Independent Auditor's Report

To the Plan Administrator of
First Communities Management, Inc. 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for 2021 Financial Statements

We have performed an audit of the financial statements of First Communities Management, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statement performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section –

- the amounts and disclosures in the 2021 financial statements, referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern over the twelve months from the report date.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedules Required by ERISA

The supplemental schedules of the Plan, as listed in the accompanying index, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of First Communities Management, Inc. 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 15, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

First Communities Management, Inc. 401(k) Plan

Notes to Financial Statements December 31, 2021 and 2020

Note 1: Description of Plan

The following description of First Communities Management, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) profit sharing plan established effective January 1, 1996, covering all employees of the business of the Plan Sponsor, defined below, and participating employees who completed one year of service and are 19 years of age or older. On January 1, 2007, the Southeastern Realty 401(k) Plan was amended and restated. As part of the amendment and restatement, the Plan changed its name to the First Communities Management Inc. 401(k) Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). First Communities Management Inc. (the Company or the Plan Sponsor) serves as the plan administrator.

Contributions

Each year, participants may contribute a percentage of their annual compensation, as defined in the Plan Document. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan Sponsor makes safe-harbor matching contributions of 100% of each employee's deferral on the first 3% of the participant's compensation and 50% of the next 2% of the participant's compensation, for a total of up to 4% match on the first 5% of the participant's compensation, as defined by the Plan Document.

Additionally, the Plan Sponsor may elect to make discretionary profit-sharing contributions to the Plan. There were no such contributions made in 2021. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Administration

The Company has engaged Principal Life Insurance Company and Principal Trust Company (collectively, the Trustees) to serve as trustees of the Plan as of and for the year ended December 31, 2021. The Trustees receive all contributions made under the Plan, hold Plan assets and pay benefits to participants as directed by the plan administrator.

The Company serves as the plan administrator. The plan administrator has the responsibility to administer the Plan for the exclusive benefit of the participants and their beneficiaries. These duties include, but are not limited to, establishing procedures, maintaining records, interpreting provisions of the Plan and making determinations regarding questions which may affect eligibility for benefits. The plan administrator has engaged a third-party administrator to assist in the administration of the Plan.

Participant Accounts

Each participant account is credited with the participant's contributions, rollovers, safe-harbor matching contributions, discretionary profit-sharing contributions and allocations of investment earnings and losses thereon. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account, as defined in the Plan Document.

Administrative Expenses

Certain administrative expenses of the Plan are paid by the Plan Sponsor and are not included in the statement of changes in net assets available for benefits. Administrative expenses of the Plan include, but are not limited to, legal, accounting, recordkeeping, investment advisory and administrative fees; however, individual transaction fees for notes receivable from participants are paid from the borrowing participant's account. A proportionate share of fees and expenses paid by the Plan is charged to each participant's account.

Vesting

Participants are vested immediately in their contributions, safe-harbor matching contributions, and actual earnings thereon. Discretionary profit-sharing contributions are 100% vested after three years of service.

Investment Options

Participants are required to make participant-directed allocations of their accounts in increments of 1% (totaling 100%) among various investment options; including certain options for which the Trustees or their affiliates serve as investment advisors (see Notes 3 and 7).

Withdrawals

In general, participants may withdraw their contributions, the vested portion of their account, and income earned thereon, in the event of a participant's heavy and immediate financial hardship, as defined in the Plan Document. Hardship distributions may not exceed the amount of the participant's financial hardship and may not be repaid by the participant. If a participant makes a hardship withdrawal, the right to make voluntary contributions will be suspended for six months. Participants are also permitted to request an in-service distribution of their account after age 59 1/2.

Upon normal retirement (age 65), early retirement (age 55 and 10 years of service), termination of employment, disability or death, a participant or beneficiary may elect to receive the value of the vested account by transfer to another qualified plan or Individual Retirement Account (IRA), through a lump sum distribution, partial withdrawal or in annual installments.

Distributions from the Plan will normally be subject to income taxes and in certain circumstances may also be subject to IRS penalties, unless the distribution is transferred to another qualified plan or IRA. The Plan may, upon termination of service of a participant for any reason, automatically pay the benefits owed in a lump sum, or partial, if the account balance is \$5,000 or less.

