403(b) Thrift Plan of the Arc of the Ozarks
Springfield, Missouri

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of 403(b) Thrift Plan of the Arc of the Ozarks, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits - modified cash basis as of December 31, 2021, and the related statement of changes in net assets available for benefits - modified cash basis for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the 2021 Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of 403(b) Thrift Plan of the Arc of the Ozarks and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements and supplemental schedule are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about 403(b) Thrift Plan of the Arc of the Ozarks' ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statement section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of

internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of 403(b) Thrift Plan of the Arc of the Ozarks' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about 403(b) Thrift Plan of the Arc of the Ozarks' ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule, Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in

the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of 403(b) Thrift Plan of the Arc of the Ozarks. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 8, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulation for Reporting and Disclosure under ERISA.

403(b) Thrift Plan of the Arc of the Ozarks

Notes to the Financial Statements

Years Ended December 31, 2021 and 2020

1. Description of Plan

The following description of the 403(b) Thrift Plan of the Arc of the Ozarks (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a 403(b) plan covering substantially all employees of Arc of the Ozarks (the plan sponsor). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Employees are eligible to begin making elective deferrals to the Plan upon the date employment begins. Participants who have completed one year of service and are age eighteen or older are eligible to receive an employer contribution. Employees are credited with one year of service for eligibility purposes if they work at least 1,000 hours during the year.

Predecessor service: For purposes of satisfying the service requirements for vesting and eligibility, hours of service shall include service with Barry-Lawrence County Association of Retarded Citizens and Community Alternatives of Missouri as predecessor employers.

Contributions: Participants may contribute up to 100% of their annual wages through pre-tax contributions or after-tax ROTH contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants who have completed at least 15 years of service are also eligible for a special catch-up contribution. Participants may also contribute amounts representing distributions from other qualified plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The plan sponsor matches 100% of the participant's salary reductions up to a maximum of 4% of the participant's eligible compensation. The plan sponsor may make a discretionary contribution to the Plan, allocated to each participant as a uniform percentage of compensation. The plan sponsor did not make discretionary contributions to the Plan during 2021 or 2020. Contributions are subject to certain IRS limitations.

Participant accounts: Each participant's account is credited with (a) the participant's contribution, (b) the plan sponsor's discretionary and matching contributions (if any) and (c) Plan earnings. Net income and asset revaluations are allocated to each participant based upon the earnings of the investments selected by the participant. These are allocated based upon the participant's account balance. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately 100% vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of credited service. A participant is fully vested after five years of credited service.

Payment of benefits: Participants who terminate service and have account balances of \$1,000 or less will receive an automatic distribution of that balance. Participants with account balances that exceed \$1,000 may elect to receive a lump-sum amount equal to the value of the vested interest in their account or installments for a fixed period not to exceed their assumed life expectancy.

403(b) Thrift Plan of the Arc of the Ozarks

Notes to the Financial Statements

Years Ended December 31, 2021 and 2020

Pursuant to Section 2202 of the CARES Act, the Plan Sponsor implemented certain distribution provisions to provide financial relief to qualified participants impacted by the Coronavirus pandemic. As a result, during 2020 only, participants were allowed to withdraw a maximum of \$100,000 with the option of repaying the distribution within 3 years. In addition, there is no longer a 6-month suspension period of elective deferral contributions when a hardship distribution has been requested and any remaining portion of the 6-month suspension period from a prior hardship distribution was discontinued.

Notes receivable from participants: Participants may borrow from their employee elective deferrals a minimum of \$1,000, and up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear a reasonable interest rate as determined by the plan sponsor. Principal and interest is paid ratably through payroll deductions.

Forfeitures: Forfeitures of employer contributions will be used to pay plan expenses first and then used to reduce future employer contributions to the Plan. At December 31, 2021 and 2020 there were no forfeited, non-vested accounts. Employer matching contributions were reduced by \$23,062 and \$20,592 during 2021 and 2020, respectively.

2. Summary of Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared under the cash basis method of accounting. Consequently certain revenue and the related assets are recognized when received rather than when earned and certain expenses are recognized when paid rather than when the obligation is incurred. This basis has been modified to record investments at fair value.

