INDEPENDENT AUDITORS' REPORT

October 13, 2022

To the Plan Administrator
Hall Industries, Inc.
401(k) Retirement Plan
Ellwood City, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of the Hall Industries, Inc. 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Hall Industries, Inc. 401(k) Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Hall Industries, Inc. 401(k) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Hall Industries, Inc. 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Hall Industries, Inc. 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Hall Industries, Inc. 401(k) Retirement Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 14, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

401(K) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS**

Note A - Description of the Plan

The following brief description of the Hall Industries, Inc. 401(k) Retirement Plan (Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General - The Plan, as restated on January 15, 2017, with amendments through July 1, 2021, is a defined contribution plan covering substantially all employees of Hall Industries, Inc., Standard Tool & Machine Co., Hall Technical Services, LLC, Hall Technical Services NY, LLC and Hall Equipment, LLC (collectively Company), other than those employees covered under a collective bargaining agreement, certain nonresident aliens or leased employees, interns, and summer employees and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility - Employees are eligible for participation in the Plan on the first day of each calendar quarter coinciding with or after completion of six consecutive months of employment and completion of 500 hours of service.

Contributions - Participants can make an elective deferral of a portion of their annual compensation to the Plan (Elective Deferrals) as a before-tax contribution under Internal Revenue Code Section 401(k). Elective Deferrals may not be designated as an after-tax Roth contribution.

Employees who are hired on or after September 1, 2009 are automatically enrolled in the Plan with a contribution rate of 6% of their annual compensation. Prior to July 1, 2021, automatically enrolled employees were enrolled with a contribution rate of 3% of their annual compensation. A participant may opt-out of the Plan or can elect to change their Elective Deferral percentage up to the maximum amount allowed by law. Elective Deferrals are subject to annual limitations prescribed by the Internal Revenue Code (IRC).

Employees may also elect to make "catch-up contributions" provided they have reached age 50 by the end of the current calendar year and have not exceeded other IRC and Plan contribution limits.

The Company may make a Matching Contribution equal to a discretionary percentage, to be determined annually by the Company, of a participant's Elective Deferral up to the initial 6% of the participant's compensation. The discretionary percentage was 50% for each of the years ended December 31, 2021 and 2020. The matching contribution amounted to \$285,056 for the year ended December 31, 2021.

The Company may make a discretionary Profit Sharing Contribution on behalf of each eligible participant in the same ratio as each participant's eligible compensation bears to the total of such compensation of all participants provided the participant is employed at December 31 and has completed six months of service during the Plan year. There was no discretionary Profit Sharing Contribution during 2021.

Participants may direct their Elective Deferral Contributions, as well as the Company's Matching and discretionary Profit Sharing Contributions, into any of a number of pooled separate accounts or guaranteed accounts maintained by the Custodian (Note C).

Participant Accounts - Each participant's account is credited with the employee's Elective Deferral Contribution, the Company's discretionary Matching Contribution, the Company's discretionary Profit Sharing Contribution (if any), Plan earnings (losses), loan fees (if applicable) and charged with an allocation of administrative expenses.

Vesting - Participants are vested immediately in their Elective Deferral Contribution plus actual earnings thereon. Vesting in the Company's discretionary Matching Contribution and discretionary Profit Sharing Contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of service, in the event of their death, or if they become disabled.

HALL INDUSTRIES, INC.
401(K) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

Note A - Description of the Plan (Continued)

Notes Receivable from Participants - Participants may borrow from their fund accounts an amount equal to the lesser of \$50,000 or 50% of the fair market value of their vested account balance. The term of the loan may not exceed five years except in the case of a loan for the purpose of acquiring the principal residence of the participant. The loans are secured by the balance in the participant's account and bear interest ranging from 4.25% to 6.5% at December 31, 2021 and 2020 which is commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is paid ratably through bi-weekly payroll deductions.

Payment of Benefits - Benefits are paid to the Plan participants in a lump sum or, at the election of the participants, as a direct rollover to another qualified plan that accepts direct rollover distributions. Individual accounts will be distributed upon the death, disability, retirement or termination of employment of the Plan participant. In the event of an immediate and heavy financial burden, the Plan also permits a hardship withdrawal of a participant's fully-vested portion of their account balance in amounts permitted under the provisions of the IRC.

Forfeited Accounts - Forfeited non-vested accounts are used to reduce the Company's discretionary Matching and discretionary Profit Sharing Contributions to the Plan. During the year ended December 31, 2021, \$19,008 in forfeitures were used to reduce the Company's matching contribution. At December 31, 2021 and 2020, forfeited non-vested account balances totaled \$44 and \$99, respectively.

Note B - Summary of Significant Accounting Policies

Basis of Accounting - The financial statements of the Plan are prepared under the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - The Plan's investments are reported at fair value (Notes C and D).

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's valuation policies are determined utilizing information provided by the Custodian of the Plan's assets. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis, and dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Loans to participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Interest income on loans is recorded on the accrual basis. Participant loans are repaid through payroll reductions. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a participant's employment is terminated the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Corrective Distributions - Amounts payable to participants for contributions in excess of amounts allowed by IRC are recorded as a liability with a corresponding deduction in net assets recognized in the Statement of Changes in Net Assets Available for Benefits. At December 31, 2021, there was a liability in the amount of \$1,187 which was distributed to the applicable participants prior to March 15, 2022. At December 31, 2020, there was a liability in the amount of \$43,530 which was distributed to the applicable participants prior to March 15, 2021.