Forfeitures

Forfeitures are used to pay administrative expenses of the Plan or to reduce future employer contributions.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Participants are only allowed to have one active note receivable at any one time and a note receivable can only be taken out in accordance with the terms of the Plan Document. Notes receivable are secured by the balance in the participant's account and bear interest ranging from 4.25% to 6.50% as of December 31, 2021, which is commensurate with local prevailing rates as determined periodically by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

Note 2: Summary of Significant Accounting Policies

Basis of Presentation

The accompanying statements of net assets available for benefits and changes in net assets available for benefits have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan Document.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (Note 4).

Purchases and sales of investments, including gains or losses, are recorded on a trade-date basis. Interest income is recorded when earned, and dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 3: Information Certified by the Trustees (Unaudited)

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by the Trustees, except for comparing such information to information included in the Plan's financial statements and supplemental information:

	2021	2020
Statements of net assets available for benefits:		
Investments, at fair value		
Mutual funds	\$ 13,859,680	\$ 9,877,908
Pooled separate accounts	206,786	1,583,277
Common collective trust	760,791	943,823
Statements of changes in net assets available for benefits:		
Net appreciation in fair value of investments	\$ 1,822,684	
Interest and dividends	209,147	

Note 4: Fair Value Measurements

Accounting Standards Codification 820-10, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. This framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

Level 1: Quoted prices for identical instruments in active markets at the measurement date. Investments that are listed on a United States securities exchange are valued at their last sales price on the largest United States securities exchange on which such securities have traded.

Level 2: Quoted prices for similar instruments in active markets; quoted prices for identical or similar instruments in markets that are not active and model-derived valuation in which all significant inputs and significant value drivers are observable in active markets at the date and for the anticipated term of the instrument.

Level 3: Valuation derived from valuation techniques in which one or more significant inputs or significant value drivers are unobservable inputs that reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds are valued at quoted market prices as provided by the Trustees.

Pooled separate accounts are valued at net asset value (NAV) based on the value of the underlying assets owned by the fund, minus any liabilities, and then divided by the number of shares outstanding. This practical expedient would not be used if it is determined to be probable that the investments will sell for an amount different from the reported NAV. Participant transactions (purchases and sales) have no restrictions and there are currently no unfunded commitments on these investments.

The common collective trust (CCT) is a stable value fund comprised primarily of fully benefit responsive synthetic and traditional guaranteed investment contracts, and the fund is valued at NAV. The NAV is used as a practical expedient to estimate fair value and is based on the value of the underlying assets owned by the fund, minus any liabilities and fund expenses, and then divided by the number of shares outstanding. This practical expedient would not be used if it is determined to be probable that the investment will sell for an amount different from the reported NAV. Participant transactions (purchases and sales) have no restrictions; however, the issuer reserves the right to require the Plan to provide a one-year redemption notice to liquidate its entire share in the fund. There are currently no unfunded commitments on this investment.

Net appreciation (depreciation) in fair value of the mutual funds, pooled separate accounts and CCT represents the change in value during the year, including realized and unrealized gains and losses.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

Investments at Fair Value as of December 31, 2021:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 13,859,680	\$ -	\$ -	\$ 13,859,680
Pooled separate accounts <i>(a)</i>	-	-	-	206,786
Common collective trust <i>(a)</i>	-	-	-	760,791
Total investments, at fair value	<u>\$ 13,859,680</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 14,827,257</u>

Investments at Fair Value as of December 31, 2020:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 9,877,908	\$ -	\$ -	\$ 9,877,908
Pooled separate accounts <i>(a)</i>	-	-	-	1,583,277
Common collective trust <i>(a)</i>	-	-	-	943,823
Total investments, at fair value	<u>\$ 9,877,908</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 12,405,008</u>

(a) In accordance with Subtopic Accounting Standards Codification 820-10, these investments were measured at NAV per share (or its equivalent) as a practical expedient and have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Note 5: Tax Status

The Plan has adopted a volume submitter 401(k) profit sharing plan. The Plan obtained its last determination letter on March 31, 2014, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable section of the Internal Revenue Code (IRC). The Plan has been amended since receiving its latest determination letter and has not obtained an updated determination letter; however, the Plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC and that the Plan was qualified and tax exempt as of December 31, 2021.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

Note 6: Risks and Uncertainties

The Plan's invested assets ultimately consist of cash, mutual funds, stocks, bonds, fixed income securities and other investment securities. Investment securities are exposed to various risks, such as interest rate risk, market risk and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Note 7: Party-in-Interest Transactions

The Trustees perform services for, sell products to and manage and maintain certain investments of the Plan for which fees are charged to the Plan. Party-in-interest transactions also include notes receivable from participants. Such transactions, while considered party-in-interest under ERISA, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Note 8: Prohibited Transactions

During 2021, the Plan Sponsor deducted, via payroll withholding, an aggregate of \$80,617, from participants' gross wages that were not remitted in a timely manner to the Plan in accordance with DOL regulations. The Company intends to file Form 5330 with the IRS, pay the required excise tax, and make the restoration contributions to restore the lost earnings to participants.

