Independent Auditor's Report

To the Plan Administrator of
Driveline Retail Merchandising, Inc. Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Driveline Retail Merchandising, Inc. Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

DRIVELINE RETAIL MERCHANDISING, INC. RETIREMENT PLAN

Notes to Financial Statements December 31, 2021

1. Description of the Plan

The following brief description of the Driveline Retail Merchandising, Inc. Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan's summary description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established January 1, 1996, by Driveline Retail Merchandising, Inc. (the Company, Plan Sponsor and Administrator) to provide retirement benefits to eligible employees. Fidelity Management Trust Company (the "Trustee") is the Trustee of the Plan. The Trustee manages the investments of the Plan as directed by the participants and provides recordkeeping services. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security ("CARES") Act was passed by Congress. The CARES Act contains several provisions that temporarily impact 401 (k) plans, including the waiver of required minimum distributions, a new hardship withdrawal option, increased loan options, and a pause option for the loan payments. The provisions of the CARES Act may be effective and operationalized immediately, prior to amending the plan document. The Company has adopted most of the relief provisions of the CARES Act, including the hardship withdrawal features and the ability to repay withdrawals over three years. The provisions of the CARES act expire on December 31, 2020.

Eligibility

Eligibility for participation in the Plan extends to all employees who are 21 years of age or older and have completed six months of service for the Company. The participant will become eligible to participate in the Plan on the first day of the following month upon meeting the Plan's eligibility requirements. Upon enrollment in the Plan, a participant may direct the employer and employee contributions to any combination of available investment options.

Participant Contributions

Each year, participants may contribute up to the maximum percentage allowable not to exceed the limits of the Internal Revenue Code Section 401(k) of pretax annual compensation (salary reduction contributions), as defined in the Plan. In addition, participants age 50 and older may contribute catch-up contributions as defined by the Plan. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions).

Company Contributions

The Company may make discretionary matching contributions as determined by the Company's Board of Directors. For the year ended December 31, 2021, there were no discretionary matching contributions. Matching contributions are not made on any catch-up contributions.

DRIVELINE RETAIL MERCHANDISING, INC. RETIREMENT PLAN

Notes to Financial Statements (Continued) December 31, 2021

1. Description of the Plan (Continued)

The Company may also make discretionary nonelective contributions to the Plan, at such time or times as they select, in amounts as the Board of Directors may determine by resolution. For the year ended December 31, 2021, there were no discretionary nonelective contributions made to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions, catch-up contributions, rollover contributions, allocations of the Company's contributions, and Plan earnings, and is reduced for any Plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are immediately vested in their rollover contributions, employee pre-tax contributions, catch-up contributions, and earnings thereon. Vesting in the Company's discretionary matching and discretionary nonelective contributions is based upon years of vesting service as follows:

<u>Years of Service</u>	<u>Percentage Vested</u>
Less than 1	0%
1	25%
2	50%
3	100%

Vesting under the Plan is based upon the elapsed-time method. Hours of service are not counted, and instead periods of service are computed. A period of service is determined by the time a participant works for the Company. Only a participant's whole year of service is counted to compute their years of service for vesting purposes. Each participant also becomes 100% vested on termination of service due to death, disability or upon normal retirement age as defined by the Plan.

Forfeited Accounts

As of December 31, 2021 and 2020, forfeited nonvested accounts totaled \$-0- and \$18,280, respectively. These accounts will be used to reduce future Company contributions or pay administrative expenses. In 2021, the Company used \$18,751 of these forfeited nonvested accounts to pay administrative expenses.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as excess contributions payable. As of December 31, 2021 and 2020, the Plan had \$19,318 and \$-0- in excess contributions payable.

Notes to Financial Statements (Continued) **December 31, 2021**

1. Description of the Plan (Continued)

Payment of Benefits

Benefits may be paid to the participant or beneficiary upon death, disability, retirement, or termination of employment, as defined in the Plan agreement. The Plan provides for normal retirement at age 65. The total vested portion of a participant's account balance is distributed in the form of a lump-sum payment, or installments. Participants experiencing financial hardship may withdraw a portion of this account balance as defined in the Plan.

