INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
MerchantWise Solutions, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of MerchantWise Solutions, LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, line 4a and Schedule H, line 4i as of and for the year ended December 31, 2021 is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 30, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information

included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

MerchantWise Solutions, LLC 401(k) Plan

Notes to Financial Statements

December 31, 2021

Note 1 - Description of the Plan

The following description of the MerchantWise Solutions, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the *Plan Document* for a more complete description of the Plan's provisions, which is available from the Plan administrator.

General

The Plan, established on April 1, 2019, with its latest amendment effective February 19, 2021, is a defined contribution plan administered by MerchantWise Solutions, LLC, and covers certain employees of CRS Solutions Intermediate, LLC, Revention, Inc., and Ordr, Inc. (collectively, the "Company" or "Employer"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. Principal Life Insurance Company ("Principal" or "Trustee") serves as the trustee and recordkeeper of the Plan.

Eligibility

All employees of the Company, except for employees covered under a collective bargaining agreement, nonresident aliens with no U.S. income, leased employees, and independent contractors are eligible to participate in the Plan upon completion of 30 days of service after hire.

Contributions

Eligible employees are automatically enrolled in the Plan at 4% of their eligible compensation on the first day of the following month after they meet the service requirements. Participants may elect a different percentage or elect not to participate in the Plan by notifying the Company or Trustee. Participants may contribute a portion of pre-tax compensation, as defined, subject to certain limitations set forth in the Internal Revenue Code ("IRC"). The Company allows for the addition of Roth contributions where participants who are eligible to make elective deferral contributions, may elect to designate all or any portion of their future elective deferral contributions as Roth elective deferral contributions. Eligible participants may also make catch-up contributions upon attaining 50 years of age, as defined by the IRC.

The Company may make discretionary contributions to the Plan. For the years ended December 31, 2021 and 2020, the Company made a discretionary contribution equal to 50% of a participant's elective deferrals, up to 6% of eligible compensation, if the participant was employed on the last day of the year and has completed 1,000 hours of service during the year. Discretionary contributions of \$417,332 and \$252,489 were funded to the Plan for the years ended December 31, 2021 and 2020, respectively.

Participants may also make rollover contributions from other qualified plans.

Participant accounts

Each participant's account is credited with the participant's contribution, rollover contribution, the Company's discretionary matching contribution, if any, an allocation of Plan earnings or losses, and administrative expenses. Allocations are based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

MerchantWise Solutions, LLC 401(k) Plan

Notes to Financial Statements

December 31, 2021

Note 1 - Description of the Plan (Continued)Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Vesting

Participants are immediately 100% vested in their pre-tax and Roth contributions, rollover contributions, qualified nonelective contributions, plus actual earnings thereon. Employer discretionary contributions, if any, and the related earnings thereon are vested after 3 years of service.

Forfeitures

Forfeitures represent nonvested portions of employer contributions and excess employer contributions that are reconciled at year-end by Principal and reallocated to the forfeitures account. Forfeitures are used by the Company to reduce future employer contributions or to pay Plan expenses. For the years ended December 31, 2021 and 2020, the Company utilized \$39,871 and \$0, respectively, in forfeitures to offset Plan expenses. There were \$72,834 and \$36,776 in forfeitures available for utilization as of December 31, 2021 and 2020, respectively.

Notes receivable from participants

Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their vested account balance reduced by the highest outstanding note balance during the prior twelve-month period or \$50,000. Note terms are not to exceed five years. The maximum number of loans that a participant may have outstanding at any time is one. Only one loan may be granted during any one year period. Notes receivable are secured by the balance in the participant's account and shall bear a reasonable rate of interest as determined by the Plan administrator based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. Principal and interest are paid ratably through payroll deductions.

During 2020, the Company made the election to allow participants to take Coronavirus-related loans under the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act"). Coronavirus-related loans were permitted to qualified individuals up to the lesser of \$100,000 or 100% of a participant's vested balance. As part of the CARES Act, if elected by participants, loan repayments due between March 27, 2020 and December 31, 2020 could be delayed for up to one year while still accruing interest.

Distributions to participants

Upon termination of service, death, disability, or retirement, a participant may elect a distribution in the form of an annuity, a lump-sum amount, annual installments, or a combination of the above. In-service withdrawals are permitted when a participant reaches age 59-1/2 or in the event of financial hardship as defined by the Plan.

MerchantWise Solutions, LLC 401(k) Plan

Notes to Financial Statements

December 31, 2021

Note 1 - Description of the Plan (Continued)Distributions to participants (continued)

If the value of the participant's account balance is less than \$1,000 at the time of termination, the distribution will be made in cash in a single lump sum. If the participant's account balance is between \$1,000 and \$5,000 and the participant does not affirmatively consent to receive a distribution, the balance will be rolled into an individual retirement account established on behalf of the participant.

Any taxable distribution paid by the Trustee directly to the participant will be subject to mandatory federal income tax withholding of 20% of the requested distribution.

