Independent Auditor's Report

RSM US LLP

Participants and the Plan Trustees
Heapy Engineering, Inc. Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Heapy Engineering, Inc. Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule, schedule H, line 4(i) –schedule of assets (held at end of year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 15, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Heapy Engineering, Inc. Savings Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of the Heapy Engineering, Inc. Savings Plan (the Plan) provides only general information. Participants should refer to the Summary Plan Description for a more complete explanation of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of Heapy Engineering Inc. and its wholly owned subsidiary Heapy Engineering Indiana LLC (referred to collectively as the Company or Employer) who are age 21 or older and have completed one month of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Participants may contribute from 1% to 100% of their compensation as defined by the Plan, subject to certain limitations under the Internal Revenue Code (IRC). Eligible employees may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Company may also elect to make qualified nonelective contributions to the Plan on behalf of the participant. The Plan allows these discretionary contributions to be allocated to participant accounts based on how the participant is categorized under the Plan document.

Rollovers: The Plan allows rollovers received by a participant as a distribution from another qualified plan after approval from the Plan sponsor. Participants are fully vested in these amounts.

Participant accounts: Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately 100% vested in both their own contributions and company contributions upon participation in the Plan.

Payment of benefits: Participants become eligible for benefit payments upon death, disability, retirement or termination. Participants may elect to receive a lump-sum cash distribution, periodic installments, or a direct rollover distribution. During 2020, the Plan allowed qualified individuals to take coronavirus-related distributions (CRDs); see Note 10.

Notes receivable from participants: Participants may borrow from their fund accounts. Loans may not exceed the lesser of \$50,000 or 50% of a participant's vested account balance, and loan terms range from 1 to 5 years or up to 10 years for the purchase of a primary residence. Each loan is collateralized by the remaining balance in the participant's account. Interest charged to participants is reviewed by the loan administrator and is based upon prevailing interest rates for similar loans in the surrounding community. Interest rates on participant loans ranged from 4.25% to 6.50% as of December 31, 2021 and 2020. Loan repayments are made through payroll deductions but can be repaid in full at any time. During 2020, the available loan amount increased to the lesser of \$100,000 or 100% of the vested balance and the loan repayment period was extended up to one year; see Note 10.

Basis of presentation: The accompanying financial statements are prepared in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) in accordance with the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC).

Contributions: Participant contributions are recognized when earned. Employer profit sharing contributions are recognized on an annual basis.

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Capital gain distributions are included in interest income.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the Plan document.

Payment of benefits: Benefits are recorded when paid.

Use of estimates: The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the amounts and disclosures reported in the financial statements and accompanying notes. Actual results could differ from these estimates.

Forfeited accounts: Forfeitures are used to reduce future employer contributions or pay plan expenses. Forfeited, non-vested accounts totaled \$62 and \$0 at December 31, 2021 and 2020, respectively. No forfeitures were used to reduce employer contributions or pay plan expenses in 2021.

Administrative expenses: Administrative expenses are not paid by the Plan.

Subsequent events: The Plan has evaluated subsequent events for potential recognition and/or disclosure through October 13, 2022, the date the financial statements were available to be issued.

Note 3. Information Certified by the Plan's Certifying Entity

The information related to investments and notes receivable from participants that is included throughout the Plan's financial statements and supplemental schedule as of December 31, 2021 and 2020, and for the year ended December 31, 2021, was prepared by or derived from information provided by the certifying entity and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the certifying entity that information provided to the Plan Administrator by the certifying entity related to these assets is complete and accurate to the best of its knowledge and belief. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information in Note 8 and the supplemental schedule related to the Plan's assets.

Reliance Trust Company (Reliance) certified the completeness and accuracy based on the records they maintain of \$33,175,689 of participant-directed investments, and \$263,171 of notes receivable from participants as of December 31, 2021. Reliance certified the completeness and accuracy based on the records they maintain of \$3,815,367 of net appreciation in fair value of investments, \$707,436 of interest and dividends, and \$14,422 of interest income from notes receivable from participants for the year ended December 31, 2021.

