Independent Auditor's Report

To the Plan Administrator
Availity, L.L.C. 401(k) Retirement Savings Plan
Jacksonville, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Availity, L.L.C. 401(k) Retirement Savings Plan (formerly known as Availity 401(k) Profit Sharing Plan) (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Description of Plan

The following description of the Availity, L.L.C. 401(k) Retirement Savings Plan (formerly known as Availity 401(k) Profit Sharing Plan) (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

Effective July 1, 2021, the name of the Plan was changed to Availity, L.L.C. 401(k) Retirement Savings Plan.

General

The Plan, established on January 1, 2002, is a defined contribution plan covering all employees of Availity, L.L.C. (the “Sponsor”, “Company” or “Employer”), who choose to enroll in the Plan. The Plan is intended to conform to and qualify under Section 401 and 501 of the Internal Revenue Code of 1986 (“IRC”), as amended. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). Effective July 1, 2021, the Plan was amended to reflect a change in the trustee from Great-West Trust Company, LLC (“Predecessor Trustee”) to Fidelity Management Trust Company (“Successor Trustee”) and its recordkeeper from Empower Retirement (“Predecessor Recordkeeper”) to Fidelity Workplace Services LLC (“Successor Recordkeeper”). The trustee holds all assets of the Plan in accordance with the service provider contract with the Company. Upon change in the trustee and recordkeeper, all assets of the Plan were transferred to the Successor Trustee, with the exception of the Key Guaranteed Portfolio Fund (“KGPF”) due to the 12-month put option that was exercised. Participants in the Plan may proactively transition their assets to the Successor Trustee at any time or their KGPF assets will automatically map to the Managed Income Portfolio II at the Successor Trustee upon expiration of the put.

Eligibility

An employee may participate in the Plan if such employee is an eligible employee of the Company. An employee is eligible to participate in the Plan when the age of 21 is attained. Classes of employees excluded from participation in the Plan include: (1) union employees, (2) nonresident aliens, (3) interns, (4) reclassified employees, or (5) employees whose compensation is not processed through the Company’s (or its affiliates) payroll services.

Contributions

The Plan allows participating employees to contribute between 1% to 100% of their eligible annual compensation, as defined in the Plan and subject to certain IRC limitations, up to a maximum of \$19,500 in 2021 with an additional \$6,500 for participants over the age of 50. Participants may designate their contributions as after tax contributions to a Roth 401(k) option. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 5 percent of eligible compensation. Participants direct the investment of their contributions into various investment options offered by the Plan.

Availity, L.L.C. 401(k) Retirement Savings Plan (formerly known as Availity 401(k) Profit Sharing Plan)

Notes to Financial Statements

The Sponsor, in accordance with safe harbor provisions, contributes a matching contribution equal to the sum of 100% of the employee's contributions that are not in excess of 3% of the employee's compensation, plus 50% of the employee's contributions that exceed 3% of the employee's compensation but are not in excess of 5% of the employee's compensation. Additional profit sharing and other discretionary amounts may be contributed at the Sponsor's option. The Sponsor contributed \$3,812,954 toward the employer match and no other additional discretionary amounts for the year ended December 31, 2021.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Sponsor's contributions and allocations of investment earnings or losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which participants are entitled is the vested portion of their accounts.

Vesting

Participants are vested immediately in their contributions plus actual earnings, employer safe harbor contributions, and rollover contributions. Participants are vested in Employer discretionary matching and profit sharing contributions plus related earnings as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
1	33 1/3%
2	66 2/3%
3	100%

Forfeitures

Participants who separate from service prior to full vesting forfeit the balance of their account to the extent that vesting has not occurred. Forfeitures may be used to pay plan expenses, reduce any non-elective contribution or reduce any matching contribution. In the 2021 and 2020 plan years, there were no forfeitures.

