)				5,102,408
Guaranteed investment account measured at net asset value ^(*)				1,575,396
Total investments, at fair value				<u>\$ 70,412,320</u>

2020				
Assets at Fair Value				
	Level 1	Level 2	Level 3	Total
Investments:				
Mutual funds	\$ 51,367,383	\$ -	\$ -	\$ 51,367,383

Guaranteed investment account measured at net asset value ^(*)				1,654,485
Total investments, at fair value				<u>\$ 57,526,654</u>

(*) In accordance with ASC Subtopic 820-10, certain investments that are measured at fair value using NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.
