INDEPENDENT AUDITORS' REPORT

Plan Administrator
Cobalt Benefits Group, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Cobalt Benefits Group, LLC 401(k) Plan (the Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures related to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and related directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report, dated August 17, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

COBALT BENEFITS GROUP, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

1. Description of the Plan

The following description of the Cobalt Benefits Group LLC, 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is sponsored and administered by Cobalt Benefits Group, LLC (the Company), which has sole authority to amend or terminate the Plan. The Plan is a defined contribution plan covering all eligible employees of the Company. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA).

Fidelity Management Trust Company (Fidelity) currently serves as the trustee of the Plan.

Eligibility

Employees become eligible to make salary contributions immediately once they have completed three months of service and have attained the age of eighteen.

Contributions

Contributions to the Plan are made by the participants in the form of salary reduction, as defined by the Plan. The Company matches the first 100% of an employee's contribution up to the first 4% of the employee's salary, plus 50% of the employee's contribution between 4% and 8% of their salary for a maximum match of 6%.

The Company may also contribute to the Plan at its discretion based on the profitability of the Company. To receive discretionary contributions, eligible participants must be employed on the last day of the contribution period and earn at least 1,000 hours of service during the Plan year. Discretionary contributions are made at the discretion of the Company and are allocated among eligible participants based upon the ratio of the participant's compensation as compared to the compensation of all eligible employees within the group of eligible employees to which the participant belongs. The Company made no discretionary contributions to the Plan in 2021 or 2020.

Rollover contributions are permitted under the Plan, subject to the approval of the Plan Administrator and the appropriate sections of the Code.

Vesting

Participants are immediately vested in their elective contributions and rollover contributions plus actual earnings thereon. Vesting in the Company contribution portion of their accounts plus earnings thereon is based on years of service. Contributions become 20% vested after two years of credited service and 100% vested after three years of credited service.

COBALT BENEFITS GROUP, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

1. **Description of the Plan (Continued)**

Participant Accounts

Each participant's account is credited with the participant's contribution, the employer's contribution and an allocation of investment earnings. Allocations are based on participant earnings or account balances, as defined. Each participant's account is also adjusted to reflect the current fair value of the assets in which such account is invested. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeitures

Upon termination of a participant's employment, the nonvested portions of the Company's matching and discretionary contributions (if any) and earnings thereon are forfeited, on the earlier of distribution of the vested portion to the participant, or when a five year break in service occurs. Forfeitures are used to reduce administrative expenses and employer discretionary contributions. Forfeitures used in 2021 and 2020 were not significant.

Benefit Payments

Upon retirement, termination of employment, age 59.5, death or disability, participants may elect to receive the value of their account in the form of: a lump sum payment; a direct rollover to another qualified plan which accepts direct rollovers or to an Individual Retirement Account (IRA); or a partial withdrawal following termination of employment. The Plan allows for the Company to direct the Trustee to distribute any participant balances between \$1,000 and \$5,000 to an IRA for the participant's benefit and to immediately cash out participant balances up to \$1,000 upon termination of employment.

Notes Receivable from Participants

Plan participants are allowed to borrow a minimum of \$1,000 up to the lesser of \$50,000 or one-half of the value of their accounts under the Plan. Notes must be repaid over a period not to exceed five years, unless the proceeds are used for certain residential purposes. Notes receivable from participants bear interest commensurate with local prevailing rates, as determined by the Plan administrator. Interest rates range from 4.25% to 6.50% at December 31, 2021 with maturities through June 2031. Principal and interest are paid by participants through payroll deductions.

2. **Summary of Significant Accounting Policies**

Basis of Accounting and Presentation

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

COBALT BENEFITS GROUP, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

2. Summary of Significant Accounting Policies (Continued)

Management Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period, and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment options which in turn invest in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investments, such as pandemics or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Investments

The Plan's investments are stated at fair value (see note 8).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Net appreciation in fair value of investments is reflected in the statements of changes in net assets available for benefits and includes realized gains and losses on investments bought and sold and the change in appreciation from one period to the next.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned on an accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. If a participant ceases to make loan repayments and the Plan Administrator deems the loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Contributions

Contributions to the Plan are made by both participants and the Company. Participant contributions are recorded in the period in which payroll deductions are made. Company contributions are recorded in the year of related eligible participant service.

COBALT BENEFITS GROUP, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

2. **Summary of Significant Accounting Policies (Continued)**

Payment of Benefits

Benefit payments are recorded when paid.

Administrative Expenses

All administrative expenses associated with the operation of the Plan, with the exception of certain investment transaction fees, were paid by the Company, and are therefore not reflected in the financial statements as expenses of the Plan.

