Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Airline Hydraulics Corporation Profit Sharing and 401(k) Plan (The Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the 2021 financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4a – Schedule of Delinquent Participant Contributions and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of or for the year ended December 31, 2021 are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 7, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

PROFIT SHARING AND 401(k) PLAN

Notes to Financial Statements
December 31, 2021 and 2020

(1) Description of Plan

The following description of the Airline Hydraulics Corporation Profit Sharing and 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document and adoption agreement for a more complete description of the Plan's provisions. Copies of the plan document are available from the plan administrator.

General

The Plan is a defined contribution profit sharing 401(k) plan covering all qualified employees of Airline Hydraulics Corporation (the Company) who have completed 6 months of service and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan Trustees are responsible for oversight of the Plan including determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

Contributions

Each year, participants may contribute a portion of pretax annual compensation, as defined in the Plan, subject to Internal Revenue Service (IRS) limitations. Participants may also make contributions to the Plan on an after-tax (Roth) basis. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 5% of eligible compensation, which increases 1% each year up to a maximum deferral rate of 10% and their contributions invested in a designated balanced fund until changed by the participant.

The Company may match an eligible employee's deferral contribution. For the 2021 plan year, the Company matched up to 25% of the first 5% of the participant's eligible compensation for the plan year. The Company may also contribute additional profit sharing amounts as determined by the Board of Directors. This additional contribution, if any, will be allocated to each participant in proportion to their eligible compensation for the plan year to the total eligible compensation paid to all eligible participants. There were no profit sharing contributions made by the Company for the year ended December 31, 2021.

(1) Description of Plan, Continued

Participant Accounts

Each participant's account is credited with the participant's contributions and Company contributions, as well as plan earnings. Participant accounts may also be charged with an allocation of certain administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their deferral, voluntary rollover and catch-up contributions and any discretionary nonelective contributions allocated solely to non-highly compensated employees, plus actual earnings thereon. Vesting in the Company's discretionary and profit-sharing plan contribution portion of their accounts plus earnings thereon is based on years of continuous service. Vesting in both the Company's discretionary and profit-sharing contribution and earnings thereon is as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participants' account and bear interest at rates that range from 3.75% to 6.50%, which are based on the current prime rate plus 0.5%. Principal and interest are paid ratably through monthly payroll deductions. Loan terms shall not exceed five years, unless the loan is for the purchase of a participant's primary residence.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant receives a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Notes to Financial Statements
December 31, 2021 and 2020

(1) Description of Plan, Continued

Forfeited Accounts

At December 31, 2021 and 2020, forfeited nonvested accounts totaled \$5,454 and \$10,944, respectively. These accounts may be used to pay plan expenses and to reduce future employer contributions. During 2021, forfeitures of \$13,011 were used to offset employer contributions and plan expenses.

(2) Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. The Trustees determine the Plan's valuation policies utilizing information provided by the investment advisers and trustee. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for the fully benefit-responsive insurance contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

AIRLINE HYDRAULICS CORPORATION

PROFIT SHARING AND 401(k) PLAN

Notes to Financial Statements
December 31, 2021 and 2020

(2) Summary of Significant Accounting Policies, Continued

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a participant ceases to make loan repayments and the loan is deemed to be in default per the terms of the plan document, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participants' accounts and are included in administrative expenses. Investment related expenses are included in net appreciation in the fair value of investments. Participants pay an annual fee for administrative costs associated with the recordkeeping and trustee fees, as well as transaction charges for loan and benefit payment transactions which are paid by the Plan by reducing the balances of those participants initiating the transactions.

Subsequent Events

The Plan has evaluated subsequent events through October 13, 2022, the date the financial statements were available to be issued.

(3) Financial Information Certified by the Trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (Principal), the trustee, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule.

(3) Financial Information Certified by the Trustee, Continued

The following information was certified as complete and accurate by the trustee:

- Investments at fair value at December 31, 2021 and 2020.
- Fully benefit-responsive insurance contract at contract value at December 31, 2021 and 2020
- Notes receivable from participants at December 31, 2021 and 2020.
- Net appreciation in fair value of investments for the year ended December 31, 2021.
- Interest and dividend income for the year ended December 31, 2021.
- Interest income on notes receivable from participants for the year ended December 31, 2021.
- Schedule H, Line 4i - Schedule of Assets (Held at End of Year).

(4) Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosure*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

(4) Fair Value Measurements, Continued

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Registered investment companies: Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open end investments that are registered with the Securities and Exchange Commission. Registered investment companies are required to publish their daily net asset value (NAV) and to transact at that price. Registered investment companies held by the Plan are deemed to be actively traded.

Pooled separate accounts: Valued at the NAV of units held by the Plan at year end based on the market value of its underlying investments. Although the pooled separate accounts are not available in an active market, the NAV of the units are approximate based on the quoted prices of the underlying investments that are traded in an active market. The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(4) Fair Value Measurements, Continued

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 24,279,242	\$ -	\$ -	\$ 24,279,242
Investments measured at NAV as a practical expedient				4,905,971
Total investments at fair value				\$ 29,185,213

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 21,082,087	\$ -	\$ -	\$ 21,082,087
Investments measured at NAV as a practical expedient				3,966,900
Total investments at fair value				\$ 25,048,987

Investments that are measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line item presented in the statements of net assets available for benefits.

There were no significant transfers among investment levels during the years ended December 31, 2021 and 2020.

The following table summarizes investments measured at fair value based on the NAV per share as a practical expedient as of December 31, 2021 and 2020, respectively.

Investment	Fair Value at December 31,		Unfunded	Redemption	Redemption
	2021	2020	Commitments	Frequency	Notice Period
Principal LargeCap S&P 500 Index	\$ 3,317,638	\$ 2,585,919	None	Daily	None

(5) Investment Contract with Insurance Company

The Plan has a benefit-responsive insurance contract with Principal Life Insurance Company. The account is credited with actual earnings on the underlying investments and charged for participant withdrawals and administrative expenses charged by Principal. Participants may ordinarily direct the transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuers. Such events include (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are not probable of occurring. The guaranteed insurance contract does not permit the insurance companies to terminate the agreement prior to the scheduled maturity date.

There are no reserves against contract value for credit risk of the contract issuers or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1 percent or greater than 3 percent. Such interest rates are reviewed on a yearly basis for resetting.

(6) Corrective Distribution Payable

In order to satisfy nondiscrimination tests, certain participants were required to receive a refund of excess contributions and investment income earned thereon from their participant accounts. Corrective distributions payable are recorded as a liability in the statement of net assets available for benefits at December 31, 2021 and 2020.

(7) Related Party Transactions and Party-In-Interest Transactions

Certain plan investments are shares of pooled separate accounts, a collective investment fund and a guaranteed insurance contract managed by an affiliate of Principal. Principal is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. Fees incurred by the Plan for the investment management services are included in net appreciation in the fair value of investments.

(8) Non-Exempt Transactions

During 2019, the Company remitted participant contributions to the Plan's trustee outside of the time period prescribed by the Department of Labor. Required earnings to be allocated to participants on the delinquent contributions were remitted to the Plan during 2021.

(9) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan, by action of its Board of Directors, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their employer contributions.

(10) Tax Status

The Plan uses a prototype plan document sponsored by Principal Life Insurance Company. The IRS has determined and informed Principal Life Insurance Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(11) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