Estimates: The preparation of financial statements in accordance with the modified cash basis of accounting requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance. Interest income is recorded when received. Related fees are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

403(b) Thrift Plan of the Arc of the Ozarks

Notes to the Financial Statements

Years Ended December 31, 2021 and 2020

Payment of benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent events: Management has evaluated subsequent events between the end of the most recent fiscal year end and October 13, 2022, the date the financial statements were available to be issued.

3. Plan Termination

Although it has not expressed any intent to do so, the plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their account balances.

4. Related-Party Transactions and Party In Interest Transactions

Substantially all of the administrative costs of the Plan are paid by the plan sponsor. Certain employees serve as the Plan's administrators. The administrators do not receive any compensation for services rendered to the Plan.

The Plan holds investments in funds managed by the Plan's asset custodian, Mutual of America. Investments in these funds totaled \$5,560,628 and \$4,466,911 at December 31, 2021 and 2020, respectively

5. Tax Status

403(b) plans currently are not required to submit plans to the Internal Revenue service for determination. However, the plan administrator believes that the Plan was designed in accordance with the applicable requirements of the Internal Revenue Code to qualify under Section 403(b). Therefore, no provision for income taxes has been included in the Plan's financial statements.

During the plan year ended December 31, 2021, the Plan's operations were not in accordance with certain plan provisions. These departures could have an unfavorable effect on the Plan's tax qualification. The plan sponsor is taking corrective action where possible and has put appropriate procedures in place to prevent additional departures.

The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. A tax liability would be recognized if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Notes to the Financial Statements

Years Ended December 31, 2021 and 2020

6. Fair Value Measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 – inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets
- quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability
- and inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Group variable annuity funds: Valued by the annuity provider using the quoted net asset value of the shares of the underlying mutual fund adjusted for any dividends or distributions received by Mutual of America and the daily equivalent of any fee charged by Mutual of America pursuant to the contract. Mutual funds are registered with the Securities and Exchange Commission and are carried at the net asset value at which the mutual fund shares are actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

403(b) Thrift Plan of the Arc of the Ozarks

Notes to the Financial Statements

Years Ended December 31, 2021 and 2020

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3
Investments measured at net asset value ^(a)	\$ -	\$ -	\$ -
Investments at fair value	\$ -	\$ -	\$ -

Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3
Investments measured at net asset value ^(a)	\$ -	\$ -	\$ -
Investments at fair value	\$ -	\$ -	\$ -

^(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2021 and 2020. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2021	Fair Value	Unfunded Commitments	Redemption Frequency (If eligible)
Group variable annuity PSAs	\$ 7,863,999	N/A	Daily
December 31, 2020	Fair Value	Unfunded Commitments	Redemption Frequency (If eligible)
Group variable annuity PSAs	\$ 6,316,359	N/A	Daily

403(b) Thrift Plan of the Arc of the Ozarks

Notes to the Financial Statements

Years Ended December 31, 2021 and 2020

7. Certified Information

Certified information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years ended December 31, 2021 and 2020, was obtained by management and agreed to or derived from information certified as complete and accurate by Mutual of America Life Insurance Company (the asset custodian).

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

During 2020, a strain of coronavirus (COVID-19) was identified as a global pandemic and began affecting the health of large portions of the global population. The detrimental impact of this virus is not yet fully determinable, but will likely continue to be significant for both the local and global economy. In particular, volatility in market prices have occurred in many publicly traded securities leading to fluctuations in the fair value of investments held by the Plan. Continued volatility in financial markets is expected and the full impact of the virus on the Plan and plan sponsor is not yet known. COVID-19 has been identified as a significant risk and uncertainty that could impact future operations of the plan and plan sponsor which could result in changes in the estimates and assumptions made in the financial statements.

9. Separated Participants

At December 31, 2021, \$66 of the net assets available for benefits are for those participants who have separated from active service with the plan sponsor with a vested balance of less than \$1,000 and are due a distribution in accordance with the plan document.
