INDEPENDENT AUDITORS' REPORT

To the Participants and Trustees of the
Abrams, Fensterman, Fensterman, Eisman, Formato,
Ferrara, Wolf & Carone, LLP 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Abrams, Fensterman, Fensterman, Eisman, Formato, Ferrara, Wolf & Carone, LLP 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or Federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021 stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report.

We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal controls. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal controls-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule H, line 4i – schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the statement of net assets available for benefits as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year then ended of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 8, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements, other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020**

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Abrams, Fensterman, Fensterman, Eisman, Formato, Ferrara, Wolf & Carone, LLP 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions. The Plan Administrator is Abrams, Fensterman, Fensterman, Eisman, Formato, Ferrara, Wolf & Carone, LLP (the Company). Effective January 1, 2022, the Company name was changed to Abrams Fensterman, LLP.

General: The Plan was established January 1, 1991, with several amended and restated provisions of the Plan effective thereafter. The Plan is a defined contribution plan formed under Internal Revenue Code, covering substantially full-time employees of the Company except union employees, whose employment is governed by a collective bargaining agreement under which retirement benefits were the subject of good faith bargaining. The Plan is subject to, and is in compliance with, the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as well as the provisions under of the Internal Revenue Code.

Eligibility: Employees of the Company are eligible to participate in the Plan on commencement of employment and may make elective deferral contributions immediately. To be eligible for employer contributions, the employee must complete one year of service, as defined, be at least 21 years of age and have completed one year of service. Enrollment for newly eligible employees occurs on the first day of each calendar quarter.

Plan Administration: Effective October 1, 2018, the Company contracts with Principal Financial Group as its trustee, custodian and recordkeeper (Plan Trustee). Effective January 1, 2018, the Plan contracts United Benefit Pensions Inc. to act as its Plan Administrator.

Contributions: Each year, participants may elect to defer 100% of their annual covered compensation up to a maximum annual limit as determined under the Internal Revenue Code (IRC). For 2021, this limit was \$19,500 per participant, plus an additional \$6,500 for participants 50 or older.

Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. These "rollover" contributions are placed in a separate account called a "participant rollover account." Participants direct their own investment of contributions into various investment options offered by the Plan. The Plan currently offers numerous investment options for participants.

NOTE 1 - DESCRIPTION OF PLAN (continued)

Contributions: (continued)

The Company may make a discretionary matching contribution each year equal to a uniform percentage of each participant's salary reduction that they elect to defer. The Company is not obligated to do so, and the decision is determined annually. Matching contributions were accrued and amounted to \$412,843 for the year ended December 31, 2021.

Participant Accounts: Each participant's account is credited with their share of the Company's contributions, participant contributions, Plan forfeitures and allocation of Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on account balances as defined by the Plan. All amounts in participant accounts are participant directed. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant Loans: Participants are permitted to receive loans from the assets of the Plan subject to certain restrictions. Based on the terms of the Plan, participants may borrow up to a maximum equal to the lesser of \$50,000 or 50% of the value of the participants' vested account balance. A participant may have no more than one loan outstanding at any time. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus one percent. The prevailing interest rates for the year ended December 31, 2021 ranged from 4.25% to 6.50%. Interest earned was \$6,454 for the year ended December 31, 2021, and is included in the accompanying statement of changes of net assets available for benefits. Related fees are recorded as administrative expenses and are expensed when incurred. If a participant ceases to make loan repayments and the Plan Sponsor deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting for employer contributions is based on years of continuous service with 100% vesting after six years of accredited service. Participants are immediately vested in participant contributions. Employer contributions are subject to a six-year graded vesting schedule as follows:

<u>Years of Vesting Service</u>	<u>Vesting Percentage</u>
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

NOTE 1- DESCRIPTION OF PLAN (continued)

Payment of Benefits: Benefits are payable in a lump sum upon separation from service, death or disability. A participant may also elect to take a distribution over a specified period not to exceed the life or life expectancy of the participant (and a designated beneficiary). In-service distributions are available for hardship or attainment of age 59½.

In any event, payment of benefits must commence at the later of when the participant reaches the required minimum distribution age, as defined, or termination of employment. Participants may also receive distributions from rollovers of prior qualified plans.

Recent Legislation: The Setting Every Community Up for Retirement Enhancement (SECURE) Act was enacted in December 2019 and became effective January 1, 2020. The SECURE Act was designed to encourage investing for retirement by increasing the required minimum distribution age and making certain other changes to certain tax-qualified retirement plans.

