Independent Auditor's Report

To the Plan Administrator
Bachman's 401(k) Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Bachman's 401(k) Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021 and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Bachman's 401(k) Retirement Savings Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021 stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Bachman's 401(k) Retirement Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Independent Auditor's Report

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Bachman's 401(k) Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of Bachman's 401(k) Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Bachman's 401(k) Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Independent Auditor's Report

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule of Assets (Held at End of Year) and Schedule of Reportable Transactions are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Bachman's 401(k) Retirement Savings Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated August 6, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion, and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements, other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Bachman's 401(k) Retirement Savings Plan

Notes to the Financial Statements

December 31, 2021 and 2020

1. Description of Plan

The following brief description of the Bachman's 401(k) Retirement Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information regarding the Plan's definitions, benefits, and eligibility requirements and other matters.

General

The Plan was created by an agreement between Bachman's, Inc. (the "Company", "Employer", or "Plan Administrator") and the trustees dated September 1, 1979 to provide retirement benefits covering all eligible Company employees. The Plan was amended in its entirety effective January 1, 2016. The Plan adopted the Massachusetts Mutual Life Insurance Company Volume Submitter Profit Sharing/401(k) Plan.

Plan Operation

The Company, as the Plan Administrator, interprets and communicates the provisions of the Plan, concludes on all questions of eligibility and benefit payments, ensures that all government and participant reporting requirements are fulfilled, approves benefit payments, and directs trustee actions, as necessary. The Trustee of the Plan is Reliance Trust Company. Great-West Life & Annuity Insurance Company, an affiliate of Empower (Empower or Custodian), holds, invests, and distributes the assets of the Plan to the participants.

Eligibility

Employees of the Company who have completed 30 consecutive days of employment, excluding variable pay employees and members of a collective bargaining unit, can become participants of the Plan upon the first day of the month after reaching age 20. Variable pay employees are eligible to participate in the Plan if they are credited with 1,000 hours of service during any year and meet the Plan's other eligibility requirements. In addition, employees who meet the above requirements and complete 1,000 hours of service in the year are eligible for a profit sharing contribution in the following Plan year.

Contributions

Participants may contribute up to 100% of their eligible compensation on a pre-tax basis to the 401(k) portion of the Plan, as defined by the Plan. Participants may change their contribution percentage at any time. The Plan has an automatic enrollment arrangement in that the participant enters the plan at a 3% deferral with 1% increases per year, not to exceed 10% if the participant does not elect otherwise or opt out of deferring in the Plan.

The Company may make a discretionary match contribution to the Plan based on a percentage of the participant's salary deferral or a uniform dollar amount. During 2021, the Company made a contribution equal to 25% of the first 4% of salary deferral for each participant, plus 50% on any additional 2% of the participant's Plan compensation. The Company may designate certain matching contributions as a qualified matching contribution. The Company made discretionary matching contributions of approximately \$237,000 for the year ended December 31, 2021.

The Company may make discretionary and/or qualified nonelective contributions to the Plan. These contributions, if made, are allocated to eligible participants based on either a uniform percentage of Plan compensation or as a uniform dollar amount. In addition, qualified nonelective contributions are allocated to all non-highly compensated participants (as determined under the Plan). There was no discretionary or qualified nonelective contribution for the year ended December 31, 2021.

Participants may roll over amounts representing distributions from other qualified plans into the Plan. The Plan also allows for catch-up contributions.

Contributions are subject to a compensation ceiling and annual limitations prescribed by the Internal Revenue Code (IRC).

1. Description of Plan (Continued)

Payment of Benefits

A participant's vested benefit is distributed upon death, disability, retirement, or termination of employment as soon as administratively feasible following the date on which a distribution is requested or otherwise payable, in either a lump-sum payment, annual installments, or annuity payments. In-service distributions are allowed under the Plan upon attainment of age 59 1/2 or attainment of normal retirement age, as defined in the Plan documents. If the participant's vested benefit is \$5,000 or less, the participant will receive an involuntary lump sum distribution, unless the participant timely elects a direct rollover of the vested account balance.

Pursuant to the CARES Act, as adopted by the Plan, Plan participants were permitted to take Coronavirus-related distributions in an amount up to \$100,000 of the participant's vested balance from the Plan, with repayment terms of up to three years. The ability to request special Coronavirus-related distributions under the CARES Act ceased as of December 31, 2020.

