INDEPENDENT AUDITOR'S REPORT

October 12, 2022

To the Trustees of
Baptist Health Systems Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed an audit of the financial statements of Baptist Health Systems Retirement Plan, an employee benefit plan subject to the Employee Income Security Act of 1974 (ERISA), as permitted by ERISA 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year ended, and the related noted to the financial statements.

Management having determined it is permissible in the circumstances, has elected to have the audit of Baptist Health Systems Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for reporting and disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Regulations and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Baptist Health Systems Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Baptist Health Systems Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit Section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Baptist Health Systems Retirement Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Baptist Health Systems Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA
The supplemental schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements
We were engaged to audit the 2020 financial statements of Baptist Health Systems Retirement Plan**.** As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 23, 2021, we indicated that (*a*) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (*b*) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

BAPTIST HEALTH SYSTEM RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

1. THE PLAN

The following description of the Baptist Health Systems Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution 401(k) plan covering most full-time and part-time employees of the Baptist Health Nursing and Rehabilitation Center, Inc. ("the Center" or "the employer"), Baptist Health Family Medical Care, Inc., Baptist Health System, Inc., and Baptist Health Enriched Housing Program, Inc., collectively the Company. To be eligible for the Plan, an employee must have completed at least one year of service, working at least 780 hours in one year, and must be at least twenty-one years old. However, an employee is not eligible to participate if they are employed as an independent contractor, an employee who accepts compensation in lieu of benefits, a union member if the collective bargaining agreement does not expressly provide for participation, an on-call employee, the president/CEO, an employee of Nurse Connection Staffing, Inc., or a physician employed at Baptist Health Family Medical Care, Inc. Effective January 1, 2020, the Plan allows employees to make elective deferral contributions to the plan upon attainment of age 21 and the completion of 60 days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions and Contributions Receivable
Each year, participants may contribute up to the maximum amount allowed by law. Effective January 1, 2020 the plan implemented safe harbor contributions. Participants receive a safe harbor matching contribution of 150% of their salary deferrals that do not exceed 2% of their compensation, plus 50% of their salary deferrals that exceed 2% of their compensation, but do not exceed 4% of their compensation and are determined on a payroll period basis. In order to receive the safe harbor matching contributions, participants are required to have attained age 21 and completed a year of service.

Upon enrollment in the Plan, a participant may direct contributions in any of twenty-seven (27) investment options. Contributions are remitted to the trustee and are invested in accordance with the provisions of the Plan.

Participant Accounts
Each participant's account is credited with the individual participant's contribution (including rollovers) and the participant's allocable share (if any) of (a) the employer's discretionary contribution and (b) Plan earnings and losses. The benefit to which a participant is entitled is equal to the vested portion of the participant's accounts.

Forfeitures
Forfeitures are first used to reinstate participant accounts, as applicable, then to reduce Plan expenses, if any, and then to reduce future employer contributions. At December 31, 2021 and 2020, forfeited non-vested accounts approximated $7,000 and $33,300 respectively.

1. THE PLAN (Continued)

Vesting

Participants are immediately vested in their voluntary contributions, plus actual earnings/losses thereon. Vesting in the employer discretionary contribution, plus earnings/losses thereon, is based on years of service (1,000 hours during a consecutive twelve month period) as follows:

Years of Service	Vested Percentage
Less than 1	0%
1	10%
2	20%
3	40%
4	70%
5 or more	100%

Payment of Benefits

Benefits are payable on a participant's (a) retirement date, (b) upon sustaining total and permanent disability, (c) death, or (d) termination of services with the Company, under prescribed circumstances. Distributions are based upon the balance in the participants vested account. Participants are paid in one lump sum payment, monthly installment payments, or partial payments with a minimum of $1,000. Benefits to terminated participants are recorded when paid.

Hardship Withdrawals

Prior to age 59 ½ a participant may withdraw his or her participant contributions for reasons of hardship. All hardship withdrawals must comply with the rules relating to hardships, which are uniformly applicable to all participants.

Notes Receivable From Participants

Participants may borrow from their account up to a maximum amount that is equal to the lesser of $50,000 or 50% of their account balance. Notes receivable must generally be repaid over a period no longer than five years. The notes receivable are collateralized by the balance in the participant's account and bear interest at market rates. Principal and interest are billed to the participant at least quarterly, and it is the responsibility of the participant to make timely payments.

Administration

The Trustees of the Baptist Health System Retirement Plan are responsible for the administration of the Plan. The majority of the direct administrative costs are absorbed by the Plan sponsor, however, the Plan permits the payment of Plan expenses to be made from Plan assets to the extent not paid by the Employer.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of revenue and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at the unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan document.

Investment Valuation and Income Recognition

Investments in mutual funds, common collective trust, and pooled separate accounts are stated at fair value. Fully benefit responsive guaranteed investment contracts are stated at contract value, as this is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The net appreciation in the fair value of investments consist of realized gains or losses on the sales of investments and the unrealized appreciation of investments. Dividends are recorded on the ex-dividend date and purchases and sales of securities are recorded on a trade-date basis (the date the order to buy or sell is executed). Interest income is recognized on the accrual basis.