The Plan will incorporate the SECURE Act changes in its Plan document by the deadlines prescribed in the legislation.

Forfeited Accounts: Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeitures are used to reduce employer contributions, matching contributions and/or administrative expenses. As of December 31, 2021 and 2020, the forfeiture balance was \$0 and \$3,497, respectively. For the year ended December 31, 2020, \$3,497 was used to reduce future employer contributions.

Administrative Expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account balance and are not included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Plan Termination: Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated, all participants would become 100% vested in their accounts.

NOTE 2- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (US GAAP).

NOTE 2- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Risk and Uncertainties: The Plan's investments are concentrated in funds that invest in marketable securities and insurance annuities. Marketable securities and insurance annuities are subject to various risks such as interest rate, market and credit that impact the value of the funds and insurance annuities.

Due to the level of risk associated with certain securities, it is at least reasonably possible that changes in market conditions in the near term could materially affect participants' account balances and the value of investments reported in the financial statements.

Investment Valuation and Income Recognition: The Plan's investments are comprised of pooled separate accounts, an insurance company general account and insurance annuity contracts, which are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The valuations are made by the custodian and they are taken from published sources. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the cash basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at December 31, 2021.

1. **Pooled separate accounts:** Valued at the fair value of the shares in the pooled trusts, as determined by the fair value of the underlying investments/mutual funds.
2. **Variable annuity contracts:** Valued at the fair value of the units in the annuity, as determined by the fair value of the underlying investments/ mutual funds.

The preceding methods described may produce fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3 – PRINCIPAL FIXED INCOME GUARANTEED OPTION

As of December 31, 2021 and 2020, the Plan held an investment in a group annuity contract with Principal Trust Company (Principal) totaling \$386,918 and \$54,129, respectively. Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under ERISA or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants. In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

NOTE 4 – INFORMATION CERTIFIED BY THE PLAN TRUSTEE

The following is a summary of the information regarding the Plan as of and for the years ended December 31, 2021 and 2020, included in the Plan's financial statement and ERISA-required supplemental schedule, including investments, notes receivable from participants, net appreciation (depreciation) in fair value of investments, interest and dividends. In which was prepared by or derived from information prepared by the plan's recordkeeper. The certification states that the following information is complete and accurate.

NOTE 5 - FAIR VALUE MEASUREMENTS:

Financial Accounting Standards Board provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

- Level 1 Valuations based on unadjusted quoted prices in active markets for identical assets or liabilities that the Company has the ability to access. Valuation adjustments are not applied to Level 1 securities. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these securities does not entail a significant degree of judgment.
- Level 2 Pricing inputs are other than used in Level 1 which include the closing bid price for unlisted marketable securities which are available in active or inactive markets for identical investments or liabilities, other direct or indirect observable inputs that can be corroborated by market data or the use of models or other valuation methodologies as of the reporting date. Investments which are generally included in this category include state and municipal obligations in an active or inactive market that are valued using observable inputs other than quoted prices.
- Level 3 Pricing inputs are unobservable for the investment and include situations where there is little, if any, market activity for the investment. The inputs into the determination of fair value require significant management judgment or estimation. Investments that are included in this category generally include state and municipal obligations which are in an inactive market and valued utilizing risk assumptions based on unobservable inputs.

NOTE 5- FAIR VALUE MEASUREMENTS (continued)

Separate pooled accounts: Underlying investments include mutual funds, bonds, and collective trusts are measured at net asset value (NAV); inputs are derived principally from observable market data and credited with earnings and fees. NAVs are reported and investments are redeemable at the measurement date.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and maximize the use of unobservable inputs.

NOTE 6- TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated March 31, 2014 that the Plan and related trust are designed in accordance with applicable sections of the IRC.

Although the Plan has been amended since receiving the original determination letter, the Plan sponsor and tax counsel believe that the Plan is designed and is currently being operated in compliance with applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt. The Plan is in compliance with the reporting and other provisions of ERISA and the IRC.

NOTE 6- TAX STATUS (continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan trustee has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The management is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS

As of December 31, 2021, certain Plan investments included pooled separate accounts which were issued by Principal Life Insurance Company, the Plan's trustee, custodian, and recordkeeper. During 2021, administrative fees of \$177,309 were paid to Jerome Krantz the Plan's investment advisor; Principal Life Insurance Company the custodian, trustee, and recordkeeper of the Plan; insurance annuity fees and United Benefit Pension Inc. the Plan Administrator. These are party-in-interest but exempt under ERISA.

NOTE 8 - RECONCILIATION OF FINANCIAL STATEMENT TO THE FORM 5500