Notes Receivable from Participants

At the discretion of the Sponsor, participants are permitted to borrow from the Plan. If a loan is approved, it must bear a reasonable interest rate that does not exceed the maximum rate allowed by applicable state law, be adequately collateralized, and be repaid within five years by equal payments made at least quarterly, except for a loan used to acquire a principal residence, which may be repaid over more than five years, not to exceed fifteen years. The minimum loan permitted under the terms of the Plan is \$1,000. Participants may borrow up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Only two loans per participant are permitted at any time. Principal and interest are paid ratably through payroll deductions. Loans are collateralized by the participant's account balance. An allowance for uncollectible loans receivable has not been established, based on the collateralized nature of the receivables and historical collectability. Interest rates on outstanding loans at December 31, 2021, ranged from 4.25% to 6.50%.

Availity, L.L.C. 401(k) Retirement Savings Plan (formerly known as Availity 401(k) Profit Sharing Plan)

Notes to Financial Statements

Payment of Benefits

On termination of service, death, disability or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in their account. Benefit payments will be made based on Plan provisions and participant elections.

2. Summary of Accounting Policies

Basis for Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value or contract value. Fair value is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). See Note 4 for discussion of fair value measurements. The guaranteed investment contract is recorded at contract value (see Note 5). Contract value is the relevant measurement attributable to fully benefit-responsive investment contracts because the contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract value of the fully benefit-responsive investment contracts represents contributions plus earnings, less participant withdrawals and administrative expenses.

Purchases and sales of investments are recorded on a trade date basis. Dividends are recorded on the ex-dividend date and interest income is recorded on the accrual basis. Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions and Contribution Receivables

Contributions are recorded on the accrual method of accounting. Contribution receivables are obligations arising from amounts owed to the Plan from participants or the Company that have not been included in the Plan's investments at year end.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020.

Availity, L.L.C. 401(k) Retirement Savings Plan (formerly known as Availity 401(k) Profit Sharing Plan)

Notes to Financial Statements

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

The Company pays a portion of the administrative expenses on behalf of the Plan. The remainder is paid by the Plan. Administrative expenses include recordkeeping service fees, accounting services, trustee services and audit expenses. Fees paid by the Plan for administrative expenses were \$102,925 for the year ended December 31, 2021.

3. Certified Investment Information

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Predecessor and Successor Trustees, qualified institutions, have certified that the following investment information included in the accompanying financial statements and supplemental schedule is complete and accurate.

- Investments and notes receivable from participants, as reflected in the Statements of Net Assets Available for Benefits as of December 31, 2021 and 2020;
- Total investment income and interest income on notes receivable from participants, as reflected in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2021;
- Investment values disclosed in Note 4; and
- Investment information, as reflected in Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing the certified investment information with the related information presented and disclosed in the financial statements and supplemental schedule, reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP and whether the supplemental schedule is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

4. Fair Value Measurements

Accounting Standards Codification ("ASC") 820, *Fair Value Measurements*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Availity, L.L.C. 401(k) Retirement Savings Plan (formerly known as Availity 401(k) Profit Sharing Plan)

Notes to Financial Statements

Basis of Fair Value Measurement

Level 1: Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2: Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3: Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following sets forth the types of assets measured at fair value and a brief description of the valuation technique for each asset type:

Mutual funds

The shares of registered investment companies are valued at quoted market prices in an exchange and active market, which represent the net asset values of shares held by the Plan at year end. Investments in mutual funds are classified within Level 1 of the valuation hierarchy.

Self-Directed Accounts

The Plan's self-directed accounts hold shares of mutual funds and common stock. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. Common stock is valued at quoted market prices. Investments in self-directed accounts are classified within Level 1 of the valuation hierarchy.

Collective Trust Funds

The fair value of participation units held in collective investments trusts are based on the net asset values ("NAV") reported by the fund managers as of financial statement dates and recent transaction prices. The investment objective of the collective investments trusts is to provide preservation of capital and provide relatively stable returns consistent with a low risk profile. The collective investments trusts provide for daily redemptions by the Plan at reported NAV per share, with no advance notice requirement.

