Independent Auditor's Report

The Plan Administrator
LGI Services, LLC 403(b) Plan
New York, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of LGI Services, LLC 403(b) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year then ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2021 and 2020, and for the year then ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter –Supplemental Schedule Required by ERISA

The supplemental Schedule H (Form 5500), Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For

information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

LGI Services, LLC 403(b) Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the LGI Services, LLC (LGI) 403(b) Plan (the Plan) is provided for general information purposes only. Participants should refer to the comprehensive Plan document for a complete description of the Plan's provisions.

General

The Plan is a contributory defined-contribution plan covering all eligible employees of LGI Services, LLC (LGI or the Plan Sponsor) and its Affiliate, The Lighthouse International. An employee becomes eligible to participate in the Plan upon employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Trustee and Administration of the Plan

Principal Trust Company (Principal) is a trustee and recordkeeper of the Plan. Mutual of America Life Insurance Company (MOA) is a custodian and recordkeeper of the Plan. The administrator of the Plan is LGI. Principal and MOA hold all assets of the Plan in accordance with the service provider contracts with LGI. The Investment Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

CARES Act

On March 27, 2020, the President signed into law the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act). The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to Plan participants under the CARES Act and has implemented the following provisions:

- Special coronavirus distributions up to \$100,000.
- Increase the available loan amount as described in Note 2 to the lesser of \$100,000 or 100% of the participant's vested account balance.
- Extend the period for loan repayments, if applicable, up to one year.
- Suspended required minimum distributions for 2020.

Contributions

Participant Contributions

Participants can elect to contribute a portion of their pre-tax or after-tax annual compensation, subject to Internal Revenue Code (the Code) limitations (\$19,500 for 2021 and 2020), as a salary-reduction contribution.

Non-bargaining Participants

Non-bargaining employees are eligible for matching contributions if they are an active participant at any time during a payroll period. Matching contributions for non-bargaining employees are Safe Harbor matching contributions and are fully vested when made. The amount of the matching

LGI Services, LLC 403(b) Plan

Notes to Financial Statements

contributions are equal to 100% of an employee's 403(b) elective deferral contributions, which are not over 3% of an employee's pay, plus 50% of the 403(b) elective deferral contributions, which are over 3% of pay but are not over 5%.

A discretionary contribution can be made each plan year in an amount determined by the employer. The discretionary contribution for the year ended December 31, 2021 was 3%. Discretionary contributions for 2021 totaled \$251,190.

Bargaining Unit Participants (1199)

Bargaining unit employees, excluding union bargaining unit nurses, are eligible for matching contributions if they are an active participant at any time during a payroll period and are fully vested when made. The amounts of the matching contributions are equal to 100% of an employee's 403(b) elective deferral contributions, which are not over 4% of an employee's pay. Additional matching contributions for bargaining unit participants, excluding union bargaining unit nurses are based on a participant's years of service:

- At least five but less than ten years of service, \$1 for every \$3 is contributed by the participant. Matching contributions shall not exceed \$750 for the plan year.
- For ten to 20 years of service, \$1 for every \$2 is contributed by the participant. Matching contributions shall not exceed \$850 for the plan year.
- For 20 to 30 years of service, \$1 for every \$2 is contributed by the participant. Matching contributions shall not exceed \$1,000 for the plan year.
- For 30 years or more of service, \$1 for every \$2 is contributed by the participant. Matching contributions shall not exceed \$1,500 for the plan year.

Bargaining Unit Participants (Union Nurses)

Bargaining unit employees that are union nurses, are eligible for matching contributions if they are an active participant at any time during a payroll period and are fully vested when made. The amounts of the matching contributions are equal to 100% of an employee's 403(b) elective deferral contributions, which are not over 3.925% of an employee's pay.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions into a variety of investment options offered by the Plan. The Plan accepts rollovers and transfers from other qualified plans but only for those employees eligible to participate in the Plan and inactive participants.

Participant Accounts

Each participant's account is credited with the participant's salary-reduction contributions and rollovers, and LGI's contributions, if any, and an allocation of net earnings. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. Participants may direct the investment of their account balances into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

LGI Services, LLC 403(b) Plan

Notes to Financial Statements

Vesting

All employee deferrals and employer matching contributions, as well as additional contributions for bargaining employees are fully and immediately vested. The discretionary employer contributions for non-bargaining employees are subject to three years of service vesting cliff.

Forfeited Accounts

Forfeitures from terminated nonvested plan participants are used to reduce future employer contributions under the Plan. Forfeitures of \$8,034 were applied toward employer contributions during the year ended December 31, 2021. There were no remaining forfeited nonvested balances yet to be offset as of December 31, 2021 or 2020.

Payment of Benefits

On termination of service due to disability or retirement, a participant (or a designated beneficiary) may elect to receive a distribution of their vested account balance. If the participant dies before distribution begins, the entire interest earned in the Plan will be distributed to the spouse or the named beneficiary.

Notes Receivable from Participants

Prior to adopting the provisions from the CARES Act, participants could borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or the greater of (a) 50.00% of their account balance, or (b) \$10,000, not to exceed the participant account balance, reduced by any outstanding loan balance on the date the new loan is made. The interest rates range between 5.25% and 7.50%. The loans are secured by the balance in the participant's account. Principal and interest is paid ratably through payroll deductions.

