Independent Auditor's Report

Board of Trustees
Local 422 Pension Trust Fund

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Local 422 Pension Trust Fund, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits in liquidation as of December 31, 2021, and the related statement of changes in net assets available for benefits in liquidation for the year then ended and the statement of accumulated plan benefits in liquidation as of December 31, 2020, and the related statement of changes in accumulated plan benefits in liquidation for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Local 422 Pension Trust Fund and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Local 422 Pension Trust Fund's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Local 422 Pension Trust Fund's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Local 422 Pension Trust Fund's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year), as of December 31, 2021 and of Schedule H, Line 4j – Schedule of Reportable Transactions, for the year ended December 31, 2021 are presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

The 2020 financial statements of Local 422 Pension Trust Fund were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditor not to perform, and they did not perform, any auditing procedures with respect to the information certified by a qualified institution. Their report dated September 8, 2021, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and supplemental schedules, and (b) the form and content of the information included in the financial statements and supplemental schedules other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

LOCAL 422 PENSION TRUST FUND
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Local 422 Pension Trust Fund (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

General

The Plan is a multiemployer collectively bargained defined benefit pension plan covering individuals that were represented by Ice, Coal, Miscellaneous Scrap Metal, Auto Wrecking and Smelting Drivers & Workers, Local Union No. 422 affiliated with the International Brotherhood of Teamsters, Chauffeurs, Warehousemen & Helpers of America (the “Union”). It is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The Plan is administered by a Board of Trustees. The Plan’s Board of Trustees has overall responsibility for the operation and administration of the Plan. The Plan’s Board of Trustees determines the appropriateness of the Plan’s investment offerings and monitors investment performance. Effective January 1, 2010, the Plan’s Board of Trustees declared a mass withdrawal under the provisions set forth in ERISA and terminated the Plan.

Pension Benefits

Participants who retired after July 1, 2006, with at least five years of vesting service, are eligible to receive normal retirement benefits at age 65 (62 if retired prior to July 1, 2006). A participant’s monthly benefit shall be reduced by 0.75% for each calendar month the retirement benefit begins before reaching the normal retirement age, as defined in the plan document. Participants are eligible to receive early retirement benefits at age 55, provided they have 30 years of vesting service and their termination of Covered Employment, as defined in the plan document, occurs on or after January 1, 2001.

Disability Benefits

Participants who have been totally and permanently disabled since on or before December 31, 2010, and had at least five years of vesting service, were eligible to retire on a disability pension. The monthly amount of the disability pension benefit was equal to the normal retirement benefit at the time payment began. Effective July 1, 2011, no new disability benefits are available to participants.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting and Presentation

The financial statements of the Plan are prepared on the accrual basis of accounting.

The Plan follows authoritative guidance issued by the Financial Accounting Standards Board (“FASB”), which established the FASB Accounting Standards Codification (“ASC”) as the single source of authoritative accounting principles generally accepted in the United States of America.

Reclassification

Certain accounts in the prior year financial statements have been reclassified for comparative purposes to conform with the presentation in the current year financial statements.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein; disclosure of contingent assets and liabilities; and the actuarial present value of accumulated plan benefits at the date of the financial statements, and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Board of Trustees determines the Plan's valuation policies utilizing information provided by the investment adviser and custodian. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Employer Withdrawal Liability Receivable

The Plan's actuary has calculated a net withdrawal liability for each employer. Employers pay the Plan in quarterly installments. Due to the quarterly payments being lower than the quarterly assessed interest, the employers are making these payments in perpetuity. Management does not believe that any of the principal portion of the assessed withdrawal liability will be collected. Management has written off the entire \$6,138,319 of principle as uncollectible withdrawal liability during the year ended December 31, 2019.

Cash

The Plan considers all highly liquid investments with original maturities of three months or less to be cash. The plan maintains its cash account at a national financial institution. The balance, at times, may exceed federally insured limits.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Subsequent Events

The Plan has evaluated subsequent events through October 12, 2022, the date the financial statements were available to be issued.

NOTE 3 – FUNDING POLICY

The Plan was funded by employer contributions pursuant to collective bargaining agreements. The contributions were designed to fund the Plan's current service costs on a current basis and to fund the past service liabilities arising from qualifying service. Due to the mass withdrawal, employers ceased contributions to the Plan and a withdrawal liability was assessed. The Plan's funding is achieved through investment earnings and payments made by employers subject to the withdrawal liability.

NOTE 4 – INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The following information related to investments, which is disclosed in the accompanying financial statements and supplemental schedules, was obtained from data prepared and certified as complete and accurate by Key Bank, the custodian of the Plan, as of December 31, 2021 and 2020, and for the years then ended:

	December 31,	
	2021	2020
Net assets available for benefits:		
Registered investment companies	\$ 21,813,151	\$ 7,702,497
Common collective trust funds	-	13,723,695
Money market fund	227,632	219,461
	Years Ended December 31,	
	2021	2020
Additions to net assets:		
Net appreciation in fair value of investments	\$ 2,580,599	\$ 1,820,771
Dividend income	346,457	313,329
Interest income	82,787	48,704

NOTE 5 - ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments, including lump sum distributions that are attributable under the Plan's provisions to the service participants have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated participants or their beneficiaries, (b) beneficiaries of participants who have died, and (c) present participants or their beneficiaries. The accumulated plan benefits for active participants are based on their accrued credited service as of the benefit information date. Benefits payable under all circumstances – retirement, death, disability, and termination of employment – are included to the extent they are deemed attributable to participant service rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined by an independent actuary and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decreases such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

The significant actuarial assumptions used in the valuation as of December 31, 2020 were as follows:

- i Interest rate: 1.62% for 20 years following the valuation date and 1.40% thereafter. Prior to the December 31, 2020 valuation, this was previously assumed to be 2.53% for all years.
- ii Mortality rate: Rates published by the PBGC for December 31, 2020 under ERISA Section 4044 for healthy and disabled lives.
- iii Retirement age: Earliest eligible retirement age per ERISA Section 4281.12(b).
- iv Benefit election: All participants are assumed to elect the normal form of payment based on their assumed marital status.
- v Administrative expenses: \$10,000, plus \$200 per vested participant, plus a percentage (defined in the statute) of the excess of the value of benefits over \$200,000.

