Report of Independent Auditor

To the Board of Trustees and Plan Administrator
Laparkan Trading Limited 401(k) Profit Sharing Plan
Miami, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Laparkan Trading Limited 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules ('DOL") and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

2021 Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 30, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and, accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1—Description of the Plan

The following description of Laparkan Trading Limited 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan sponsored by the employer, Laparkan Trading Limited (the "Sponsor") for the benefit of its full-time employees who have six months of service and are age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Administration of Plan Assets – The Plan's Board of Trustees (the "Board") has overall responsibility of the operation and administration of the Plan. The Board determines the appropriateness of the Plan's investment offerings and monitors investment performance. The Plan's assets are maintained and administered by John Hancock Life Insurance Company (U.S.A.) (the "Custodian"). The Plan's recordkeeping services and maintenance of participant account records are managed by E.J. Reynolds (the "Recordkeeper").

Contributions – Under Internal Revenue Code ("IRC") Section 401(k), participants may contribute up to 100% of their compensation, subject to 2021 annual limits of $19,500 and an additional $6,500 for catch-up contributions for participants that are age 50 or older. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants may stop or change their contribution elections at any time.

As defined by the Plan, the Sponsor may make discretionary matching contributions based on a percentage of a participant's elective deferral contributions. During 2021, the Sponsor made matching contributions of 100% of the first 3% of participant's elective deferral contributions. The Sponsor may also make discretionary profit sharing contributions. During the year ended December 31, 2021, the Sponsor did not make any profit sharing contributions.

Vesting – Participants are fully vested in their elective contributions, as well as any rollover contributions, plus or minus any earnings or losses thereon. Vesting in the Sponsor's discretionary contributions and the earnings or losses thereon is based upon years of continuous service, as defined in the Plan document, are as follows:

Years of Service	Vested Percentage
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Notwithstanding the above, participants shall become fully vested upon their date of death.

Participant Accounts – Each participant's account is credited and/or reduced with the participant's elective deferral contributions and distributions, the Sponsor's contribution, and an allocation of the Plan's investment earnings/losses, investment fees and any administrative expenses paid out of the Plan. Allocations are based on either participant's compensation or account balance as defined in the Plan.

Investment Options – The Plan's assets are held and managed by the Custodian. The participants direct the investment of their account balance and may select from various investment options offered by the Plan. Participants may change their investment option selections on any business day as defined by the Plan.

Note 1—Description of the Plan (continued)

Notes Receivable from Participants – Participants may have up to three loans outstanding at any time and may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance on the date of the note. Notes should be repaid within five years unless the note is for the purchase of a primary residence in which case the repayment schedule is extended to a reasonable period of time, not to extend 15 years. Interest accrues at the prevailing commercial rate for notes of similar types and ranged from 4.25% to 6.50% at December 31, 2021. The notes are collateralized by the participants' vested interest in their account balance. Principal and interest payments with respect to the notes are credited solely to the account of the borrowing participant from which the note was made through payroll deductions.

Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant note receivable balance is reduced and a benefit payment is recorded as defaulted distribution based upon terms of the Plan document.

Hardship Distributions – Hardship distributions are permitted if the distribution is due to expenses incurred or necessary for medical care described in IRC Section 213(d), purchase of a principal residence, payment of tuition, to prevent eviction from or foreclosure of the principal residence, or any other condition which the Commissioner of the Internal Revenue Service ("IRS") deems an immediate and financial need of the participant.

Payment of Benefits – Participants are allowed in-service withdrawals of their vested interest in his or her account upon attainment of retirement age or in the event of a financial hardship. Upon termination of service due to death, disability, or retirement, participants or their designated beneficiary may receive the value of their vested interest in his or her account as a lump-sum distribution. Participants 59½ years of age or older can obtain benefits from the Plan without penalties. Participants should refer to the Plan documents for a full description of the distribution methods offered by the Plan.

Forfeitures – Forfeitures occur when a participant terminates employment and has not vested in a portion of the Sponsor contribution amounts. Forfeitures, if any, are used to reduce future Sponsor contributions to the Plan. During the year ended December 31, 2021, forfeitures of $15,366 were used to reduce Sponsor contributions. At both December 31, 2021 and 2020, there was no forfeiture balance.

Note 2—Summary of significant accounting policies

Basis of Accounting – The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Note 2—Summary of significant accounting policies (continued)

Payment of Benefits – Benefits are recorded when paid.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

U.S. GAAP defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction value hierarchy which requires an entity to maximize the use of observable inputs when measuring fair value.

