Independent Auditor's Report

Participants and Plan Administrator
Franklin Square Holdings L.P. 401(k) Profit Sharing Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Franklin Square Holdings L.P. 401(k) Profit Sharing Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 Financial Statements related to assets held by a qualified institution and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103 (a)(3)(c).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 29, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements

Note 1. Description of Plan

The following description of the Franklin Square Holdings, L.P. 401(k) Profit Sharing Plan and Trust (the “Plan”) provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan’s provisions.

General: The Plan is a defined contribution plan covering substantially all employees of Franklin Square Holdings, L.P. (the “Company”) that have six months of service and attained age 21. The Plan Administrator is responsible for oversight of the Plan. The investment committee determines the appropriateness of the Plan’s investment offerings and monitors investment performance. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 5% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

Contributions: Subject to certain limitations as outlined in the Plan, participants may elect to contribute from 1% to 70% of their eligible compensation, as defined, to the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may contribute a percentage of eligible compensation into the Plan, up to annual maximum of 70%, on an after-tax basis.

The Company may make matching contributions (allocated based on participants’ contributions for the year) to the Plan. All active participants will be eligible to receive an employer matching contribution immediately, including Highly Compensated Employees. In addition, an active participant shall only be entitled to receive an employer matching contribution if the participant is employed on the last day of the plan year. The Company may also make a discretionary matching contribution to the Plan. There were no discretionary contributions for the year ended December 31, 2021. Contributions are subject to Internal Revenue Service (“IRS”) limitations.

Funding Policy: The Company remits employee deferral contributions to the Plan on a semi-monthly basis, concurrent with payroll frequency, and company matching contributions to the Plan on an annual basis.

Rollovers: Rollovers represent transfers of account balances of certain participants’ contributions into certain investments of the Plan from other qualified plans or individual retirement accounts.

Participant Accounts: Each participant’s account is credited with the participant’s elective and rollover contributions, the Company’s contributions and an allocation of plan investment earnings, and charged with withdrawals, distributions, fees and a share of plan investment gains and losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. Except as limited by applicable law, participants may change their investment options at any time.

Vesting: Participants are immediately vested in their contributions plus or minus actual earnings or losses thereon. Matching employer contributions shall vest on a 3-year cliff schedule as noted within the January 1, 2018 Plan Amendment.

Forfeitures: Forfeitures arising from non-vested company contributions and other sources are used first to pay the administrative expenses of the Plan and then to reduce the Company’s contributions for such plan year. As of December 31, 2021 and 2020, there was approximately \$81,000 and \$3,000, respectively, of forfeited amounts. During 2021, approximately \$24,000 was used to reduce administrative expenses.

Notes from Participants: Participants may borrow from their vested accounts, not to exceed the lesser of (a) \$50,000 reduced by the excess (if any) of the highest outstanding balance of plan loans during the one-year period ending on the day before the loan is made over the outstanding balance of plan loans on the date the loan is made, or (b) one-half the present value of the participant’s vested interest in his account. The loans are collateralized by the vested

balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan Administrator. These rates range from 3.25% to 5.50% and mature through 2031.

All loans require the repayment of principal and interest to be amortized in level payments, not less than quarterly, over a period not extending beyond five years from the date of the loan, unless such loan is for the purchase of a participant's primary residence.

Payment of Benefits:

A participant who separates from service before retirement, death or disability may request early payment of their vested benefits. Benefits are paid as soon as administratively feasible following the date on which a distribution is requested.

Participants, upon attainment of age 59 ½, may elect to receive in-service distributions. Benefits are payable in lump-sum payments.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting: The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Valuation of Investments: The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net Appreciation in Fair Value of Investments: The Plan presents, in the Statement of Changes in Net Assets Available for Benefits, the net appreciation in the fair value of its investments, which consists of the net realized gains or losses and the unrealized appreciation or depreciation on these investments bought and sold as well as held during the year.

Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Payment of Benefits: Benefits are recorded when paid.

Administrative Expenses: The Plan generally pays certain administrative expenses which consist of plan administration, management and consulting fees. Investment related expenses are included in net appreciation in fair value of investments.