Subsequent Events

Events occurring after the statement of net assets available for benefits date are evaluated by management to determine whether such events should be recognized or disclosed in the financial statements. Management has evaluated subsequent events through October 7, 2022, which is the date that the financial statements were available to be issued.

3. **Information Certified by Fidelity Management Trust Company (Trustee)**

The Plan Administrator has elected the method of compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by the Trustee, except for comparing such information with the related information included in the accompanying financial statements and supplemental schedule. The Plan Administrator has obtained certifications from the Trustee stating that the information provided to the Plan Administrator by the Trustee is complete and accurate. Such information includes investments, net appreciation in fair value of investments, interest and dividend income, investment transactions, notes receivable from participants, interest income on notes receivable from participants and notes receivable transactions.

4. **Income Tax Status**

The Plan is based on a Fidelity Volume Submitter Plan for which the Internal Revenue Service (IRS) issued an opinion letter dated June 30, 2020, stating that the Plan was designed in accordance with applicable IRS requirements. The Plan has been amended since that date. The Plan administrator believes that the Plan is currently designed and being operated in compliance with applicable requirements of the Code. Therefore, the Plan administrator believes the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

COBALT BENEFITS GROUP, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

4. **Income Tax Status (Continued)**

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the United States federal, state, or local tax authorities. Management evaluated the Plan's tax positions and concluded that the Plan has maintained its tax exempt status and has taken no uncertain tax positions that require adjustment to or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

5. **Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

6. **Party-In-Interest Transactions**

The Plan's investments are managed by Fidelity Investments. Fidelity Management Trust Company and Fidelity Investment Institutional Operations Company, Inc., which are part of the Fidelity Investments organization, serve as the Plan's Trustee and recordkeeper, respectively. Therefore, transactions involving the Plan's investments in the Fidelity Government Money Market and Fidelity mutual funds qualify as party-in-interest transactions. The Plan paid certain direct fees to Fidelity Investments totaling \$40,659 and \$29,714, which are recorded in administrative expenses in the accompanying statements of changes in net assets available for benefits for the years ended December 31, 2021 and 2020, respectively. In addition, loans to participants qualify as party-in-interest transactions.

7. **Reconciliation of Financial Statements to Form 5500**

There were no differences between the total assets available for benefits as presented in Form 5500 compared to the amounts shown in the accompanying financial statements as of December 31, 2021 and 2020.

Notes receivable from participants are reflected as a receivable on the financial statements, which is different from the Form 5500 presentation. On Form 5500, notes receivable are classified as investments under the caption "participant loans."

COBALT BENEFITS GROUP, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

8. **Fair Value Measurements**

Fair value is the price that would be received upon sale of an asset or paid upon transfer of a liability in an orderly transaction between market participants at the measurement date and in the principal or most advantageous market for that asset or liability. The fair value should be calculated based on assumptions that market participants would use in pricing the asset or liability, not on assumptions specific to the entity.

The fair value hierarchy for valuation inputs prioritizes the inputs into three levels based on the extent to which inputs used in measuring fair value are observable in the market. Each fair value measurement is reported in one of the three levels which is determined by the lowest level input that is significant to the fair value measurement in its entirety. These levels are:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation method include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2021 and 2020.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There are no restrictions on the sale of any of these investments.

COBALT BENEFITS GROUP, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

8. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
<u>2021</u>				
Money market funds	\$ 189	\$ —	\$ —	\$ 189
Mutual funds	<u>15,002,789</u>	<u>—</u>	<u>—</u>	<u>15,002,789</u>
Total assets in the fair value hierarchy	<u>\$15,002,978</u>	<u>\$ —</u>	<u>\$ —</u>	15,002,978
Collective trust fund measured at net asset value				<u>2,109,607</u>
Total investments				<u>\$17,112,585</u>
<u>2020</u>				
Money market funds	\$ 2,075,190	\$ —	\$ —	\$ 2,075,190
Mutual funds	<u>12,316,125</u>	<u>—</u>	<u>—</u>	<u>12,316,125</u>
Total investments	<u>\$14,391,315</u>	<u>\$ —</u>	<u>\$ —</u>	<u>\$14,391,315</u>

The following methods and assumptions were used to estimate the fair value of each class of financial instrument:

Money market funds and mutual funds – Fair value estimates are based on quoted net asset value of the shares on the active market on which the funds are traded.

Collective trust fund – The Plan's investment in the Reliance Trust New York Life Anchor Account Series I Class 25 fund is a collective trust fund, which invests in a group annuity contract issued by New York Life Insurance Company. This fund strives to preserve principal and maintain a stable crediting rate that is responsive to changes in interest rates. Valued at the NAV of units of the collective trust. The NAV, as provided by the trustees, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund, less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust fund, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.