Effective for plan years beginning after December 31, 2018, the requirement to obtain all available nontaxable loans prior to a hardship withdrawal and a suspension of contributions for the six-month period following receipt of a hardship withdrawal were removed.

Administrative Expenses

The Plan's administrative expenses may be paid by the Company.

Termination of Plan

Although it has not expressed any intent to do so, the Company reserves the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of a termination, participants will become 100% vested in their accounts.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loan is secured by the balance in the participant's account. The loans bear reasonable interest as determined by the Administrator which have generally been at a rate of 4.25%, for the years ended December 31, 2021 and 2020, and is commensurate with local prevailing rates. Principal and interest is paid ratably through payroll deductions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Sponsor to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from these estimates.

2. Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Refer to Note 3 for details on inputs, valuation techniques and fair value measurement level within the fair value hierarchy.

Net appreciation in fair value of investments included in the accompanying statement of changes in net assets available for benefits includes realized gains or losses from the sale of investments and unrealized appreciation or depreciation in fair value of investments. Net unrealized appreciation or depreciation in the fair value of investments represents the net change in the fair value of the investments held during the period. The net realized gains or losses on the sale of investments represents the difference between the sale proceeds and the fair value of the investment as of the beginning of the period or the cost of the investment if purchased during the year.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date.

Investment Options

As of December 31, 2021, participants may self-direct employee and employer contributions in to various investment options available for investment. The investment options include mixes of mutual funds from aggressive to conservative, international, growth, and bonds.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on participant notes receivable is recorded when earned. No allowance for credit losses has been recorded as of both December 31, 2021 and 2020. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. Related fees are recorded as administrative expenses and are expensed when incurred.

Payment of Benefits

Benefits are recorded when paid.

DRIVELINE RETAIL MERCHANDISING, INC. RETIREMENT PLAN

Notes to Financial Statements (Continued) December 31, 2021

3. Fair Value of Financial Instruments

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - unadjusted quoted prices in active markets for identical assets or liabilities. These inputs are considered to be the most reliable evidence of fair value.

Level 2 - quoted prices for similar assets in active markets, quoted prices from those willing to trade in markets that are not active, or other inputs that are observable or can be corroborated by market data for the term of the instrument. Such inputs include market interest rates and volatilities, spreads and yield curves.

Level 3 - termed *unobservable inputs*, which are utilized in situations where there is little or no market activity for the asset or liability at the measurement date. This approach typically involves a significant amount of subjective management judgment toward the pricing of the security.

The following is a description of the valuation methodologies used for assets measured at fair value:

Registered investment companies (mutual funds) - Mutual funds are classified as Level 1 as they are traded in an active market for which closing prices are readily available and are valued at the fair value of shares held by the Plan at year end.

Collective trust fund - Valued at the net asset value (NAV) of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement as of the reporting date.

Notes to Financial Statements (Continued) December 31, 2021

3. Fair Value of Financial Instruments (Continued)

The tables below present the balances of assets and liabilities measured at fair value on a recurring basis by level within the hierarchy as of December 31:

	Level 1	Level 2	Level 3	Total
2021				
Registered investment companies:				
Mutual funds	\$ 5,482,279	\$ -	\$ -	\$ 5,482,279

Investments measured at NAV (a):

Total investments				<u>\$ 5,298,029</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

For years ended December 31, 2021 and 2020, there were no transfers between Levels 1 and 2 and no transfers in or out of Level 3.