During 2020 and 2019, the Plan Sponsor deducted, via payroll withholding, an aggregate of \$170,553 and \$16,223, respectively, from participants' gross wages that were not remitted in a timely manner to the Plan in accordance with DOL regulations. The Company filed Form 5330 with the IRS, paid the required excise tax, and made restoration contributions to restore the lost earnings to participants in 2021.

Note 9: Plan Failures

During 2020, a plan failure occurred due to improperly implemented deferral elections filed by participants. As a result, employee deferrals were not properly deducted and deferred from certain participants' gross wages. The Plan Sponsor took corrective action with the IRS and DOL related to this plan failure and submitted a Qualified Non-Elective Contribution (QNEC) to the Plan on behalf of the affected participants equal to the sum of up to 50% of the difference between their elected deferral percentage and the actual amount deferred for each affected participant representing the lost opportunity to defer their salary into the Plan. In addition, the Plan Sponsor made a restoration contribution to the Plan for lost earnings on the deferrals.

During 2020, a plan failure occurred due to improperly implemented loan repayments toward participant loans. As a result, employee loan repayments were not properly deducted from certain participants' gross wages and remitted for payment toward participant outstanding loans. The Plan Sponsor took corrective action related to this plan failure and submitted on behalf of the affected participants equal to the sum of the loan repayments improperly excluded from payroll deductions. In addition, the Plan Sponsor made a restoration contribution in 2021 to the Plan for lost earnings on the loan repayments.

Note 10: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the terms of the Plan Document to discontinue its contributions and terminate the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 11: Subsequent Events

The Plan Sponsor has evaluated for subsequent events between December 31, 2021 and the report date, the date the financial statements were available for issuance, and has concluded that all subsequent events requiring recognition or disclosure have been incorporated into these financial statements.

Independent Auditor's Report

To the Plan Administrator of
First Communities Management, Inc. 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for 2021 Financial Statements

We have performed an audit of the financial statements of First Communities Management, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statement performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section –

- the amounts and disclosures in the 2021 financial statements, referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern over the twelve months from the report date.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedules Required by ERISA

The supplemental schedules of the Plan, as listed in the accompanying index, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of First Communities Management, Inc. 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 15, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

First Communities Management, Inc. 401(k) Plan

Notes to Financial Statements December 31, 2021 and 2020

Note 1: Description of Plan

The following description of First Communities Management, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) profit sharing plan established effective January 1, 1996, covering all employees of the business of the Plan Sponsor, defined below, and participating employees who completed one year of service and are 19 years of age or older. On January 1, 2007, the Southeastern Realty 401(k) Plan was amended and restated. As part of the amendment and restatement, the Plan changed its name to the First Communities Management Inc. 401(k) Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). First Communities Management Inc. (the Company or the Plan Sponsor) serves as the plan administrator.

Contributions

Each year, participants may contribute a percentage of their annual compensation, as defined in the Plan Document. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan Sponsor makes safe-harbor matching contributions of 100% of each employee's deferral on the first 3% of the participant's compensation and 50% of the next 2% of the participant's compensation, for a total of up to 4% match on the first 5% of the participant's compensation, as defined by the Plan Document.

Additionally, the Plan Sponsor may elect to make discretionary profit-sharing contributions to the Plan. There were no such contributions made in 2021. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Administration

The Company has engaged Principal Life Insurance Company and Principal Trust Company (collectively, the Trustees) to serve as trustees of the Plan as of and for the year ended December 31, 2021. The Trustees receive all contributions made under the Plan, hold Plan assets and pay benefits to participants as directed by the plan administrator.

The Company serves as the plan administrator. The plan administrator has the responsibility to administer the Plan for the exclusive benefit of the participants and their beneficiaries. These duties include, but are not limited to, establishing procedures, maintaining records, interpreting provisions of the Plan and making determinations regarding questions which may affect eligibility for benefits. The plan administrator has engaged a third-party administrator to assist in the administration of the Plan.

