Independent Auditor's Report

To the Plan Administrator and Participants
Northwest Pipe Company 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Northwest Pipe Company 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section,

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP"); and
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Northwest Pipe Company 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Northwest Pipe Company 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Northwest Pipe Company 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Northwest Pipe Company 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 financial statements or to the 2021 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the financial statements of Northwest Pipe Company 401(k) Plan as of and for the year ended December 31, 2020. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 17, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NORTHWEST PIPE COMPANY 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2021 AND 2020

1. DESCRIPTION OF PLAN

The following description of the Northwest Pipe Company 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General — The Plan is a defined contribution plan established on January 1, 1988 under the provisions of Section 401(a) of the Internal Revenue Code (“IRC”), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC. The Plan covers all employees of Northwest Pipe Company (the “Company”) except nonresident aliens and residents of Puerto Rico. Administration of the Plan is performed by the 401(k) Committee composed of officers of the Company. Standard Insurance Company (“Standard”) has been designated as the Plan’s custodian and recordkeeper. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

On January 31, 2020, the Company completed the acquisition of Geneva Pipe and Precast Company (fka Geneva Pipe Company, Inc.). As a result of the acquisition, the Company elected to withdraw from participation in the Geneva Pipe Company 401(k) Plan effective July 1, 2020 and transferred the participant account balances to the Plan, which is reported as transfer in from other plan on the statement of changes in net assets available for benefits.

On October 5, 2021, the Company completed the acquisition of Park Environmental Equipment, LLC. As a result of the acquisition, the Company elected to withdraw from participation of the Park Environmental Equipment Company, Ltd. Profit Sharing Plan effective December 31, 2021 and transferred the participant account balances to the Plan, which is reported as a transfer in from other plan on the statement of changes in net assets available for benefits.

Eligibility — An employee is eligible to become a participant of the Plan and receive employer matching contributions on the first day of the month following the three months of service.

Contributions — Eligible participants can defer up to 100% of their pre-tax annual compensation, subject to certain annual individual deferral limitations under the IRC. Participants may designate all or a portion of their elective deferrals as Roth elective deferrals. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions, as defined by the Plan document. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 2% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The Company’s matching contribution was 50% of the first 8% of a participant’s elective contribution from eligible pay for the year ended December 31, 2021 and 2020.

Participant Accounts — Individual accounts are maintained for each Plan participant which is credited with the participant’s contribution and the Company’s matching contribution, an allocation of Plan earnings or losses, and administrative expenses, as defined by the Plan. Allocations are based on

participant earnings (losses) or account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting — Participants are vested immediately in their contributions and the Company's matching contributions plus actual earnings (losses) thereon.

Notes Receivable from Participants — Participants may borrow from their fund accounts an amount equal to the lesser of \$50,000 or 50% of their account balance. Such loans must be for purposes allowed by the Plan and approved by the Plan Administrator. The loans are secured by the balance in the participants' accounts and bear interest at rates that are commensurate with local prevailing rates as determined by the Plan Administrator. Loans must be repaid within five years unless for the purchase of a principal residence which may be for a longer period. Principal and interest is paid ratably through payroll deductions. The interest rate on loans outstanding as of December 31, 2021 ranged from 3.25% to 5.50% and mature through 2027.

Benefit Payments — On termination of service due to retirement, or prior to retirement, on death, disability, resignation, discharge, or proven hardship (subject to additional limitations), a participant or beneficiary is eligible to receive benefit payments in a lump-sum amount equal to the value of the participant's vested interest in his or her account, a partial distribution of not less than \$1,000, or periodic payments in accordance with the Plan provisions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting — The accompanying financial statements have been prepared on the accrual basis in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates — The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition — The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The units of pooled separate accounts are stated at fair value based on the net asset value ("NAV") of the underlying investments.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in the pooled separate accounts are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants — Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent notes receivable from participants are recorded as distributions based on the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2021 or 2020.

Excess Contributions Payable — Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (“IRS”) are recorded as a liability with a corresponding reduction to contributions.

Payment of Benefits — Benefits are recorded when paid. As of December 31, 2021 and 2020, there were no amounts allocated to accounts of persons who have elected to withdraw from the Plan, but had not yet been paid out by the last day of the year.

Expenses — All administrative and investment management expenses of the Plan are paid by the Company, except for transactional charges such as loan, distribution, and overnight mailing fees, which are paid by the Plan and allocated to the affected participant.

Risks and Uncertainties — The Plan investments are included in mutual funds, a common collective trust fund and pooled separate accounts. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent Events — The Plan has evaluated subsequent events through October 13, 2022, the date the financial statements were available to be issued.

3. FAIR VALUE MEASUREMENTS

Accounting Standards Codification (“ASC”) 820, *Fair Value Measurement*, establishes a framework for fair value measurement, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for investment assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: Valued at fair value based on quoted market prices at year end.

