Independent Auditors' Report

Plan Administrator of the
Amwins Group, Inc. 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Amwins Group, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Amwins Group, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Amwins Group, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Amwins Group, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Amwins Group, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Amwins Group, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditors' Report

Plan Administrator of the
Amwins Group, Inc. 401(k) Plan:

Report on the Financial Statements

We were engaged to audit the accompanying statement of net assets available for benefits of Amwins Group, Inc. 401(k) Plan (the "Plan"), as of December 31, 2020, and the related notes to the financial statement.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of this financial statement in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on this financial statement based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statement. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2020 that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on this financial statement.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the 2020 financial statement, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the ERISA.

Notes to Financial Statements

December 31, 2021 and 2020

1. Description of the Plan

The following description of the Amwins Group, Inc. 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a voluntary defined contribution Plan sponsored by Amwins Group, Inc. (the "Company"). The Plan applies to all employees of the Company in the United States and its subsidiaries who are 18 or older, not a resident of Puerto Rico, and not an independent contractor. Employees may enter the Plan immediately upon becoming eligible. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Under the terms of the Plan, participating employees may contribute to the Plan through payroll deduction or a salary reduction agreement up to a maximum of 60% of their gross earnings, including employer-paid bonuses. Pre-tax contributions are limited, however, to $19,000 for 2021 as stipulated by the Internal Revenue Service. Contributions may be apportioned between various investment options at a percentage determined by each participant.

The matching contribution rate in effect during 2021 was 50% of each participant's compensation deferral up to a 6% compensation deferral rate. The Company's contributions were contributed to the Plan semi-monthly and weekly with respective payrolls. Allocation of the Company's contributions to participants' accounts is based on the participants' eligible contributions. If the Company does not announce a new matching percentage, then the percentage remains the same as the previous year. The Company may also make discretionary contributions, including profit sharing contributions, during the Plan year for eligible participants. For the year ended December 31, 2021, there were no discretionary contributions.

Participants direct contributions and related earnings in any of the various investment options offered by the Plan. Participants may change their investment allocations at any time by contacting the trustee directly.

Vesting

Participants in the Plan are 100% vested in their contributions to the Plan and any earnings thereon. Company matching contributions, profit sharing contributions and any earnings thereon vest 20% per year of service and are 100% vested after 5 years of service.

Participant Accounts

Upon enrollment in the Plan, participants may, subject to a procedure established and applied in a nondiscriminatory manner, direct the Trustee to invest their accounts in one or more of the available investment options. Each participant's account is credited with the participant's contribution, the Company's matching contribution, and investment earnings and charged with withdrawals, investment losses and administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. Allocation of administrative expenses of the Plan is based upon participants' account balances.

Notes Receivable from Participants

Notes receivable from participants are pre-approved by the Plan Administrator and are allowed for any purpose. Participants may apply for one loan per Plan year but may have two loans outstanding at any given time. Loans are collateralized by a participant's vested account balance and may be granted for a minimum amount of $1,000 up to the lesser of 50 percent of a participant's vested account balance or $50,000. Interest on loans is determined by the Plan Administrator based upon prevailing interest rates. Interest rates ranged from 4.25% to 9.25% at December 31, 2021. Loans are generally repayable in equal installments over a period not to exceed five years, unless the loan is for the purchase of a principal residence in which case the repayment period may not exceed ten years.

Payment of Benefits

Upon retirement (after age 65), as defined under the Plan, a participant's entire interest in the Plan from the Company's contributions and the participant's own contributions is payable, regardless of the number of years of Plan membership or can be delayed until actual retirement. After age 59-1/2, participants may elect to withdraw all or a portion of their interest in the Plan as long as the participants are still employed by the Company.

In the event of disability or death before retirement, a participant's entire interest in the Plan from the Company's and the participant's own contributions is payable to the participant or the participant's designated beneficiary, regardless of the number of years of Plan membership.

A participant, by written notice, may withdraw all or part of his/her interest in the Plan attributable to the participant's contributions only. In order to make such a withdrawal, a participant must establish personal or family need of financial assistance to the satisfaction of the Company. The minimum hardship withdrawal is $500.

In the event of disability, retirement or termination of employment, a participant may defer receipt of his distribution until a later date if the vested account balance is more than $1,000. However, if the vested account balance is $5,000 or less, any amount exceeding $1,000 will be distributed to an Individual Retirement Account of Annuity for the participant’s benefit. If the participant’s vested account balance is $1,000 or less, the balance will be distributed to the participant as a lump sum distribution.