Vesting

Participants are immediately fully vested in their elective deferral contributions, qualified matching contributions, Company qualified nonelective contributions, and any rollover to the Plan plus earnings thereon. Participants vest 20% each year in their respective portion of the Company's discretionary contributions until fully vested after the fifth year of qualified service. Participants become fully vested upon death, disability, or attainment of age 65.

Forfeited Accounts

Forfeitures occur when a participant terminates employment prior to becoming fully vested. Forfeited amounts are allocated annually among the remaining participants based upon eligible compensation. Prior to applying forfeitures to participants, forfeitures will be used to pay Plan expenses. At December 31, 2021 and 2020, forfeited amounts totaled approximately \$700.

Investment Allocation

Assets of the Plan are held in various funds as determined by the Company. Participants may direct and redirect the balances of their accounts into any of the Plan's investment options. Participants may change their investment allocation daily.

Net investment gains and losses are allocated based on participant balances in each fund.

Plan Termination

Although it has not expressed any intention to do so, the Company has the right to discontinue its contributions at any time and terminate the Plan subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). In the event of Plan termination, participants will become fully vested in their account balances.

1. Description of Plan (Continued)

Notes Receivable From Participants

Participants are permitted to borrow up to 50% of their vested account balance with a minimum of \$1,000 up to a maximum loan amount of \$50,000. The notes are secured by the participant's vested account balance. The terms require, at minimum, quarterly principal and interest payments. Notes generally have a term of not more than five years, unless the note is for the purchase of a principal residence, in which case the note repayment period may not extend beyond 10 years. The interest rate is fixed at inception of the note at 1.0% over the prime lending rate. Upon termination of employment, the outstanding balance of a note becomes immediately payable. At December 31, 2021, notes receivable have an interest rate of 4.25% to 6.50% with maturity dates through 2026.

Pursuant to the CARES Act, as adopted by the Plan, the maximum loan amount available to qualified individuals for loans made from March 27, 2020 to September 22, 2020 was the lesser of \$100,000 or the individual's vested benefit under the Plan. Plan participants could also elect to defer loan repayments that occurred between March 27, 2020 and December 31, 2020 for up to one year. The ability to request to defer loan repayments under the CARES Act ceased as of December 31, 2020.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Accounting Estimates

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in assets available for benefits during the reporting period, and the changes therein, and when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. The most significant estimate is the valuation of the investment contract with the insurance company at contract value and the fair value of other investments. Actual results could differ from those estimates; the effects of any changes could be material.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value with the exception of the guaranteed fund, which is a fully-benefit responsive investment contract, which is stated at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants (that is, not a forced liquidation or distressed sale) at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in value of investments includes the Plan's realized gains and losses on investments bought and sold during the year as well as unrealized gains and losses on investments held during the year.

Fully Benefit-Responsive Investment Contracts

Investment contracts held by a defined contribution plan are required to be reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Notes Receivable

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Notes to the Financial Statements

December 31, 2021 and 2020

2. Summary of Significant Accounting Policies (Continued)

Payment of Benefits

Benefit payments are recorded when checks are issued or an electronic funds transfer has occurred.

Contributions

Employee contributions are recorded by the Plan in the period the employer makes the payroll deduction. Employer matching contributions are recorded on a bi-weekly basis. This date may precede the date of remittance of the contribution to the plan. The Company's annual profit sharing contribution is recorded in the period the Board of Directors authorizes the profit sharing contribution.

Administrative Expenses

Substantially all administrative expenses are paid by the Plan, except for the administrative costs of obtaining participant loans and distribution payments which are paid by the participant obtaining the loan or distribution.

Fair Value of Financial Instruments

The Company's accounting for fair value measurements of assets and liabilities that are recognized or disclosed at fair value in the financial statements on a recurring or nonrecurring basis adheres to the Financial Accounting Standards Board (FASB) fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

- Level 1 Inputs: Unadjusted quoted prices in active markets for identical assets or liabilities accessible to the Company at the measurement date.
- Level 2 Inputs: Other than quoted prices included in Level 1 inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability.
- Level 3 Inputs: Unobservable inputs for the asset or liability used to measure fair value to the extent that observable inputs are not available, thereby allowing for situations in which there is little, if any, market activity for the asset or liability at measurement date.