During 2020, the Company made the election to allow participants to take Coronavirus-related distributions ("CRDs") under the CARES Act. CRDs were permitted to qualified individuals during 2020 not to exceed \$100,000 and were not subject to tax withholding or withdrawal penalties. If elected by participants, CRDs can be reinvested in the Plan, another qualified plan, or IRA over a three year period. Plans were permitted to adopt any CARES Act provisions immediately provided the Plan Document is retroactively amended on or before December 31, 2025.

Note 2 - Summary of Significant Accounting PoliciesBasis of presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Administrative expenses

Expenses related to the administration of the Plan are paid by the Plan or paid by the Company.

Distributions to participants

Benefit payments to participants are recorded upon distribution.

Note 2 - Summary of Significant Accounting Policies (Continued)Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distributions, based upon terms of the *Plan Document*, upon liquidation of their account balance.

Risks and uncertainties

The Plan provides for investments in various investment securities, which in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and participant account balances. Plan participants bear the risk of any Plan investment losses.

Investment valuation and income recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 regarding fair value measurements.

Unrealized appreciation or depreciation in the fair value of investments held at year-end is determined using the fair value at the beginning of the year or the purchase price if the investment is acquired during the year. The realized gain or loss on the sale of investments is determined using historical cost. Upon the sale of an investment, the current year realized appreciation or depreciation is adjusted for unrealized gains and losses recognized in prior years. Unrealized appreciation or depreciation and realized gains and losses are reported as net appreciation or depreciation in fair value of investments in the statements of changes in net assets available for benefits. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Note 3 - Fair Value Measurements

The Plan uses a three-level hierarchy for grouping assets and liabilities, based on the significance of inputs. The hierarchy of fair value measurements is described below:

- Level 1 – quoted prices in active markets for identical assets or liabilities;
- Level 2 – inputs other than level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of these assets or liabilities; or

Notes to Financial Statements

Note 3 - Fair Value Measurements (Continued)

- Level 3 – unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

- Mutual funds – these investments are valued daily based on the quoted market value of the fund assets and are valued using Level 1 inputs.
- Pooled separate accounts – these investments are valued daily at the net asset value per share (or its equivalent), as a practical expedient, held by the Plan based on the quoted market value of the underlying assets. All investments in this category can be redeemed daily, have a daily redemption notice period, and have no unfunded commitments. This investment is not included within the fair value hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the valuation methods are considered appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 - Investment in Fixed Income Guaranteed Option Fund

The Fixed Income Guaranteed Option Fund is a guaranteed general-account backed group annuity contract, issued by Principal Life Insurance Company. A rate of interest contractually guaranteed by Principal Life Insurance Company is credited to participant account balances. The rate of interest credited in 2021 ranged from 1.55% to 1.60%. No redemption fees, early withdrawal charges, or market value adjustments are charged on participant transfers of assets into or out of the contract.

An employer-level liquidation or employer initiated transfer of the Plan's interest will be subject to either a 12-month advance notice or a 5% surrender charge, whichever the Plan fiduciary chooses. Notification of a plan's intent to terminate its interest may be revoked within 90 days of a receipt of such notice, after which time, notice becomes irrevocable. The Fixed Income Guaranteed Option Fund may make available higher guaranteed rates. If these are available and a plan fiduciary chooses to move a plan's interest to a higher guaranteed rate, a charge of 1.50% of the plan's interest applies. If multiple higher guaranteed rates are available, the 1.50% charge applies to each higher rate that the plan fiduciary elects.

Note 5 - Tax Status

The prototype plan adopted by the Company received its latest opinion letter, dated March 31, 2014, which the Internal Revenue Service (the "IRS") stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan was qualified, and the related trust was tax-exempt as of December 31, 2021. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 - Information Certified by Trustee (Unaudited)

For Plan year 2021, the financial information included in the Plan's financial statements and Schedule H, line 4i, except for contributions receivable, contributions, notes receivable from participants, excess contributions payable, distributions to participants, and administrative expenses, has been derived from information certified as complete and accurate by the Trustee, in accordance with 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 7 - Party-in-Interest Transactions

Certain Plan investments are shares of pooled separate accounts which are managed by the Trustee of the Plan. Transactions with these investments qualify as party-in-interest transactions.

Note 8 - Reconciliation of the Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31:

Other	<u>(4)</u>	<u>(19)</u>
Net income per Form 5500	<u>\$ 1,958,865</u>	<u>\$ 1,686,319</u>

Note 9 - Subsequent Events

Effective January 1, 2022, the Plan was amended to allow 9Fold LLC employees to participate in the Plan.

Effective July 1, 2022, the Plan changed its trustee and recordkeeper responsibilities from Principal to Fidelity Management Trust Company. Along with the change, the Plan's adoption agreement was amended to modify the eligibility requirements for participants and to modify participant's vesting in matching contributions to be immediately vested and no longer require years of service. In addition, the Plan will allow for Roth rollover-in contributions and in-service and hardship withdrawals of a participant's voluntary contributions only. No other significant changes to the Plan were made.

Management has evaluated subsequent events through October 13, 2022, which was the date that the financial statements were available to be issued, and has determined that there are no other subsequent events to be reported.