Partial Plan Termination

As a result of terminating certain services, there was a reduction in LGI's workforce during 2018 and 2019. Subsequent to December 31, 2019, LGI had an additional reduction in the workforce due to terminating services and the effects of the COVID-19 pandemic. As a result of these events, Plan management has determined that a partial termination of the Plan occurred during 2019 and 2020. All affected Plan participants were fully vested in their accounts upon these determinations.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statement in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

LGI Services, LLC 403(b) Plan

Notes to Financial Statements

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for the Plan's investments in fully benefit-responsive investment contracts, which are stated at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. LGI determines the Plan's valuation policies utilizing information provided by the investment advisor, Principal and MOA. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent participant loans are deemed as distributions based upon the terms of the Plan document. During the year ended December 31, 2021, the Plan recorded \$0 of deemed distributions. As of December 31, 2021 or 2020, there were no allowances for delinquent participant loans.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan sponsor or its Affiliate pay all administrative fees except for participant loan, distribution, and investment management fees, which are paid for by the Plan. Investment management fees are netted against investment income. Administrative expenses paid by the Plan sponsor or its Affiliate are excluded from these financial statements.

3. Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include the following:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.

LGI Services, LLC 403(b) Plan

Notes to Financial Statements

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

There have been no changes in the methodologies used at December 31, 2021 as compared to those used at December 31, 2020.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Separate Account - Valued at their accumulation unit value (AUV), which approximates fair value. The AUV is determined daily in the NAV of shares of the underlying fund and the separate account charges (i.e. the daily asset charge). The separate account invests in various registered investment companies (Mutual Funds). The underlying funds of the separate account are various registered investment companies whose investment strategies are to seek capital appreciation through investment in common and preferred stocks and debt securities. The AUV, as determined by Mutual of America, is used as a practical expedient to measure fair value. Accordingly, the separate account is not required to be and has not been classified in the fair value hierarchy for the years ended December 31, 2021 and 2020. The Plan's investment in the separate account may be redeemed daily. There are no redemption fees or notice periods and no unfunded commitments.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis:

December 31, 2021

	Level 1		Total
Mutual funds	\$	37,951,076	\$ 37,951,076
Total Investments , in the fair value hierarchy	\$	<u>37,951,076</u>	37,951,076
Separate account*			<u>101,218</u>
Total Investments , at fair value			\$ 38,052,294

LGI Services, LLC 403(b) Plan

Notes to Financial Statements

December 31, 2020

	Level 1	Total
Mutual funds	\$ 36,685,378	\$ 36,685,378
Total Investments , in the fair value hierarchy	<u>\$ 36,685,378</u>	36,685,378
Separate account*		<u>83,862</u>
Total Investments , at fair value		<u>\$ 36,769,240</u>

* In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items present in the statements of net assets available for benefits.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. While Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Certified Investment Information

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Trust and MOA, qualified institutions, have certified that the following investment information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2021 and 2020.
- Investment income and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2021.
- Investment information included in the Schedule of Assets (Held at End of Year) as of December 31, 2021 as shown on the supplemental schedule.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and supplemental schedule.

5. Guaranteed Investment Contracts

The Plan entered into fully benefit-responsive guaranteed investment contracts with Principal and MOA. Principal and MOA maintain the contributions in a general accounts. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contracts issuer are contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

LGI Services, LLC 403(b) Plan

Notes to Financial Statements

Because the guaranteed investment contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contracts. Contract value, as reported to the Plan by Principal and MOA, represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer.

Certain events may limit the ability of the Plan to transact at contract value. Such events include, but may not be limited to, the following: (1) temporary absence; (2) change in position or other occurrence qualifying as a temporary break in service under the Plan; (3) transfer or other change of position resulting in employment by a controlling entity, controlled by, or under, other common control with the employer; (4) cessation of an employment relationship resulting from a reorganization, merger, layoff, or the sale or discontinuance of all or any part of the Plan sponsor's business; (5) removal from the Plan of one or more groups or classifications of participants; (6) partial or complete Plan termination; or (7) Plan disqualification. The Plan administrator does not believe that any events, which would limit the Plan's ability to transact at contract value with participants, are probable of occurring.

6. Party-in-Interest Transactions

Certain of the Plan's investments are in funds and accounts that are managed by Principal and MOA. Principal and MOA hold the Plan's investments, receive interest, dividends and contributions, in addition to processing distributions to participants. Transactions with Principal and MOA qualify as party-in-interest transactions.

The Plan issues notes to participants that are secured by the balances in the participants' accounts. These transactions qualify as party-in-interest transactions, which are exempt from prohibited transaction rules.

7. Income Tax Status

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (the Code). The terms of the Plan have been prepared to conform with the sample language provided by the Internal Revenue Service (IRS) in Revenue Procedure 2007-71 and the draft Listing of Required Modifications issued April 4, 2009. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for Plan participants under Section 403(b). Although the Plan has never received an opinion letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Code.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken any uncertain positions that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Notes to Financial Statements

8. Plan Termination

Although it has not expressed any intent to do so, LGI has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, based on the markets' fluctuations, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. Subsequent Events

Subsequent events have been evaluated through October 11, 2022, which is the date the financial statements were available to be issued and has determined the Plan had no material subsequent events that require disclosure.