The level in the fair value hierarchy within which a fair measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2021 and 2020.

- Registered investment companies - mutual funds - valued at net asset value (quoted prices) of shares held by the Plan at year-end.
- Pooled separate accounts - valued at fair value using quoted market prices of the underlying assets to determine net asset value (NAV) of the pooled separate account. The NAV, as provided by the Custodian, is used as a practical expedient to estimate fair value. Participant redemptions can be transacted daily with a one day redemption notice period. There are no unfunded commitments related to these accounts.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to the Financial Statements

December 31, 2021 and 2020

4. Guaranteed Fund

The Plan has a fully benefit-responsive investment contract with Empower. Empower maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The contract is included in the financial statements at contract value as reported to the Plan by Empower. Contract value represents contributions made under contract, plus earnings, less participant withdrawals. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There is no reserve against contract value for credit risk of the contract issuer or otherwise.

The investment return is dependent on, among other factors, the underlying financial viability of the issuer of the contracts (Empower) but may not be lower than 3.00%. Such interest is evaluated every six months. The rate for the guaranteed fund was 3.00% at both December 31, 2021 and 2020. The average yield earned and interest credited to participants was 3.16% and 3.06% for the years ended December 31, 2021 and 2020, respectively.

The Plan's ability to execute transactions at contract value is limited in certain circumstances as detailed in the group annuity contract. These circumstances include the following: (1) Plan termination or partial termination; (2) Participant's separation from employment resulting from a reorganization, merger, or layoff; (3) The Internal Revenue Service determines the Plan no longer meets requirements of applicable code sections; (4) The Plan breaches the group annuity contract. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

5. Certified Investments

The Plan Administrator has elected the method of compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Custodian has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2021 and 2020.
- Investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2021.
- Schedule H, Line 4i - Schedule of Assets (Held at Year End) as of December 31, 2021.
- Schedule H, Line 4j - Schedule of Reportable Transactions as of December 31, 2021.

The Plan Administrator instructed its independent auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the Trustee, except for comparing the information with the related information included in the financial statements and supplemental schedules.

6. Party-In-Interest Transactions

Pooled separate accounts and the guaranteed fund of the Plan are managed by MassMutual. Empower acquired the retirement business of MassMutual December 31, 2020; therefore, these are party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. Notes receivable from participants also qualify as party-in-interest transactions. However, the ERISA regulations provide an exemption for such transactions.

Notes to the Financial Statements

7. Tax Status

The Massachusetts Mutual Life Insurance Company Volume Submitter Profit Sharing/401(k) Plan obtained its latest opinion letter on March 31, 2014, in which the Internal Revenue Service stated that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. The prototype plan has been amended since receiving the opinion letter. However, the Plan's management and trustees believe the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

The Plan Administrator has analyzed the tax provisions taken by the Plan and has concluded that, as of December 31, 2021, the Plan does not have any significant tax uncertainties that would require recognition or disclosure. None of the Plan's previously filed tax returns are currently being examined. The Plan Administrator believes it is no longer subject to income tax examinations for the years before 2018.

8. Risks and Uncertainties

The Plan invests in various investment securities. The Plan's investments are exposed to various risk factors, such as interest rates, market conditions, and credit risk. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investment securities, it is possible that changes in risk factors in the near term could materially affect the amounts reported in the financial statements.

Schedule C Soft Dollar Compensation Eligible Indirect Compensation Statement

Mutual fund investments of the plan (whether direct or indirect through a separate investment account) may have soft dollar arrangements pursuant to which the investment advisor or sub-advisor to the mutual fund (and/or its affiliates) may direct trades to certain brokers in exchange for research and other services, other than just trade execution. For plans investing directly or indirectly in the MassMutual Premier or Select Funds, MassMutual provided the required written disclosure regarding soft dollar compensation on the Schedule C Formula Description and/or EIC Statement Description Attachment. For all other mutual funds, MassMutual provided the required written disclosure in the Statement of Additional Information (“SAI”).

For additional information on soft dollar compensation, refer to the section of the mutual fund’s SAI that discusses brokerage allocation and other practices.