Participant Accounts

Each participant account is credited with the participant's contributions, rollovers, safe-harbor matching contributions, discretionary profit-sharing contributions and allocations of investment earnings and losses thereon. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account, as defined in the Plan Document.

Administrative Expenses

Certain administrative expenses of the Plan are paid by the Plan Sponsor and are not included in the statement of changes in net assets available for benefits. Administrative expenses of the Plan include, but are not limited to, legal, accounting, recordkeeping, investment advisory and administrative fees; however, individual transaction fees for notes receivable from participants are paid from the borrowing participant's account. A proportionate share of fees and expenses paid by the Plan is charged to each participant's account.

Vesting

Participants are vested immediately in their contributions, safe-harbor matching contributions, and actual earnings thereon. Discretionary profit-sharing contributions are 100% vested after three years of service.

Investment Options

Participants are required to make participant-directed allocations of their accounts in increments of 1% (totaling 100%) among various investment options; including certain options for which the Trustees or their affiliates serve as investment advisors (see Notes 3 and 7).

Withdrawals

In general, participants may withdraw their contributions, the vested portion of their account, and income earned thereon, in the event of a participant's heavy and immediate financial hardship, as defined in the Plan Document. Hardship distributions may not exceed the amount of the participant's financial hardship and may not be repaid by the participant. If a participant makes a hardship withdrawal, the right to make voluntary contributions will be suspended for six months. Participants are also permitted to request an in-service distribution of their account after age 59 1/2.

Upon normal retirement (age 65), early retirement (age 55 and 10 years of service), termination of employment, disability or death, a participant or beneficiary may elect to receive the value of the vested account by transfer to another qualified plan or Individual Retirement Account (IRA), through a lump sum distribution, partial withdrawal or in annual installments.

Distributions from the Plan will normally be subject to income taxes and in certain circumstances may also be subject to IRS penalties, unless the distribution is transferred to another qualified plan or IRA. The Plan may, upon termination of service of a participant for any reason, automatically pay the benefits owed in a lump sum, or partial, if the account balance is \$5,000 or less.

Forfeitures

Forfeitures are used to pay administrative expenses of the Plan or to reduce future employer contributions.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Participants are only allowed to have one active note receivable at any one time and a note receivable can only be taken out in accordance with the terms of the Plan Document. Notes receivable are secured by the balance in the participant's account and bear interest ranging from 4.25% to 6.50% as of December 31, 2021, which is commensurate with local prevailing rates as determined periodically by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

Note 2: Summary of Significant Accounting Policies

Basis of Presentation

The accompanying statements of net assets available for benefits and changes in net assets available for benefits have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan Document.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (Note 4).

Purchases and sales of investments, including gains or losses, are recorded on a trade-date basis. Interest income is recorded when earned, and dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 3: Information Certified by the Trustees (Unaudited)

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by the Trustees, except for comparing such information to information included in the Plan's financial statements and supplemental information:

	2021	2020
Statements of net assets available for benefits:		
Investments, at fair value		
Mutual funds	\$ 13,859,680	\$ 9,877,908
Pooled separate accounts	206,786	1,583,277
Common collective trust	760,791	943,823
Statements of changes in net assets available for benefits:		
Net appreciation in fair value of investments	\$ 1,822,684	
Interest and dividends	209,147	

Note 4: Fair Value Measurements

Accounting Standards Codification 820-10, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. This framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

Level 1: Quoted prices for identical instruments in active markets at the measurement date. Investments that are listed on a United States securities exchange are valued at their last sales price on the largest United States securities exchange on which such securities have traded.

Level 2: Quoted prices for similar instruments in active markets; quoted prices for identical or similar instruments in markets that are not active and model-derived valuation in which all significant inputs and significant value drivers are observable in active markets at the date and for the anticipated term of the instrument.

Level 3: Valuation derived from valuation techniques in which one or more significant inputs or significant value drivers are unobservable inputs that reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds are valued at quoted market prices as provided by the Trustees.

Pooled separate accounts are valued at net asset value (NAV) based on the value of the underlying assets owned by the fund, minus any liabilities, and then divided by the number of shares outstanding. This practical expedient would not be used if it is determined to be probable that the investments will sell for an amount different from the reported NAV. Participant transactions (purchases and sales) have no restrictions and there are currently no unfunded commitments on these investments.