Common collective trust fund: The Plan invests in a stable value common collective trust fund. The common collective trust fund is valued at the NAV practical expedient of the underlying investments.

Pooled separate accounts – Valued at the NAV of units held, based principally on unit prices provided by Standard. The NAV is used as a practical expedient to estimate fair value. The unit prices are, in turn, based on the quoted market prices of the underlying investments.

The following table sets forth by level within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2021:

Investments at Fair Value at December 31, 2021				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 13,784,785	\$ -	\$ -	\$ 13,784,785
Total	\$ 13,784,785	\$ -	\$ -	13,784,785

Investment at NAV:

Common collective trust fund	5,360,278
Pooled separate accounts	94,285,730
Total investments	\$ 113,430,793

As of December 31, 2020, all the Plan's investments are measured using the NAV as a practical expedient and, therefore, leveling in accordance with ASC 820 does not apply.

The following table summarizes investments measured at fair value based on the NAV practical expedient.

	Fair Value as of December 31,		Redemption Frequency	Redemption Notice Period
	2021	2020		
Common collective trust fund	\$ 5,360,278	\$ -	Daily	1 - 2 days
Pooled separate accounts	94,285,730	80,734,933	Daily	1 - 2 days

There were no unfunded commitments as of December 31, 2021 and 2020.

4. STABLE VALUE FUNDS

The Plan offers a stable value fund as an investment option. The Galliard Retirement Income Fund ("Galliard RIF") is a common collective trust fund that invests in the Wells Fargo Synthetic Stable Value Fund. The Galliard RIF can be traded on a daily basis. As of December 31, 2021 and 2020, the trustee of the Galliard RIF has determined that fair value equals contract value which is the fund's NAV.

Participants ordinarily may direct the withdrawal or transfer of all or a portion of their investment in the stable value fund at contract value. Contract value represents contributions made to the fund, plus earnings, less participant withdrawals and administrative expenses.

Participant-initiated transactions are those transactions allowed by the Plan, including withdrawals for benefits, loans, or transfers to noncompeting funds within a plan, but excluding withdrawals that are deemed to be caused by the actions of the Plan sponsor. Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with participants.

The Plan also invests in the Putnam Stable Value Fund ("SVF") which invests in investment contracts through a common collective trust. The contract value of the SVF represents contributions made under the contracts, plus earnings, less withdrawals and administrative expenses. The SVF is reported at fair value which is based on the net asset value ("NAV") of the underlying investments and approximates contract value. All of the contracts that the SVF purchases are benefit responsive at contract value for all Plan permitted, participant directed transactions. Additionally, the SVF negotiates contracts with certain employer-initiated transaction provisions including (1) percentage allowances for targeted layoffs, (2) bankruptcy resulting in employee job loss, (3) reorganizations, spin-offs, and (4) Plan terminations. Due to the size of SVF and the specific percentage allowances negotiated by the SVF, it is highly unlikely that any event would occur that would limit the SVF's ability to transact at contract value with each issuer under these events.

5. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments in pooled separate accounts are maintained by Standard. Standard is the custodian of the Plan assets. Certain investment fees are paid by the trustee and are reflected in the investment income or loss for the year. The Plan also issues loans to participants that are secured by the vested balance in the participants' accounts. As such, these transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

Additionally, the Plan sponsor, Northwest Pipe Company is a party-in-interest to the Plan. The transactions between the Plan and the Plan sponsor include funding of contributions to the Plan and payment of certain administrative expenses to the Plan, which are exempt transactions.

6. INFORMATION CERTIFIED BY THE CUSTODIAN

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information included in the financial statements and supplemental schedule has been certified by Standard as of December 31, 2021 and 2020 and for the years then ended and Reliance Trust Company as of December 31, 2021 as complete and accurate:

- Investments, at fair value
- Notes receivable from participants
- Investment income
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)

7. PLAN TAX STATUS

The Plan utilizes the Standard Retirement Services, Inc. Volume Submitter 401(k) Profit Sharing Plan ("Standard Volume Submitter Plan") document. Standard Retirement Services, Inc. received an advisory letter from the IRS dated March 31, 2014, in which the IRS stated that the Standard Volume Submitter Plan, as then designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the advisory letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt as of and for the years ended December 31, 2021 and 2020.

Effective January 1, 2022, the Plan utilizes the Standard Retirement Services, Inc. Non-Standardized Pre-Approved Profit Sharing/Money Purchase Plan ("Standard Pre-Approved Plan") document. Standard Retirement Services, Inc. received an advisory letter from the IRS dated June 30, 2020, in which the IRS stated that the Standard Pre-Approved Plan, as then designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the advisory letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

9. RECONCILIATION OF THE FINANCIAL STATEMENTS TO THE FORM 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to the Form 5500:
