INDEPENDENT AUDITOR'S REPORT

The Plan Administrator
Comtech Telecommunications Corp. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Comtech Telecommunications Corp. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

(Continued)

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Comtech Telecommunications Corp. 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 13, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

COMTECH TELECOMMUNICATIONS CORP. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

(1) Description of the Plan

The following description of the Comtech Telecommunications Corp. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan document and summary plan description for a more complete description of the Plan’s provisions.

(a) General

Comtech Telecommunications Corp. (the “Company” or “Plan Sponsor”) established the Plan, effective January 1, 1988, and amended and restated it, effective January 2, 2015, for the benefit of its eligible employees. The Plan was further amended in subsequent years.

The Plan is a defined contribution plan that intends to provide growth in savings through contributions and income from investments. All employees of the Company are eligible to become participants of the Plan on the first of the month following their hire date and having reached the age of 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

(b) Plan Administration

The Plan is administered by the Company. Fidelity Management Trust Company (“Fidelity”) is the trustee, custodian and record keeper for the Plan. Fidelity has the power to invest, reinvest, control, and disburse all contributions to the Plan as specified in the respective custodian agreement. The administrators of the Plan are two officers of the Company.

(c) Contributions

The Plan allows the participants to contribute up to 75% of their pretax or after-tax eligible compensation through payroll withholdings into their 401(k) accounts. Such percentages can be modified by the participant at any time during the plan year and will be effective on the first of the month following the change request. A change to zero contribution will be effective immediately. The Company matches 100% of the first 3% and 50% of the next 2% of pretax eligible compensation, up to the maximum based on Internal Revenue Service (IRS) guidelines per participant. Contributions are subject to certain limitations. Effective January 1, 2009, the Plan became a Qualified Automatic Contribution Arrangement as provided for in the Pension Protection Act of 2006. The statutory pretax maximum contribution was \$19,500 for calendar year 2021. Additionally, the Plan allows for a discretionary employer contribution to be allocated to a participant’s account in the same proportionate relationship that such participant’s compensation bears to total compensation for all participants. No such discretionary contributions were made by the employer in the year ended December 31, 2021. Participants may also contribute amounts representing distributions from other qualified plans, which are represented as rollover contributions in the accompanying statement of changes in net assets available for benefits.

Pursuant to the Economic Growth and Tax Relief Reconciliation Act of 2001, all participants who had attained the age of 50 before the close of the plan year were eligible to make additional “catch-up” contributions of up to \$6,500 for the plan year ended December 31, 2021.

(Continued)

COMTECH TELECOMMUNICATIONS CORP. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

(1) Description of the Plan (Continued)

The Plan document allows for a 3% automatic-enrollment option, with a 1% automatic annual increase up to a maximum of 6% of a participant's pretax eligible compensation, subject to the annual IRS contribution limit. Employees are notified, in writing, by Fidelity of this automatic-enrollment feature. The employee has 30 days to opt out of the Plan or to change their election percentage. If the employee does nothing, a 3% contribution is set up by Fidelity. The employee can change their election at any time. Participants who do not have an investment election on file will be invested 100% in the age appropriate Fidelity Freedom Fund.

(d) Participant Accounts

The Company and participant contributions are accounted for separately in individual participant accounts by Fidelity. Any interest and dividend income earned accumulates tax deferred in each participant's account until distribution. Each participant's account is credited with the participant's contributions, employer matching contributions, allocations of the Company's discretionary contribution, if any, and plan earnings. Each participant's account is charged with his or her withdrawals and an allocation of administrative expenses and Plan losses. The allocations are based on participant compensation, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested accounts. The Plan provides for 100% participant-directed investments as participants of the Plan have the option of periodically reallocating their investments.

(e) Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Participants are fully vested in Company matching and discretionary contributions after two years of service, with no partial vesting prior to that. A year of service is defined as a full calendar year from the employee's date of hire. An active participant also becomes 100% vested upon death, disability, or reaching retirement age.

(f) Forfeitures

Participants who are terminated or withdraw from the Plan and are not fully vested in the Company's matching and discretionary contributions will lose this portion of their balance. This unvested portion can be used for reducing administrative expenses or for reducing the Company's future contributions, if any. There were \$361,714 and \$195,677 of forfeitures as of December 31, 2021 and 2020, respectively, which were available to reduce future employer contributions. During 2021, participants forfeited \$537,993 and \$369,307 of forfeitures were used to reduce the Company's matching contributions.

NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

(1) Description of the Plan (Continued)

(g) Plan Benefits and Distributions

Withdrawals of all of the vested value of funds in a participant's account under the Plan may be made after the participant attains the age of 59½.

Under the provisions of the Plan, withdrawals of funds other than at retirement, death, disability, or termination will be permitted subject to certain limitations. In the event of financial hardship, participants under the age of 59½ may obtain all or a portion of their vested balance. Financial hardship is determined in accordance with Section 401(k) of the Internal Revenue Code, and includes eligible medical expenses incurred by a participant or a member of one's immediate family, funeral costs of a member of one's immediate family, educational needs of the participant or of one's immediate family, the purchase or construction of a principal residence, payments necessary to prevent foreclosure or eviction on the principal residence of the participant, certain expenses to repair damage to the participant's principal residence, and any other immediate and heavy financial need of the participant that the plan administrator determines, on the basis of all relevant facts and circumstances, cannot be satisfied from other resources reasonably available to the participant.

Unless otherwise elected, distributions due to termination of employment, retirement, death, or disability will be in the form of a lump sum distribution. Vested balances under \$1,000 will be automatically distributed as a lump sum payment. The beneficiary or beneficiaries of a participant shall become entitled to receive a distribution of such participant's interest in the Plan upon the death of such participant. Distributions upon death of a participant prior to receiving benefits shall be made within five years of death for all beneficiaries.

Normal retirement is considered the later of the date a participant attains the age of 59½ or the fifth anniversary of the participant's employment commencement date.

(h) Loans

The Plan allows participants to take loans for an amount not to exceed the lesser of \$50,000 or one-half of the vested portion of the participant's account. Loans will be subject to interest charges equal to rates charged by major financial institutions at the time the loan is made. In the event of default, the participant's loan will be applied against their respective plan account balance. Rates for loans outstanding at December 31, 2021 and 2020, maturing through May 2045, range from 3.25% to 8.50%.

Loans must normally be repaid within such period as agreed to between the participant and the plan administrator, up to a maximum of five years. Prior to June 1, 2008, if the loan was made for the purchase or construction of a principal place of residence, the repayment period may be longer than five years. Effective June 1, 2008, new loans taken by participants for the construction or purchase of a principal residence will be subject to repayment terms of no longer than 10 years.

Repayment will normally be made through payroll deductions. Any outstanding loans not fully repaid when employment terminates will be deducted from any benefit due to the participant.

(Continued)

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

(b) Administrative Expenses

The Company has elected to pay administrative expenses of the Plan except for loan setup fees and annual loan maintenance fees which are paid by the participant. The Company may, at any time, cease this benefit to the Plan. Investment management fees and costs of the investment funds are charged to those funds and reflected in the net appreciation (depreciation) in fair value of investments.

(c) Payment of Benefits

Benefits are recorded when paid.

(d) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (US GAAP) requires the plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and reported changes in net assets available for benefits, and disclosure of contingent assets and liabilities. These estimates and assumptions are based on the plan administrator's best estimate and judgment. The plan administrator evaluates its estimates and assumptions on an ongoing basis using historical experience and other factors, including consideration of the current economic environment. The plan administrator adjusts these estimates when facts and circumstances dictate. As future events cannot be determined with precision, actual results may differ from those estimates.

(e) Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(f) Notes Receivable from Participants

Participant loans receivable are measured at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

(Continued)

(2) Summary of Significant Accounting Policies (Continued)

(g) *Risks and Uncertainties*

The Plan invests in various types of investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include risks associated with ongoing global events. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

(3) Certified Investments and Notes Receivable from Participants

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held as of December 31, 2021 and 2020, net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company (the Trustee of the Plan).

(4) Fair Value Measurements

US GAAP provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

(4) Fair Value Measurements (Continued)

The methods described below may produce a fair value calculation that may not be indicative of realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2021 and 2020.

Mutual Funds – Valued at quoted market prices found in an active market (i.e., major exchange) (Level 1 inputs).

Brokeragelink – Investments within the brokeragelink primarily include mutual funds and common stock and are valued at quoted market prices found in an active market (i.e., major exchange) (Level 1 inputs).

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021 and 2020:

Fair Value Measurements at December 31, 2021 Using		
	Quoted Prices Active Markets for Identical Assets (Level 1)	Total
Mutual funds	\$ 359,527,272	\$ 359,527,272
Brokeragelink	18,196,210	18,196,210
Total	<u>\$ 377,723,482</u>	<u>\$ 377,723,482</u>
Fair Value Measurements at December 31, 2020 Using		
	Quoted Prices Active Markets for Identical Assets (Level 1)	Total
Mutual funds	\$ 336,066,045	\$ 336,066,045
Brokeragelink	16,429,625	16,429,625

(Continued)

COMTECH TELECOMMUNICATIONS CORP. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

(5) Tax Status

As of January 1, 2015, the Plan adopted Fidelity's prototype plan with a favorable opinion letter dated March 31, 2014. Although the Plan was amended since receiving the opinion letter, the plan administrator and trustee believe that the Plan as designed is currently being operated in compliance with the applicable requirements of the Internal Revenue Code (IRC). Effective March 25, 2022, the Plan adopted a restated prototype plan document. The IRS has determined and informed the plan administrator, by a letter dated June 30, 2020, that the prototype plan is designed in accordance with applicable sections of the IRC.

US GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or derecognize an asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken or expected to be taken and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a tax liability (or derecognition of an asset) or disclosure in the financial statements. The Plan is subject to routine audits by the IRS; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to IRS examinations for plan years beginning prior to 2018.

(6) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, participants would become 100% vested in their employer contributions.

(7) Party-In-Interest Transactions

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering services to the Plan, the Employer, and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

Certain plan investments, including those within the self-directed brokerage account, are shares of mutual funds managed by Fidelity Investments, an affiliate of Fidelity, the trustee of the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Fidelity also receives investment management fees from the mutual fund investments which are reflected as an offset to net appreciation (depreciation) in fair value of investments. These expenses as well as any directly paid for by the Plan reflect party-in-interest transactions. Notes receivable from participants also reflect party-in-interest transactions.

(8) Subsequent Events

Plan management has evaluated subsequent events for recognition and disclosure through October 14, 2022, is the date the financial statements were available to be issued.