The standard describes three levels of inputs that may be used to measure fair value:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy, if applicable. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Pooled Separate Accounts – These investments are public investment vehicles valued using the net asset value ("NAV") provided by the administrator of the fund. NAV is used as a practical expedient to estimate fair value and is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Transactions (purchases and sales) may occur daily. These investments measured using NAV practical expedient are exempt from classification under the fair value hierarchy.

Guaranteed Interest Accounts – These investments are made by the Plan in an unallocated group fixed annuity contract which is invested in the general assets of the Custodian who guaranteed a fixed interest rate. NAV for the investment contract is $1. See Note 5 for valuation methodology used to determine NAV. The investment contracts are classified within Level 2 of the valuation hierarchy.

The methods described above many produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 2—Summary of significant accounting policies (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's losses and gains on investments bought and sold as well as held during the year.

Administrative Expenses – Certain expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distributions are charged directly to the participant's account and are included in administrative expenses. The Sponsor pays substantially all professional service expenses and investment management fees incurred by the Plan. These expenses include professional fees related to the preparation of the Plan's tax returns, attorney fees, and recordkeeping/Custodian's fees.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Delinquent notes receivable from participants are recorded as distributions based upon the terms of the Plan document.

Note 3—Information certified by the Custodian (unaudited)

The Plan management has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. John Hancock Life Insurance Company (U.S.A.), the Custodian of the Plan as of December 31, 2021, has certified to the completeness and accuracy of the following data included in the accompanying financial statements and supplemental schedule.

- Investments, at fair value and notes receivable from participants as shown on the statements of net assets available for benefits as of December 31, 2021 and 2020.
- Net appreciation in fair value of investments, interest income, and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2021.
- Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2021.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4—Fair value measurements

The following table sets forth by level, within the fair value hierarchy, the Plan investment assets at fair value, as of December 31:

	As of December 31, 2021			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total Fair Value
Guaranteed interest accounts *	$ -	$ 8,203	$ -	$ 8,203
Pooled separate accounts measured at NAV [(a)]				3,055,345
Investments at fair value				$ 3,063,548

	As of December 31, 2020			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total Fair Value
Guaranteed interest accounts *	$ -	$ 7,148	$ -	$ 7,148
Pooled separate accounts measured at NAV [(a)]				2,585,271
Investments at fair value				$ 2,592,419

(a) Investments that are measured at fair value using NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits. As of December 31, 2021 and 2020, pooled separate accounts had no unfunded commitments and redemptions are processed daily with a no notice period.

Note 5—Guaranteed interest accounts

The Plan offers a non-benefit responsive guaranteed interest account with a three and five-year term, which are similar in concept to bank certificates of deposit, with a guaranteed interest rate which is credited to contributions for the term of the certificates, provided that contributions are held until the certificate maturity date. A minimum guaranteed interest rate is set by the Custodian for each guaranteed interest account, with the yearly minimum guaranteed interest rate never to be less than 0%. The Custodian maintains the contributions in a general account. Principal contributions made are guaranteed and not subject to invasion for any charges or fees under the contract. The account is credited with interest on the underlying investments on a daily basis and charged for participant withdrawals and administrative expenses. The funds are included in the financial statements at fair value. The average yields based on actual earnings for the contract for the year ended December 31, 2021 and 2020, was 0.50% and 0.40%, respectively.

Note 6—Parties-in-interest transactions

Plan investments and the related transactions as of December 31, 2021 and 2020, and for the year ended December 31, 2021, were in investment funds managed by the Custodian; therefore, these investments and transactions qualify as party-in-interest transactions. Fees paid during the year for accounting and other services rendered by parties-in-interest were based on customary and reasonable rates for such services. Notes receivable from participants are also considered to be party-in-interest transactions because they are transacted with Plan participants.

Note 7—Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, participants will become 100% vested in their accounts.

Note 8—Income tax status

The IRS has determined that the non-standardized prototype 401(k) profit sharing plan is designed in accordance with applicable sections of the IRC and informed the Recordkeeper of such in a letter dated March 31, 2014. The Plan administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC and, therefore, the related trust is exempt from taxation.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to audit by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9—Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. Management is monitoring investment market conditions and the impact the conditions are having on the Plan's investment portfolio. Due to the volatility of the financial markets, there is uncertainty regarding the impact which continued volatility might have on the Plan's investment portfolio.

As a result of the spread of COVID-19, economic uncertainties have arisen triggering volatility in financial markets and a significant negative impact on the global economy. As the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of potential losses that will be recognized in subsequent periods, if any, cannot be determined. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.

Note 11—Subsequent events

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through October 11, 2022, the date the financial statements were available to be issued.