The computation of the actuarial present value of accumulated plan benefits was made as of January 1, 2021. Had the valuation been performed as of December 31, 2020 there would be no material difference.

NOTE 6 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- a) Quoted prices for similar assets or liabilities in active markets;
- b) Quoted prices for identical or similar assets or liabilities in inactive markets;
- c) Inputs other than quoted prices that are observable for the asset or liability;
- d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021, and 2020.

1. Registered investment companies: Valued at the daily closing price as reported by the fund. The mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
2. Common collective trust funds: Valued at the NAV of units of the trust. The NAV, as provided by the investment's manager, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying assets held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV. If the Plan initiates a full redemption, the issuer reserves the right to temporarily delay withdrawal in order to ensure that securities liquidations will be carried out in an orderly manner.
3. Money market fund: Valued at cost plus accrued interest, which approximates fair value.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 21,813,151	\$ -	\$ -	\$ 21,813,151
Money market fund	227,632	-	-	227,632
Investments at fair value	<u>\$ 22,040,783</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 22,040,783</u>
Assets at Fair Value as of December 31, 2020				
	Level 1	Level 2	Level 3	Total

Investments measured at NAV*				<u>13,723,695</u>
				<u>\$ 21,645,653</u>

*In accordance with the "Fair Value Measurement" topic of the FASB ASC, certain investments that were measured at the net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in the tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits in liquidation.

The following table summarizes investments measured at fair value based on NAV per share, as a practical expedient, as of December 31, 2020.

Investment	Fair Value	Redemption Frequency (if currently eligible)	Redemption Notice Period

NOTE 7 – PLAN TERMINATION

At January 1, 2009, the Plan was certified as being in critical status as defined in the Pension Protection Act of 2006 (PPA). In response to this, the Plan's Board of Trustees declared a mass withdrawal under the provisions set forth in ERISA and terminated the Plan effective December 30, 2009. Thereafter, the Plan's Board of Trustees agreed to amend the Plan to effectuate the Plan termination based on a mass withdrawal. The amendment, effective January 1, 2010, allowed the remaining contributing employers to withdraw from participation in the Plan.

Additional provisions of the amendment were as follows:

- i. Effective December 31, 2009, no participant shall accrue any further benefits under the Plan. The accrued benefit for each participant shall be frozen as of December 31, 2009.
- ii. No employer shall have any further obligation under any collective bargaining agreement to make any contributions to the Plan.
- iii. No participant shall be credited with any service for employment after December 31, 2009.
- iv. As of December 31, 2009, all participants in the Plan are vested in their accrued benefits earned as of such date and these benefits shall not be forfeited.
- v. No participant shall earn any further years of eligibility service or further hours of service related to the Plan.

Certain benefits under the Plan are insured by the PBGC. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination.

The PBGC's guarantee of benefits in a terminated multiemployer plan, payable as financial assistance to the Plan, only starts if and when the Plan is unable to make payments at the statutorily guaranteed levels. Whether all participants receive their benefits will depend on the sufficiency of the Plan's net assets to provide for accumulated benefit obligations and the level of benefits guaranteed by the PBGC.

NOTE 8 – TAX STATUS

The Plan obtained its latest determination letter on January 8, 2016, in which the Internal Revenue Service (“IRS”) states that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (“IRC”). The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 - RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan reimburses Local 400 Terminal Employees Welfare Fund (the “Welfare Fund”) for expenses incurred by the Welfare Fund in administering the Plan. These expenses include an allocation of salary, benefits, and taxes paid by the Welfare Fund based on the amount of time spent administering the Plan. For the years ended December 31, 2021 and 2020, the Plan paid \$33,535 and \$28,076, respectively, for these services.

The Plan’s expenses include various amounts reimbursed to Commission House Drivers, Helpers and Employees Union Local No. 400 (the “400 Union”) for occupancy costs incurred in the normal course of the Plan’s operations. Total reimbursements to the 400 Union for the years ended December 31, 2021 and 2020 were \$2,353 and \$2,360, respectively, and are included in office expense on the accompanying statements of changes in net assets available for benefits in liquidation.

The Plan maintains its cash, money market and investments in accounts held by Key Bank, the custodian of the Plan. These transactions qualify as party-in-interest transactions under ERISA. The Plan has several other arrangements with service providers, which are also party-in-interest transactions under ERISA.

NOTE 10 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, as well as the heightened market risk and volatility associated with the Coronavirus pandemic (“COVID-19”), it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits (modified cash basis).

In early 2020, the Union began dealing with the effects of COVID-19. Disruptions to business operations, including government mandated actions and employee, supplier, and customer related challenges have impacted many businesses, causing layoffs and reductions in working hours during the years ended December 31, 2021 and 2020. These conditions contributed to one of the Plan’s contributing employers shutting down, and thus reducing the amount of *employer withdrawal liability interest* received by the Plan in 2021.
