INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
Air Distribution Enterprises, Inc. 401(k) Plan
150 Albany Avenue
Freeport, NY 11520

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Air Distribution Enterprises, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020 and the related statement of changes in net assets available for benefits for the years ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Air Distribution Enterprises, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Air Distribution Enterprises, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Air Distribution Enterprises, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Air Distribution Enterprises, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Air Distribution Enterprises, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Others Matters

Supplemental Schedules Required by ERISA

The supplemental schedules of assets are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Air Distribution Enterprises, Inc. 401(k) Plan. As permitted by 29 CFR 2520.130-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform auditing procedures with respect to the information certified by a qualified institution. In our report dated (DATE), we indicated that (a) because of the significance of the information that we did not audit, we were unable to obtain sufficient appropriate evidence to provide basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included on the 2020 financial statement other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulation for Reporting and Disclosure under ERISA.

AIR DISTRIBUTION ENTERPRISES, INC.
401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021

1. Description of Plan

The following description of Air Distribution Enterprises, Inc. 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

A. General

The Plan is a 401(k) plan covering employees who are twenty-one years of age, have completed six months of service, and choose to participate in the Plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

B. Contributions

Participants may contribute up to 100% of their pre-tax annual compensation to the Plan, subject to annual individual deferral limitations under the Internal Revenue Code ("IRC"). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions, as defined by the IRC. Participants may also contribute amounts representing distributions from other qualified defined contribution plans as well as after-tax contributions from their current compensation.

The employer matching contribution is equal to 100% on the first 3% of eligible compensation, and 50% of the next 2% of eligible compensation, based on employee pretax and Roth contributions to the Plan each payroll period. Additional amounts may also be contributed at the discretion of the Company. No such additional discretionary contributions were made for the year ended December 31, 2021.

During 2020, the Company temporarily suspended its Safe Harbor Match contributions for 2021. A Notice of Material Change was sent to employees on November 20, 2020. The company's plan documents were updated and adopted accordingly. The Safe Harbor Match contributions were subsequently reinstated, and A Notice of Material Change was sent to employees on January 1, 2022. The company's plan documents were updated and adopted accordingly.

C. Participants' Accounts

Each participant establishes his or her own separate investment account within the American Funds solely for that individual's contributions. Each participant's account is credited with the actual investment performance realized by the investments of his or her investment account.

D. Separation from Plan

Effective January 1, 2021, ADE Engineered Solutions of Florida, Inc. and ADE-HVAC, LLC were sold. Accordingly, the employees of these companies are no longer eligible to participate in the Plan. Participant balances totaling \$2,929,370 from these companies were distributed to the former employees during 2021.

E. Vesting

Participants are immediately vested in their own contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts plus actual earnings thereon is determined under the following schedule:

<u>YEARS OF SERVICE</u>	<u>VESTED PERCENTAGES</u>
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Upon death or disability, a participant or his/her beneficiary will be entitled to the employer's matching contribution according to the above schedule.

A Participant is also 100% vested in the employer's profit-sharing account under any of the following conditions:

- Death before retirement date;
- Disability before retirement date; or
- Attainment of normal retirement age.

F. Forfeitures

Forfeitures of Employer matching contributions of terminated participants' non-vested accounts may be used to pay administrative expenses of the Plan or used to reduce Employer contributions. During 2021 and 2020 forfeitures in the amounts of \$22,752 and \$14,785 were used to pay administrative fees. Remaining forfeitures as of December 31, 2021, and 2020, were \$8,079 and \$26,082, respectively, and are included in the EB MaGIC 95 Stable Value Fund.

G. Payment of Benefits

Upon termination of service due to death, disability, retirement, or any other reason, a participant or his beneficiaries may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount. Distribution of benefits will also begin when a participant attains the age of 65.

H. Participant Loans

Participant may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The maximum term of a residence loan is 30 years.

2. Summary of Significant Accounting Policies

A. Estimates and Assumptions

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

B. Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Trustees determine the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as unrealized gains and losses on investments still held at year-end.

C. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expenses when they are incurred. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the loan balance is reduced and a benefit payment is recorded based upon terms of the Plan document.

D. Payment of Benefits

Benefits are recorded when paid.

E. Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States ("GAAP").

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the assets or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The availability of observable inputs can vary from security to security and is affected by a wide variety of factors, including the type of security, whether the security is new and not yet established in the marketplace, the liquidity of markets and other characteristics particular to the security. To the extent valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised in determining fair value is greatest for instruments categorized in Level 3.

The inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement falls in its entirety is determined based on the lowest level input that is significant to the fair value measurement in its entirety. Investments measured at net asset value do not have significant terms or conditions for redemption or commitment for additional funding. The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities.

3. Fair Value Measurements – (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair market value hierarchy, the Plan's assets at fair value as of December 2021 and 2020:

<u>Assets at Fair Value as of December 31, 2021</u>				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 15,786,620	\$ -	\$ -	\$ 15,786,620

Investments measured at net asset value:

Collective investment funds 1,056,782

Total investments \$ 16,843,402

<u>Assets at Fair Value as of December 31, 2020</u>				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 15,813,208	\$ -	\$ -	\$ 15,813,208

Investments measured at net asset value:

Collective investment funds 1,373,048

Total investments \$ 17,186,256

The fair value of participation units in the collective investment trust funds are valued using net asset value (NAV) of units held. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liability. There are no future commitments on any of the collective investment trust funds. Participants can redeem their investments in collective investment funds on a daily basis.

4. Information Prepared and Certified by the Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's auditors not to perform any auditing procedures with respect to the information certified by Capital Bank and Trust Company, the trustee, except for comparing such information with the related information included in the accompanying financial statements and supplemental schedule. The Plan Administrator has obtained certifications from the trustee stating that the information provided to the Plan Administrator by the trustee is complete and accurate. Such information includes investments (mutual funds, collective trust funds and self-directed brokerage accounts), notes receivable from participants, interest and dividend income, interest income on notes receivable from participants, net appreciation (depreciation) in fair value of investments, and investment transactions. In addition, Capital Bank and Trust Company is the custodian of the pooled separate accounts and stable value fund and certified the information related to those investments.

5. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and the terms of the plan.

6. Tax Status

The IRS has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Administrative Expenses/Related Party Transactions

The Company pays administrative expenses associated with the management of and professional services for the Plan. Certain administrative fees are paid from forfeited account balances while others, including fees for hardship withdrawals, are paid by the participants.

AIR DISTRIBUTION ENTERPRISES, INC.
401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021

8. Party-in-Interest Transactions

The Plan's investments are managed, administered and in the Custody of Capital Bank and Trust Company and its subsidiaries and affiliates. Capital Bank and Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-interest transactions. Fees paid to the trustee for other administrative expenses, management services, and bookkeeping services also qualify as party-in-interest transactions.

The Plan issues loans to participants, which are secured by the balances in participants' accounts. These transactions qualify as party-in-interest transactions.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

The COVID-19 outbreak continues as of the date of this report. There are many uncertainties related to the COVID-19 global pandemic that could negatively affect the Plan's statement of net assets available for benefits and statement of changes in net assets available for benefits. The Plan's individual investments fluctuate in response to changing market conditions, therefore the effect of the COVID-19 pandemic on its investment values in subsequent periods, if any, cannot be determined.

10. Subsequent Events

The Company has adopted ASC855 "Subsequent Events", and evaluated events and transactions that occurred through October 13, 2022 which is the date of the financial statements, for possible disclosure and recognition in the financial statements.