The common collective trust (CCT) is a stable value fund comprised primarily of fully benefit responsive synthetic and traditional guaranteed investment contracts, and the fund is valued at NAV. The NAV is used as a practical expedient to estimate fair value and is based on the value of the underlying assets owned by the fund, minus any liabilities and fund expenses, and then divided by the number of shares outstanding. This practical expedient would not be used if it is determined to be probable that the investment will sell for an amount different from the reported NAV. Participant transactions (purchases and sales) have no restrictions; however, the issuer reserves the right to require the Plan to provide a one-year redemption notice to liquidate its entire share in the fund. There are currently no unfunded commitments on this investment.

Net appreciation (depreciation) in fair value of the mutual funds, pooled separate accounts and CCT represents the change in value during the year, including realized and unrealized gains and losses.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

Investments at Fair Value as of December 31, 2021:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 13,859,680	\$ -	\$ -	\$ 13,859,680
Pooled separate accounts <i>(a)</i>	-	-	-	206,786
Common collective trust <i>(a)</i>	-	-	-	760,791
Total investments, at fair value	<u>\$ 13,859,680</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 14,827,257</u>

Investments at Fair Value as of December 31, 2020:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 9,877,908	\$ -	\$ -	\$ 9,877,908
Pooled separate accounts <i>(a)</i>	-	-	-	1,583,277
Common collective trust <i>(a)</i>	-	-	-	943,823
Total investments, at fair value	<u>\$ 9,877,908</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 12,405,008</u>

(a) In accordance with Subtopic Accounting Standards Codification 820-10, these investments were measured at NAV per share (or its equivalent) as a practical expedient and have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Note 5: Tax Status

The Plan has adopted a volume submitter 401(k) profit sharing plan. The Plan obtained its last determination letter on March 31, 2014, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable section of the Internal Revenue Code (IRC). The Plan has been amended since receiving its latest determination letter and has not obtained an updated determination letter; however, the Plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC and that the Plan was qualified and tax exempt as of December 31, 2021.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

Note 6: Risks and Uncertainties

The Plan's invested assets ultimately consist of cash, mutual funds, stocks, bonds, fixed income securities and other investment securities. Investment securities are exposed to various risks, such as interest rate risk, market risk and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Note 7: Party-in-Interest Transactions

The Trustees perform services for, sell products to and manage and maintain certain investments of the Plan for which fees are charged to the Plan. Party-in-interest transactions also include notes receivable from participants. Such transactions, while considered party-in-interest under ERISA, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Note 8: Prohibited Transactions

During 2021, the Plan Sponsor deducted, via payroll withholding, an aggregate of \$80,617, from participants' gross wages that were not remitted in a timely manner to the Plan in accordance with DOL regulations. The Company intends to file Form 5330 with the IRS, pay the required excise tax, and make the restoration contributions to restore the lost earnings to participants.

During 2020 and 2019, the Plan Sponsor deducted, via payroll withholding, an aggregate of \$170,553 and \$16,223, respectively, from participants' gross wages that were not remitted in a timely manner to the Plan in accordance with DOL regulations. The Company filed Form 5330 with the IRS, paid the required excise tax, and made restoration contributions to restore the lost earnings to participants in 2021.

Note 9: Plan Failures

During 2020, a plan failure occurred due to improperly implemented deferral elections filed by participants. As a result, employee deferrals were not properly deducted and deferred from certain participants' gross wages. The Plan Sponsor took corrective action with the IRS and DOL related to this plan failure and submitted a Qualified Non-Elective Contribution (QNEC) to the Plan on behalf of the affected participants equal to the sum of up to 50% of the difference between their elected deferral percentage and the actual amount deferred for each affected participant representing the lost opportunity to defer their salary into the Plan. In addition, the Plan Sponsor made a restoration contribution to the Plan for lost earnings on the deferrals.

During 2020, a plan failure occurred due to improperly implemented loan repayments toward participant loans. As a result, employee loan repayments were not properly deducted from certain participants' gross wages and remitted for payment toward participant outstanding loans. The Plan Sponsor took corrective action related to this plan failure and submitted on behalf of the affected participants equal to the sum of the loan repayments improperly excluded from payroll deductions. In addition, the Plan Sponsor made a restoration contribution in 2021 to the Plan for lost earnings on the loan repayments.

Note 10: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the terms of the Plan Document to discontinue its contributions and terminate the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 11: Subsequent Events

The Plan Sponsor has evaluated for subsequent events between December 31, 2021 and the report date, the date the financial statements were available for issuance, and has concluded that all subsequent events requiring recognition or disclosure have been incorporated into these financial statements.