Investments Measured Using NAV per Share Practical Expedient

The following table summarizes investments for which fair value is measured using NAV per share practice expedient as of December 31:

	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if currently eligible)</u>	<u>Redemption Notice Period</u>

2020				
Common/collective trust	<u>\$ 453,852</u>	<u>N/A</u>	<u>Daily</u>	<u>N/A</u>

4. Party-in-Interest Transactions

Certain Plan investments are managed by the Fidelity Management Trust Company, and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment manager services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party-in-interest transactions. All of these transactions are exempt from prohibited transaction rules under ERISA.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

5. Information Certified by the Trustee

The Plan Administrator has elected the method of compliance as permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2021 and 2020. Accordingly, Fidelity Management Trust Company, the Trustee of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2021 and 2020, and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2021, and the related investment activity and interest income on notes receivable reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2021.

DRIVELINE RETAIL MERCHANDISING, INC. RETIREMENT PLAN

Notes to Financial Statements (Continued) December 31, 2021

6. Delinquent Participant Contributions

As reported on supplemental Schedule H, Line 4a – Schedule of Delinquent Participant Contributions, certain participant contributions were not remitted to the Plan within the time frame specified by DOL Regulation 29 CFR 2510.3-102, thus constituting nonexempt transactions between the Plan and the Plan Sponsor for the year ended December 31, 2021. Late remittances related to the 2021 Plan year amount to \$17,921. The 2021 total lost earnings were calculated to be \$17 and this amount will be remitted to the Plan.

7. Reconciliation of Financial Statements to the Form 5500

The following is a reconciliation of net assets available for benefits per the audited financial statements to Schedule H of Form 5500 at December 31, 2021:

	<u>2021</u>
Net assets available for benefits per the audited financial statements	\$ 5,990,321
Registered investment companies (mutual funds) and collective trust fund amounts transferred from the plan on December 31, 2021	(5,894,504)
Participant contributions receivable	(100,919)
Participant and employer contributions receivable difference	(14,216)
Excess contribution payable	<u>19,318</u>
Net assets available for benefits per Schedule H of Form 5500	<u>\$ -</u>
Net increase in net assets available for benefits per the audited financial statements	\$ 572,522
Contract value to fair value adjustment for collective trust fund	(4,229)
Less: Current year participant and employer contributions receivable	(14,216)
Add: Corrective distributions	<u>19,318</u>
Net increase in net assets available for benefits per Schedule H of Form 5500	<u>\$ 573,395</u>

8. Plan Tax Status

The Plan adopted a prototype plan document that has a favorable determination letter from the Internal Revenue Service dated March 31, 2014, that states that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. The Plan Administrator believes that the Plan, as amended, is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

DRIVELINE RETAIL MERCHANDISING, INC. RETIREMENT PLAN

Notes to Financial Statements (Continued) December 31, 2021

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

10. Administration of Plan Assets

The Plan's assets are administered under a contract with Fidelity Management Trust Company, the Trustee of the Plan. The Trustee invests funds received from contributions, investment sales, interest, and dividend income and makes distribution payments and notes receivable to participants. We were notified by the plan administrator that the Trustee held the Plan's investment assets and executed investment transactions from January 1, 2021, to December 31, 2021, and transferred Plan assets to Nationwide Trust Company ("Nationwide"), the new custodian and recordkeeper of the Plan, on December 31, 2021. Transferred assets were received by Nationwide on January 4, 2021. The plan administrator has obtained certifications from the custodians as of and for the years ended December 31, 2021, and 2020, that the information provided to the plan administrator by the custodians is complete and accurate.

11. Subsequent Events

The Plan's management has evaluated subsequent events through October 13, 2022, which is the date the financial statements were available to be issued. Subsequent to December 31, 2021, the Plan's assets were transferred to Nationwide Trust Company, the new appointed custodian and recordkeeper of the Plan, and were received by Nationwide on January 4, 2022, in the amount of \$5,472,914, net of \$9,365 of recordkeeping fees withheld from the prior Trustee, Fidelity Management Trust Company.

We were informed by the plan administrator that the Fidelity Stable Value Fund ("collective trust fund") is currently on hold due to a twelve-month put applied to the fund and was not part of the transfer to Nationwide. The collective trust fund will remain with the prior Trustee in an omnibus investment account and will be transferred to Nationwide on November 1, 2022, when the put period expires.