Notes from Participants: Notes from participants are measured at their unpaid principal balance plus any accrued, but unpaid, interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Note 3. Information Certified or Provided by Fidelity Management Trust Company (“Trustee”)

The following is a summary of the Plan’s asset information as of December 31, 2021 and 2020, and for the year ended December 31, 2021, included in the Plan’s financial statements and ERISA-required supplemental schedule obtained by management and agreed to or derived from information certified by Fidelity Management Trust Company, the trustee of the Plan, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor’s (“DOL’s”) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan’s independent auditors not to perform any auditing procedures with respect to the information that appears throughout the financial statements and ERISA-required supplemental schedule related to the following assets:

	<u>2021</u>	<u>2020</u>
Investments, at Fair Value	<u>\$ 47,721,162</u>	<u>\$ 37,177,799</u>
Notes receivable from participants	<u>\$ 412,437</u>	<u>\$ 345,577</u>

The Trustee also certified to the completeness and accuracy of \$4,408,628 of net appreciation in fair value of investments, \$2,060,949 of interest and dividends and \$16,490 of interest income on notes from participants related to the aforementioned plan assets for the year ended December 31, 2021.

Note 4. Fair Value Measurements

Accounting Standards Codification (“ASC”) Topic 820 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a three-tier hierarchy that is used to identify assets and liabilities measured at fair value. The hierarchy focuses on the inputs used to measure fair value and requires that the lowest level input be used. The three levels defined in ASC Topic 820 are as follows:

- Level 1 – observable inputs based upon quoted market prices for identical assets or liabilities within active markets.
- Level 2 – observable inputs other than Level 1 that are based upon quoted market prices for similar assets or liabilities in active markets, based upon quoted prices for identical or similar assets or liabilities within inactive markets, or inputs other than quoted market prices that are observable through market data for substantially the full term of the asset or liability.
- Level 3 – inputs that are unobservable for the particular asset or liability due to little or no market activity and are significant to the fair value of the asset or liability. These inputs reflect assumptions that market participants would use when valuing the particular asset or liability.

ASC Topic 820 requires the Plan to describe the methodologies used to measure the fair value of assets and liabilities. These methodologies were consistently applied to all assets and liabilities carried by the Plan as of December 31, 2021 and 2020. The Plan has described below, the methodology used to measure each major category of investment assets.

Note 4. Fair Value Measurements (Continued)

- Mutual funds are valued at the total market value of the underlying assets based on published market prices as of the close of the last day of the plan year. These values represent the net asset values of the shares held by the Plan and are classified within Level 1 of the valuation hierarchy.
- Self-directed brokerage account assets consist primarily of shares in common stocks and a money market mutual fund. These assets are valued at quoted market prices on nationally recognized securities exchanges.

The following table presents the fair value of investment assets as of December 31, 2021 and 2020 by type of asset and by the valuation hierarchy described above. The Plan had no assets that were classified as Level 2 or Level 3 as of December 31, 2021 and 2020.

Description	Investments at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$45,341,833	\$ -	\$ -	\$45,341,833
Self-directed brokerage accounts	2,379,329	-	-	2,379,329
	<u>\$47,721,162</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$47,721,162</u>

Description	Investments at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$35,347,062	\$ -	\$ -	\$35,347,062
Self-directed brokerage accounts	1,830,737	-	-	1,830,737
	<u>\$37,177,799</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$37,177,799</u>

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 6. Related Party and Party-in-Interest Transactions

Fidelity Management Trust Company is the trustee of the Plan; therefore, transactions with the trustee qualify as party-in-interest transactions. The Company also paid certain administrative expenses of the Plan.

Note 7. Tax Status

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken any uncertain positions that more likely than not would not be sustained upon examination by federal, state and/or local taxing authorities. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no audits for any tax periods currently in progress.

Effective January 2, 2015, the Plan adopted a standardized form of a prototype plan sponsored by Fidelity Management and Research Company. The prototype plan received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2021 and 2020 to net assets per the Form 5500:
