INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
GuideOne Insurance Company 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of GuideOne Insurance Company 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the year December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter – 2020 Financial Statements

LWBJ, LLP, who merged into UHY LLP as of January 4, 2022, was engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed LWBJ, LLP not to perform, and they did not perform, any auditing procedures with respect to the information certified by a qualified institution. Their report, dated October 11, 2021, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the 2020 financial statements and supplemental schedules, and (b) the form and content of the information included in the 2020 financial statements and supplemental schedules other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**GUIDEONE INSURANCE COMPANY
401(K) PLAN**

Notes to the Financial Statements

December 31, 2021 and 2020

1. Description of Plan

General

The following brief description of the GuideOne Insurance Company 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the summary plan description booklet for more complete information. The Plan is a defined-contribution plan covering substantially all employees of GuideOne Insurance Company (the "Company") who are not an employee agent and at least age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Prior to April 2021, the Plan was known as GuideOne Mutual Insurance Company 401(k) Plan.

Administration

The Plan is administered by the Benefits Committee of the Company (the "Plan Administrator").

Custodian and Trustee

Principal Life Insurance Company has been designated as Custodian of the Plan. Principal Trust Company is the Trustee of the Plan.

Contributions

The Plan is funded by participating employee and employer contributions. Participating employees may contribute a percentage of their wages up to the maximum percentage allowable, not to exceed the limits of Internal Revenue Code ("IRC") Section 401(k), 402(g), 404, and 415. Annual employee contributions may not exceed \$19,500 in 2021 and 2020 as indexed by the Internal Revenue Service ("IRS"). If the participant was age 50 or older during 2021 or 2020, an additional \$6,500 could have been contributed as a catch-up deferral contribution in 2021 and 2020. The Plan also places certain restrictions on contributions from those employees defined as highly compensated.

In 2021 and 2020, employees were automatically enrolled with a deferral rate of 6%, unless an alternative election was made. Participant deferral rates are automatically increased 1% annually to a maximum of 10%, unless they elect to opt out of the automatic increase.

The Company makes a matching employer contribution equal to 100% of the amount of the salary reduction elected by the participant, up to 6% and 7% of compensation in 2021 and 2020, respectively. The annual participant and employer contribution to all benefit plans shall not exceed \$58,000 and \$57,000 per participant for 2021 and 2020, respectively.

GUIDEONE INSURANCE COMPANY
401(K) PLAN

Notes to the Financial Statements (continued)

1. Description of Plan (continued)

Participant Accounts

Each participant account is credited with the participant's contributions and allocations of (a) the Company's contribution and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon. The Company match and discretionary contributions are fully vested after three years of service.

Payment of Benefits

Upon termination of employment, death, retirement, or disability, the participant may elect to receive a lump sum amount equal to the value of the participant's vested account balance, leave the balance in the account to share in investment gains and losses if the participant is not of retirement age, or select one of the monthly retirement and death benefit options. If the participant's vested account balance is between \$1,000 and \$5,000 and the employee does not choose how to receive the distribution, the benefit will be rolled into an individual retirement account ("IRA"). Balances less than \$1,000 are automatically paid in a lump sum.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements.

Management fees and operating expenses charged to the Plan investments in the general and separate accounts and registered investment companies are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments. Revenue credits represent a return of these fees.

Forfeitures

Forfeitures may be used to pay Plan expenses or to offset employer contributions. In 2021 and 2020, forfeitures amounted to \$273,399 and \$193,841, respectively, and were used to pay Plan expenses and offset employer contributions.

Plan Termination

While the Company has not expressed any intent to terminate the Plan or to discontinue its contributions, it is free to do so any time, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

**GUIDEONE INSURANCE COMPANY
401(K) PLAN**

Notes to the Financial Statements (continued)

1. Description of Plan (continued)

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000, up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. A maximum of one loan can be approved in a 12- month period, and the participant may only have one loan outstanding at any time. The loan is secured by the balance in the participant's account and bears interest at rates that range from 4.25% to 6.5%, which are commensurate with local prevailing rates as determined by the Plan Administrator at the time of the loan. Participant loans mature over a period from 2022 to 2036 and are reported at their unpaid principal balance.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on an accrual basis in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of the financial statements in conformity with GAAP requires the Plan Administrator to make certain estimates and assumptions that affect the reported amount of net assets available for benefits and changes therein at the date of the financial statements and the reported amounts of contributions, investment income, and deductions during the periods reported. Actual results could differ from these estimates.

Investment Valuation and Income Recognition

Investments of the Plan are reported at fair value. Assets held under the Guaranteed Interest Accounts ("GIA") are recorded at fair value, which is the relevant measure a participant could expect to receive if they were withdrawn, or borrow funds from, or transfer assets within the Plan. Due to certain redemption features of the GIAs, they are not considered fully benefit-responsive contracts. Refer to Note 6 for further information related to fair value measurements. The purchases and sales of securities are recorded on a trade date basis. Realized capital gains and losses from security transactions are reported on the average cost method. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

GUIDEONE INSURANCE COMPANY
401(K) PLAN

Notes to the Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Federal Income Taxes

The Plan obtained its latest determination letter on August 8, 2014, in which the IRS states that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan was restated to a Volume Submitter Plan effective April 1, 2017, which has a Department of Treasury opinion letter.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

3. Party-in-Interest Transactions

Transactions resulting in Plan assets being transferred to, or used by, a related party are prohibited under ERISA unless specific exemption applies. Principal Life Insurance Company, the Custodian of the Plan, is a party-in-interest because Plan participants are able to invest in certain pooled separate accounts, collective investment trusts or a GIA offered by affiliates of the Custodian. These transactions are exempt and are not prohibited by ERISA. Fees paid by the Plan for investment management services were included as a reduction of the return on each pooled separate account, collective investment trust or GIA. Additionally, a participant who requires a participant loan is a party-in-interest. However, these transactions are exempt and are not prohibited under ERISA.

4. Risks and Uncertainties

Under the Plan, participants invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Plan's exposure to a concentration of credit risk is limited by the diversification of investments across the participant-directed fund elections. Additionally, the investments within each participant-directed fund election are further diversified into varied financial instruments, with the exception of investments in Principal Financial Group, Inc. Stock Separate Account. Investment decisions are made, and the resulting risks are borne, exclusively by the Plan participant who made such decisions.

5. Investment Information Certified by Trustee

Under the terms of the group contract with the Plan Administrator, all funds received by the Trustee not specifically directed by participants to a pooled separate account, a collective investment trust or interests in registered investment companies shall be and remain a part of the general funds of the Custodian, and the Custodian shall be the sole owner thereof, without any duty or requirement of segregation or separate investment. The Custodian has the sole discretionary authority concerning purchases and sales of investments in these accounts. The investments and changes therein have been reported to the Plan by the Trustee as having been determined through the use of fair values. Assets held under the GIAs are carried at fair value and are invested in fixed income deposit accounts. Changes in fair value are included in investment income.

The Company has elected the method of compliance permitted by 29 CFR 2520.103.8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator has obtained certification from the Trustee that all the investment information provided by the Trustee, and included in the accompanying financial statements, notes to financial statements, and supplemental schedule is complete and accurate. All investment and related investment income information, including interest, dividends, net appreciation on fair value of investments, and interest on notes receivable from participants, appearing in the accompanying financial statements are presented based solely upon that certification.

6. Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value is a market based measurement, not an entity-specific measurement. Therefore, a fair value measurement should be determined based on assumptions that market participants would use in pricing an asset or liability. As a basis for considering market participant assumptions in fair value measurements, a fair value hierarchy was established, which prioritizes the inputs used in measuring fair values. The hierarchy gives the highest priority to Level 1 measurements and the lowest priority to Level 3 measurements.

The three levels of the fair value hierarchy are described as follows:

Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- Quoted prices for similar assets and liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in markets that are not active;

6. Fair Value Measurements (continued)

-Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals); and

-Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs may include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

Following is a description of the valuation methods used for assets measured at fair value.

Guaranteed interest accounts - The fair value of the investments in the common trust fund is determined by the fund trustee based on the amount Plan participants would receive currently if they were to withdraw or transfer funds within the Plan prior to their maturity for an event other than death, disability, termination or retirement. This fair value represents contract value adjusted to reflect current market interest rates only to the extent such market rates exceed crediting rates. The redemption notice period is 7-90 days and the redemption frequency is daily for GIAs. There are no unfunded commitments to the GIA from the Plan.

Collective investment trusts – The fair values of units held in the collective trust fund are valued based on quoted redemption values, also known as net asset values ("NAV"), determined by using available market information and appropriate valuation methods, as provided by the Custodian and represent the value at which the Plan (or the participant) could initiate a transaction with the Custodian.

Pooled separate accounts – The fair values of units held in pooled separate accounts are valued based on quoted redemption values, also known as NAVs, determined by using available market information and appropriate valuation methods, as provided by the Custodian and represent the value at which the Plan (or the participant) could initiate a transaction with the Custodian. There are no imposed redemption restrictions on participants, except for certain short-term trading restrictions, which prohibit participants from reinvesting into the same account within 30 days. Other than the U.S. Property Separate Account, there are no limitations on redemptions.

The NAV of the U.S. Property Separate Account is based on the underlying real estate assets, which are valued using discounted cash flow valuation models that utilize public real estate market data such as transaction prices, market rents, vacancy levels, leasing absorption, market cap rates and discount rates. In addition, each property is appraised annually by an independent appraiser. The Custodian has the ability to apply a contractual limitation, which delays the payment of withdrawal requests. The withdrawal limitation was applied as of December 31, 2020 and was lifted and all redemption requests were satisfied during 2021.

6. Fair Value Measurements (continued)

Registered investment companies – The fair values of investments in registered investment companies are valued based on observable market quotations for identical assets and are priced on a daily basis at the close of business.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement.

The following tables set forth the Plan's assets carried at fair value as of December 31, 2021 and 2020, respectively, by level within the fair value hierarchy. There were no transfers between levels during 2021 and 2020.
