Independent Auditors' Report

The Plan Administrator Staten Island Academy Defined Contribution Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Staten Island Academy Defined Contribution Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

**Staten Island Academy Defined
Contribution Retirement Plan**
Page 3

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedule Required by ERISA

The supplemental Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

**Staten Island Academy Defined
Contribution Retirement Plan**
Page 4

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

The 2020 financial statements of Staten Island Academy Defined Contribution Retirement Plan were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditor not to perform, and they did not perform, any auditing procedures with respect to the information certified by a qualified institution. Their report dated September 27, 2021, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and supplemental schedule, and (b) the form and content of the information included in the financial statements and supplemental schedule other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Staten Island Academy Defined Contribution Retirement Plan

Notes to Financial Statements
December 31, 2021

1. Description of Plan

The following description of the Staten Island Academy Defined Contribution Retirement Plan (the "Plan") is provided for general information purposes only. Participants should refer to the plan document and Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Staten Island Academy (the "School" or "Employer"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility

An employee generally becomes eligible to make elective deferrals to the Plan and receive the Employer matching contribution upon completion of one year of service. Prior service with a nonprofit educational institution immediately preceding employment and enrollment in the Plan shall be counted in meeting the Plan's eligibility requirements.

Contributions

Each year, participants may contribute a portion of their annual compensation on a pre-tax basis, subject to a maximum amount that is determined by the Internal Revenue Service ("IRS"). Participants who are age 50 or older by the end of the plan year can make catch-up contributions to the Plan. Participants may also rollover amounts distributed from other qualified plans.

Eligible employee will receive Employer matching contributions equal to 100% of elective deferrals up to 5% of eligible compensation.

Vesting

A participant is 100% vested in his or her accounts including allocated earnings thereon at all times.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the School's contribution and (b) Plan earnings (losses). Allocations are based on a participant's earnings, account balances, or specific participant transactions, as defined. All investments are participant directed.

Payment of Benefits

Upon termination of service due to death, disability, retirement or other reason, a participant is entitled to receive a distribution in the amount equal to the value of the participant's vested interest in his or her account in the form of a lump sum, installments or an annuity. A participant may request an in-service distribution once they have reached age 59 ½. A hardship distribution may be made to satisfy certain immediate and heavy financial needs that a participant may have.

1. Description of Plan (*continued*)

Loans to Participants/Collateralized Assets

Loans with Teachers Insurance and Annuity Association of America ("TIAA") are issued directly from funds owned by TIAA and not directly from a participant's account. Interest and principal are paid by the participant directly to TIAA. The loans are not considered assets of the Plan and, therefore, are not reported in the statements of net assets available for benefits. Adequate security is required and a portion of the participant's account is reserved, or held as collateral, to cover 110% of the outstanding loan in case of default. The collateral for the loan is maintained as part of the participant's TIAA Traditional Annuity account. The collateral securing the loan continues to earn interest. The collateralized balance is not available for transfer, withdrawal, retirement income benefits or survivor benefits.

The loan interest rate for these loans may be fixed or variable and the initial rate is determined by the terms of the controlling contract, as are the rate adjustment details and frequency. Principal repayments are transferred to the investment options chosen under the terms of the Plan.

At December 31, 2021 and 2020, there were 16 and 19 loans outstanding with total principal balances due of \$72,690 and \$110,801, which represents a collateralization of participant accounts. Of these loan balances, 3 and 2 amounting to \$4,546 and \$3,404 were in default as of December 31, 2021 and 2020. At December 31, 2021, interest rates on these loans ranged from 4.00% to 4.38% with maturities through 2026. At December 31, 2020, interest rates on these loans ranged from 4.00% to 4.49% with maturities through 2026.

Notes Receivable from Participants

The Plan offers a loan feature whereby a participant (borrower) enrolled in the Plan may borrow a minimum amount of \$1,000 up to a maximum amount of 50% of their vested account balance or \$50,000 (whichever is less). Participants may take a loan once in any 12 consecutive-month period, subject to the Internal Revenue Code ("IRC") limits on the total amount that can be borrowed. Participants may not have more than three outstanding loans at a time. The interest rate is based on the prime rate plus 1%. Loans must be repaid within five years, unless the loan is used to purchase a participant's principal residence which extends the maturity date of the loan beyond five years.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"), which requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Staten Island Academy Defined Contribution Retirement Plan

Notes to Financial Statements
December 31, 2021

2. Summary of Significant Accounting Policies (*continued*)

Fair Value Measurements

The Plan follows U.S. GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist.

Investment Valuation and Income Recognition

The TIAA Traditional Annuity Account is an unallocated contract. The account is segregated into non-benefit and fully benefit-responsive categories. Contract value equals the accumulated cash contributions, interest credited to the Plan's contracts, and transfers in (if any), less any withdrawals and transfers out (if any). The contract value, which is derived from a discounted cash flow analysis and other factors, approximates fair value. Fair value approximates contract value for non-benefit-responsive categories of the account. Investments in registered investment companies and the pooled separate account are stated at fair value as determined by quoted market prices, which represents the net asset value of shares held by the plan at year end. The registered investment companies and pooled separate account are deemed to be actively traded.

Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. If a participant ceases to make loan repayments and a distributable event occurs (retirement, termination, death), the participant loan balance is reduced and a benefit payment is recorded. Until a distributable event occurs, the loan will continue to have a balance and accrue interest.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Some expenses of maintaining the Plan are paid directly by the School and are excluded from these financial statements. Any expenses not paid by the Employer are paid by the Plan. Investment related expenses paid to TIAA and College Retirement Equities Fund ("CREF") are included in net appreciation (depreciation) in fair value of investments.

2. Summary of Significant Accounting Policies (continued)

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is October 13, 2022.

3. Information Certified (Unaudited)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) including investments and notes receivable from participants held at December 31, 2021 and 2020, and interest and dividends, net appreciation in value of investments, and interest on notes receivable from participants for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by TIAA and CREF, qualified institutions.

4. Investments

The following are the major categories of investments measured at fair value on a recurring basis at December 31, grouped by the fair value hierarchy:

	2021			
	Level 1	Level 2	Level 3	Total
Investments, at Fair Value				
Registered Investment Companies	\$15,936,103	\$ -	\$ -	\$15,936,103

Notes to Financial Statements

4. Investments (*continued*)

The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2021:

Balance, beginning of year	\$ 6,439,813
Contributions	64,415
Interest Income	223,310
Benefit payments	(594,287)
Purchases	753,676
Sales	<u>(622,696)</u>
Balance, End of Year	<u><u>\$ 6,264,231</u></u>

There are no unfunded commitments on the Plan's investments.

5. Insurance Company General Contracts

TIAA Traditional Annuity

The TIAA Traditional Annuity is comprised of six types of contracts. The fully benefit responsive contracts are: the Group Supplemental Retirement Annuity ("GSRA"), the Supplemental Retirement Annuity ("SRA"), and the Retirement Choice Plus contracts. The non benefit responsive contracts are: the Group Retirement Annuity ("GRA"), Retirement Annuity ("RA") and Retirement Choice contracts.

The Plan utilizes the GSRA and SRA contracts, which are reported at contract value, and the GRA and RA contracts, which are reported at fair value. Contract value equals the accumulated cash contributions, interest credited to the Plan's contracts, and transfers in (if any), less any withdrawals and transfers out (if any). Contract value approximates a discounted cash flow value calculated using a risk-adjusted market discount rate which correlates closely with the TIAA Traditional Annuity's historical crediting rates. Unobservable inputs include the risk-adjusted discount rate applied and the range of significant input values are as follows: GSRA – 3.00% - 3.05%; SRA – 3.00% - 3.05%; GRA – 3.00% - 3.80%; and RA – 3.00% - 3.80%.

Under GSRA and SRA contracts, lump sum withdrawals and transfers are allowed at any time without any restrictions or charges. Under GRA and RA contracts, lump-sum withdrawals are not allowed and transfers must be paid in ten annual installments.

Notes to Financial Statements
December 31, 2021

5. Insurance Company General Contracts (*continued*)

TIAA Traditional Annuity (continued)

The contracts use the vintage method to credit interest to the TIAA Traditional Annuity Account. Vintages are time periods that represent when money was initially invested in the TIAA Traditional Annuity Account and corresponding interest rate during that distinct time period. The Vintage method recognizes the fact that the level of prevailing interest rates available on new long-term investments will vary over time and that as the long-term investments in a specific vintage mature, they will be reinvested at different rates. When funds flow into the TIAA Traditional Annuity Account, they are immediately invested at the prevailing pay-in-rate for new money. The funds earn interest at the prevailing vintage rates. The vintage will always consist of two parts: the guaranteed portion and the discretionary portion. The guaranteed portion represents the minimum amount of interest that will be credited to an account, regardless of the economic environment. The discretionary portion represents interest earned over and above the guaranteed rate.

The TIAA Traditional Annuity Account represents approximately 31% and 35% of the Plan's net assets available for benefits as of December 31, 2021 and 2020, and represents an obligation from TIAA to repay as amounts come due. The credit risk of the issuer was evaluated by nationally recognized statistical rating agencies as follows: Moody's Investors Service (Aa1 as of May 2021), Standard and Poor's (AA+ as of September 2021), A.M. Best (A++ as of July 2021), and Fitch (AAA as of November 2021). The plan administrator does not believe that any events would limit the Plan's ability to transact at contract value.

6. Plan Termination

Although it has not expressed any intent to do so, the School has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will remain 100 percent vested in their accounts for both employee and employer contributions.

7. Tax Status

The School has adopted a plan document effective January 1, 2009 which is intended to satisfy the Internal Revenue Service's final 403(b) regulations. The Plan has since been amended, however, the School believes that the Plan, as amended, is designed and currently being operated in accordance with applicable sections of the IRC.

U.S. GAAP require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

Staten Island Academy Defined Contribution Retirement Plan

Notes to Financial Statements
December 31, 2021

8. Party-in-Interest Transactions

Certain investments are managed by TIAA and CREF. TIAA is the record-keeper and a custodian and CREF is a custodian for the Plan. Therefore, these transactions qualify as exempt party in-interest transactions under ERISA.

Participants who are active employees may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA. These loans are recorded as notes receivable from participants in the statements of net assets available for benefits.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The global economic uncertainty associated with the COVID-19 pandemic has resulted in significant volatility in global financial markets. This volatility has affected, and may continue to affect, the value of the Plan's net assets available for benefits. The effects of economic and market conditions subsequent to December 31, 2021 are not reflected in these financial statements and future effects on the Plan's net assets available for benefits cannot be predicted due to uncertainty regarding the duration and scope of the pandemic and other changing market conditions.