Note B - Summary of Significant Accounting Policies (Continued)

Operating Expenses - A portion of the expenses of maintaining the Plan are paid by the Company.

Benefits - Benefits are recorded when paid to participants or their beneficiaries.

Reclassifications - Certain 2020 balances have been reclassified to conform with their presentation in 2021.

Subsequent Events - Management has evaluated subsequent events through October 13, 2022, the date the financial statements were available to be issued and disclosed in Note J.

Note C - Investments (Certified)

At December 31, 2021 and 2020, the investments were held by John Hancock Life Insurance Company (U.S.A.), the Custodian for the Plan, in a group annuity contract. Participants may direct their investments into unallocated guaranteed interest accounts or into pooled separate accounts. The Custodian of the Plan's assets has certified the unaudited investment assets of the Plan at December 31, 2021 and 2020, as well as to the unaudited investment income or loss, including interest, dividends, expenses, and realized and unrealized gains and losses for the year ended December 31, 2021 and the information contained in the supplemental schedule, in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Investments in pooled separate accounts and guaranteed interest accounts are recorded at fair value as described in Note D. Changes in the market value of these investments are recorded as gains or losses.

The statement of net assets available for benefits presents the fair value of all investment contracts. The statement of changes in net assets available for benefits is prepared on the fair value basis as there are no investments held at December 31, 2021 in fully-benefit responsive investments which are required to be reported at contract value. Notes receivable from participants are valued at the amortized cost of the note.

The Plan invests in a variety of pooled separate accounts. The investment strategies of these pooled separate accounts vary among growth, income and equity objectives. A prospectus describing each pooled separate account is available from the plan administrator.

The following information is the reported fair value certified by the Custodian as of the end of the December 31, 2021 and 2020 Plan year:

Note D - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows: Level 1 inputs consist of unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access; Level 2 inputs consist of observable inputs other than quoted prices for identical assets and include:

**HALL INDUSTRIES, INC.
401(K) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS**

Note D - Fair Value Measurements (Continued)

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 inputs must be observable for substantially the full term of the asset or liability; and Level 3 inputs are unobservable and significant inputs based on the best information available about the assumptions market participants would use in pricing the asset and have the lowest priority.

The Plan uses appropriate valuation techniques based on available inputs to measure the fair value of its investments. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. When available, the Plan measures fair value using observable inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are used only when Level 1 or Level 2 inputs are not available.

The following is a description of the valuation methodology used in measuring Plan assets at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Pooled Separate Accounts - Pooled Separate Accounts (PSAs) invest in equity securities and fixed maturity securities. PSAs investing in equity securities are valued using quoted prices in active markets for identical assets.

PSAs investing in fixed maturity securities are valued based on pricing date provided by outside valuation service providers who in turn generally use the mean of bid and ask prices but may also use alternative observable pricing inputs for certain securities.

Guaranteed Interest Accounts - Guaranteed interest accounts guarantee the return of principal plus compound interest earned over a defined term, less any applicable charges. Fair value, as determined by the Custodian, is determined by comparing rates in effect on that particular valuation date to the rates on which the actual interest is determined and adjusting the value based on the difference in those rates.

Noninterest - Bearing Cash - Determined based upon the deposit value as reported at year-end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumption to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value:

Note E - Tax Status

The Internal Revenue Service has determined and informed Walker Benefits, Inc., Sponsor of the Prototype Plan, by a letter dated January 27, 2015 that the Plan is designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter; the Company and the plan administrator believe that the Plan is designed and currently operated in compliance with the applicable requirements of the IRC.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the applicable authorities. The Plan's tax returns for 2018, 2019, and 2020 are subject to examination by the taxing authorities, generally for three years after they were filed.

Note F - Party-In-Interest

Certain of the Plan's assets invested in the pooled separate accounts and guaranteed interest accounts are issued and maintained by John Hancock Life Insurance Company (U.S.A.), who holds all of the Plan's investment assets in a group annuity contract. Transactions executed in these accounts are party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to \$39,369 for the year ended December 31, 2021.

Note G - Termination Provision

Although it has not expressed any intent to do so, the Company reserves the right under the Plan to discontinue its contributions at any time and to terminate the Plan at any time, subject to the provisions of ERISA. Upon such termination of the Plan, the interest of each participant in the Plan becomes non-forfeitable and fully vested and will be distributed to such participant, or his or her beneficiary, at the time prescribed by the Plan terms or the IRC.

Note H – Plan Amendments

Effective July 1, 2021, the Plan was amended changing automatically enrolled participants initial contribution rate to 6% of their annual compensation, rather than 3% which was effective prior to July 1, 2021.

During 2021, the Plan was retroactively amended to include fringe benefit compensation as Plan eligible compensation for purposes of employer matching contributions, effective for the period July 1, 2017 through July 15, 2021, in order to conform to the operation of the Plan during the period.

Note I – Risks and Uncertainties

Investment securities are exposed to various risks such as interest rate, market and credit risk. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

401(K) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

Note I – Risks and Uncertainties (Continued)

As a result of the COVID-19 coronavirus pandemic, economic uncertainties could result in significant volatility in the investment markets, resulting in a substantial decline in the value of investments. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

Note J – Subsequent Event

Effective January 1, 2022, the Plan was amended and restated as part of the IRS Cycle 3 Restatement requirement in order to bring the Plan into compliance with the legislative and regulatory changes set forth in IRS Notice 2017-37. Some of the additional changes to the Plan include changes to the employer matching contribution, the definition of compensation, types of employee contributions allowable, and payout options to terminated participants. Participants should refer to the Plan agreement for more complete information.