The preceding methods described may produce a fair value calculation which may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to Financial Statements

The following table presents the fair values and classifications of the Plan's investments measured on a recurring basis as of December 31, 2021 and 2020:

<i>December 31, 2021</i>	<i>Investments at Fair Value Measurements</i>			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 29,266,942	\$ -	\$ -	\$ 29,266,942
Self-directed brokerage accounts	2,772,867	-	-	2,772,867
Assets measured at NAV*	-	-	-	77,949,645
Total investments at fair value	\$ 32,039,809	\$ -	\$ -	\$ 109,989,454

<i>December 31, 2020</i>	<i>Investments at Fair Value Measurements</i>			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 22,649,256	\$ -	\$ -	\$ 22,649,256
Self-directed accounts	2,617,030	-	-	2,617,030
Assets at NAV*	-	-	-	66,871,504
Total investments at fair value	\$ 25,266,286	\$ -	\$ -	\$ 92,137,790

* In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are provided to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments measured at fair value based on NAV per share:

	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Holding Period
December 31, 2021				
Collective Investment Trusts	\$ 77,949,645	N/A	Daily	None
December 31, 2020				
Collective Investment Trusts	\$66,871,504	N/A	Daily	None

5. Investment in Insurance Contract

During the 2017 plan year, the Plan entered into a group annuity contract with Great-West Life & Annuity Insurance Company. The group annuity contract KGPF, is a fixed account that is part of the general account of Great-West Life & Annuity Insurance Company (GWL&A). Because the KGPF is a general account product offered through a group annuity contract, participant principal and interest are fully guaranteed by the entire general account assets of GWL&A. Because the group annuity contract is fully benefit-responsive, contract value is the relevant measurement amount for that portion of the net assets available for benefits attributable to the group annuity contract.

Availity, L.L.C. 401(k) Retirement Savings Plan (formerly known as Availity 401(k) Profit Sharing Plan)

Notes to Financial Statements

The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium long-term new portfolio compared to the minimum interest crediting rate (which will never be less than 0% as stated in the contract), and prevailing market conditions. The investment strategy employed for this product seeks to achieve consistent returns to support a competitive credited rate. Bonds invested in the general account segment have an average maturity between three and seven years; are investment grade in quality; and are diversified across a range of fixed-income asset classes such as asset-backed securities, mortgage-backed securities, commercial mortgage-backed securities, commercial mortgages and private equity. Interest crediting rate is reset quarterly. At December 31, 2021, the Key Guaranteed Portfolio Fund's fair value equaled its contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include premature termination of the contracts by the Plan, layoffs, plan termination, bankruptcy, mergers and early retirement incentives. The Plan does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

6. Related Party Transactions and Party-in-Interest Transactions

Certain Plan investments are managed by the Predecessor and Successor Trustee and, therefore, these transactions qualify as party-in-interest transactions. In addition, note receivable from participants are also considered party-in-interest transactions and are exempt from prohibited transaction rules.

7. Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions and to terminate the Plan, subject to the provisions set forth in ERISA and the IRC. In the event of Plan termination, participants will become 100% vested in their accounts.

8. Tax Status

The Plan uses a non-standardized pre-approved profit sharing plan sponsored by Fidelity. Fidelity received an opinion letter from the Internal Revenue Service ("IRS"), dated June 30, 2020, which states that the non-standardized document, as then designed, satisfies the applicable provisions of the IRC. The Plan's management believes that the Plan, as amended, is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Availity, L.L.C. 401(k) Retirement Savings Plan (formerly known as Availity 401(k) Profit Sharing Plan)

Notes to Financial Statements

9. Risk and Uncertainties

The Plan provides for investment options that are comprised of various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the financial statements.

10. Subsequent Events

In preparation of its financial statements, the Company considered subsequent events through October 13, 2022, which was the date the Plan's financial statements were available to be issued.