Forfeited Accounts

If participants terminate their employment with the Company and are less than 100% vested in their interest in the Plan, the participants' non-vested portion may be forfeited. A forfeiture will occur in the Plan year that the participant receives a distribution of the entire vested account or if the participant does not receive a distribution after five consecutive one-year breaks in service. Forfeitures are retained by the Plan and will first be used to pay administrative expenses, if directed by the Company. To the extent they are not used to pay expenses, forfeitures will be used to reduce future Company contributions payable under the Plan. At December 31, 2021 and 2020, forfeited, non-vested amounts from participant accounts were $383,868 and $383,810, respectively. For the year ended December 31, 2021, forfeited accounts paid $600,511 of employer contributions and $69,000 of administrative expenses.

Transfers (To) From Other Qualified Plans

Transfers (to) from other qualified plans occur when the Company has divestitures and acquisitions of operations with qualified plans.

Plan Termination

Although the Company has not expressed any intention to do so, it has the right under the Plan to discontinue its contributions at any time and to amend or terminate the Plan, subject to the provisions of ERISA. In the event the Plan is terminated, all participants would become 100% vested in their accounts and not subject to forfeiture.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures or contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an investment in an orderly transaction between market participants at the measurement date.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The net appreciation (depreciation) in the fair value of its investments consists of the realized gains (losses) and the unrealized appreciation (depreciation) on investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distributions based upon the terms of the Plan.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Mutual fund fees are reflected in the investment performance of the respective investment funds. All transaction-based fees are charged directly to the participants' accounts. As provided by the Plan Agreement, certain administrative expenses are paid by the Plan Sponsor and the remainder is paid out of the Plan’s assets.

Risks and Uncertainties

The Plan invests in investment securities. Investment securities are exposed to various risks, such as interest rate, credit and market risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent Events
The Plan has evaluated subsequent events through the date of the independent auditors' report, the date the financial statements were available to be issued.

3. Fair Value Measurements

FASB Accounting Standards Codification ("ASC") 820 provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1: Quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs and information other than quoted prices within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3: Unobservable inputs for the asset or liability. Unobservable inputs should be used to measure the fair value to the extent that observable inputs are not available.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020:

Collective trust fund: Valued at the net asset value of shares / units held by the Plan at year end based upon quoted prices in public markets for the underlying investments. These investments can be redeemed immediately without notice.

Mutual funds: Valued at the quoted net asset value of shares held by the Plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

	December 31, 2021	
	Fair Value	Level 1
Mutual funds	$ 607,228,202	$ 607,228,202
Total assets in the fair value hierarchy	607,228,202	$ 607,228,202
Collective trust fund, measured at NAV	14,689,825	
Investments at fair value	$ 621,918,027	

	December 31, 2020	
	Fair Value	Level 1
Mutual funds	$ 489,922,330	$ 489,922,330
Total assets in the fair value hierarchy	489,922,330	$ 489,922,330
Collective trust fund, measured at NAV	12,529,934	
Investments at fair value	$ 502,452,264	

Investments that were measured at net asset value per share or unit have not been classified in the fair value hierarchy. The fair value amounts presented in the table are intended to permit reconciliation of the fair value hierarchy to the investments at fair value in the statements of net assets available for benefits.

4. Information Certified by Trustee

The following is a summary of the Plan's financial information and data included in the Plan's financial statements and supplemental schedule which was certified by Fidelity Management Trust Company, the trustee, as of December 31, 2021 and 2020 and for the year ended December 31, 2021, as complete and accurate, in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- Investments at fair value
- Notes receivable from participants
- Net appreciation in fair value of investments
- Interest and dividend income
- Interest income on notes receivable from participants

5. Related Party Transactions

The Plan uses Fidelity Management Trust Company ("Fidelity") to perform certain administrative duties for the Plan. Additionally, certain of the Plan's investments are mutual funds managed by Fidelity. Fidelity is the trustee of the Plan's assets. Therefore, the transactions qualify as party-in-interest transactions and are exempt from prohibited transaction rules.

6. Tax Status

The prototype Plan agreement, adopted by the Plan, has received a favorable determination letter from the Internal Revenue Service dated June 30, 2020, indicating that the Plan and related trust, as then designed, were in compliance with the applicable requirements of the Internal Revenue Code. The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. The Plan is required to evaluate each of its tax positions to determine if they are more likely than not to be sustained if the taxing authority examines the respective position. The Plan has evaluated each of its tax positions and has determined that no additional provision or liability for income taxes is necessary.