Heapy Engineering, Inc. Savings Plan

Notes to Financial Statements

Note 4. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, the assets of the Plan will be distributed to participating employees or their beneficiaries. The Company shall have no right, title or interest in the contributions made by them under the Plan.

Note 5. Income Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company, by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although, the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's legal counsel believe that the Plan was designed and operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan Administrator evaluated the Plan's tax positions and concluded that there are no uncertain tax positions that require recognition or disclosure in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by tax authorities for years before 2018.

Note 6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note 7. Parties-In-Interest Transactions

Certain plan investments were managed by Reliance for the year ended December 31, 2021; the certifying entity as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions under ERISA. Consequently, such transactions are permitted under the provisions of the Plan and are exempt from the prohibitions of party-in-interest transactions under ERISA. Fees paid by the Plan for certifying entity services amounted to \$181,753 for the year ended December 31, 2021.

Heapy Engineering, Inc. Savings Plan

Notes to Financial Statements

Note 8. Fair Value Measurements

The Plan has determined the fair value of certain assets and liabilities through application of accounting guidance that establishes a framework for measuring fair values. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under this standard are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: Valued at the closing price reported on the active market on which the individual securities are traded.

Pooled separate accounts: Primarily valued at net asset value (NAV) per share based on quoted market prices of underlying investments. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 8. Fair Value Measurements (Continued)

Assets measured at fair value on a recurring basis: The following table summarizes assets measured at fair value on a recurring basis as of December 31, 2021 and 2020, segregated by the level of the valuation inputs within the fair value hierarchy utilized to measure fair value.

	Level 1	Level 2	Level 3	Total
<u>December 31, 2021</u>				
Mutual funds	\$ 30,629,458	\$ -	\$ -	\$ 30,629,458
Investment measured at NAV ^(a)				2,546,231
Total investments, at fair value				<u>\$ 33,175,689</u>
	Level 1	Level 2	Level 3	Total
<u>December 31, 2020</u>				
Total assets in the fair value hierarchy	\$ 27,250,245	\$ -	\$ -	\$ 27,250,245
Investment measured at NAV ^(a)				2,135,913
Total investments, at fair value				<u>\$ 29,386,158</u>

^(a) Certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to the total net assets available for benefits.

The table below discloses the fair value and redemption frequency for those assets whose fair value is estimated using the NAV per unit as of December 31, 2021 and 2020:

Investment	Fair Value		Unfunded Commitment		Redemption Frequency	Redemption Restrictions	Notice Periods
	2021	2020	2021	2020			
Pooled separate accounts	<u>\$2,546,231</u>	<u>\$2,135,913</u>	<u>\$ -</u>	<u>\$ -</u>	Same day	Same day	Same day

Net assets available for benefits per Form 5500	<u>\$ 34,175,923</u>	<u>\$ 30,448,872</u>

The following is a reconciliation of changes in net assets available for benefits per the financial statements to the Form 5500 at December 31, 2021:

Net increase per the financial statements	\$ 3,732,093
Change in contributions receivable	(5,042)
Net increase per Form 5500	<u>\$ 3,727,051</u>

Note 10. Coronavirus Pandemic

On January 30, 2020, the World Health Organization declared the coronavirus outbreak a “Public Health Emergency of International Concern” and on March 11, 2020, declared it to be a pandemic. The pandemic in the United States and throughout the world has resulted in substantial volatility in financial markets. On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was enacted to amongst other provisions, provide emergency assistance for individuals, families and businesses affected by the coronavirus pandemic. During 2020, the Plan implemented certain CARES Act provisions to allow for special coronavirus-related distributions, an increase in plan loan amounts, deferral of loan repayments, and waiver of 2020 required minimum distributions. The coronavirus-related distributions could be taken up to December 31, 2020 and may be repaid within three years of the date of distribution.
