Axios Incorporated Multiple Employer Retirement Savings Plan and Trust

Notes to Financial Statements

December 31, 2020 and 2019

Note 1 - Plan Description

The following description of Axios Incorporated Multiple Employer Retirement Savings Plan and Trust (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a multiemployer defined contribution profit-sharing and 401(k) plan covering all common-law and leased employees of Axios Incorporated and adopting employers (collectively, the "Plan Sponsors" or the "Company"). Participating employers may elect to have employees be immediately eligible upon hire or require one full year of employment with 1,000 hours of service and attainment of age 21, as defined by terms of the Plan, unless elected otherwise by a participating employer. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

A participant may elect to make contributions to the Plan through payroll deductions of 1 percent up to 50 percent of the participant's compensation, as defined, subject to statutory limitations. The Plan also allows participants to transfer funds from other employer-qualified plans into the Plan.

Each employer may elect to make safe harbor or non-safe harbor matching contributions based on the amount of eligible compensation deferred by a participant. An employer may also elect to contribute a safe harbor or non-safe harbor discretionary amount based on a percentage of each participant's compensation.

Administration of Plan Assets

The Plan Sponsors have appointed Massachusetts Mutual Life Insurance Company (MassMutual) to serve as custodian and Axios Incorporated to act as plan administrator. The custodian is responsible for holding the investment assets of the Plan, executing investment transactions, and making distributions to the participants. The plan administrator interprets and communicates the provisions of the Plan, ensures that all government and participant reporting requirements are fulfilled, and approves all distributions for the Plan to participants.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Vesting

Participants are immediately 100 percent vested in employee salary, employer safe harbor matching, profit-sharing, and rollover contributions and any income or loss thereon. Vesting in non-safe harbor employer matching and discretionary contributions, plus actual earnings thereon, is based on years of service. Participants vest in contributions made by the Company 100 percent after three years of service, as defined by terms of the Plan, unless elected otherwise by a participating employer. A participant also becomes fully vested at the time of a participant's death, if the participant becomes disabled while employed, or upon attainment of normal retirement age.

Participant Notes Receivable

Participants may borrow from their accounts subject to certain maximum and minimum amounts, as prescribed in the Plan and in the Internal Revenue Code. Notes receivable are collateralized by the participant's account balance and bear interest at a market rate.

December 31, 2020 and 2019

Note 1 - Plan Description (Continued)

Benefit Payments

Distributions are payable upon retirement, death, disability, or termination of employment in the form of a lump-sum amount equal to the vested balance of a participant's account. In-service withdrawals are permitted after attaining age 59½.

Participants may request that all or a portion of their accounts be distributed in the case of financial hardship, as defined in the plan document. The Plan Sponsors must approve any such hardship withdrawals.

Forfeitures

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future plan sponsor contributions.

Party-in-interest Transactions

Certain plan assets are in investment funds managed by Massachusetts Mutual Life Insurance Company (the "Custodian"). These transactions with the Custodian qualify as party-in-interest transactions, as defined under ERISA guidelines.

Certain administrative expenses of the Plan were paid by the Plan Sponsors. The Plan Sponsors also provide accounting and other administrative services to the Plan.

Termination

While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. Additionally, each participating employer has the right to cease participation in the Plan. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation

The Plan's investments are stated at fair value.

All investments are valued based on quoted market prices reported in active markets. See Note 4 for additional information.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Benefit Payments

Benefits are recorded when paid.

Notes to Financial Statements

December 31, 2020 and 2019

Note 2 - Summary of Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including July 29, 2021, which is the date the financial statements were available to be issued.

Note 3 - Unaudited Information

Massachusetts Mutual Life Insurance Company holds the Plan's investments and participant notes receivable and executes all related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information certified by the Custodian.

Note 4 - Investments

The Plan holds shares or interests in investment companies at year end where the fair value of the investment held is estimated based on the net asset value per share (or its equivalent) of the investment company.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2020 and 2019:

	Assets Measured at Fair Value on a Recurring Basis at December 31, 2020	
	Investments (at Fair Value)	Level 1
Mutual funds	\$ 47,674,151	\$ 47,674,151

	Assets Measured at Fair Value on a Recurring Basis at December 31, 2019	
	Investments (at Fair Value)	Level 1
Mutual funds	\$ 38,242,232	\$ 38,242,232

There were no unfunded commitments or redemption restrictions on the investments described above.

December 31, 2020 and 2019

Note 5 - Tax Status

The Plan has received a determination letter from the Internal Revenue Service indicating that the Plan, as designed, is qualified for tax-exempt treatment under the applicable section of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Note 6 - Plan Merger

The Plan may be adopted by companies that become clients of Axios Incorporated. Employers may adopt the Plan subject to execution of a participation agreement, in which each employer will elect the eligibility, contribution, and vesting provisions applicable to its adoption of the Plan. Companies that terminate their relationship with Axios Incorporated may withdraw from the Plan.

New adopting employers transferring assets from other plans and employers terminating participation in the Plan are reflected as net transfers from other plans in the statement of changes in net assets available for benefits. During 2020, there were no transfers into the Plan.