Independent Auditors' Report

Plan Administrator of the
Amwins Group, Inc. 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Amwins Group, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Amwins Group, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Amwins Group, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Amwins Group, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Amwins Group, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Amwins Group, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditors' Report

Plan Administrator of the
Amwins Group, Inc. 401(k) Plan:

Report on the Financial Statements

We were engaged to audit the accompanying statement of net assets available for benefits of Amwins Group, Inc. 401(k) Plan (the "Plan"), as of December 31, 2020, and the related notes to the financial statement.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of this financial statement in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on this financial statement based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statement. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2020 that the information provided to the plan administrator by the trustee is complete and accurate.

Notes to Financial Statements

December 31, 2021 and 2020

1. Description of the Plan

The following description of the Amwins Group, Inc. 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a voluntary defined contribution Plan sponsored by Amwins Group, Inc. (the "Company"). The Plan applies to all employees of the Company in the United States and its subsidiaries who are 18 or older, not a resident of Puerto Rico, and not an independent contractor. Employees may enter the Plan immediately upon becoming eligible. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Under the terms of the Plan, participating employees may contribute to the Plan through payroll deduction or a salary reduction agreement up to a maximum of 60% of their gross earnings, including employer-paid bonuses. Pre-tax contributions are limited, however, to $19,000 for 2021 as stipulated by the Internal Revenue Service. Contributions may be apportioned between various investment options at a percentage determined by each participant.

The matching contribution rate in effect during 2021 was 50% of each participant's compensation deferral up to a 6% compensation deferral rate. The Company's contributions were contributed to the Plan semi-monthly and weekly with respective payrolls. Allocation of the Company's contributions to participants' accounts is based on the participants' eligible contributions. If the Company does not announce a new matching percentage, then the percentage remains the same as the previous year. The Company may also make discretionary contributions, including profit sharing contributions, during the Plan year for eligible participants. For the year ended December 31, 2021, there were no discretionary contributions.

Participants direct contributions and related earnings in any of the various investment options offered by the Plan. Participants may change their investment allocations at any time by contacting the trustee directly.

Vesting

Participants in the Plan are 100% vested in their contributions to the Plan and any earnings thereon. Company matching contributions, profit sharing contributions and any earnings thereon vest 20% per year of service and are 100% vested after 5 years of service.

Participant Accounts

Upon enrollment in the Plan, participants may, subject to a procedure established and applied in a nondiscriminatory manner, direct the Trustee to invest their accounts in one or more of the available investment options. Each participant's account is credited with the participant's contribution, the Company's matching contribution, and investment earnings and charged with withdrawals, investment losses and administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. Allocation of administrative expenses of the Plan is based upon participants' account balances.

Notes Receivable from Participants

Notes receivable from participants are pre-approved by the Plan Administrator and are allowed for any purpose. Participants may apply for one loan per Plan year but may have two loans outstanding at any given time. Loans are collateralized by a participant's vested account balance and may be granted for a minimum amount of $1,000 up to the lesser of 50 percent of a participant's vested account balance or $50,000. Interest on loans is determined by the Plan Administrator based upon prevailing interest rates. Interest rates ranged from 4.25% to 9.25% at December 31, 2021. Loans are generally repayable in equal installments over a period not to exceed five years, unless the loan is for the purchase of a principal residence in which case the repayment period may not exceed ten years.

Payment of Benefits

Upon retirement (after age 65), as defined under the Plan, a participant's entire interest in the Plan from the Company's contributions and the participant's own contributions is payable, regardless of the number of years of Plan membership or can be delayed until actual retirement. After age 59-1/2, participants may elect to withdraw all or a portion of their interest in the Plan as long as the participants are still employed by the Company.

In the event of disability or death before retirement, a participant's entire interest in the Plan from the Company's and the participant's own contributions is payable to the participant or the participant's designated beneficiary, regardless of the number of years of Plan membership.

A participant, by written notice, may withdraw all or part of his/her interest in the Plan attributable to the participant's contributions only. In order to make such a withdrawal, a participant must establish personal or family need of financial assistance to the satisfaction of the Company. The minimum hardship withdrawal is $500.

In the event of disability, retirement or termination of employment, a participant may defer receipt of his distribution until a later date if the vested account balance is more than $1,000. However, if the vested account balance is $5,000 or less, any amount exceeding $1,000 will be distributed to an Individual Retirement Account of Annuity for the participant’s benefit. If the participant’s vested account balance is $1,000 or less, the balance will be distributed to the participant as a lump sum distribution.

