INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator Committee
Articulate Global 401(k) Plan

Scope and Nature of ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Articulate Global 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from qualified institutions as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Information Required by ERISA

The supplemental schedule H, line 4i - assets (held at end of year) and schedule H, line 4a - delinquent participant contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Supplemental Information Required by ERISA (Continued)

In our opinion-

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**ARTICULATE GLOBAL 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021 AND 2020**

1. DESCRIPTION OF PLAN

The following description of the Articulate Global 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. The Plan is sponsored and administered by Articulate Global, Inc. (the "Plan Sponsor").

General

The Plan is a defined-contribution plan adopted on January 1, 2013, that covers all employees of the Plan Sponsor who meet the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was amended effective January 1, 2021, to implement a 401(k) Safe Harbor 3% Non-Elective contribution provision for the Plan year beginning on January 1, 2021, and thereafter. The Plan was amended effective September 1, 2021, to change the service requirement for eligibility (see below).

On September 1, 2021, the Plan transferred all assets held from Ascensus Trust Company to Fidelity Managed Trust Company (the "Trustees") and Fidelity became the new 401(k) recordkeeping service provider for the Plan. As a result of this change, participants in the Plan were unable, for a period of time, to transfer or diversify investments in their accounts, or obtain a loan, withdrawal or distribution from the Plan. The blackout period applies to all Plan assets. Blackout notices, as outlined under 404(c) of the IRC, were provided to all participants announcing this change.

Eligibility

All employees of the Plan Sponsor who have attained the age of 21 or older and have completed three consecutive months of service with the employer were eligible to participate in the Plan. Effective September 1, 2021, the Plan was amended to eliminate the service requirement and employees are eligible to participate in the Plan upon their date of hire. Participants can join the Plan on the first day of each calendar month of the Plan year after the eligibility requirements are met.

Participant Contributions

Each year, participants may elect to defer an amount of their pretax annual compensation, as defined in the Plan, which cannot exceed the limits permitted under Internal Revenue Service ("IRS") regulations. Participants can also elect to make Roth 401(k) contributions, which allow for after-tax contributions to be made. Roth 401(k) contributions are subject to the same pre-tax contribution limitations. Participants who have attained age 50 or older may elect to make a "catch-up" contribution, not to exceed IRS limits. In addition, participants may also contribute amounts representing rollovers from other qualified defined benefit or defined contribution plans. Contributions in any calendar year may not exceed the limits under Internal Revenue Code ("IRC") Sections 401(k), 402(g), 404 and 415.

Effective October 1, 2021, eligible employees are automatically enrolled in the Plan at a 5% deferral rate.

Employer Contributions

Effective January 1, 2021, the Sponsor makes safe harbor contributions annually to the Plan of 3% of participants' eligible compensation, subject to limitations as defined by the Plan.

1. DESCRIPTION OF PLAN (CONTINUED)

Employer Contributions (Continued)

In addition, the Plan Sponsor, at its sole discretion, can elect to make a profit-sharing contribution to the Plan. In order for a participant to be eligible for the profit-sharing contribution, the participant must be employed by the Plan Sponsor on the last day of the Plan year. Eligible employees who terminate employment due to death, disability or the attainment of normal retirement age will still be eligible to receive a profit-sharing contribution. For the year ended December 31, 2021, no discretionary profit-sharing contribution was made.

Participants' Accounts

Participants direct the investment of their contributions into various investment options offered by the Plan. Each participant's account is credited with the participant's contribution and allocations of (a) the Plan Sponsor's matching contribution, (b) Plan earnings, and (c) the Plan Sponsor's profit-sharing contributions, if any, and is charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants in the Plan are 100% vested in their contributions, rollover contributions and qualified non-elective contributions made in order to satisfy certain non-discrimination testing required by the IRC, plus actual earnings thereon.

Vesting in the Plan Sponsor's matching contributions is based on the following schedule:

<u>Years of Vesting Service</u>	<u>Vesting Percentage</u>
Less than 1	0%
1	50%
2 or more	100%

Vesting in the Plan Sponsor's discretionary profit-sharing contributions is based on the following schedule:

<u>Years of Vesting Service</u>	<u>Vesting Percentage</u>
Less than 1	0%
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Upon termination of employment, non-vested balances are accumulated in the Plan's forfeiture account. A participant is also fully vested upon reaching normal retirement age, upon death, upon becoming totally and permanently disabled or upon termination of the Plan.

Forfeitures

Forfeited balances of terminated participants' non-vested accounts, if any, are used to reduce future Plan Sponsor contributions or are applied to pay administration fees. As of December 31, 2021 and 2020, the amount of forfeited non-vested accounts was \$5,452 and \$1,683, respectively. For the year ended December 31, 2021, \$1,683 was used to reduce administrative expenses.

1. DESCRIPTION OF PLAN (CONTINUED)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the participant's vested accrued benefit. The funds required to satisfy a loan request are withdrawn on a pro-rata basis from the participant's account in the various investment funds. The loans generally must be repaid within five years. Interest and principal repayments are credited directly to the borrower's respective account and are repaid by payroll deductions. The loans bear interest equal to local prevailing rates as determined by the Plan administrator, in accordance with the Plan.