The Plan's interest in the guaranteed investment contract was held with Transamerica Financial Life Insurance Company (TFLIC) through January 2021 and was transferred to Voya Retirement Insurance and Annuity Company (VOYA) in February 2021. Funds under these contracts that have been allocated and applied to purchase annuities are excluded from the Plan's assets. Purchased annuities are contracts under which the insurance company is obligated to pay benefits to named participants or their beneficiaries. The fund is fully benefit responsive, which means withdrawals from the fund may be made for qualifying benefit payments, including participant-directed transfers. Participants can transfer funds from the fund to other non-competing investment options. Amounts transferred from the fund cannot be subsequently transferred to competing funds or withdrawn for 90 days. Participants can exercise the right to terminate participation in the fund after 12 months and then withdraw the full balance without penalty within 12 or 24 months, depending on Fund liquidity and the interest rate environment. Participant contributions are maintained in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. VOYA is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Quarterly, VOYA declares an interest rate for the VOYA general account that applies to contributions received during the quarter. VOYA guarantees the interest rate until the end of the year.

Certain events may limit the Plan's ability to transact at contract value with VOYA. Such events may include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events that may limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value Measurements (Continued)

Fair Value Measurement - Definition and Hierarchy

GAAP provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair market value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under GAAP are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets and liabilities in active markets that the Plan has the ability to access.

- Level 2 Inputs to the valuation methodology include:
  - Quoted prices for similar assets or liabilities in active markets;
  - Quoted prices for identical or similar assets or liabilities in inactive markets;
  - Inputs other than quoted prices that are observable for the asset or liability;
  - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. A description of where the Plan's investments fall within the hierarchy is provided in Note 4.

The following is a description of the valuation methodology used for assets measured at fair value.

Mutual funds and Self-directed brokerage account: Investments in mutual funds are stated at fair value based upon quoted prices in active markets.

Common collective trust: The Plan holds investments through a common collective trust fund, which holds benefit-responsive guaranteed investment contracts. Participant contributions to the contracts are deposited into separate accounts to provide competitive total returns. The contracts simulate the performance of guaranteed investment contracts through the guarantee of a specific interest rate. The contracts provide fixed interest rates for fixed periods (every three months) that apply to the entire guaranteed value. The interest rates reset every quarter as determined with consideration of the market value of the underlying investments, the anticipated market yields, and expected payments into and out of the contracts. Rates are guaranteed to never be less than zero. Interest crediting rates are reset on an annual calendar basis, ranging from 1% to 3%.

Pooled separate accounts: Pooled separate accounts are stated at fair value based upon the net asset value of shares held by the Plan at year end. These accounts invest in a diverse pool of high quality fixed-income instruments, including federal agency securities and treasury notes. The investment strategies are to invest in fixed-income instruments with the goal of producing favorable long-term returns through guaranteed principal and interest.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value Measurements (Continued)
There are no redemption liquidation restrictions on the account if a participant withdraws under normal distribution circumstances (i.e. termination of employment, retirement, death, disability).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Center believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Risks and Uncertainties
The Plan provides for investment options in a variety of investment securities. Investment securities are exposed to various risks, such as interest rate risk, financial market risk and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the statement of assets available for benefits.

3. CERTIFIED INVESTMENT INFORMATION

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, State Street Bank and Trust Company, TransAmerica Financial Life Insurance Company Inc., and Voya Retirement Insurance and Annuity Company, the custodians, have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate as of and for the years ended December 31, 2021 and 2020:

	2021	2020
Investments	$ 8,245,820	$ 7,989,807
Total investment income	$ 1,127,228	$ 965,585
Notes receivable from participants	$ 54,866	$ 7,270
Interest income on notes receivable from participants	$ 793	$ 454
Schedule I - Schedule of Assets (Held at End of Year)		

4. FAIR VALUE MEASUREMENTS

At December 31, 2021, the Plan's investments are measured at fair value on a recurring basis and are valued as follows:

	Level 1 Inputs	Level 2 Inputs	Level 3 Inputs	Total
Mutual funds	$ 6,554,824	$ -	$ -	$6,554,824
Common Collective Trust	-	1,311,787	-	1,311,787
Self-directed brokerage account	379,209	-	-	379,209
	$ 6,934,033	$1,311,787	$ -	$8,245,820

At December 31, 2020, the Plan's investments are measured at fair value on a recurring basis and are valued as follows:

	Level 1 Inputs	Level 2 Inputs	Level 3 Inputs	Total
Mutual funds	$ 6,545,945	$ -	$ -	$6,545,945
Pooled separate accounts	-	47,545	-	47,545
Common Collective Trust	-	711,997	-	711,997
	$ 6,545,945	$ 759,542	$ -	$7,305,487

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Center has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

6. TAX STATUS

The Plan is tax-exempt under Section 401(a) of the Internal Revenue Code. A prototype document was used by the Plan to obtain its latest determination letter on November 19, 2001, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

7. PARTY-IN-INTEREST TRANSACTIONS

The Plan allows current employees who are participants to receive loans under specific circumstances. As such, transactions between the participants that have loans and the Plan qualify as party-in-interest transactions.

In addition, the Plan allowed participants of the Plan to invest in certain funds that were managed by TransAmerica Financial Life Insurance Company Inc. and Voya Retirement Insurance and Annuity Company, custodians of the Plan. As such, transactions between the participants investing in these funds and the Plan qualify as party-in-interest transactions.

8. RECONCILIATION TO FORM 5500

Certain items have been classified differently between the financial statements and Form 5500. Assets available for benefits and changes in assets available for benefits per the financial statements agree to Form 5500 in total as of December 31, 2021 and 2020.

9. SUBSEQUENT EVENTS

Subsequent events have been evaluated through October 12, 2022, which is the date the financial statements were available to be issued.