Forfeited Accounts

If participants terminate their employment with the Company and are less than 100% vested in their interest in the Plan, the participants' non-vested portion may be forfeited. A forfeiture will occur in the Plan year that the participant receives a distribution of the entire vested account or if the participant does not receive a distribution after five consecutive one-year breaks in service. Forfeitures are retained by the Plan and will first be used to pay administrative expenses, if directed by the Company. To the extent they are not used to pay expenses, forfeitures will be used to reduce future Company contributions payable under the Plan. At December 31, 2021 and 2020, forfeited, non-vested amounts from participant accounts were $383,868 and $383,810, respectively. For the year ended December 31, 2021, forfeited accounts paid $600,511 of employer contributions and $69,000 of administrative expenses.

Transfers (To) From Other Qualified Plans

Transfers (to) from other qualified plans occur when the Company has divestitures and acquisitions of operations with qualified plans.

Plan Termination

Although the Company has not expressed any intention to do so, it has the right under the Plan to discontinue its contributions at any time and to amend or terminate the Plan, subject to the provisions of ERISA. In the event the Plan is terminated, all participants would become 100% vested in their accounts and not subject to forfeiture.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures or contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an investment in an orderly transaction between market participants at the measurement date.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The net appreciation (depreciation) in the fair value of its investments consists of the realized gains (losses) and the unrealized appreciation (depreciation) on investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distributions based upon the terms of the Plan.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Mutual fund fees are reflected in the investment performance of the respective investment funds. All transaction-based fees are charged directly to the participants' accounts. As provided by the Plan Agreement, certain administrative expenses are paid by the Plan Sponsor and the remainder is paid out of the Plan’s assets.

Risks and Uncertainties

The Plan invests in investment securities. Investment securities are exposed to various risks, such as interest rate, credit and market risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent Events
The Plan has evaluated subsequent events through the date of the independent auditors' report, the date the financial statements were available to be issued.

3. Fair Value Measurements

FASB Accounting Standards Codification ("ASC") 820 provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1: Quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs and information other than quoted prices within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3: Unobservable inputs for the asset or liability. Unobservable inputs should be used to measure the fair value to the extent that observable inputs are not available.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020:

Collective trust fund: Valued at the net asset value of shares / units held by the Plan at year end based upon quoted prices in public markets for the underlying investments. These investments can be redeemed immediately without notice.

Mutual funds: Valued at the quoted net asset value of shares held by the Plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

	December 31, 2021	
	Fair Value	Level 1
Mutual funds	$ 607,228,202	$ 607,228,202
Total assets in the fair value hierarchy	607,228,202	$ 607,228,202
Collective trust fund, measured at NAV	14,689,825	
Investments at fair value	$ 621,918,027	

	December 31, 2020	
	Fair Value	Level 1
Mutual funds	$ 489,922,330	$ 489,922,330
Total assets in the fair value hierarchy	489,922,330	$ 489,922,330
Collective trust fund, measured at NAV	12,529,934	
Investments at fair value	$ 502,452,264	

Investments that were measured at net asset value per share or unit have not been classified in the fair value hierarchy. The fair value amounts presented in the table are intended to permit reconciliation of the fair value hierarchy to the investments at fair value in the statements of net assets available for benefits.

4. Information Certified by Trustee

The following is a summary of the Plan's financial information and data included in the Plan's financial statements and supplemental schedule which was certified by Fidelity Management Trust Company, the trustee, as of December 31, 2021 and 2020 and for the year ended December 31, 2021, as complete and accurate, in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- Investments at fair value
- Notes receivable from participants
- Net appreciation in fair value of investments
- Interest and dividend income
- Interest income on notes receivable from participants

5. Related Party Transactions

The Plan uses Fidelity Management Trust Company ("Fidelity") to perform certain administrative duties for the Plan. Additionally, certain of the Plan's investments are mutual funds managed by Fidelity. Fidelity is the trustee of the Plan's assets. Therefore, the transactions qualify as party-in-interest transactions and are exempt from prohibited transaction rules.

6. Tax Status

The prototype Plan agreement, adopted by the Plan, has received a favorable determination letter from the Internal Revenue Service dated June 30, 2020, indicating that the Plan and related trust, as then designed, were in compliance with the applicable requirements of the Internal Revenue Code. The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. The Plan is required to evaluate each of its tax positions to determine if they are more likely than not to be sustained if the taxing authority examines the respective position. The Plan has evaluated each of its tax positions and has determined that no additional provision or liability for income taxes is necessary.