If a participant fails to make a payment when a loan is due under the terms of the loan, that participant will be in default. In the event of default, the loan shall become due and payable immediately, and interest will continue to accrue until the entire loan balance is repaid. The Plan will take all reasonable actions to collect the balance owed on the loan. Under certain circumstances, the loan in default could be considered a distribution from the Plan and could be considered income to the participant. In any event, failure to repay a loan will reduce the benefit a participant would otherwise be entitled to from the Plan. During the year ended December 31, 2021, there were no participant defaulted loans.

Payment of Benefits

On termination of service, death, disability or retirement, a participant (or their beneficiary) may elect to receive either a lump-sum amount, a direct rollover distribution, or installment payments equal to the value of the participant's vested interest in his or her account. For a participant balance less than \$1,000, it will be distributed in a lump sum as soon as administratively feasible, even if the participant does not consent to a distribution. If a participant's balance is more than \$1,000, the vested balance will be distributed within an administratively feasible time or after a request for payment has been received. In-service distributions may be made from a participant's deferral account at any time upon or after the occurrence of the following events: hardships, as defined in the Plan agreement, withdrawals of rollover contributions, the participant's attainment of age 65, or withdrawals after age 70½.

Plan Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and in-service withdrawal processing fees are charged directly to the participant's account and are included in administrative expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Management fees and operating expenses charged to the Plan for investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected in the net appreciation or depreciation in the fair market value of such investments.

Fair Value Measurements

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). Categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Under this standard, fair value is defined as the exit price, or the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date.

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and, inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan agreement.

Payment of Benefits

Benefits are recorded when paid to Plan participants.

Subsequent Events

In accordance with FASB ASC 855, *Subsequent Events*, the Plan has evaluated subsequent events through October 13, 2022, the date on which these financial statements were available to be issued. There were no other material subsequent events that required recognition or additional disclosure in these financial statements.

3. FAIR VALUE MEASUREMENTS

Assets and liabilities measured at fair value are based on one or more of three valuation techniques identified in the tables below. The valuation techniques are as follows:

- (a) *Market approach.* Prices and other relevant information generated by market transactions involving identical or comparable assets or liabilities;
- (b) *Cost approach.* Amount that would be required to replace the service capacity of an asset (replacement cost); and
- (c) *Income approach.* Techniques to convert future amounts to a single present amount based on market expectations (including present value techniques, option-pricing and excess earnings models).

The following tables summarize the Plan's investments measured at fair value on a recurring basis categorized by U.S. GAAP's valuation hierarchy as of December 31, 2021 and 2020:

Description	Total at December 31, 2021	Level 1	Level 2	Level 3	Valuation Technique

3. FAIR VALUE MEASUREMENTS (CONTINUED)

The following is a description of the valuation methodologies used for assets measured at fair value. There has been no change in the methodologies used at December 31, 2021 and 2020.

Mutual funds: are valued at the net asset value of the fund. The net asset value represents the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding.

Money market funds: the carrying value approximates fair value because the instrument is liquid in nature.

Self-directed Brokerage Account: is carrying value that approximates fair value because the instruments are liquid in nature. Funds may be invested in separate investment accounts, such as mutual funds and money market funds. Unit valuation is based on underlying net asset values of the investments and prices are updated daily.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under the Department of Labor's Rules and Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others. Certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Plan Sponsor. Notes receivable from participants also reflect party-in-interest transactions.

Certain Plan investments are in mutual funds, a money market fund and a self-directed brokerage account managed by the Trustee. Accordingly, these transactions qualify as party-in-interest transactions.

5. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

6. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEES

The following table summarizes investment information regarding the Plan as of December 31, 2021 and 2020, and for the year ended December 31, 2021, included in the Plan's financial statements and supplemental schedules, that was prepared by or derived from information prepared by the Trustees and furnished to the Plan administrator. The Plan administrator has obtained a certification from the Trustees that such information is complete and accurate.

7. PLAN TERMINATION

Although it has not expressed any intention to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants are entitled to the entire amount of their employee and employer contributions.

8. TAX STATUS

The IRS issued an opinion letter dated June 30, 2020, indicating that the prototype plan adopted by the Plan, as then designed, was in compliance with applicable requirements of the IRC. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualified status. Although the Plan has been amended since the third-party administrator received the opinion letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

9. DELINQUENT PARTICIPANT CONTRIBUTIONS

During the Plan year ended December 31, 2021, the Sponsors failed to remit certain participant contributions and loan repayments aggregating \$75,357 to the Plan on a timely basis as prescribed in the applicable Department of Labor regulations. Defined contribution plans must remit employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets. Failure to meet all of ERISA's requirements can result in the imposition of substantial fines, excise taxes, or other penalties. The Plan intends to take remedial actions under the Voluntary Compliance Program of the U.S. Department of Labor and make the necessary remittance to the Plan. Plan management believes that this matter will not have a material effect on the Plan's financial statements.
